NOTIFICATION

Calcutta. No. **8482L.A.** 10th July 1962. The llowing agreement is published under section 42 of ie Land Acquisition Act I of 1894, for general formation:—

AGREEMENT

Memorandum of Agreement made this 9th day of ly 1962, between the Savitri Pathsala, a society gistered under the Societies Registration Act XXI 1860 and having its registered office at No. 5D luktaram Babu Street, in the city of Calcutta ereinafter called the "Society") of the one part and The Governor" of the State of West Bengal (hereafter called the Governor) of the other part.

Whereas for the purpose of construction of building for expansion of the Savitri Pathsala the Society has applied to the Government of West Bengal for he acquisition under the provisions of the Land Acquisition Act, 1894 of the piece or parcel of land containing 0.0199 of an acre or thereabout situate n ward No. 21 of the Calcutta municipality in the ity of Calcutta and more particularly described in he schedule hereto and delineated in the *plan ereto annexed;

And whereas the said Government of West Bengal, being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Society the piece or parcel of land hereinbefore described;

And whereas the said Government of West Bengal has required the Society under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Governor hereinafter contained;

Now this indenture witnesseth that it is hereby agreed and declared as follows: —

1. On demand the Society shall and will pay to the said Government of West Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by Court to which a reference under part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges, and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Society under the last proceeding clause, not being thereby limited, the Society shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Society of all demands under the foregoing first clause ,or, in the discretion of the said Government of West Bengal (on deposit by the Society of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act, the Governor shall make over possession of the said land to the Society and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Society.

4. The said land shall be held by the Society for the purpose of construction of building for expansion of Savitri Pathsala as is hereinbefore mentioned and without the sanction in writing of the said Government of West Bengal first had and obtained for no other purpose whatsoever.

5. The said construction of building shall be completed and fully equipped in all respect ready for use within three years from the date on which possession of the said land shall have been given to the Society.

6. Should the said work not be completed and fully equipped in all respects ready for use within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of West Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months, to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Society and thereupon the interest of the Society in the said land and building shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(i) Should the said Government sell the land with the building the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Society.

(ii) should the said Government decide not to sell the land and buildings the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Society the market value as on the day of re-entry of all the building erected by the Society and all sums received from the Society in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

*Not printed but may be inspected in the office of the 2nd Land Acquisition Collector, Calcutta, 5, Bankshall Street, Calcutta.

(iii) Should the said Government decide to sell the buildings only upon such sale the Governor shall after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Society, together with the sum received from the Society in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Society on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the land through the Society in terms of which the Savitri Pathsala is used by the Public.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of West Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

DEPARTMENT OF AGRICULTURE

Food Production

RESOLUTIONS

No. 6720-FP/7C-13/61.—9th July 1962. — The Waste Land Survey and Reclamation Committee (Uppal Committee) set up by the Government of India in the Ministry of Food and Agriculture, have since conducted a survey of waste lands and located about 1,13,640 acres of waste lands in blocks of 250 acres or more in the State of West Bengal. This Committee has suggested that the State of West Bengal should take steps to reclaim the entire acreage of waste lands during the Third Plan period. The Central Government have also drawn up a model scheme for the settlement of landless workers, members of Scheduled castes and tribes and displaced persons from East Pakistan on such reclaimed lands.

2. Following discussions in a meeting held on November 8, 1961, where representatives of the participating Departments of this Government were present, it was decided—

(i) that settlement work should be undertaken on the sizable waste land blocks vested in Government;

(ii) that a survey should be initiated immediately to locate and select such suitable vested waste land blocks in the laterite areas (especially in the districts of Midnapore, Purulia and Bankura);

(iii) that the blocks should preferably be in a compact area close to existing villages so that rehabilitation of the settlers becomes easier;

(iv) that an Advisory Committee at district level should be formed with the District Magistrate, Additional District Magistrate (Estate Acquisition), Assistant Registrar of Co-operative Societies, District Agricultural officer, District Tribal Welfare Officer;

(v) that under the guidance of the aforesaid District Advisory Committee the local Officers of the district should carry out a survey immediately and locate physically blocks of such vested lands (with cadastral survey plot No., etc.) in the district as early as possible;

(vi) that on the actual location and selection of suitable waste land blocks, the District Magistrate will, in consultation with the District Advisory Committee, formulate specific schemes and draw up plan and estimates for the resettlement of landless persons. The plan and estimate will not only include reclamation and development of waste lands but will also provide the working expenses for such reclamation-cum-development programme. The selection of persons to be settled on the reclaimed lands should be done by the District Magistrate in consultation with the District Advisory Committee after each specific scheme is sanctioned by Government.

3. With a view to pushing the aforesaid settlement programme ahead the Governor is pleased to constitute a Committee at State level under the style "State Advisory Committee for selection of landless workers" with the following personnel: —

Chairman

Secretary, Land and Land Revenue Department.

Members

Development, Commissioner.

Secretary, Department of Agriculture.

Secretary, Co-operation Department.

Secretary, Refugee, Relief and Rehabilitation Department.

Secretary, Department of Finance, or his nominee.

Director of Tribal Welfare, West Bengal.

Registrar of Co-operative Societies, West Bengal.

Superintending Engineer (Agriculture) and ex-officio Joint Director of Agriculture (Eng.).

Member-Secretary

Director of Agriculture, West Bengal.

4. The functions of the State Advisory Committee for settlement of landless workers will, among others, be –

(i) to examine the specific schemes to be drawn up by the District Magistrate on the advice of District Level Committees before transmission to the Planning Commission;

(ii) to supervise, guide and co-ordinate various measures to be undertaken by the different departments, participating in waste-land Reclamation and Settlement Programme.

5. The Committee shall meet as frequently as possible.

6. The Committee may Co-opt member or members, for expert advice, if necessary.

Order

Ordered that the resolution be published in the Calcutta Gazette" and copies thereof forwarded to the Chairman and Members of the Comittee.

Ordered also that a copy of this resolution be forwarded to other Departments of this Government, Commissioners of Divisions, District Magistrates, Deputy Commissioners for information.

By order of the Governor,

R. GHOSH, Secy.

No. 6731-FP/7C-13/61. — 9th July 1962. — The Waste Land Survey and Reclamation Committee (Apex Committee) set up by the Government of India in the Ministry of Food and Agriculture, have since conducted a survey of waste lands and located about 113,640 acres of waste lands in blocks of 250 acres or more in the State of West Bengal. This Committee has suggested that the State of West Bengal should take steps to reclaim the entire acreage of waste lands during the Third Plan period. The Central Government have also drawn up a model scheme for the settlement of landless workers, members of scheduled castes and tribes and displaced persons from East Pakistan on such reclaimed lands.

2. Following discussions in a meeting held on November 8, 1961, where representatives of the participating Departments of this Government were present, it was decided--

(i) that settlement work should be undertaken on the sizable waste land blocks vested in Government;

(ii) that survey should be initiated immediately to locate and select such suitable vested waste land blocks in the laterite areas (especially in the districts of Midnapore, Purulia and Bankura);

(iii) that the blocks should preferably be in a compact area close to existing villages so that rehabilitation of the settlers becomes easier.

3. With a view to selecting waste land blocks in the districts of Midnapore, Bankura and Purulia suitable for the aforesaid settlement programme the Governor is pleased to constitute a Committee for each of these three districts under the style "District Advisory Committee of Settlement of Landless Workers" with the following officials of the district: —

Chairman

(i) District Magistrate, Deputy Commissioner, as the case may be.

Members

(ii) Additional District Magistrate (Estate Acquisition).

(iii) Assistant Registrar of Co-operatives.

(iv) District Tribal Welfare Officer.

Member-Secretary

(v) District Agricultural Officer (there being two District Agricultural Officers in the district of Midnapore, both of them will be members--the senior of them being the Secretary).

4. The functions of the District Advisory Committee for Settlement of Landless Workers will, among others, be —

(i) to guide the local district officials in the matter of conducting a survey of and locating physically sizable waste land blocks vested in Government suitable for rehabilitation of settlers;

(ii) to assist the District Magistrate, Deputy Commissioner, on actual location and selection of suitable waste land blocks, in the matter of formulating specific schemes, drawing up plan and estimates for the settlement of landless persons and selecting the persons to be settled on the reclaimed lands.

5. While drawing up the plans and estimates for the specific schemes for settlement of landless workers the District Magistrate/Deputy Commissioner will ensure that these include not only

reclamation and development of waste lands but also provide the working expenses for the aforesaid reclamation-cum-development programme.

The District Magistrate/Deputy Commissioner should furnish his schemes to the "State Advisory Committee for Settlement of Landless Workers" constituted in this connection under resolution No. 6720FP, dated the 9th July 1962.

6. The District Committee should meet as frequently as possible.

7. The Committee may co-opt member or members as and when necessary.

Order

Ordered that the resolution be published in the "Calcutta Gazette" and copies thereof forwarded to the Chairman and Members of the Committee.

Ordered also that a copy of this resolution be forwarded to other Departments of this Government, Commissioners of Divisions, District Magistrates and Deputy Commissioners of other districts for information.

By order of the Governor,

COTTAGE AND SMALL SCALE INDUSTRIES DEPARTMENT

RESOLUTIONS

No. 4687Cot./1L-40/60.—28th June 1962.—Read an application, dated the 9th October 1956, from Shri Dhirendra Nath Bera, Proprietor, Teacher's Book Stall, No. 6/3, Ramanath Mazumdar Street, Calcutta-9, and Usha Printing Works, located at No. 209, Cornwallis Street, Calcutta, for a loan of Rs. 25,000 only under section 19(1)(a) of the Bengal State Aid to Industries Act, 1931 (Bengal Act III of 1931), for the development of his printing press industry.

Read also the resolutions adopted by the Board of Industries, West Bengal, at its meetings held on the 24th April 1958 and the 26th May 1959, incorporated in the report submitted with the letter No. 17243/1-B(348)/56, dated the 21st September 1959, from the Secretary, Board of Industries, West Bengal.

Order

Under powers delegated by the Governor of West Bengal in the Cottage & Small Scale Industries Department order No. 5016Cot., dated the 13th July 1961, it is ordered that the loan of Rs. 25,000 only be sanctioned provided it does not exceed 75 per cent. of the net value of the assets of the industry, in the shape of the plans and mechinery together with the landed property at police-station Bishnupur, Subdivision Alipore, district 24-Parganas, belonging to the applicant, offered as security against the loan after deducting all encumbrances thereon, if any, existing at the time of the advance of the loan. The loan is also subject to the following conditions:—

(i) That the entire amount of the loan of Rs. 25,000 only shall be utilised for the development of the applicant's printing press industry carried on under the name and style of **Usha Printing** Works at 209 Cornwallis Street, Calcutta;

(ii) that a mortgage bond shall be executed by the loanee, Shri Dhirendra Nath Bera, in the form to be drawn up by the Government for the purpose, charging, mortgaging and hypothecating the moveable and immoveable properties offered as security in favour of the Governor;

(iii) that interest shall be charged at the rate of 4¼ per cent. per annum payable with each instalment on the balance of the unpaid principal;

(iv) that interest at the reduced rate of 3 per cent. per annum, after allowing a rebate of 1¼ per cent. may be accepted in the event of regular and prompt payment of the instalments with interest on the due dates or within fourteen days thereafter;

(v) that the loan shall be utilised for the purchase of machinery;

(vi) that the loan shall be repaid in four equal annual instalments of Rs. 6,250 only each, plus interest, repayment to commence after one year from the date of the payment of the loan;

(vii) that the loan shall be disbursed after the title of the property offered as security against the loan is found, on verification, to be good and free from encumbrances.

This cancels this Department resolution No. 1477 Cot., dated the 6th March 1962.

Ordered also that the resolution be published in the "Calcutta Gazette".

Miscellaneous .	10·48	179	184	182	182	184
General Index ..	100·00	116	118	120	121	120

Compared to Consumer Price Index number at 116 in August 1961, the index of Darjeeling increased by 2 points to 118 in September 1961, another 2 points to 120 in October 1961 and still further by 1 point to 121 in November 1961. The index, however, dropped by 1 point to 120 in December as compared to November of the same year. The rise from August to September 1961 was mainly due to rise in prices of Rice, Dal, Fish, Mutton, Potato, Match Box and Tobacco. Further rise in prices of Rice, Dal, Potato and other vegetables and also a rise in prices of coating and shoes mainly caused the index more further up in October 1961. In November 1961, the prices of Chira Muri, Mustard Oil, Mutton, Vegetables and those of Drill and Pan-Supari mainly contributed to a further rise in index by 1 point. The index dropped by a point in December mainly because the prices of Rice, Dal, Vegetables and that of Drill also dropped.

AWARD

After service of usual notices, the Union concerned and the Company entered appearance and filed their written statements stating their respective cases. The case of the Union in short is this: There was a strike by the workers of this Company in November and December 1959. The work was, however, resumed by the workers on or about 20th December 1959 after the strike was called off. The workmen of the present reference were leading members of the Union and they took active part in the said strike and protested against the unjustified activities and highhandedness of the Management. So, the Company refused to employ these workmen after the strike even though they presented themselves at the factory for days together. The Union brought this matter to the notice of the local Assistant Labour Commissioner and sought his interference in the matter of these workmen. At his intervention a joint conference was held on 29th January 1960. In the meantime, on 20th January 1960 Shri Kala Mia went to the factory office to hand over a petition to the Manager, but the Manager tore the petition to pieces, and one Shri Nagarmul Sharma, an officer of the Company, gave Shri Kala Mia a sound beating and handed him over to the police. The police, however, did not take any action in the matter. There was another joint conference between the parties and the Assistant Labour Commissioner and the latter agreed to visit the factory on 21st March 1960 on Company's complying with certain terms settled in the joint

conference, but in fact the Management did not comply with those terms. Yet the Assistant Labour Commissioner visited the factory on 21st March 1960 as already fixed, and the Vice-President of the Union sent Shri Kala Mia and Shri Nathuram to the factory on the request of the Assistant Labour Commissioner to test the bonafides of the Management. But in spite of the Assistant Labour Commissioner's presence the Company refused to give employment to Shri Kala Mia and Shri Nathuram, and simply asked them to go to the factory at night, and accordingly the two workmen presented themselves at the factory gate in the night of 21st March 1960. But they were threatened by Nagarmul Babu with dire consequences, and as a result Shri Nathuram got frightened and left the place. However, Shri Kala Mia took courage and entered into the factory. He was, however, offered the job of an Airman which bears a much lower wage, though he was all along working as a Cutter. Thus the Management again unjustly refused to employ Shri Kala Mia as a Cutter. On 28th April 1960 the Assistant Labour Commissioner again wrote to the Management to take back all the 22 aggrieved workmen of this reference, but the Management refused to employ them. There were further conciliation proceedings thereafter But the conciliation having failed, the present dispute has been referred to this Tribunal.

The case of the Company, on the other hand, may be briefly stated as follows: The first technical objection of the Company is that the present dispute is not an industrial dispute, and that the Union concerned has not the representative character for raising an industrial dispute The Company's case is that work was started again in the factory after the strike on or about 26th December 1959, but the workmen named in the present order of reference did never present themselves for work when the factory was reopened. Several notices were issued to the workers concerned for resuming their duties, and they did never actually come to join their duties as alleged. The Company was all along willing to take back all the workmen who were agreeable to work; and in accordance with the desire of the Assistant Labour Commissioner the Union was asked to send to the factory all the workers who were willing to work as before on 21st March 1960, and the Assistant Labour Commissioner also agreed to be present at the factory at the relevant time. On 21st March 1960 the Assistant Labour Commissioner was there, but only four employees, viz., Sarbashri Nemai Roy, Madan Dutta, Kala Mia and Nathuram, turned up at the factory office. Of these four, Shri Roy and Shri Dutta expressed before the Assistant Labour Commissioner that they would no longer continue in the employment of this Company, and thus they declined to resume work. Shri Kala Mia and Shri Nathuram, of course, expressed their willingness to resume their work, and they were accordingly asked to resume their duties in the next shift at 10 p.m. at night. Shri Roy and Shri Dutta were paid their dues in full and final satisfaction, as they pleaded their inability to work in the Company any longer. At 10 p.m., however, Shri Kala Mia alone reported for duty, and he was given the duty of an Airman for that night only with the intimation that he would nevertheless get the wages of a Cutter. The Company denies all other allegations of the workmen and alleges that no other workmen ever reported for duty as complained of by the Union, and that they all voluntarily absented themselves from duty for a long time, a thus there was no occasion or question of discharg them from service by the Management.

Other facts will appear from the body of the aw that follows:

Decisions

From the issue mentioned above, it will be cl that the present dispute relates to 22 workmen this Company. According to the Union, their sin case is that the Management refused to emp these persons after the strike was called off. the other hand, the Management's simple case that all these persons never reported for duty af the strike, and thus they voluntarily relinquish their job. It is not in dispute that in fact th was a strike in this factory in November a December 1959 and the strike was called off un certain circumstances. The factory was reoper after the strike on or about 26th December 19 So, the real point at issue is whether the allegati of these persons that they had reported for du after the strike was called off is true or not; a whether the allegation of refusal of employment them is correct. It may be mentioned at the v outset that the employees of this factory belong two different Unions A section of these employe is represented by Shree Govinddeo Glass Wo Mazdoor Union of 48 Dharamtala Street, Calcutta and the other section is represented by a differe Union which may be described in short as t "Congress Union". This Company employs seve hundreds of workmen and it is in evidence that t said Congress Union represents majority of the The said Mazdoor Union, however, claims that abo 250 workers of this factory belong to this Union that as it may, there are reasons to believe that t Mazdoor Union also represents a fairly large secti of the workmen of the present Company.

The Company raises a technical objection al apart from the merit of the case. It is urged th the present dispute is not really an industrial dispu and so this Tribunal has no jurisdiction to adjudica upon the same. So, before I enter into the meri of the case, I shall consider this technical objectio The Company's allegation is that the Union, wh has been made a party to the present reference, h no representative character for espousing the cau of the workmen of this establishment. But this argu is not in dispute that there are two different Union to represent the workmen of this concern. I hav already mentioned that several hundreds o employees are employed by the present Company The Union concerned in the present dispute is Shre Govinddeo Glass Works Mazdoor Union, and th Union is admittedly not an omnibus Union. What ever may be the strength of the members of thi Union, its members are undoubtedly employees of the present Company. The Union has filed register to show that there were about 250 work on its roll in the year 1960-61. There is no sufficie material on record to show that this register is fictitious document or a fabrication for the purpo of this case. So, for the purpose of the present ca I may assume that a large section of the employe of this Company were members of this Union in th year 1959 also. It is not in evidence that these 2 workmen mentioned in the order of reference wer not members of the present Union at the relevan time. Thus the Union concerned being a Union o employees of the present Company and thus havin

ommunity of interest with the workmen concerned, t cannot be said that they are not interested in the mployment, non-employment or terms and onditions of service of the present workmen. So, fail to see any reason why the present Union will ot be competent to represent the workmen oncerned. The Union may not represent he majority of the workers of this factory, ut the fact remains that a considerable or ubstantial section of the employees of this Company re its members, and they are directly and ubstantially interested in the case of these aggrieved orkmen. In this view of the matter, I am clearly f opinion that the Union is quite competent to raise n industrial dispute on behalf of the workmen oncerned. If it be the contention of the Management that the Union has not really such representative character, it is for the Management to establish the allegation, specially when the Union is a Union f the employees having direct relationship with the ame employer. But the Company has not been able to show sufficient reason why an adverse presumption should be made against the present Union. So, without further discussion, I may hold that the present dispute cannot be treated as an individual dispute, and the Company has failed to prove any such case. So, this Tribunal has sufficient jurisdiction to adjudicate upon the matter involved in the present dispute.

The next point to be considered is whether there was really a discharge of the 22 workmen by the Management as alleged, and if so whether there was justification for the same. I may mention at the very outset that all of these 22 workmen are not actually represented before me by the Union concerned. In paragraph 13 of the Union's written statement, it is clearly mentioned that the Union was not representing the case of four workmen, viz., Sabashri Abdul Hamid, Ghagowar (Bhagwan), Sabu Mohammed and Milan Kr. Das. Thus the Union has nothing to say on behalf of these four workmen. On the other hand, none of these four workmen did actually appear before this Tribunal to defend their case. Nobody appears on their behalf. In fact, there is not an iota of evidence on record to support the contention that the Management actually refused to employ them after the strike was called off. So, without further discussion, I may at once find that there is no dispute any longer between these four workmen and the Company.

Now remains the case of 18 other employees as mentioned in the order of reference to be considered by me. Of these remaining 18 employees, only three have actually appeared before this Tribunal and deposed in support of their own case. Of these three employees again, Shrimati Rukmini Ghosh and Shrimati Narayani Dasi speak for themselves alone and for nobody else. The burden of the evidence of these two witnesses is that the Manager refused to give them work after the strike was called off even though they had reported for duty at the factory gate at the proper time. The other employee Shri Kala Mia of course incidentally mentions the name of Shri Nathuram as well, though Shri Nathuram failed to appear before this Tribunal. Shri Kala Mia has not a word to say in respect of any other workmen except Shri Nathuram. In this view of the matter, there is not an iota of evidence in favour of 14 persons out of the said 18 persons. I have already mentioned that according to the Management, none of these employees actually reported for duty after the strike, and there is no evidence to the contrary or in support of the said 14 persons. So, I have no other alternative but to accept the contention of the Management in respect of these 14 persons also. It was the incumbent duty of these 14 persons, if they really wanted to challenge the Management's version, to come before this Tribunal and say whether they had actually reported for duties. The witnesses examined by the Union do not support the case of these 14 persons. Thus in short, the case of 18 persons out of the 22 persons concerned in this dispute fails for simple default. The result is that it must be presumed or concluded at once that these 18 persons did not actually report for duty after the strike was called off and the Management had no occasion to discharge them. They simply absented themselves from duty, and thus they must be deemed to have relinquished their service voluntarily.

The real dispute now turns round four employees only, and they are Shri Kala Mia, Shri Nathuram, Shrimati Rukmini Ghosh and Shrimati Narayani Dasi. According to the written statement filed by the Union, the factory reopened after the strike on 20th December 1959, but from the different correspondences exhibited in the present case it appears that the factory actually started functioning after strike from 26th December 1959 and not before. Shri Kala Mia, however, alleges in his deposition that he went to the factory on 20th December 1959 to join his duties, and this was after the strike was called off. But I am afraid, this statement of Shri Kala Mia cannot be true, because the strike was really called off a few days after 20th December 1959 and not on that date. From Ext 1-A also it will be clear that according to the Management the factory reopened on 26th December 1959 and Shri Kala Mia started absenting from that date. Of course, Ext I-B purports to say that the work of this factory started on or about 20th December 1959. But I am afraid, this vague statement does not disclose the true state of affairs. In the notices marked Exts. D-1, F-1 and F the Management clearly notified that the factory would reopen on and from 26th December 1960 and not before. Thus I have reasons to believe that it was not correct to say that Shri Kala Mia went to the factory on 20th December 1959 for joining his duties. So, the question of refusal of employment to him on that date does not actually arise. He adds that he again went to the factory on 21st January 1960 with a petition and presented the same to the Manager. It is alleged that the Manager not only tore off his application to pieces, but one Shri Nagarmul Sharma assaulted him and handed him over to the police also. But the Manager Shri Mahananda Nandy swears that no such application was ever presented to him by Shri Kala Mia on 21st January 1960. Shri Nagarmul Sharma also swears that he never met Shri Kala Mia on 21st January 1960, and so the question of assaulting him on that date does not arise. There is also no evidence to show that Shri Kala Mia was actually handed over to the police for any offence. There is nobody to corroborate Shri Kala Mia on this point. Shri Kala Mia has no copy of any such petition, which, it is alleged, he presented to the Manager. Thus in the face of these evidences, it is difficult for me to accept the contention of Shri Kala Mia that he was assaulted or refused employment on

21st January 1960. In one part of his cross-examination, Shri Kala Mia says that he did not actually enter into the factory premises before 20th January 1960. This also shows that his allegation of reporting for duty on 20th December 1959 has no legs to stand upon. It is the common case of both the parties that Shri Kala Mia went to the factory premises on 21st March 1960, and the Assistant Labour Commissioner was personally present at that time. It is also the common case of both the parties that the Management agreed to re-employ him from the night-shift of that date. The Union, of course, alleges that the Management refused to employ him during the daytime while the Assistant Labour Commissioner was present there. He was then simply asked to report at night. But from the evidence it is clear that the work of the factory goes on in two shifts and by the time Shri Kala Mia had been to the factory during daytime the first shift of the day had already started. The second shift was to commence from 10 p.m., and so there was nothing mala fide in the action of the Management in directing him to report for duty at 10 p.m. that night. It is not in dispute that Shri Kala Mia actually went to report for duty at 10 p.m. that night and worked also for one shift. So, there was no question of refusal of employment to him in the night of 21st March 1960. The only allegation is that Shri Kala Mia was employed as an Airman, though his substantive job was that of a Cutter. It is clear from Shri Kala Mia's own statement that he refused to work further, because he was not employed as a Cutter in the night of 21st March 1960. It is clear from the evidences adduced on behalf of the Management that already a sufficient number of cutters had joined duties on 21st March 1960. So, Shri Kala Mia could not be given the work of a Cutter then and there and this was also because he came to work in an unusual shift after a long period of absence. It is also conceded by Shri Kala Mia that at times exigency of circumstances requires a Cutter to work as an Airman and an Airman to work as a Cutter. So, simply because he was employed as an Airman and not as a Cutter in the night of 21st March 1960, it cannot be alleged that the Managment had a mind to demote or reduce him in rank. Moreover, it is admitted that Shri Kala Mia was paid the wages of a Cutter though he was employed as an Airman for that night. Even assuming that he was wrongly employed as an Airman in one shift, that was by itself not a sufficient ground for his absence from the next shift altogether without lodging any formal protest with the authorities either individually or through the Union. His statement in his cross-examination is that he decided not to work further in the Company, as the Company offered him the job and wages of an Airman. But there is no sufficient evidence to convince me that he was actually offered the wages of an Airman and not of a Cutter. He admits that his immediate superior officer was his Supervisor or the Foreman and this Foreman or Supervisor never told him that he would be paid the wages of an Airman only and not of a Cutter. Nagarmul Babu has got nothing to do with the employment of Shri Kala Mia. He was simply the Security Officer of the Company having no direct connection with Shri Kala Mia. It was expected of Shri Kala Mia to know or enquire from his Supervisor or Foreman as to what would be his wages for that night. It is not his case at all that the Foreman held out any adverse proposition to him regarding his wages. Nagarmul Babu also denies that he said anything of the kind to Shri Kala Mia. Considering the circumstances and evidences on record, I am unable to accept the contention that the Management refused to employ Shri Kala Mia as a Cutter and that he was deliberately offered the wages of an Airman for that night. It appears to me that Shri Kala Mia, for reasons best known to him, took exception to his employment as an Airman on the first day, and deliberately absented himself from duty from the following day. Under the circumstances, the question of refusal of employment to him does not really arise. Further, I may refer to different notices issued by the Management on 30th December 1959, 18th January 1960, 31st March 1960 (Exts. D-1, D-2, E, E-1, F-1 and F-2). From these notices, it will be clear that the Management wanted about 197 absentee workers to report for duties as early as possible, and in pursuance thereof some workers actually joined their work. But none of the workers of this reference though covered by the notice actually turned up to join their duties. On 18th January 1960 the Management again called upon 168 to report for duties without further loss of time, and in fact some of the workmen of this notice joined their duties thereafter. But up to 31st March 1960 about 70 employees still remained absent, and the Management gave them further opportunity to join as early as possible. Still none of them joined and all the workmen concerned in this dispute were among these 70 persons. After his absence from 22nd March 1960 Shri Kala Mia was given special notices also and still he absented himself. So, it is idle to argue that he was willing to work, but the Company with a motive to victimise him refused to employ him. So, I do not believe the story of refusal of employment to Shri Kala Mia as alleged by the Union. On 21st March 1960 Shri Kala Mia expressly undertook not to indulge himself in unauthorised absence any longer. But this undertaking proved a dead letter and he continued to be absent from 22nd March 1960 in the same way. So I am afraid, his case has no legs to stand upon.

As regards Shri Nathuram, I may point out that he also undertook to join his duties in the night of 21st March 1960. He also gave an undertaking in writing like that of Shri Kala Mia not to indulge in unauthorised absence. These undertakings were given in the very presence of the Assistant Labour Commissioner. Still, he failed to report for duties in the night shift of 21st March 1960. Shri Nathuram does not care to appear before this Tribunal also. It is alleged by Shri Kala Mia that Nagarmul Babu held out some threats of assault in the night of 21st March 1960, and so Shri Nathuram did not venture to enter into the factory for work that night. I may point out that if both Shri Kala Mia and Shri Nathuram came together to join their duties and if Shri Kala Mia could report for duties in spite of the alleged threat, I fail to understand why Shri Nathuram could not do so. On the other hand, Nagarmul Babu and the Mill Gate-Keeper (Durwan) swears before me that there was no occasion for Nagarmul Babu to hold out any threat as he did not actually came to the gate that night. So, considering the circumstances, I am unable to attach any importance to Shri Kala Mia's allegation that the threat of Nagarmul Babu prevented Shri Nathuram from reporting for duties. It is no doubt alleged that by a letter marked Ext. 1-D Shri Nathuram complained to the Manager of this alleged threat by Nagarmul Babu. But in the absence of Shri Nathuram and specially because he

eels shy to take any action or oath in this connection, am unable to place sufficient reliance on his letter. n the face of the categorical denial of the Durwan nd Nagarmul Babu and the apparent unreliability l the statements of Shri Kala Mia, this story makes o impression on me. So, I am unable to believe hat employment was refused to Shri Nathuram and hat Nagarmul Babu drove him away simply by his breat.

Next, I shall consider the case of Shrimati Rukmini Ghosh and Shrimati Narayani Dasi. These two female workers used to work in the Packing Department of he Company. Their allegation is that they had eported for duties to the Manager, but he refused to ive them employment. On the other hand, the Manager—Mahananda Babu swears that these two emale workers never reported for duties at any time, nd so the question of refusal of employment to them oes not arise. Shrimati Rukmini Ghosh admits hat she had no quarrel with Mahananda Babu at ny time and that the Management had no grudge gainst her for any reason. So, I see no earthly eason why the Management should unjustly refuse mployment to her. On the other hand, even on the ate of hearing the Management informs me by a etition in writing that it is ready to take back hrimati Rukmini Ghosh in its employment, if she desires. In fact, Shrimati Ghosh also was asked join her duties by repeated notices as stated above long with other workers. It is nobody"s case that he came to join her duties or that she came to the ctory gate on the date the Assistant Labour Comissioner visited the factory in this connection.

As to Shrimati Narayani Dasi, I may point out hat she categorically states before me that she does ot like to work in the Company any longer. She imply wants some money in consideration of her ng past service. This also shows that Shrimati Dasi for some reason or other did not think it worthwhile to pursue her employment after the trike. I have reasons to believe that she did not ctually report for duties as alleged, and so there was o question of refusal of employment to her as lleged. To me, it appears that many workers did ot think it worthwhile to report for duties after the trike was called off. Subsequently, some interested ersons tried to exploit the situation and fomented dispute. This conclusion of mine is also partly upported by an affidavit of one Sabu Mohammed, ted 3rd January 962. From this affidavit it will ppear that Sabu Mohammed along with three others ft for Madras on 21st December 1959 and secured mployment there. They returned to Calcutta again nly in October 1960 and yet the Union's allegation s that the Management refused to employ these our persons also before 21st March 1960.

From paragraph 6 of the Union's written statent, it appears as if in the joint conference held on th March 1960 the Company agreed to abide by tain terms mentioned in that very paragraph. It alleged as if the Assistant Labour Commissioner s to be invited by the Company to be present at factory on 21st March 1960, and after that vitation only the Assistant Labour Commissioner s to request the Union to send the workmen ncerned at the factory gate. But from the materials record, it appears that this is not the correct picture, and there was no such agreement as alleged by the Union. From paragraphs 1 and 2 of Ext. 4-A, a letter, dated 22nd April 1960, addressed to the Assistant Labour Commissioner by the Manager of the Company, it appears to me that there was no decision that that Company would have to invite the Assistant Labour Commissioner in writing, and that the workers would present at the factory gate thereafter only. It rather appears to me that the Assistant Labour Commissioner fixed a date for his visit then and there asked the Union to present the workers at the factory gate on the relevant date. But the fact remains that on the relevant date not more than four workers actually appeared at the factory gate, and two of them refused to serve the Company. So, I do not see any truth in the Union's allegation that the Management was not acting according to agreed terms. On the contrary, from the notices fixed on the notice board referred to above as also Ext. J-1 addressed to Shri Kala Mia, it appears that the Company was all along willing to employ the workers, but the workers for reasons best known to them failed to report for duties and absented themselves without assigning any reason.

Lastly, it is argued on behalf of the Union that the Company should have issued charge-sheets against the absentee workers in order to allow them an opportunity to explain their absence before discharging them finally. But I may point out that in the circumstances already discussed, no useful purpose would have been served by issuing charge-sheets or calling for an explanation from them It is no doubt an accepted principle of law that in matters of discharge and dismissal, the rudiments of natural justice must be observed and there must be fair-play. But discharge from service without formal charge-sheet when in continued detention (as in the case of Burn & Co. and their employees—1956 S.C.A. 1175) or for absenteeism (as in the case of Indian Iron & Steel Co. Ltd., vs. Their workmen A.I.R., 1958 S.C. 130) or under the procedure of Employer's Standing Orders (as in the case of Nagpur Electric Light & Power Co. Ltd. vs. K. Sripathirao—A.I.R. 1958 S.C. 658) has not been held to be improper, because no useful purpose would have been served by indulging in the procedure of charge-sheets, and the employees could not have fared better if they would be given opportunity to show cause.

Under the Standing Orders of this Company, three days' continued absence without leave is sufficient for dismissal, and all these employees failed to report for duties for a long time despite repeated notices in different ways. So, I think, the Company's order of discharge or dismissal, if any, cannot be held to be invalid, simply because no charge-sheets were issued in view of the peculiar circumstances discussed above. The result is that none of the workmen concerned in this dispute are entitled to any relief whatsoever according to law. All that I direct is that Shrimati Rukmini Ghosh should be re-employed, if she presents herself to the Company for appointment within one month of the publication of this award. If she joins, her service should be deemed to have continued without any break. If she fails to report, her discharge should be deemed to have been rightly done and she will not be entitled

to any compensation under the law. The case of all other workmen fails as above.

This is my award.

Present:

Shri P. C. PAL, Judge, Second Industrial Tribunal.

Present for the Company: Shri T. M. Pal, Law and Labour Adviser of the Company.

Present for the Union: Shri P. Pathak, President of the Union.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, Order No. 1430-I.R./IR/10L-143(A)/60, dated the 22nd March 1961, for adjudication upon the issue, viz.,

"Are the workmen entitled to wages or any other relief for the period of strike and lock-out of the factory from 15th October 1960 to 16th November 1960?"

In the written statement of the Union th following case has been sought to be made out:

On 15th October 1960 a worker named Tara Mondal came a bit late and was obstructed by th Durwan. He was not allowed to meet the Manage The Manager of the Victoria Cotton Mills, a siste concern located in the same premises, allowe Tarak's entry. The Durwan took this to be a per sonal insult and, while Tarak was returning, sudden caught hold of him and beat him mercilessly. Th news of this assault caused serious discontent amon the other workmen of the Rolling Mills, who wante immediate intervention by the Management; but o getting no remedy of their grievance, they stage their protest by a spontaneous strike. The Manage ment instead of realising the situation and settlin the matter, issued a notice of lock-out wit immediate effect since that date. The Union trie its best to settle the matter by bipartite negotiation but without any effect. Even the intervention of th Conciliation Officer proved of no avail. At last, o the suggestion of the Conciliation Officer, the deac lock was ended and normal works were resumed o and from 17th November 1960, keeping the questio of wages for the lock-out period open, to be adjud cated upon by a Tribunal. The workers were not a fault in any way, rather, the Management wa responsible both for the strike and the unjustifie lock-out, which was unnecessarily and unjustifiabl allowed to be continued by the Management. O these allegations the Union prays for full wages fo the workmen for the entire period from 15th Octobe 1960 to 16th November 1960.

The averment of the Company in its written state ment may be stated briefly as follows:

On 15th October 1960, at about 8 a.m., all worke went in and started work peacefully except tha Tarak Mondal came late by about 15 minutes. He wanted to go to his work, but the gate-keeper, under the usual practice in case of late attendance, asked for Tarak's attendance card so that he might tak the same to the Manager or to the Time-keeper fo obtaining their orders as to whether the worke should be allowed to go into the factory. There wa quarrel and scubble between them and other worker rushed there with weapons. The workers, thereafte demanded immediate suspension for two days o Tarak Mondal and the Durwan, and also asked for a enquiry into the occurrence. The Manager informe them that the Head Office agreed to appoint Committee of Enquiry immediately to find out and punish the guilty person or persons. The Manage also stated to the workers that the Committee o Enquiry would be formed immediately if they went back to their work, and if they desisted from attend ing to their duties the Committee would not b formed. The workers refused to go back to thei works and resorted to a lightning strike withou notice. Since then, bands of workers approached th Manager for the lifting of the lock-out, and th Manager always promised to lift the lock-out provid ed the workers acknowledged illegality of the strike and did not claim wages for the unjustified strik period. Even as late as 25th October 1960, the Manager informed the workers that the Management even then would appoint a Committee of Enquiry and there would be no victimisation on that account. Al possible measures were taken by the Company an the Conciliation Officer was informed of every stag

of the strike, but the workers remained adamant, and continued their strike and wanted to force the employers to agree to their unjustified claims of wages for the strike period. The workers themselves were at fault in bringing about the lightning strike for the purpose of settling the dispute between a Durwan and a worker where the worker was not at all justified in fighting with the Durwan after he had come late. The workers, during the strike period prevented the loyal and essential workers from entering the gates of the factory. Moreover, Tarak Mondal resorted to illegal measure of assaulting the workers on different occasions, and he severely assaulted a worker named Lakshman Prosad Gupta who had to make a complaint in the Criminal Court against certain workers amongst the strikers including Tarak Mondal. The workmen commenced the lightning strike in a hasty and indiscriminate manner, and the strike was continued illegally and unjustifiably in spite of the Company's overtures for resumption of duties. In view of these facts and particulars, the claim of the workers for full wages from 16th October 1960 to 16th November 1960 is unjustified and illegal.

Decision

It is an admitted fact that the workman Tarak Nath Mondal came to attend his duties on 15th October 1960 somewhat late—say by 15 minutes or so. On account of the Durwan Satyadeo Pandey's demand from him for production of Attendance Card there was a quarrel between them which culminated in a sort of mutual scuffle. At that time other workers are said to have rushed to the spot near the main entrance gate being armed with iron rods, etc. The other Durwans are alleged to have taken side with Satyadeo Pandey. Tarak went out of the gate and the other workers could be easily persuaded to return to their respective duties. But it appears that those other workers refused to work by demanding that both Tarak Mondal and Satyadeo Pandey should be suspended, and there should be an enquiry regarding the incident of quarrel and scuffle. This took place at about 9 a.m. or thereafter. The case of the Company is that the Manager Shri Bankim Chandra Sarkar (O.P.W. 1) failed in his attempt to make the workers resume their works and consequntly he, on taking verbal instructions from the Head Office in Calcutta over telephone, issued a notice of lock-out at about 2 p.m., as the workers remained adamant in their attitude and affected a "sit down" strike and abstained from doing their respective duties. The question is whether the strike on the part of the workers and the declaration of the lock-out by the Management were justified. In order to understand the matters thoroughly, the other particulars disclosed from evidence and circumstances should be taken into account.

The Manager says that before the lock-out notice was issued on 15th October 1960, he got order from the Head Office over telephone that he should hold an immediate enquiry and ask the workers to resume their works. The Manager says that he held the enquiry accordingly in presence of Tarak Mondal by taking the statements of Tarak Mondal and Satyadeo Pandey and others on 15th October 1960, but he had to stop further enquiry as the workers would not obey his directions for resuming their duties; and hence he had to issue the notice for lock-out as a security measure. If the strike in question which the workers are said to have launched on 15th October 1960 were unjustified, than the declaration of the lock-out may be considered justified, if other things go in favour of the Company. The strike in question would be unjustified if the demands of the workers were not of such an urgent nature as that the interests of the labour would have suffered irreparably. If there be untoward incidents endangering life and property of the Company or any apprehension of such happening on account of the strike of the workers, then the lock-out would be justified as a security measure. Threats of violence or any violent acts on the part of the workers would also make the lock-out justified.

In examination-in-chief, the Manager says that the workers became aggressive and held out threats and so he gave the notice of lock-out. In the lock-out notice (Ext. A) it is stated that the worekrs at about 9 a.m. suddenly struck work without notice, that the Manager promised a thorough enquiry into the immediate grievance of the workers, and gave them sufficient time to reconsider their decision about the lightning strike, and also gave definite order to the workers to resume their works immediately; but as they refused to obey such orders and threatened to take unruly attitude within the factory premises, the Management was painfully compelled to close the factory sine die with immediate effect. In cross-examination, however, the Manager says that on 15th October 1960 there was no loss to the Company's properties or any attempt for assaulting any officer of the Company, that he had declared the lock-out at the Head Office's direction, as the workers stopped work and were making golmal, that there was no other reason for the lock-out. From this evidence it is clear that the workers did not form themselves into any unruly mob or hold out any threats of violence on life or property as alleged by the Manager in his examination-in-chief and as stated in Ext. A. It may be that on hearing of the scuffle between Tarak Mondal and Satyadeo, the workers had gone out of the Rolling Mills with iron rods, etc., but nothing untoward had happened and in fact there was no overt act of violence, as the workers appear to have returned to the Rolling Mills afterwards without doing any act of injury or the like. They only struck work by making a demand for suspension of two persons involved in the scuffle. Ext. B is a letter given to the Manager on that particular date and this was signed by seven workers. In that letter they demanded suspension of the two persons named above and an enquiry into the occurrence. The workers appear to have alleged in this letter that the Zamadar gave orders for lathi charge over them, and hence the works were stopped. The workers also demanded an enquiry for that reason also. They further wrote towards the close of the letter that they would resume their respective works since the following Monday, i.e., 17th October 1960, the date of occurrence being Saturday. There is no denial anywhere as to the allegation made in the letter that the Zamandar ordered for the lathi-charge on the workers. According to the Union, the works were stopped on 15th October 1960 because of that order of the Zamadar. The Company is quite silent about this particular allegation contained in Ext. B. On the other hand, the Company's case is that actually an enquiry was held without suspension of any person before anyone's guilt was ascertained by enquiry on

the very date of the occurrence, and the Manager says that Tarak himself was present and made a statement at that enquiry. Regarding this alleged enquiry the less said the better. Tarak has denied having been present at any enquiry or made any statement at any such enquiry. The story of enquiry was spoken of by the Manager as well as Satyadeo (P. W. 2). The Company has put in a typed copy (Ext. C) purporting to contain the statements of Satyadeo Pandey, Sephalendu Choudhury, Dud Mea, Krishna Mahanti, Aukhoy Biswal, Kalu Singh and Jamuna Singh. At the close of the statement of Tarak Mondal, there is a note in pencil by the Manager to the effect "refused to sign". This note is totally absent from the copy supplied to the Union, and as such this note is highly suspicious as to its genuineness. Dud mea appears to have made self-same statement twice over, he having signed below only one of his statements. Sephalendu appears to have first put his signature under the statement purporting to have been made by Jamuna Singh and then that was penned through and new signature was put under his own statement. According to the Manager, he wrote in his hand the statement of each of the witnesses, then that statement was typed and the typed statement was signed by the witness concerned. This procedure is said to have been adopted in respect of each of the said witnesses. If that be so, there can be no reason why Sephalendu would have put his signature under the statement of Jamuna Singh. On the contrary, Satyadeo Durwan says that the statements were taken down by Shri Misra, Assistant Manager. This goes to spoil the testimony of the Manager himself. Shri Misra has not been examined. Again, Ext. C shows that Sephalendu Chowdhury, Dud Mea, Krishna Mahanti and Aukhoy Biswal were witnesses for Tarak Mondal, and Kalu Singh and Jamuna Singh were witnesses for the Durwan. If all these persons were examined during the enquiry, there is no reason how and why the enquiry could be said to have been stopped, as the Manager says. In that sense the enquiry might have been completed. I think that the Manager's evidence that he had stopped further enquiry is a story introduced to lay stress on the fact that the workers did not resume works in spite of orders. In view of all these facts and circumstances, the story of enquiry being held is far from reliable.

In view of Ext. B the workers seem to have some grievances which actuated them to effect the "sit down" strike. The Manager says that even after the issue of the lock-out notice, the workers did not leave the factory until after 5 p.m., and that this letter was made over to him when they were going out of the factory. Except the verbal statement of the Manager, there is nothing else on record to show that the workers remained at the factory even after 5 p.m., and delivered this letter at the time they left the Mill area. I think, this evidence of the Manager has been purposely introduced to give a go by to the allegation of the order of lathi-charge, as mentioned in Ext. B. According to L. P. Gupta (O.P.W. 3), the Store-keeper of the Rolling Mills, he was in the office till 5 p.m. and left it after the workers went away. That would mean that the workers went away before 5 p.m., and not after 5 p.m. O. P. W. 4. Basudeb Bose, is a Clerk under the Company. He says that he left the office at 5 p.m. and saw the workers on the path then. He cannot definitely say whether he saw the workers inside the Mill when he was leaving office. He does not support the Company's suggestion that the workers remained inside the Mill area even after 5 p.m., as stated by the Manager. For all these reasons, therefore, it is very difficult to accept the view that the workers remained within the Mill area after 5 p.m. If the lock-out notice was given at about 2 p.m., and if the workers remained within the Mill area till after 5 p.m., and adopted the method of threatening or violent attitude, there is no reason why police was not informed by the Company. In the circumstances, I do not think that the striking workers were violent or threatening in any way rather, they appeared, in the circumstances, to be peaceful, and only demanded suspension of two persons and proper enquiry regarding their grievances. I have already seen that the story of enquiry is unrealible. There was not any proper enquiry and thus the grievances of the workmen remained as they were.

Coming to the question of time of the issue of the lock-out notice, of course, there is no discrepancy. It is said that the notice was given at about 2 p.m., though the notice itself does not mention about the time of its issue. Basudeo Bose (O.P.W. 4) says that he came back to his post from lunch at about 1 p.m. on 15th October 1960 and found the lock-out notice typed and ready. No explanation is forthcoming as to why the notice was hung up on the notice board at about 2 p.m. when the same had been typed and made ready before 1 p.m. Towards the top of the notice the date 17th October 1960 is mentioned. The Manager is unable to say who wrote this date or how this came to be written there and when. Exhibit A shows that copies of the notice were sent to the Chief Inspector of Factories, Labour Commissioner and others including the Head Office of the Company. The Manager cannot say without seeing office records when and how those copies were sent. He admitted that he had no papers to refute the suggestion that the notice and the copies were prepared on 17th October 1960. He got no written directions from the Head Office on 15th October 1960. None of the Head Office Staff has been examined.

In view of the above, the "sit down" strike by the workers on 15th October 1960 would seem to be not unjustified altogether. Even supposing that the strike was unjustified, the declaration of lock-out on that account may be taken to be partly justified, partly, because there is a question of justifiability or otherwise of the continuity of the lock-out till 16th November 1960. In order to justify the lock-out for the period from 15th October 1960 to 16th November 1960 the Company's case is this: The lock-out was meant for the workmen of the Rolling Mills, not for the clerical staff who were to work in spite of the lock-out. On 17th October 1960 to 19th October 1960 the strikers prevented the Clerks from entering into the premises of the Company and they could anyhow join their works at somewhat late period. From 20th October 1960 to 22nd October 1960, they could not join their works on account of the picketing by the strikers. On 28th October 1960 the strikers became violent, and even L. P. Gupta (Store-Keeper) was assaulted by Tarak Mondal, for which a criminal case was started which is now pending. Evidence as to these points have been given particularly by L. P. Gupta and Basudeb Bose. It appears that Basudeb

Bose and others filed some written complaints to the Manager regarding the cause of their absence for three days. According to evidence, complaints were asked for by the Manager so that the Clerks concerned might get their full wages for the relevant period. These complaints themselves (Ext. F series) appear to be suspicious to the extreme. These complaints are identical in language and spirit. According to the Union's suggestion, these complaints were written at the instance of the Manager on the papers of the Company's writing pad, and these are nothing but manufactured evidence for the purpose of this case. Though this suggestion is denied, the fact remains that most of these complaints were written on the papers from the one and the same writing pad. Even supposing that these complaints were genuine, it may be said to the utmost that the workers had picketed against the clerks for a week or so after the first occurrence of mutual scuffle between Tarak Mondal and Satyadeo Durwan. It is said on behalf of the Company that there was no violent picketing after 28th October 1960 on which date L. P. Gupta is said to have been assaulted. There is practically no evidence to show that there was any violent picketing from 24th October 1960 to 27th October 1960. According to Basudeb Bose, they could attend duties since 24th October 1960. The complaints (Ext. F series) were lodged on 7th November 1960. In view of the evidence of Basudeb Bose, there was no picketing since 24th October 1960, though on 28th October 1960. there might have been some incident between Tarak Mondal and L. P. Gupta, as alleged. In view of the criminal case, I refrain from making any particular observation regarding the truth or otherwise of this incident. The explanation on behalf of the Union against the story of picketing is that after the lock-out from 15th October 1960 there could be no occasion for the workers to go near the gate of the Company's factory and stand picketing there. Even supposing that there was such picketing, it cannot be said that there was continued picketing after 28th October 1960. But yet the lock-out continued till 16th November 1960. There appears to be no justifiable reason for the continuance of the lock-out during this long period.

After the dispute was referred by the Union to the Conciliation Officer, the Company did not agree to sit for a tripartite meeting. From the letters which passed between the Company and the Conciliation Officer, it appears that the Company's attitude was against amicable settlement unless the claim for wages for the lock-out period was dropped by the Union. Ultimately, at the suggestion of the Conciliation Officer, the Company agreed that this particular point might be decided by a Tribunal. If the Company took that attitude earlier, the lock-out could have been lifted long before 17th November 1960. Thus for the continuity of the lock-out for this long period, the Company itself appears to be at fault. In this view of the matter, at least the continuity of the lock-out cannot be justified.

It cannot be gainsaid that by reason of loss of production during the total period of the lock-out not only the workers were deprived of their wages, but the Company also sustained sufficient losses. Considering those points, and having regard to the fact that, even taking all other points in favour of the Company, at least the prolongation of the lock-out period was unnecessary and unjustified for the abovementioned reasons. I hold, in the circumstances of the case, that the workmen are entitled to part compensation for the lock-out period. In my view a grant of one-third of the total amount of wages for each of the workers concerned, during the whole period of the lock-out, would meet the ends of justice. Accordingly, the Company is directed to pay this one-third amount of the total wages to each of the workmen of the Rolling Mills for the period of the lock-out, within one month from the date of publication of this award in the "Calcutta Gazette".

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. National Iron & Steel Co. Ltd., Belurmath, Howrah, and their workmen represented by NISCO Karmachari Sangha, 38 Ramnabamitala, Bally, Howrah. (Case No. *VIII-C-4/60.*)

For the Union: Shri P. K. Sanyal, Advocate.

For the Company: Shri S. K. Bose, Counsel and Shri T. P. Jha, Labour Adviser of the Company.

AWARD

By order No. 19-I.R./IR/10L-128(A)/59, dated the 4th January 1960, and subsequent corrigendum No. 2538-I.R./IR/10L-128(A)/59, dated the 24th May 1960, the Government of West Bengal in the Labour Department referred an industrial dispute between Messrs. National Iron & Steel Co. Ltd. and their workmen represented by NISCO Karmachari Sangha relating to the undermentioned issue to the Second Labour Court for adjudication.

Issue

1. Whether the refusal of employment to Shri Onkar Nath Sukul is justified? To what relief, if any, is he entitled?

The circumstances leading to the present reference are as follows:

Shri Onkar Nath Sukul, the workman mentioned in the issue of the order of reference, was an employee of Messrs. National Iron & Steel Co. Ltd. (hereinafter referred to as the Company) and was employed in collecting tolls of the NISCO market at the relevant time, i.e., up to July 1957. In November 1957 the Company started a criminal case against Shri Onkar Nath Sukul on the allegation of misappropriation of a sum of Rs. 835-0-9 p. out of toll collection of the market. In the criminal case the charge framed against him related to misappropriation of Rs. 544-0-6 p.; he was acquitted in the criminal case by the judgment of the Trying Magistrate delivered on 29th August 1958. On 24th September 1958 the Company issued to him a charge-sheet on the allegation that he had failed to deposit Rs. 71 out of the toll collection for the month of June 1957 and Rs. 396-13-0, being the total toll collection for the month of July 1957. On 26th September 1958 he gave a reply to the charge-sheet denying the charge mentioned therein. On 4th October 1958 the Company held an enquiry about the charge-sheet. As a result of the enquiry the Company found him guilty of the charge mentioned in the charge-sheet and dismissed him by a letter, dated 8th October 1958. At that time an industrial dispute between the Company and its workmen was pending before the Third Industrial Tribunal. On 3rd January 1959 the Company filed an application under section 33(2)(b) of the Industrial Disputes Act before that Tribunal seeking approval of his dismissal. That Tribunal by its order, dated 13th July 1959, did not approve of the dismissal. Thereafter on 28th/29th July 1959 the Company issued another charge-sheet to him on the allegation mentioned in the former charge-sheet. In that charge-sheet the Company added that the dismissal order already passed would stand. He gave a reply to that charge-sheet also. The Company then fixed a date of enquiry and asked him to attend the enquiry. He did not attend the enquiry. In the meantime he brought the matter to the notice of the Labour Directorate and that Directorate took up the matter. When the Company came to know of this, it did not hold the enquiry. Thereafter the present reference was made.

The case of NISCO Karmachari Sangha (hereinafter referred to as the Union) briefly stated, is as follows:

In July 1956 Shri Onkar Nath Sukul was given the duty of collecting tolls from the NISCO market in addition to his duties as a checker which post he had been holding. He was given the assurance th he would be paid overtime allowance for th additional work and also for working on Sunda and holidays. In respect of collection of tolls was directed to deposit each day's entire collecti to the Estate Officer on the following d Accordingly he used to deposit the collections eve day to the Estate Officer. It is not a fact deposited Rs. 71 less out of the collection for t month of June 1957 or that he failed to deposit t entire collections for the month of July 19 amounting to Rs. 396-13-0. His son Shri Ram Nare Sukul who was a contractor under the Compa claimed Rs. 51,000 as his dues from the Compar Shri Onkar Nath Sukul also claimed Rs. 1,000 overtime allowance from the Company. These tv demands enraged the Company which brought criminal case against Shri Onkar Nath Sukul, issu a charge-sheet against him and took the other actio mentioned above. As the allegation mentioned the charge-sheet on which he was dismissed is fal the Union contends that his dismissal is unjustifie

The Company, on the other hand, contends th he misappropriated a sum of Rs. 71 out of the t collection for the month of June 1957 and the su of Rs. 396-13-0 being the entire collection for t month of July 1957. The Company also conten that Shri Onkar Nath Sukul was wholly employ in collection of tolls of the market and that wh he was engaged in that work he had not to do a other work. So there was no question of payi him overtime allowance. As a matter of fact, he d not claim any overtime allowance until the starti of the criminal case against him. The Company al says that all the dues to his son as a contractor w paid by the Company and that no sum, not to spe of Rs. 51,000, was due to him. So the allegation the Union that the Company became angry account of Shri Onkar Nath Sukul and Shri Ra Naresh Sukul demanding Rs. 1,000 and Rs. 51,0 respectively is false. As Shri Onkar Nath Suk has misappropriated the sum mentioned in the charg sheet issued to him, he has been rightly dismissed.

The Company has also raised a prelimin objection to the effect that this is not an industr dispute on the ground that the Union mentioned the order of reference is not entitled in law to ra any dispute on behalf of Shri Onkar Nath Sukul.

Findings

I first take up the preliminary objection raised the Company. The Company has not contended th the NISCO Karmachari Sangha, the Union whi has espoused the cause of Shri Onkar Nath Suku is not a Union of the employees of the Compan so the onus is on the Company to show that th Union is not entitled to raise the present disput The only evidence adduced by the Company in th respect is the evidence of O.P.W. 2. He says that was a member of the Executive Committee of th Union from its inception in 1956 to 1960. He sa that he does not know whether any meeting of th Executive Committee was held in 1959. Th inference sought to be drawn by the Company fro this evidence is that as this member is not aware o the holding of any meeting of the Executive Com mittee in 1959, it should be presumed that no such meeting of the Committee was held in that year The present dispute was raised in that year. It ha been argued on behalf of the Company that since th

Union has not produced any resolution of its Executive Committee espousing the cause of Shri Onkar Nath Sukul, it should be presumed that the Union did not espouse his cause. But the order of reference raises a contrary presumption in that it says that the workmen of the Company are represented by this Union. The written statement of the Union in this case has been signed by the General Secretary of the Union. The Company did not ask the Union to produce any resolution of its Executive Committee espousing the cause of Shri Onkar Nath Sukul. So it is not known whether the Executive Committee passed any resolution to that effect. Even if no such resolution was passed, the Company has not been able to show that passing of such a resolution is a pre-requisite for the Union being entitled to espouse the cause of Shri Onkar Nath Sukul. In this connection Shri S. K. Bose, Counsel of the Company, has referred me to a decision of the Patna High Court in the case of Associated Cement Company Ltd., reported at page 25 of XVI F.J.R. In that case the cause of the workmen in question was not taken up by any Trade Union only an office-bearer of a Trade Union represented the workman in question. But in the present case it is not that the Secretary of the Union is representing Shri Onkar Nath Sukul. It is clear from the correspondence produced before me that the Union has taken up the cause of Shri Onkar Nath Sukul. So the decision in that case is not applicable in the present case. Shri P. K. Sanyal, Advocate of the Union, has referred me to a decision of the Supreme Court in the case of Newspapers Limited, Allahabad, reported at page 37 of L.L.J. 1960, Vol. II. But that case relates to the sponsoring of a workman's case by an unregistered Union. As the Company in this case does not contend that the Union in the present case is not a registered one, the decision in that case is not applicable to this case. As the General Secretary of the Union has filed the written statement on behalf of Shri Onkar Nath Sukul in this case, the presumption is that the General Secretary has been authorised to espouse the cause of Shri Onkar Nath Sukul. The Company has not been able to produce any evidence to rebut this presumption. Hence I hold that the Union mentioned in the order of reference is entitled to raise the dispute and that as such this is an industrial dispute. I now enter into the merits of the case.

It is undisputed that on a charge-sheet issued to Shri Onkar Nath Sukul on 24th September 1958 an enquiry was held on 4th October 1958, that as a result of the enquiry he was dismissed on 8th October 1958, that the Company sought the approval of the dismissal before the Third Industrial Tribunal and that the Tribunal did not approve of the dismissal. So in the present reference the Company cannot agitate as to what took place in the sequence of events described above or contend that the dismissal as a result of that enquiry was proper. The only course open to the Company in this reference is to produce independent evidence to show that the charge on which Shri Onkar Nath Sukul was dismissed is true. Before I proceed to assess the evidence in order to ascertain to what extent the Company has been able to show this, I propose to refer to some of the decisions cited by Shri S. K. Bose, Counsel on behalf of the Company. One of those decisions is a decision of the Supreme Court of India in the case of Balipara Tea Estate reported at page 203 of XVI F.J.R. But that decision relates mainly to the jurisdiction of an Industrial Tribunal to interfere with the decision of a domestic enquiry. In this case, as I have indicated already, the Company cannot rely on an enquiry which has already been reviewed by the Third Industrial Tribunal. So that portion of that decision is not applicable to this case. There is however another point in that decision which is applicable in this case. That point is that in matters of disciplinary action an industrial tribunal will be misdirecting itself if it insists upon conclusive proof of guilt on the part of the workman to be adduced by the management in the enquiry before the Tribunal. I shall certainly bear this point in mind in arriving at my decision in this case. Another decision cited by Shri Bose is the decision of the Supreme Court of India in the case of Phulbari Tea Estate reported at page 9 of XVII F.J.R. That decision relates mainly to the right of management to rectify a mistake in a domestic enquiry by adducing proper evidence before an Industrial Tribunal. As in this case there is no domestic enquiry in law, that decision is not applicable in the present case. Two other decisions cited by Shri Bose are those of the Supreme Court reported at page 520 of L.L.J. 1960, Vol. I and at page 99 of L.L.J. 1961, Vol. II. Those two decisions also relate to domestic enquiries; hence those two decisions also are not applicable to the present case.

Shri Onkar Nath Sukul who has deposed in this case as P.W. 1 says that he was given the work of collecting tolls in the NISCO market in addition to his usual work in the siding department. He says that the hours of his duty at the siding department were from 8 a.m. to 5 p.m. and that the hours of his duty at the market were from 5 p.m. to 10 p.m. The Company has denied that while he was doing the work of collecting tolls from the market he was doing any other work. The Company says that his hours of duty at the NISCO market were from 2 p.m. to 10 p.m. The witnesses on behalf of the Company have stated that at the beginning of each month the Estate Officer used to hand over Shri Onkar Nath Sukul tickets for realising tolls during the month and that at the end of the month Shri Onkar Nath Sukul used to render accounts to the Estate Officer showing the collections made by him during the month. The Estate Officer on finding out the total amount of collections during the month used to ask him to credit the money with the Cashier of the Company. Shri Onkar Nath Sukul says that he used to take tickets from the Estate Officer everyday at about 2 p.m. and to render accounts to him on the following day at about 11 12 a.m. and that he had nothing to do with the Cashier. If it is believed that Shri Onkar Nath Sukul was on duty at the siding department from 8 a.m. to 5 p.m., it is not understood how he could spend some time everyday at 11/12 a.m. and again at 2 p.m. for the work of the market. There is no corroboration of the statement of Shri Onkar Nath Sukul as to the time and manner in which he rendered accounts and deposited collections of tolls. The Company on the other hand has adduced both oral and documentary evidence in support of the procedure contended by the Company. The Company has produced carbon copies of receipts (Ext. G series) showing deposit of collections by Shri Onkar Nath Sukul to the Cashier at the end of the every month. Shri P. K. Sanyal, Advocate of the Union, has argued that these receipts are not genuine. But the oral evidence of the witnesses of the Company as also attending circumstances show that these receipts are genuine. It has also been

suggested on behalf of the Union that the Estate Officer might have deposited to the Cashier at the end of the month the collections which he received from Shri Onkar Nath Sukul everyday. But in that case the receipts ought to have been in the name of the Estate Officer. But Ext. G series clearly show that the receipts were issued to Shri Onkar Nath Sukul. The moneys shows in these receipts have also been entered in the Cash Book (Ext. H) of the Company. It is difficult to believe that all these papers and books are fabricated. So I accept the contention of the Company that the system was that Shri Onkar Nath Sukul used to deposit to the Cashier at the end of the month the collections of tolls made by him during the month.

The next question is whether Shri Onkar Nath Sukul failed to deposit Rs. 71 out of the collections made by him for the month of June 1957 and the entire collections for the month of July 1957. The Company has adduced oral evidence to show that Shri Onkar Nath Sukul did not deposit the money mentioned above. Since it has been proved that it was the system that he took receipts for moneys deposited by him with the Cashier, he could produce the receipt showing that he has deposited the collections for the month of July 1957; he has failed to produce any such receipt. On the contrary Ext. F shows that he collected a total sum of Rs. 371 during the month of June 1957 and Ext. G shows that on 11th July 1957 he deposited only Rs. 300 with the Cashier. Exhibit A is an admission on his part to the effect that he spent Rs. 396-13-0 being the collections for the month of July 1957 for his personal purpose. It has been contended on behalf of the Union that the signature on Ext. F is not that of Shri Onkar Nath Sukul. He has however in his evidence admitted the signature on Ext. A to be his. It is clear from the signatures on the two exhibits that they are of the same hand. As to Ext. A, Shri Onkar Nath Sukul contends that he was forced by O.P.W. 5 Shri Nirmal Kumar Banerjee, Auditor of the Company, to sign it; O.P.W. 5 has denied this; there is no earthly reason why O.P.W. 5 should force Shri Onkar Nath Sukul to sign it. So the oral evidence as well as Exts. A and F clearly show that Shri Onkar Nath Sukul failed to deposit Rs. 71 out of the collections for June 1957 and the entire collections of July 1957.

There is also the question of probability. The question naturally arises why the Company should dismiss Shri Onkar Nath Sukul if the charge against him was not true. Shri Onkar Nath Sukul has answered this question by saying that the Company became angry with him as he and his son had demanded Rs. 1,000 and Rs. 51,000 respectively from the Company. The Union has not adduced any evidence that these demands were made before the first action, viz., the institution of the criminal case, taken by the Company in respect of the alleged misappropriation. Shri Onkar Nath Sukul has not been able to show how he arrived at the figure of Rs. 1,000 as his overtime wages. He admits that he did not make any demand for the overtime wages month by month at least up to July 1957. The Company has contended that there was no question of paying him any overtime wages, as he was not doing any other work, as claimed by him. The Union has not produced any evidence to show that at the relevant time Shri Onkar Nath Sukul was doing some other work besides collecting tolls of the market. As to the demand of his son for Rs. 51,000, the Union has not adduced any evidence as to how this figure was arrived at. Shri Onkar Nath Sukul says that his son knows about it and that he is unable to produce his son as a witness for want of money, as he is living at the native place. The Company had his son summoned as its witness; the son appeared before the Court at the cost of the Company; the Company did not tender him as a witness. But Shri Onkar Nath Sukul got the opportunity without any cost being incurred by him to produce his son as a witness in support of the demand of Rs. 51,000 by his son. Shri Onkar Nath Sukul did not avail of that opportunity. The Company, on the other hand, has adduced oral and documentary evidence to show that no money is due to him. Exhibits E2 to E9 are the receipts showing payment of dues to Shri Ram Naresh Sukul, son of Shri Onkar Nath Sukul. These have also been entered in the Cash Book of the Company (Ext. H). There is no reason whatsoever to think that these receipts and the entries in the Cash Book are fabricated. So I hold that Shri Onkar Nath Sukul and his son made demands of the respective moneys on the Company after the Company started action against Shri Onkar Nath Sukul, obviously for the purpose of setting up a defence. So the reasons adduced by the Union for the Company being angry with Shri Onkar Nath Sukul fail. As these reasons have failed, it must be held that the Company had no extraneous reason for dismissing Shri Onkar Nath Sukul on the charge of misappropriation. It is true that Shri Onkar Nath Sukul has been acquitted in the criminal case brought by the Company on a complaint of misappropriation. In a criminal case an accused is entitled to the benefit of certain presumptions. These presumptions are not applicable in an adjudication of an industrial dispute. The standard of proof in an adjudication of an industrial dispute has been indicated by the Supreme Court of India in its decision in the case of Balipara Tea Estate, mentioned by me earlier. I have made the above finding according to that standard of proof.

On the above considerations I hold that Shri Onkar Nath Sukul is guilty of the charge of misappropriation brought by the Company. In view, however, of the peculiar circumstances of the present case which I shall presently describe, this decision does not necessarily lead to the conclusion that the dismissal of Shri Onkar Nath Sukul is justified. The issue in the order of reference is whether the refusal of employment to Shri Onkar Nath Sukul is justified. At the opening of the hearing of this case Shri P. K. Sanyal and Shri S. K. Bose gave divergent opinions as to the significance of the above issue. Shri P. K. Sanyal contended that the Government of West Bengal had advisedly framed the issue as the refusal of employment instead of dismissal. He also contended that the Government of West Bengal thereby intended this Court to enter only into the question whether the refusal of the Company to reinstate Shri Onkar Nath Sukul after the order of the Third Industrial Tribunal was justified. Shri S. K. Bose on the other hand contended that the issue meant that this Court was to adjudicate the matter from the dismissal of Shri Onkar Nath Sukul. As I understood the law then, I decided that I would enter into the question of justifiability of the dismissal of Shri Onkar Nath Sukul. Towards the close of the hearing of the case Shri P. K. Sanyal referred me to a decision of the Supreme Court in

case of Strawboard Manufacturing Company orted at page 420 of L.L.J. 1952, Vol. I. In that se it has been held by the Supreme Court that if Tribunal does not approve of an action of dismissal a workman on an application by his employer der section 33(2)(b) of the Industrial Disputes t, the result would be that the action taken by the ployer would fail and thereupon the workman uld be deemed never to have been dismissed and uld remain in the service of the employer. In ch a case no specific provision as to reinstatement necessary and by the very fact of the Tribunal t approving of the action of the employer the smissal of the workmen would be of no effect and would continue to be in service as if there never is any dismissal. According to this decision the mpany in the present case ought to have instated Shri Onkar Nath Sukul after the Third dustrial Tribunal refused to approve of its action dismissing him. As against this, Shri S. K. Bose is referred to a decision of the Supreme Court in e case of G. McKenzie and Company Ltd. reported page 285 of L.L.J. 1959, Vol. I. In that case it has en held by the Supreme Court that as the purpose section 33 of the Industrial Disputes Act is merely give or to withhold permission and not to ljudicate an industrial dispute, any finding in an plication under section 33 would not operate as s judicata and bar raising an industrial dispute or r the employer from holding a second enquiry in spect of the same misconduct. Shri S. K. Bose has ued that this is exactly what the Company has ne in the present case after refusal of approval by e Third Industrial Tribunal. The Company issued fresh charge-sheet to Shri Onkar Nath Sukul and ked him to appear at an enquiry. The enquiry uld not be held due to circumstances beyond the ntrol of the Company. But section 33 mentioned the decision of the Supreme Court in the case of . McKenzie & Co. Ltd. referred to that Section fore the amending Act of 1956. Before that nendment an employer was required under section 3 to seek prior permission of the Industrial Tribunal ncerned before ordering dismissal. As there was dismissal at the time of an application under ction 33 prior to the above amendment, the preme Court allowed the employer to hold a fresh quiry about the same charge. But after the above nendment an employer is required to make an plication under section 33(2)(b) of the Industrial isputes Act after dismissal. So is this difference tween the two decisions of the Supreme Court entioned above. In view of the later decision it ust be held that that decision applies to an plication under section 33(2)(b) of the amended ct whereas the former decision applies to an plication under section 33 prior to the amendment. ven if the Company in the present case wanted to ke advantage of the earlier decision of the Supreme urt, it has failed to do so. It could not hold the cond enquiry. So the position is as if the matter sted with the completion of the first enquiry. As he result of that enquiry was not approved of by he Third Industrial Tribunal, I took the decision at he beginning of the hearing of this case that the mpany was entitled to adduce before me pendent evidence in support of its action. I rdingly allowed the Company to produce such ence and have given my finding thereon. But decision of the Supreme Court reported at page of L.L.J. 1962, Vol. I mentioned by me earlier has made my above decision untenable in law. In the present case after the order of the Third Industrial Tribunal Shri Onkar Nath Sukul would be deemed never to have been dismissed. So the Company ought to have reinstated him after the above order of the Third Industrial Tribunal. It is not the case of the Company that anything happened thereafter which would justify the Company refusing to reinstate Shri Onkar Nath Sukul.

In view of the above considerations, I hold that the only interpretation that can be put on the issue in this case is whether after the order of the Third Industrial Tribunal the Company had any justification to refuse employment to Shri Onkar Nath Sukul. The above discussion clearly shows that the Company had no such justification. Hence I hold that the refusal of employment to Shri Onkar Nath Sukul is not justified. As such I order that he should be reinstated and be paid full back wages with effect from 24th September 1958, the date on which he was suspended pending dismissal. It appears from his service sheet (Ext. 5) his last wages was Rs. 2-8 per day. So the Company shall pay him back wages at that rate.

The above order shall be carried out within a month of the publication of this award in the "Calcutta Gazette".

IR 11L-530/58, dated the 9th August 1960, the industrial dispute between Messrs. Scott & Pickstock Private Ltd., 5 Fairlie Place, Calcutta, and their workmen represented by Association of Employees' Union, 23 Netaji Subhas Road, Calcutta, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Sixth Industrial Tribunal;

And whereas the said Sixth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Scott & Pickstock Private Ltd., 5 Fairlie Place, Calcutta, and their workmen represented by Association of Employees' Union, 23 Netaji Subhas Road, Calcutta. (Case No. VIII-453/60.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:
Shri P. M. LAHIRI, Judge.

AWARD

The Government of West Bengal, Labour Department, by order No. 4205-I.R./IR/11L-530/58, dated the 9th August 1960, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute for adjudication to this Tribunal.

This dispute was previously referred to the First Labour Court by Government order No. 5496-I.R./IR/11L-530/58, dated the 24th December 1958, for its adjudication which has been replaced by the Sixth Industrial Tribunal constituted under notification No. 3115-I.R./IR/3A-6/59, dated the 21st June 1960, and has in consequence been abolished by notification No. 3508-I.R./IR/3A-9/59, dated the 11th July 1960.

The issues

Whether the dismissal of the workmen named in the attached list is justified? To what relief are they entitled?—

(1) Shovanath No. 1, (2) Baijnath, (3) Ram Padarath, (4) Ramkisun, (5) Tulsi, (6) Bipat, (7) Parsu, (8) Ramfer No. 2, (9) Chotelal No. 2, (10) Noher, (11) Sreeharash, (12) Ramlagan, (13) Rambahar, (14) Mustafa, (15) Ramkuber, (16) Sinbhu, (17) Ramanjore, (18) Dulare, (19) Nandlal, (20) Sukhraj, (21) Juri, (22) Ram Kalar.

Both parties absent. The learned representative for the Union appears and submits that he has no knowledge as to why the workmen or any workman under reference have or has not come, although, he says that the workmen were informed of the date fixed for hearing. He further says that the workmen wrote to him acknowledging his letter in which he informed them about the date of hearing. This being the case it may be presumed that the workmen do not want to proceed with the case. I, therefore, pass a "no dispute" award in this case.

AWARD

This dispute over the issue given in the order of reference and reproduced below was referred for

djudication to this Tribunal by the Government of Vest Bengal, Labour Department, Order No. 5987-R./IR/11L-375(A)/61, dated 26th October 1961.

Issue

1. Is the discharge of Shri Fazlur Rahman Khan ustified? What relief, if any, is he entitled to?

The relevant case of the Union regarding the issue nder reference may be briefly summarised as llows:

The concerned workman Shri Fazlur Rahman han was one of the seniormost employees of this ompany and was working in this cinema from its ry inception. Since the last few months before his scharge on 28th June 1961, he started incurring spleasure of the present proprietress of the cinema cause he justifiably protested against some mis-eeds and malpractices of the present management nd also because he participated in the Minimum Vages Movement of the Cinema employees. He as at first offered the option of retirement on a fe-long pension of Rs. 50 per month. This offer as made in order to get rid of him anyhow. In ne month of June 1961, the State-wide agitation for tatutory Minimum Wages for the Cinema employees ecame very strong. Because of this movement in hich this worker also took part the management ad reason to be strongly displeased with this orker The management translated its displeasure nto concrete action by terminating his service with ffect from the 28th June 1961 by a letter of that ate. This was nothing but victimisation of this orker by the management. Some false, fabricated nd fantastic allegations were made by the manage-ent against this worker before terminating his rvice but these were never substantiated and in ct they were mere after-thoughts. No enquiry was ver held regarding the allegations after giving this orker sufficient opportunity to defend himself and nereby the fundamental principles of social and atural justice were violated. The Union prays for einstatement of the concerned worker with full back ages for the period of his unemployment.

The relevant case of the Company as put forward n its written statement is briefly this:

The dispute in question is not an industrial dis-ute as defined in section 2(k) of the Industrial isputes Act and the Government had no jurisdic-on to refer the dispute for adjudication. The resent reference is, therefore, bad and not main-inable in law. This worker had no reason to rotest against any misdeed or malpractice of the anagement and it has been falsely alleged by him at he was dismissed because he participated in the inimum Wages Movement of the cinema employees. e was discharged long before the agitation for nplementation of Minimum Wages by the local inema employees. The reasons for terminating the rvice of the concerned workman are clearly stated annexure "B" to the written statement which was letter, addressed by the proprietress of this cinema the local Assistant Labour Commissioner. The asons given in this letter were briefly that:

(i) He was about 65 years old and had lost all his vitality;

(ii) That his conduct was unsatisfactory and he was warned previously on various occasions and on every such occasion he pleaded guilty and prayed for mercy and so he was excused;

(iii) That on 20th October 1960, the service of this worker was terminated for his unsatisfactory work but he was again reinstated on condition that he would be removed from service after a period of six months if he failed to offer for voluntary retirement; and

(iv) That during the period from 20th October 1960 to 28th June 1961 the quality of work of this worker did not improve at all and he was in the habit of taking long leave and he was always found to be irregular in his attendance in duties and he absented from duties without any valid cause during the period of more than one year.

The Company's offer of voluntary retirement, referred to above, was refused by the concerned worker on the ground that he was quite fit for work and sound in health. The service of the concerned workman was terminated for cogent and valid reasons and it was not at all a case of victimisation. The concerned worker was given sufficient time and opportunity to explain his case to the management but he did not take any step in that direction. The management terminated his service after due and careful consideration of all the relevant facts and circumstances. The concerned worker is therefore, not entitled to any relief as prayed for.

It would be seen above that the Company has raised a preliminary objection against the maintainability of the present reference on the ground that it is not an industrial dispute as defined in section 2(k) of the Industrial Disputes Act. This preliminary objection must be decided first before taking up the issue referred for adjudication for decision on merits. So I proceed to take up and decide the preliminary objection first.

Although the dispute relates to the dismissal or termination of service of the concerned worker Shri Fazlur Rahman Khan and as such it is by itself an individual dispute, the dispute has been taken up and sponsored by a Union, viz., the Burdwan District Committee of the Bengal Motion Pictures Employees' Union (B.M.P.E.U.) and this Union has been named as a party to the dispute in the order of reference. The taking up of the dispute by the Union on behalf of the concerned worker should ordinarily lead to the presumption that it has the backing of the members of the Union on the side of the concerned worker and as such it has become an industrial dispute. It has however, got to be considered in the present case that according to the evidence on the record, the concerned Union is not the Union of the employees of this Company exclusively but it is a general Union of the cinema industry as a whole throughout West Bengal. This being the position, it is further to be seen whether a large or a substantial or appreciable number of workers of this particular cinema are members of this Union so that it can be said that the taking up of the dispute by the Union indicates that it has the support and backing of quite a large number of workers of this particular industry. Unless this position is established, it cannot be said in the present case that the mere taking up of the dispute by the Union is legally sufficient to transform the dispute into an industrial dispute as defined in section 2(k) of the

Industrial Disputes Act. It is, therefore, necessary to examine the evidence adduced by the parties on this point. The evidence is wholly oral. P.W. 1 Shri Fazlur Rahman Khan, the concerned worker, has stated in his cross-examination that he became a member of the Cinema Employees' Union in 1955 and the employees of this cinema and other cinemas joined the Union. He has further stated in cross-examination that there are 28 employees in this particular cinema and out of them 11 are members of the Union. Similar is the evidence of P.W. 2 Shri Paresh Kiron Roy, the Secretary of the B.M.P.E.U. He has stated that about 12/13 employees of the New Cinema in Asansol are members of their Union. He has also stated that they have their membership registers which have been produced before the Registrar of Trade Unions for checking and are now lying with him. In cross-examination he has clarified this point by saying that only the membership registers for 1960-61 have been produced before the Registrar of Trade Unions and the previous registers are in their custody. O.P.W. 1 Shri Nanda Gopal Mukherjee, the Manager of this particular cinema has stated in his evidence on this point that he knew that 2/3 operators and 2/4 gate-keepers of this cinema were members of this Union. So, he has been constrained to admit that at least some of the workers of this particular cinema are members of this Union. I have carefully considered the aforesaid oral evidences regarding the membership of the Union among the workers of this particular cinema and I believe and accept the evidence of P.W. 1 Shri Fazlur Rahman Khan and P.W. 2 Shri Paresh Kiron Roy and hold thereon that not less than 11 workers of this particular cinema are members of this Union. The mere fact of non-production of the membership registers of the Union is not, in my view, sufficient to completely displace the evidence of P.W. 1 and P.W. 2, the concerned worker and the Secretary of the Union on this point and prove them to be liars. Accordingly I hold upon the evidence that not less than 11 workers out of the total number of 28 workers of this cinema are members of this Union and the taking up of the dispute over the dismissal of this worker by the Union implies and signifies that this dispute has the backing of the said 11 workers of this cinema on the side of the concerned worker. It is now well settled that in order that an individual dispute regarding the dismissal of a particular workman may be transformed into an industrial dispute, all that is required is that either the Union of the workmen of the particular employer should take up the dispute on behalf of the concerned workman or that the dispute should be taken up by a large or appreciable and substantial number of workers even apart from the Union and it is not absolutely necessary that the majority of the workmen of the particular employer should take up the dispute. In the present case the concerned Union is not a Union exclusively of the workmen of this employer. But upon the finding recorded above, it has got to be held that through this Union at least 11 out of 28 employees of this particular employer have taken up the dispute on behalf of the concerned worker. In my view, 11 out of the total of 28 workers in a particular industry constitute quite a large, appreciable and substantial number of workmen of the particular industry and by their taking up of the dispute in the present case, it may quite legitimately be said to have been transformed into an industrial dispute. Accordingly I hold that the dispute arisin over the dismissal of a concerned worker has bee taken up by quite a large, appreciable and substan tial number of workmen of this particular industr through the general Union of the industry, B.M.P.E.U and as such the dispute has become an industria dispute within the meaning of section 2(k) of th Industrial Disputes Act. On this decision, I reje the preliminary objection raised by the Compan and hold that the dispute concerning this work under reference has become an industrial disput and as such the present reference of the dispute fo adjudication under section 10(1)(D) of the Industria Disputes Act by the Government is quite legall valid and maintainable and the Government acte within its jurisdiction in making this reference. Th preliminary objection is thus disposed of.

I now take up the issue referred for decision its merits.

Admittedly, the concerned worker was dischar on 28th June 1961. Exhibit 4 is the letter of charge. It is an undisputed position that before t discharge which is the subject-matter of the pres case, he was not served with any charge-sheet spe fying any concrete or particular charge of offence misconduct against him and no domestic enqu was at all held regarding any charge after giving h sufficient and suitable opportunity to defend hims So prima facie the discharge offends against natu and social justice and is opposed to the fundamen principles concerning the discharge of an industr worker from service. It is particularly to be not in the present case that this worker was an employee of this Company and one of the reaso given for his discharge was that he was 65 years and had lost vitality. The concerned work Shri Fazlur Rahman Khan has stated in his eviden without much challenge in cross-examination th he was serving since the cinema was started in 19 and before 1935 he used to serve in the Estate the then proprietor Abdul Monsur, on whose dea in 1949, his wife who is now present proprietre became the proprietress. Apart from the dischar of this worker without any charge-sheet and witho any domestic enquiry being opposed to fundament principles of social and natural justice, it is al opposed to the relevant provisions of the Standi Orders of the cinema industry which were frame and incorporated in the award of Shri P. K. Sarca the then Judge of the Second Industrial Tribuna dated the 30th December 1960, and published in th "Calcutta Gazette", dated the 28th January 196 (Ext. 7). These Standing Orders are binding upo the present parties because these were framed in a omnibus award given in a dispute existing betwee Bengal Motion Pictures Association, which is a association of the cinema owners and film distribu tors, and Bengal Motion Pictures Employees' Union which is a Union of the cinema employees and it i admitted by O.P.W. 1 Shri Nanda Gopal Mukherje that their cinema house is a member of B.M.P.A. I any case there is no reason why the salutary princ ples of the award should not be followed in th present case. Section XVIII of the Standing Orde lays down the procedure for disciplinary action. Th procedure was not followed in the present cas though an old employee was punished with th highest penalty of dismissal from service. It is hov ever now well settled that even where an industri worker is dismissed or discharged without an

charge-sheet and enquiry, the Tribunal to which the dispute about such dismissal is referred for adjudication, may and should go into the merits of the dismissal upon the evidence produced before it and decide for itself whether the dismissal was justified or not. Acting on this principle, I would now go to into the merits of the dismissal on the evidence produced before me.

Frankly speaking, after carefully considering the evidence on the record and the surrounding circumstances arising therefrom, I am unable to see any sufficient or justifiable reason for dismissal of the concerned worker on the 28th June 1961. I have already indicated above the reasons advanced by the Company for the dismissal of the concerned worker as given in its letter to the Assistant Labour Commissioner, Ext. A. This letter is made annexure "B" to the Company's written statement. I will now proceed to examine each of the reasons in the light of the evidence produced in this case. The first reason is that he was 65 years old and had lost his vitality. The worker concerned has stated on oath that he is now 52 years old and has denied that he is 65 years old. This statement was elicited from him in his cross-examination on behalf of the Company. As against this definite evidence of the concerned worker regarding his own age, there is practically no evidence worth the name on the side of the Company to prove its case that he is 65 years old and has lost all vitality. O.P.W. 1 Shri Nanda Gopal Mukherjee, the Manager of the cinema, has only stated that he gathered from talks with Shri Fazlur Rahman Khan that he is aged about 62 to 65 years. This vague evidence cannot certainly stand against the definite oath of the concerned worker himself. Accordingly I accept the evidence of the concerned worker and hold that he is now 52 years old and not 65 years old. I have seen the concerned worker and he appears to be quite fit and active still. I have no hesitation to hold upon the evidence that the Company has failed to make out the first reason for his discharge, viz., his old age and loss of vitality.

There is also no sufficient evidence to support the second reason for discharge as given in Ext. A. There is practically no evidence to show that he was ever previously warned and that he pleaded guilty on each such occasion and prayed for mercy. There is no document to prove this position and there is practically nothing in the evidence of O.P.W. 1 Shri Nanda Gopal Mukherjee also to support this position. So, the second reason for his discharge is also rejected on merits.

The third and fourth reasons as given in Ext. A are to some extent inter-connected and so I take up these two reasons together. The Company's case briefly is that on 20th October 1960, the service of this worker was terminated for unsatisfactory work but he was reinstated on condition that he would be removed from service after a period of six months if he failed to offer for voluntary retirement and during the period from 20th October 1960 to 28th June 1961 the date of his final discharge, the quality of his work did not improve and he was in the habit of taking long leave and was always irregular in his attendance and also absented himself without any valid cause. Exhibit 5 is the letter, dated 20th October 1960/6th November 1960, from the proprietress to this worker. The proprietress sought to inform the worker by this letter that the quality and quantity of his work was not up to the mark because of his old age and so he was given six months' leave with average pay of Rs. 50 per month to recoup and if after recuperation his work was not still satisfactory, he would have to be satisfied with a life long pension of Rs. 50 per month on retirement. No definite or concrete instance of the quality or quantity of his work not being up to the mark was indicated in this letter. In his present evidence the Manager of the cinema Shri Nanda Gopal Mukherjee has sought to give some instances of his negligent work. His evidence in this respect stands thus:

> "He was asked to bring amusement tax stamps from the Collectorate. He did not come with the stamps in proper time. Subsequently, one peon of Godhuli Cinema delivered the stamps to us. It appeared that he had delegated the duty of collecting the stamps to that peon. Sometimes he totally forgot to carry out the duty allotted to him."

curiously enough, none of these instances was put to the concerned worker when he was giving evidence before this Tribunal so that he might have given some explanation regarding these instances. I am not impressed by this evidence of the Manager and I cannot hold upon his evidence alone that the concerned worker was really guilty of such misconducts. So, there is no evidence before this Tribunal to prove that the quality and quantity of the work of this worker was really unsatisfactory due to his old age.

As regards leave, the Company's allegations in reason 4 for his dismissal in Ext. A are not also acceptable upon the evidence produced before this Tribunal. Exhibit C is said to be the chart prepared by the Manager showing the leave taken by this worker for the year 1960-61. It shows that he was given leave with pay for 41 days; sick leave with pay for 35 days and leave without pay for 15 days. It further shows that he was absent without authority for only 15 days. It is clear that the Management granted him leave with pay, sick leave and leave without pay. As regards absence without authority, there is nothing to show that the management at once confronted this workman with the charge of absence without authority on each occasion and asked him to explain such conduct. After considering the entire evidence and circumstances of the case, I am of the view that the Company never took serious action for his absence without authority as shown in the chart, Ext. B and that such absence was condoned. The concerned worker has stated in his evidence in regard to these matters as follows:

> "I always took leave by making application. I never absented myself from duty without taking leave or without permission. In October 1960, I was attacked with typhoid. I informed the management about my illness, but I did not make any formal application for leave. On account of typhoid I absented myself for about a month. I was not served with any charge-sheet before my discharge."

I have no reason to disbelieve the evidence of the worker. It has not been sufficiently countered by the evidence on the Company's side. The plea of typhoid was raised in the worker's letter, dated 14th November 1960 (Ext. 6), written in reply to the letter of the proprietress, dated 20th October 1960/6th November 1960. So it was raised at the earliest

opportunity and should be accepted as bona fide. In this connection I should refer to Section VIII of the Standing Orders in Ext. 7. This Section relates to protracted illness and stand thus:

> "No workman will be discharged for protracted illness unless the period of his illness exceeds four months at a stretch or such other period beyond four months as the Management may consider reasonable."

In the present case, his absence without authority covered only 15 days. Under Section VIII of the Standing Orders he could not be discharged for absence due to protracted illness unless the period exceeded four months at a stretch. I believe the explanation of the concerned worker that he was absent for about a month on account of an attack of typhoid and that though he did not formally apply for leave he informed the Management about it. Considering all the above facts and circumstances regarding the matter of his leave and absence from duty, I am satisfied that no sufficient ground for his dismissal for his alleged habit of taking long leave and irregularity in attendance and absence from duty without authority has been established in the present case.

In the result, I find upon an independent scrutiny of all the four reasons for dismissal given by the Company in Ext. A, that none of the reasons has been well established. Necessarily I find that the Company's plea of dismissal of the concerned worker on these reasons cannot be justified.

The concerned worker has alleged that the management got displeased with him because he pointed out some misdeeds and malpractices of the management and also because he participated in the agitation for minimum wages for cinema industry as member of the Union. There is no evidence to support his first plea that he pointed out any misdeeds or malpractices of the management. So, this plea is rejected. He has further stated that he was a member of the Union since 1955 and used to make oral representation regarding the grievances of the workers to the management. The Manager of the cinema has admitted in his evidence that there was strike in this cinema house for minimum wages and it took place probably in June or July 1961. This worker was discharged finally on 28th June 1961. It may be held from the admission of the Manager that the strike took place nearabout the time of the dismissal of this worker. It is clear from the facts and circumstances that this old worker incurred the displeasure of the present management and the first indication of the displeasure was by the letter, dated 20th October 1960, whereby he was sought to be removed on a monthly pension on some untenable pleas and finally the drastic action of dismissing him was taken on 28th June 1961 at about which time there was a strike in this cinema house for the minimum wages. It was quite natural that the management should have thought it fit to victimise one of the oldest workers of the Company in connection with the strike, a worker who had already incurred the displeasure of the management but whom the management could not confront with any definite and concrete charge of offence or misconduct. It is clear that this worker was dismissed by the letter, dated 28th June 1961, with some ulterior motive and it was a mala fide action on the part of the management and an instance of unfair labour practice. I decide, therefore, that the discharge of the concerned worker was not justified. Necessarily I also hold that he is entitled to be reinstated with some back wages. Having regard to the overall facts and circumstances I would award him back wages for six months.

In the result my award is that the discharge of the concerned worker was not justified and that he be reinstated on his reporting for duty within 15 days of the publication of the award in the "Calcutta Gazette" and he be also paid by the Company six months' back wages at the rate last drawn by him, within a month from his reporting for duty.

This is my award.

this reference under section 10 of the Industrial ites Act made by the Government of West al, Labour Department, order No. 5535-I.R./IR/ 90(A)/61, dated the 16th September 1961, of an strial dispute between Messrs. Master Stores Mills Co. Ltd. and the Company's contractor Hardayal Sharma on the one hand and their men represented by the West Bengal Flour Mills ur Union, on the other, the issues are as ws:--

) Whether the refusal of employment to the following workmen is justified? To what relief, if any, are they entitled?

(i) Shri Ram Naresh, (ii) Shri Chandra Deo, (iii) Shri Shyamlal, (iv) Shri Jwala Prosad, (v) Shri Ghanashyam, and (vi) Shri Bidyadhar.

2) Permanency of service.

3) Revision of wage rates.

4) Abolition of contract system of work and absorption of labour employed under the contractor by the Company.

though a written statement had been filed on lf of the Union, no one appeared for it at the ing nor was any step taken on its behalf. The ence, therefore, had to be heard ex parte. One ess was examined for Messrs. Master Stores and or the contractor, namely, Shri Hardayal Sharma, ontractor himself.

No. 1

appears from the evidence that only Ram sh, out of the six men mentioned in issue No. 1, employed by Master Stores. It is also in nce that the name of the employers as given in reference is wrong. It is never called Master s Flour Mills Company Ltd., but called only er Stores. It is the evidence of Shri Ram dra Parolia, a partner of the Firm that only Ram Naresh, out of the six workmen, had been loyed by Master Stores and the rest were em- d by the contractor Shri Hardayal Sharma. bits 4, 4/1 and 4/2 are 3 of the charge-sheets ainst Ram Naresh. It appears that these charge-sheets were never served on him but there was an enquiry and in the enquiry he was found to be guilty and dismissed. Exhibit 14(1) is the evidence during the enquiry against Ram Naresh and attached to it is the enquiring officer's report. There was an application before the Fourth Industrial Tribunal before which a reference under section 10 was pending, for approval of the action taken against him by Master Stores. Exhibit 1 is the certified copy of the order of the Tribunal approving of the action taken by Master Stores against Ram Naresh. It appears that Ram Naresh did not appear even at the hearing of that application. Exhibit 2 is the money order bearing his acknowledgment on the reverse by which a sum of Rs. 60 appears to have been remitted to Ram Naresh in June 1961. The order under section 33(2)(b) of the Industrial Disputes Act is dated 9th September 1961 and the charge-sheets were dated 21st April 1961, 20th April 1961 and 4th May 1961. Presumably, therefore, this money order was remitted to Ram Naresh under the proviso to section 33(2)(b) of the Industrial Disputes Act.

As far as the other six men are concerned, it is the evidence of Shri Hardayal Sharma that against these men also there were charge-sheets. Shyamlal, Ghanashyam and Jwala Prasad submitted replies to the charge-sheets, Exts. 6, 6/1 and 6/2. Then Chandra Deo, Jwala Prasad and Ghanashyam were served with notices for appearing at the enquiry. Bidyadhar neither submitted his reply nor appeared at the enquiry, because evidently, the notices could not be served on him. The registered notices sent to him came back undelivered and the envelopes in which the notices were sent, were opened in Court. As far as Bidyadhar is concerned, the case of the contractor is that he left his service voluntarily after he got scent off charge-sheets having been issued against him. As far as the four others are concerned, three of them attended the enquiry, namely, Chandra Deo, Ghanashyam, and Jwala Prasad. Shyamlal, though he had filed a reply to the charge-sheet, did not turn up at the enquiry. But these workmen were all dismissed as a result of the enquiry. Exhibits 5 and 6/1 are the two charge-sheets against these five workmen. Exhibits 6, 6/1 and 6/2 are the replies to the charge-sheets of Shyamlal, Ghanashyam and Jwala Prasad, respectively. Exhibit 8 is the original record of the proceedings of enquiry and Ext. 8/1 is the translation of the record into English. At the end of the record, there is the report of the enquiring officer. Exhibit 10(2) is the letter of dismissal of Jwala Prasad and Ext. 8/2 is the letter of dismissal of Ghanashyam. The other dismissal letters were not produced by the contractor and he said that they could not be traced out. After these men were served with the letters of dismissal, Shyamlal, Chandra Deo and Jwala Prasad came to terms with the contractor and received their dues. Exhibit 11/1 is Shyamlal's receipt of Rs. 30 in full and final settlement of his dues and Ext. 11 is an agreement between Shyamlal and Hardayal Sharma. In the agreement however, the dismissal is described as 'retrenchment'. Exhibit 12 is the agreement between Hardayal Sharma and Chandra Deo Singh and Ext. 12/1 is the Chandra Deo's receipt for one month's wages in lieu of notice. Here also, the dismissal is described as 'retrenchment'. Exhibit 13 is the agreement between Hardayal Sharma and Jwala Prasad and Ext. 13/1 is Jwala Prosad's receipt of 15 days' wages in lieu of

retrenchment benefit in full and final settlement. Here also, the dismissal is stated to be 'retrenchment'. As the workmen have not appeared before me, I take it that they stick to these agreement with their employer Shri Hardayal Sharma. Ghanashyam also has not appeared before the Tribunal. There was no settlement with him. It appears from the evidence that Ghanashayam instigated the strike and on one occasion, along with some others, beat one of the mill hands, Ram Suresh while he was going to work. It is also the report of the enquiring officer that Ghanshyam not only instigated the workers but beat some of the workers who were going to work. His dismissal on the facts proved, appears thus to me to have been fully justified.

As regards Bidyadhar, he seems to have left work voluntarily, after he got scent of charge-sheets being issued against him.

In the circumstances, my award on issue No. 1 is that Shri Ram Naresh, the only one amongst the six who was employed by Master Stores, was rightly dismissed and so were Chandra Deo, Shyamlal, Jwala Prasad and Ghanashyam. They are not entitled, therefore, to any relief. Bidyadhar was not refused employment, but he voluntarily left work when he got scent of the fact that charge-sheets were being issued against him. He is also therefore, entitled to no relief.

Issue No. 2: Permanency of service

As regards issue No. 2, it is the case of Master Stores that this issue relates not to the employees of Master Stores but to the employees of the contractor. In his evidence, the partner of the Firm says that the number of its workmen varies from 30 to 36 and all of them are permanent and when extra hands are needed, these are taken in temporarily and the number of such temporary hands is only about one or two. There is no reason why this evidence should not be believed. As far therefore, Master Stores is concerned, there is no question of any one being made permanent.

The case of the contractor, Hardayal Sharma on the other hand is that the work is of a temporary and fluctuating nature with the result that sometimes he cannot engage any labourer at all. It is accordingly his case that he cannot afford to make his workmen permanent because of the uncertainty of the work available for him at any time. This also, is the evidence of the partner of Master Stores, who was examined before me. As there is no evidence to the contrary, it must be held that the work of the contractor being of a fluctuating and temporary nature, it is not possible for him to make the workmen permanent.

Issue No. 3: Revision of Wage-Rates

On behalf of the Master Stores it is contended that this issue could not be legally referred in view of an award which is still in force as between Master Stores and its employees. This award is Ext. 3 published in an Extraordinary issue of the Calcutta Gazette on the 10th of November 1961. It was an industrial dispute between 15 flour mills in West Bengal and their workmen. One of these flour mills was Master Stores, item No. 6 in the list of flour mills at the end of the award. Evidently therefore, the name of the Stores is not Master Stores Flour Mills Ltd. as stated in this reference but simply 'Master Store'. This award was made after the present reference dated the 16th of September 1961. But the reference on which this award made is dated the 31st of March 1960. Consequen as far as Master Stores and their employees are c cerned, this issue is concluded by the award wh has not yet spent its force. The question, howe of wage rates as between the contractor, Hard Sharma and his workmen still remains. It is evidence of Shri Hardayal Sharma that the minim which he pays his workmen is Rs. 2 per head day and the maximum he pays them is Rs. 2-9 head per day. As the work is purely of a ca nature and as the volume of work during a fluctuates from time to time, it is impossible to that the earnings of a workman in a month would an average be. If a workman is engaged by the c tractor for only a few days in a week, he may engaged elsewhere and at different rates by anot employer or he may be sitting idle altogether. any event in the absence of necessary materials, i impossible for me to say whether the rates of w at which the contractor pays his workmen sh be revised at all, and if so, how.

My award, therefore, on this issue is that as as Master Stores and its workmen are concerned, issue of revision of wage rates could not be leg referred to this Tribunal in view of the award, 3, which is still in force as between Master St and its workmen and as the reference of that is is in valid in law, no award can be made on it. to the revision of the wage rates at which the c tractor pays his workmen, it is not possible on materials before me, either to say that these w rates should be revised or to say how they sh be revised, even if it be assumed that revision justified on the ground that the minimum would less than Rs. 60 a month on the basis of 26 or working days in a month.

Issue No. 4. Abolition of contract system of w and absorption of labour employed under contractor by the Company.

The partner of Master Stores who was exami before me, says that the work of the contra fluctuates from time to time and the volume of w the contractor is called upon to do, varies from to 11,000 bags in a week. The contractor's evide is also to that effect. There is no evidence to contrary. The contractor further says that ther no certainty when he will have any work or w volume of work he will have in the future. As work is of a fluctuating nature and as there is guarantee that there will be any work for a sect at least of the contractor's men throughout every in the year, it is impossible to say that the contr system in the Master Stores should be abolish altogether.

My award, therefore, on this issue is that in vi of the fluctuating nature of the work, the contra system cannot be altogether abolished in the Mast Stores.

This reference is in respect of termination of services of 16 employees of the Eastern Conduit Works of 161 Upper Chitpore Road, Calcutta-5.

The workmen under reference are represented by Engineering Silpa Sramik Union of 249-D Bowbazar Street, Calcutta-12.

The Union's case is that there were 60 workmen of the Company who, at the end of the year 1959, united under the leadership of Engineering Silpa Sramik Union and decided to submit a charter of demands, that the Company since then began to issue false charge-sheets and dismissed a number of workmen and that some workmen were dismissed verbally without charges. It is alleged that the workmen under reference were dismissed from service as they became members of the Union, that the dismissals were not always on charges being framed against them and without any enquiry at all. It is claimed that the dismissals are unjustified and that the workmen are entitled to be reinstated with all back wages during their forced unemployment.

The Company's case is that since the reference was made by the Government the workmen under reference had the dispute settled with the Company and they filed a petition withdrawing their case. The Company submits that no award can therefore be made excepting a "no-dispute" award. Regarding the merit of the case the Company alleges that the workmen under reference in a body started neglecting work and causing damage to Company's machineries, that they threatened loyal workers from doing their work properly, that some of the workmen absented themselves from duty without leave and some were responsible for low production, that the Company charge-sheeted each of the workmen, conducted enquiries and dismissed the workmen only when charges against them had been satisfactorily proved and that none of the workmen was victimised for any Union activity.

Both the parties submitted at the time of hearing that six workmen out of the 16 workmen under reference, i.e., serial Nos. 1, 2, 3, 6, 13, 16, having withdrawn from the dispute the case is now between the Company and the following ten workmen, viz., serial Nos. 4, 5, 7, 8, 9, 10, 11, 12, 14 and 15.

At the instance of both the parties I take up the question whether the workmen under reference compromised the case with the Company and whether they filed a petition for withdrawing the dispute pending before me.

The Company alleges that after the 16 workmen had been dismissed from service they approached the Manager for compromise so that they might be reinstated in service or paid suitable compensation, that the Manager asked them to authorise two of their representatives to have talks of settlement on behalf of the dismissed workmen, that the workmen then authorised Shri Tarapada Chatterjee, serial No. 1, and Shri Haridas Sarkar, serial No. 2, to represent them at the talks, that a settlement was arrived at and some four workers were reinstated and the rest were paid cash compensation and that the workmen then filed a petition in Court praying for withdrawal of the dispute and for a "no-dispute" award It appears from Ext. J that on the 2nd September 1960 ten workmen out of the 16 under reference gave a letter of authority to two of their representatives —Shri Tarapada Chatterjee, serial No. 1, and Shri Haridas Sarkar, serial No. 2, "to negotiate with the Company for the settlement of the disputes" and the ten workmen agreed to abide by the settlement that might be arrived at between the Company and the workmen's two representatives. P.W. 1 Radhanath Das, serial No. 7, P.W. 4 Bholanath Basak, serial No. 8, P.W. 7 Nityananda Das, serial No. 4, P.W. 8 Nemai Ch. Sett, serial No. 12, for the Union and O.P.W. 1 Tarapada Chatterjee, serial No. 1 and O.P.W. 3 Ganesh Manna, serial No. 13 for the Company, whose signatures appear on Ext. J admit having put their signatures. P.Ws. 1, 4, 7 and 8 say that they were compelled to put their signatures on blank sheets of papers. P.W. 6 Subal Kundu admitted that he had come to know that there was a talk of compromise after the reference had been made and that the Union first wanted to have the case compromised with the Company but since the reference was made there was no further talk of any compromise. P.W. 9 Ramji Shaw, serial No. 10, said in his evidence that Haridas Sarkar, serial No. 2, said that all the dismissed workers would be reinstated and he advised all such workers to assemble at the factory gate. O.P.W. 2 Tarapada, O.P.W. 3 Ganesh Manna—two of the workmen under reference -who were reinstated and are in the service of the Company and O.P.W. 4 the Manager of the Company support the case of the Company that the workmen settled the dispute with the Company amicably and that a petition to that effect was filed. From the evidence on record it is abundantly clear that after the workmen under reference had been dismissed they approached the Company for a compromise so that they might be reinstated and I believe that at the instance of the Management they were prevailed upon to give a letter of authority to Tarapada Chatterjee and Haridas Sarkar, two of the dismissed workmen, to settle the dispute with the Company on behalf of the dismissed workers. But I have no hesitation in finding that the Company did not have the dispute settled but having bought off Tarapada Chatterjee, Haridas Sarkar, Ganesh Manna and Malin Sarkar, and these four persons—specially Tarapada and Haridas, having betrayed the other dismissed workmen utilised the signed papers to the benefit of the Company. The reasons for their finding are as follows: All the 10 P.Ws. said that they were compelled to put their signatures either by force or by inducement of reinstatement. All that the dismissed workmen wanted was reinstatement but according to the so-called petition of compromise they were said to have agreed to give up their claim of reinstatement on receipt of small sums of money. There was no written compromise that each of the dismissed workmen would be paid a particular sum of money by the Company. It is said that a sum of Rs. 1,400 was paid to Haridas Sarkar for disbursement to dismissed workmen and that Haridas made the payment to the workmen in Kumartully Park but there are no receipts from the workmen concerned. This is a fantastic story that a Company makes payments to several dismissed workmen without receipts and through another dismissed workman and that too not in the office of the Company but in a public park. For the betrayal of the dismissed workmen Tarapada Chatterjee and Haridas Sarkar were amply rewarded—both by money and by way of reinstatement. I fully believe that the Company took recourse to a device and with the help of two of the dishonest dismissed workmen purchased off by the Company some of the other dismissed workmen were sought to be shut out from proceeding with the dispute. Soon after the petition for withdrawal was filed some petitions and affidavits were filed by two or three of the workmen under reference denying that the dispute had been compromised. I have gone through the testimony of the witnesses of both the sides and carefully considered the documents, petitions, affidavits and have considered the facts and circumstances of the case and I find that although there were efforts at compromise of the dispute no compromise was effected and the petition of compromise filed by the Company is not a genuine document but it was manufactured by the Company with the signatures of the dismissed workmen on blank sheets of papers with the aid of two dishonest and unscrupulous dismissed workmen who were rewarded with reinstatement.

As I have found that the dispute was not compromised at any stage of the proceedings I will now take up the case of each of the 10 workmen out of the 16 under reference.

Serial No. 4, Nityananda Das: This workman says that he worked in the Company for seven years and up to 2nd November 1959 and that he was dismissed from service on 2nd November 1959 as he had joined the Union. The Company alleges that this workman left service of the Company of his own accord having worked up to 10th August 1959 and never reported for duty from 11th August 1959 and that he came on 1st September 1959 and took away his dues up to 10th August 1959 and left. Nityananda admits in his cross-examination that he never demanded his dues from the Company from after 10th August 1959. He further admits: "It is true that from 9th August 1959 I never worked in the Company as I had already left". From this admission of the workman it is found that he voluntarily left service. Termination of his employment is, therefore, justified and he is not entitled to any relief.

Serial No. 5, Subal Ch. Kundu: This workman says that he served the Company for one year but he was dismissed from service and refused employment from 9th November 1959. The Company's

case is that Subal was a casual worker who was given a temporary appointment on 1st July 1959 and worked up to 31st August 1959 and that he left voluntarily on 1st September 1959. This workman in his cross-examination admitted his signatures for receipt of wages for the months of July and August 1959. He further admitted on examining the Register of Wages that his name and signature do not appear in the pages for payment of wages for June 1959. So it is proved that he was appointed for the first time on 1st July 1959. There is nothing to show that the wage Register is not a genuine one. In this Register his name and signatures for payment of wages for July and August 1959 appear and he admits his signatures. There is nothing to show that his workman was dismissed for becoming a member of the Union. O.P.W. 1 says that this workman left after having worked till 31st August 1959 and I do not see anything to disbelieve him. I therefore find that termination of his service is justified and he is not entitled to any relief.

Serial No. 7, Radhanath Das: The Union's case is that this workman was dismissed from service without any enquiry. The Company's case is that his workman refused to obey the Foreman and caused loss to the Company by producing bent pipes not fit for use and also remained absent from duty without notice or leave from 28th November 1959. The Company alleges that as the workman did not report for duty from 28th November 1959 and in spite of notice he was dismissed from service on 3rd December 1959. It is proved by Ext. D that this workman was warned on 26th November 1959 for causing damage to some pipes. It is an admitted fact that this workman was granted leave and according to the certificate of the panel doctor of the E.S.I. he was requested to resume his duties on 8th November 1959. The Company alleges that the workman did not report for duty on 28th November 1959 whereas the workman by his letter Ext. C, dated 7th December 1959, written after having received the letter of dismissal Ext. A, dated 3rd December 1959, wrote to say that he was not allowed to resume his duties on 28th November 1959. Now it appears from Ext. B, dated 30th November 1959, that the Company wrote to this workman asking him to explain his conduct in not reporting for duty on the 8th November 1959. No reply was received by the company to this letter. His absence was causing loss to the Company. Had the workman been refused permission to resume his duties he could have at once written to the Company and also to the Assistant Labour Commissioner. Even this letter was not replied to. It could not but be held by the company that he had left service of his own accord. No enquiry is necessary in case of absence for several days without notice or leave. That being the case termination of his service is justified and he is not entitled to any relief.

Serial No. 8, Bholanath Basak: This workman was dismissed from service by the order, dated 11th December 1959 (Ext. E2). It appears from Ext. B5 that this workman was charge-sheeted on 2nd December 1959 for neglect of duty in the matter of making of finished goods and causing loss of Company's business. It was alleged in the charge-sheet that he had been found making defective making of finished goods on two or three previous occasions for which he was warned but in spite of the warnings he continued to do his work in a perfunctory manner causing loss of business to the Company. P.W. 4 Bholanath Basak admits in his cross-examination that he received two or three charge-sheets and was warned as many times. This workman admittedly received the charge-sheet Ext. B-5 and he replied to the charge-sheet Ext. C-5. It appears from Ext. B-5 that the date of enquiry was fixed on 11th December 1959. The workman admits in his evidence: "I was asked by the Company by a letter to attend an enquiry" and "there was an enquiry against me". It appears from Ext. N, the record of the departmental proceedings against Bholanath, that he did not attend the enquiry in spite of due notice and that the Company held the enquiry and examined witnesses. By the notice of dismissal Ext. E-2 the Company informed Bholanath about the findings and decision of the domestic enquiry. I have considered the evidence of Bholanath and the documents Exts. B-5, C-5, E-2 and N and I have no hesitation in accepting the case of the Company as true. I find that this workman was rightly dismissed. He is not, therefore, entitled to any relief.

Serial No. 9, Jogeswar Sarkar: This workman admits that he was charge-sheeted for neglect of duty and for giving less work. It appears from Exts. B-6 and B-7 and that he was charge-sheeted on 18th November 1959 for neglect of duty for going slow in his work and again on 23rd November 1959 for leaving the factory in the midst of work and without any notice or leave. The workman replied to the charges —Exts. C-6 and C-7. It appears from Ext. N-1, dated 28th November 1959, that a domestic enquiry was held and witnesses for the Company were examined. The workman, it appears from Ext. N-1, did not attend the enquiry. The workman P.W. 5 Jogweswar says in his examination-in-chief that he was not asked to appear at any enquiry. But he admits in his cross-examination that he attended the office on the date of the enquiry but says that no one was present there. Moreover, it appears from Ext. B-7, dated 23rd November 1959, which the workman admittedly received that he was asked to attend the enquiry with his witnesses on 28th November 1959. It appears from Ext. N-1 that a domestic enquiry against him was held on 28th November 1959. The Company informed the workman by a notice of dismissal Ext. E-3 or Ext. 1, dated 7th December 1959, that at the domestic enquiry he was found guilty of offences he was charged with and that he was dismissed from service. I have considered the evidence of P.W. 5 and O.P.W. 1 and the documents referred to above and I find that Jogweswar Sarkar was rightly dismissed from service. He is not entitled to any relief.

Serial No. 10, Ramji Shaw: The case of the Union is that this workman was wrongfully dismissed by the Company without issuing a charge-sheet against him and without holding any enquiry. The Company's case on the other hand is that Ramji was a casual worker who once left service on 1st May 1959, was again given an employment on temporary basis on 1st September 1959 and he finally left without notice on and from 1st December 1959 (vide evidence of O.P.W. 1 Haripada Saha). It appears from Exts. O and C-1 returns to the E.S.I. Corporation that the Insurance No. of Ramji was first 284491 and again in October 1959 it was 296090. In the return

Ext. O submitted on 8th June 1959 it was noted that Ramji had left. These documents prove that Ramji had no continuous service for three or four years but that he was a casual worker. The Wage Book Ext. F and the Attendance Register Ext. M show that there is no entry of his name since 1st December 1959. Considering the evidence of P.W. 9 and of O.P.W. 1 and the documents referred to above, I find that Ramji Shaw was a casual worker who voluntarily left the service of the Company on 1st December 1959. This being the case he is not entitled to any relief.

Serial No. 11, Punit Singh: The Union alleges that this workman was also dismissed without enquiry. The Company alleges that Punit Singh was also a casual worker who was given service for a short term of few days at a daily rate of Re. 1. P.W. 10 Punit Singh admits that his name was not in the Attendance Register. He further admits that he got all the wages for the period he had worked. The Company alleges that Punit Singh worked for seven days in all and he was paid Rs. 7 at the daily rate of Re. 1. Ext. P is the voucher which shows that he received his wages amounting to Rs. 7 and I have already pointed out that he admitted having got all the wages for the period he had worked. I therefore find that workman Punit Singh was a casual worker who was appointed for a temporary period of seven days and for which he got his wages in full. He had no permanent service and he cannot therefore claim any relief.

Serial No. 12, Shew Singh: The Union's case is that this workman was a permanent employee of the Company who was dismissed from service for the reason that he had joined the Union and that he was dismissed without proper enquiry. The Company's case is that on account of negligence of the workman the Company suffered loss. O.P.W. 1 states that there were reports by the Head Mistry that Shew Singh caused damage to pipes for not working properly at the machine. It appears from Exts. B-3 and B-4 that this workman was charge-sheeted on two occasions. P.W. 3 Shew Singh admits having received a letter from the Company which contained some allegations against him about his work. He admits: "I was charge-sheeted first and dismissed later on." He further admits that after he had received charge-sheet he gave a reply and that the Company informed him that an enquiry would be held against him. He says that although he attended the Company's office no enquiry was held. Ext. N-2 is the record of the domestic enquiry where the Company's witnesses were examined. Considering all the facts and circumstances discussed above, I find that this workman was rightly dismissed from service. He is not entitled to any relief claimed.

Serial No. 14, Nemai Chandra Sett: The Union alleges that he was a permanent worker of the Company, that he went on leave from the latter part of November 1959, that when he came to resume his duties on 5th November 1959 he was not permitted to do so and that he was dismissed from service by a letter which he received on 7th December 1959 without any charge-sheet or enquiry. The Company's case is that this workman remained absent from duty without notice from 1st December 1959 and that the Company gave him a letter on 3rd December 1959 asking him to resume his duties from 5th December 1959 but as the workman did n turn up it was taken for granted that he had volu tarily left service. The workman admits that he d not submit any application for leave as he says th he took permission verbally to remain absent. Th allegation is denied by the Company. The wor man admits that he received a letter from the Cor pany asking him to resume his duties (Ext. 2). The is nothing to prove that this workman came resume his duties on 5th December 1959. The wor man admits having received a letter of dismiss Ext. 3. I do not see anything to disbelieve O.P.W. that the workman remained absent from duty fro 1st December 1959 and that in spite of notice Ext. he did not turn up to resume his duties on 5t December 1959. The workman having remaine absent from duty without notice the Company ha every justification to dismiss him. He is therefo not entitled to any relief.

Serial No. 15, Singhashan Singh: The Unic alleges that this workman was dismissed without ar charge-sheet or any enquiry against him. The Com pany alleges that this workman was entrusted wit the important job of welding who remained absen without notice from 1st December 1959 as a resu of which the Company suffered considerable loss i the matter of production, that the Company wrote t him on 7th December 1959 asking him to resum his duties on or before 11th December 1959 but i spite of notice he did not turn up to resume his wor and that the Company had, under the circumstance no other alternative but to dismiss him. The lett Ext. B-2 shows that the Company wrote to him t resume his duties. The workman wrote to the Com pany that he was not permitted to enter the factor on 5th December 1959 when he came to resume hi work (Ext. C-2, dated 9th December 1959). Ther is no proof that the workman came to resume hi work on any day between the 5th and the 11t December 1959. It appears from Ext. E, dated th 11th December 1959, that the Company informe the workman that as he had not resumed his dutie he was dismissed from service and a new hand wa employed in his place. I have considered the ora and documentary evidence and I see nothing to dis believe the Company's case that the workman volun tarily left service on 1st December 1959 or remainec absent from duty without notice. This being the case, his dismissal is justified and he is not entitled to any relief.

In view of my findings above, the dismissals of the workmen—serial Nos. 4, 5, 7 to 12, 14 and 15- are justified and they are not entitled to any relief claimed. A "no-dispute" award be passed in respect of the remaining six workmen—serial Nos. 1, 2, 3, 6, 13 and 16.

Ltd., 10/10 Lal Bazar Street, Calcutta-1, and their workmen represented by West Bengal Engineering Workers' Union, 48 Dharmatolla Street, Calcutta-13, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, Order No. 4421-I.R./IR/10L-63/61, dated the 17th July 1961:

Issue

Whether the refusal of employment to the following workmen is justified? To what relief, if any, are they entitled?

(i) Shri N. C. Deb Nath.

(ii) Shri Kalu Hossain.

(iii) Shri Bimal Bhattacharjee.

(iv) Shri Mahadeb Bose.

AWARD

Upon receipt of the order of reference on 18th July 1961, notices were issued upon the parties for appearance and for filing written statements.

After service of notices the workmen represented by the West Bengal Engineering Workers' Union (hereinafter referred to as the Union) filed the written statement on 5th September 1961, duly signed by Shri Fatick Ghosh described as the General Secretary of the aforesaid Union.

The case as made out by the Union is that the management refused work to Shri N. C. Deb Nath, Shri Kalu Hossain and Shri Bimal Bhattacharjee who were workmen in this concern with effect from 8th April 1961 all on a sudden without issue of any prior notice or any charge-sheet and for that these workmen wrote to the Director-in-charge of the Company as well as to the Assistant Labour Commissioner enquiring about the reason behind such refusal of work to them by the management. The Company then addressed letters to these workmen, dated 10th April 1961, enclosing charge-sheets, dated 7th April 1961, making allegation of misconduct against them and asking them to explain. The workmen duly replied to the aforesaid charge-sheet denying the allegations. Thereafter the Company informed the workmen that an enquiry into the charges would be held on 19th April 1961. After that the Company sent money orders for certain amounts to these workmen on 28th April 1961, and also communicated to them their decision to dismiss them from service. The Company filed application under section 33(2)(b) of the Industrial Disputes Act to the Conciliation Officer on 12th May 1961 for approval of the action of dismissal of these workmen. The Conciliation Officer refused to accord his approval to the same as he found the application not maintainable and, as such, rejected the said application. In spite the Company sent letters to the workmen on 30th May 1961 informing them that they had been dismissed from service. It is alleged by the Union that Shri Deb Nath is a "protected workman" in terms of the Industrial Disputes Act.

As for the other workman, i.e., Shri Bose, it is contended by the Union that he was the Vice-President of the Union and when he was working on 10th June 1961 sitting at a stool, Shri R. K. Jain, the Director of the Company, asked him to work standing and not to work sitting on the stool. In this position the Company refused to give him any work up to 14th June 1961. On that date other workers of the Company protested against the unjustified action of the Company. As a result the work in the factory came to a stand still. The Company thereafter declared a lock-out on 19th June 1961. Shri Bose received a letter from the Company, dated 19th June 1961, along with a charge-sheet, dated 14th June 1961, and he duly replied to the charge denying the same. The Company fixed a date of departmental enquiry and Shri Bose attended the enquiry along with two witnesses, viz., Shri Nani Dutta and Shri Jugal Kishore Das, who were, however, not allowed to be examined as witnesses. It is thus alleged by the Union that no proper enquiry into the charges against Shri Bose had been done by the Company. The Company thereafter filed an application under section 33 of the Industrial Disputes Act before this Tribunal praying permission to dismiss

the workman. The Union asserts that the Company's action is illegal, unjustified and mala fide.

The employer, i.e., Messrs. Power & Machinery Construction Co. (P.) Ltd. (hereinafter referred to as the Company) filed the written statement on 27th December 1961. It is alleged by the Company that Shri Deb Nath, Shri Hossain and Shri Bhattacharjee had been charge-sheeted on the basis of written complaints as to misconduct on 7th April 1961. The workmen received the charge-sheets on that very date but refused to acknowledge receipt of the same and for that the charge-sheets were subsequently sent as per registered post. The Company after holding proper enquiry found the charges proved and decided to dismiss them from service. The decision of the management was duly communicated to the workmen by their letters, dated the 26th April 1961. The Company as well submitted an application under section 33(2)(b) of the Industrial Disputes Act before the Conciliation Officer and dismissed the workmen some days after filing the application. Regarding Shri Bose it is alleged by the Company that he was also dismissed after proper enquiry in accordance with the principles of natural justice and all opportunities for defence had been given to Shri Bose.

At the time of hearing both the parties adduced evidence, oral and documentary, upon which they relied and at the close of the evidence the learned representatives of the parties advanced arguments in support of their respective contentions.

From the side of the Union all the four workmen whose services were terminated had been examined. Besides, the Union examined Shri Fatick Ghosh, the General Secretary of the Union. It appears that the workmen of this industry, employing about 50 or 60 workmen, became members of this Union in November 1960. According to the version of the Union the Company did not take the formation of the Union in good grace and took recourse to penalising the leading members of the Union. It appears that the Union communicated to the employer by a letter, dated 18th March 1961, the names of the workmen who should be recognised as "protected workmen" (vide Ext. 1). In that list of "protected workmen" appears the names of Shri Deb Nath and Shri Bose out of five workmen mentioned in the list. It further appears from the evidence of Shri Fatick Ghosh that the Union raised a dispute regarding non-payment of wages of workmen on public holidays and that the complaint for that was made to the Labour Directorate on 7th February 1961. During the pendency of the conciliation proceedings regarding that dispute the employer charge-sheeted Shri B. Bhattacherjee, Shri Hossen and Shri N. Deb Nath. These three workmen are alleged to have committed the same act of misconduct and the charge-sheets issued to them are in same language. The Union produced all the three charge-sheets issued to these three workmen which are marked as Exts. 9(a), 10 and 11. The charge is in the terms that the workmen concerned forcibly snatched away, threatened and consumed refreshment brought to the factory by the orders of Shri R. K. Jain, the Technical Director of the Company, for the Factory-in-charge, Shri C. R. Bhattacharjee, and when they were asked as to why they behaved in an insolent manner, they insisted that they would repeat such action again and every time when any tea or any refreshment was brought in for the use of even the Directors. According to the version of the employer the charge-sheets had been made over to the workmen at about 5 p.m. on 7th April 1961 and while they accepted the same, they refused to give acknowledgment receipt for the same. The workmen, however, stated that no such incident happened and no charge-sheet had been given to them. They however admit that the Company sent as per registered post the charge-sheet to each of these three workmen mentioning therein the fact that they had declined to furnish receipt of the charge-sheet handed over to them on 7th April 1961. In terms of the charge-sheet the concerned workmen had been asked to submit explanation within 48 hours and they are also placed on suspension. The workmen stated before me that there was no such incident and they were surprised when they were refused by the durwan of the factory to enter into the factory on 8th April 1961. The facts stated in the charge-sheet appear to be rather of an uncommon nature and it is difficult to think that the management all on a sudden made out such a got up allegation as disclosed in the letter sent as per registered post on the 10th April containing the charge-sheet in which the occurrence is described as mentioned above. Be that as it is, the workmen wrote letters to the management on 8th April 1961 after they were refused entry inside the factory as to why the employer took such an action against them (vide Ext. 8). Naturally the employer refused to accept service from these workmen as they had been placed on suspension. All these three workmen submitted explanation on 12th April 1961 denying the charge [vide Exts. 9(c), 10(a) and 11(a)]. There is no controversy on the point that the management wrote to the workmen concerned intimating that an enquiry would be held on 19th April 1961 and in that letter the workmen were asked to be present with their witnesses [vide Ext. 9(d)]. Shri Bhattacharjee, Sh Hossen and Shri Deb Nath in their deposition admitted that they attended the enquiry. The however stated that they had been asked to sig blank papers and otherwise admit their guilt. N such allegation had been made in the written state ment filed by the Union. It is simply state in paragraph 10 of the written statemen that the Company informed the workmen that th enquiry would be held on 19th April 1961. Nothin had been mentioned as to what happened on 19t April 1961, i.e., on the date of enquiry. The Com pany produced the original enquiry proceedings Ext. A, as done by Shri S. K. Jain, the Director-in charge. I have gone through the enquiry proceeding which show that the enquiring officer examined Shr C. R. Bhattacherjee and Shri R. K. Jain. Besides at the request of the charge-sheeted workmen thre witnesses—Kalu Hossain, Mintu Sen and Rakha Chakraborty—were also examined. The Compan also examined Damodar Bahadur, durwan, Gu Bahadur, another durwan, Shri B. K. Goswami, the factory Accountant. It may be noted in this connection that the witnesses examined at the instances of the workmen refused to sign the enquiry proceedings. O.P.W. 1, Shri S. K. Jain, the enquiring officer, denied the suggestion put in cross-examination that the charge-sheeted workers were asked to sign blank papers or to admit guilt. I find no reason to think that the workers had been asked to sign blank paper. The Union produced a letter, Ext. 9(g).

which appears to be written by Shri C. R. Bhattacherjee on 8th April 1961 to the Labour Commissioner that he was not fully aware of the matter which happened on 7th April 1961. This letter which appears to be written by Shri Bhattacherjee is produced by the Union. There is no explanation forthcoming as to how this letter has come to the possession of the Union. Even assuming that Shri Bhattacherjee wrote that letter, I am not prepared to place any reliance upon it when he himself did not come to depose before me and contradict his previous statement. The position therefore is that there is nothing to doubt the fact that a proper and fair enquiry into the charges levelled against these three workmen had been done by the management in their presence with full opportunities given to them for the cross-examination of the witnesses and for adducing evidence in defence. The finding arrived at by the management as a result of the enquiry is based on clear evidence on records. It seems that these three workmen took law in their hands when they did not allow refreshment to be brought into the factory, presumbly because such right has not been allowed to be enjoyed by the workmen. The manner in which they wanted to ventilate their grievance clearly constitute an act of misconduct. The simple fact that Shri Deb Nath happened to be "protected workman" cannot come to his aid for the purpose of excusing him for the consequence arising from such an act of gross misconduct. It appears from the evidence that after the conclusion of the enquiry when the employer found the guilt proved, the workmen had been informed, in writing, that the management have decided to dismiss them from service [vide Exts. 9(c), 10(c) and 11(b) letters, dated 26th April 1961]. In those letters the Company also informed the workmen that an application under section 33(2)(b) was being filed before the Assistant Labour Commissioner, Shri N. C. Kundu, for approval of the proposed action. Admittedly, the alleged misconduct was of a nature which was unconnected with the dispute. But in view of the fact that Shri Deb Nath was a "protected workman", the employer could not dismiss him without express permission in writing of the Conciliation Officer, as provided under section 33(3) of the Industrial Disputes Act. In this view of the matter I hold that the dismissal of Shri Deb Nath was not in accordance with the law. But at the same time the Tribunal in the scope of this reference under section 10 of the Industrial Disputes Act has got to decide whether the dismissal of these workmen including Shri Deb Nath was justified or not. So merely because of the fact that the employer did not take express permission of the Conciliation Officer in dismissing Shri Deb Nath, the entire action of the employer cannot be said to be illegal when it transpires from the evidence that the action is lawful and justified.

It has been urged by the learned representative of the workmen that the action of the employer is unjustified in view of the fact that the same person had framed the charge-sheet, held the enquiry and passed the order of dismissal. It is alleged that Shri S. K. Jain, the Director-in-charge, had already been prejudiced against the workmen. In this case it appears that the alleged act constituting the misconduct had been noticed by Shri R. K. Jain, another Director, not by Shri S. K. Jain. As Director-in-charge, Shri S. K. Jain had the full authority to issue charge-sheet, hold enquiry and pass the order of dismissal. There is no reason to think that he had any prejudice against the workmen over the incident of misconduct. Rather he stated in the cross-examination that he was not present at the factory when the alleged incident took place. Considering all these circumstances, I hold that the dismissal of these three workmen who had been working as Fitter to be justified.

The learned representative of the workmen urged that in the absence of any Standing Orders or Rules of Service, the order of suspension pending enquiry passed against the workmen was illegal. When the order of suspension is punitive and amounts to a punishment, the same considerations which apply to a dismissal would apply to it. But in the case of other kind of suspension which means temporary suspension of the relationship of master and servant, pending an enquiry, the position is different. Generally speaking the employer has got no right to suspend a workman unless there is an express term in the contract of service or in the rules framed under the Standing Orders. In this case the employer kept the workmen on suspension where by the contract of employment were kept temporarily suspended so that the only effect thereof was that the servant had no obligation to work and the master had no obligation to pay wages. It had been clearly held in the case of Mesrss. Hotel Imperial and ors. vs. Hotel Workers' Union, reported in A.I.R. 1959, p. 1342, by the Hon'ble Supreme Court that the ordinary law of master and servant can be and should be held to have been modified in view of the fundamental change introduced by section 33 of the Industrial Disputes Act and a term should be implied by Industrial Tribunal in the contract of employment that when the master had held a proper enquiry and came to the conclusion that the servant should be dismissed and as a precautionary measure pending enquiry suspended the workmen pending the permission required under section 33 of the Industrial Disputes Act, he had the power to order suspension. So it is necessary to see how the employer kept the workmen under suspension. It is clear from the facts and circumstances of the case that the employer kept the workmen under suspension with a view to hold an enquiry and applied for obtaining permission of the Conciliation Officer under section 33 of the Industrial Disputes Act, in case it was found upon enquiry that the workmen should be dismissed. I therefore do not find any force of the contention made by the Union representative that the suspension of the workmen was illegal. These three workmen, in the circumstances, are not entitled to get any relief as I find that the dismissal was justified. The employer had offered them wages up to the 7th April 1961, together with one month's pay and sent the money as per Money Order, and two of the workmen refused to accept the same while one accepted the Money Order. As the offer is still open, those workmen should be paid by the employer the money sent as per Money Order.

Now I take up the case of Shri Mahadeb Bose, who according to the Union, is a "protected workman". It appears that the management sent a charge-sheet against Shri Bose as per registered post on 19th June 1961. Ext. 13(b) is the letter issued by the manegement enclosing the charge-sheet to Shri Bose.

The particular act of misconduct on the part of Shri Bose for which the charge-sheet was issued appears to have occurred on 10th June 1961. Shri Bose was found sitting on a stool on 10th June 1961 and Shri R. K. Jain, the Technical Director, asked him to work in a standing position and that he might of course sit when he felt tired. In the letters written by Shri Bose on 10th June 1961 and 14th June 1961 it had been insisted by Shri Bose that he had the right to do the work sitting on the stool. He further stated that the Factory Inspector had been contacted after the incident and he also told that if a worker could do his work properly sitting on a stool, he should be permitted to do so. Evidently, therefore, the trouble started when Shri Bose refused to carry out the order of Shri R. K. Jain to do work without sitting on his stool. It is clear from the evidence on record that some other workmen of the concern took up the cause of Shri Bose on 14th June 1961 so much so that they ultimately started a sit-down strike. From the evidence I am satisfied that the management gave opportunities to Shri Bose right up to the 14th June to reflect over the matter and decide if he would work standing. The strike continued and in that situation the Company declared a lock-out on 19th June 1961. I am not concerned in the scope of this reference case as to whether the strike was justified or not and if the action of the employer in declaring the lock-out was legal or not. Clearly the management kept Shri Bose under suspension pending enquiry into the charges with effect from 14th June 1961. Admittedly, Shri Bose submitted an explanation to the charge-sheet on 26th June 1961 [vide Ext. 13(c)]. The management by their letter, dated 1st July 1961, informed Shri Bose that an enquiry into the charges would be held on the 5th July 1961. Shri Bose prayed, in writing, that the date of enquiry might be adjourned by 15 days and the management allowed the prayer and fixed the date of enquiry to be held on 27th July 1961. In the meantime the Government made this reference as per order, dated the 17th July 1961, on terms as if that there had already been a termination of service of Shri Bose. Obviously, there was no termination of service of Shri Bose at the relevant date when the order of reference was made. He was simply kept on suspension pending enquiry into the charges. The undisputed common law right of the master to dismiss his servant for proper cause has been subjected by section 33 to a ban; and that in fairness it means that, pending the removal of the said statutory ban, the master can after holding a proper enquiry temporarily terminate the relationship of master and servant by suspending his employee pending proceedings under section 33. Obviously the order of suspension was not a substantive punishment of a punitive nature. If the employer as a result of enquiry found the charge not proved, the service of workman would remain unaffected and he would be entitled to get all the wages for the period of suspension and there would not have been any break in continuity of service and he would enjoy all benefits arising from the continuity of service. It is now well established that suspension of a workman pending enquiry into the charges against him and obtaining the permission of the Tribunal does not in any way contravene the provisions of industrial law even if such suspension is associated with loss of wages. In fact, suspension pending enquiry cannot be regarded as punishment at all. The question of seeking permission, in writing, or approval of the Tribunal under section 33 of the Industrial Disputes Act arises only before the final order of dismissal is passed. I have already discussed the decision of the Hon'ble Supreme Court in the case of Hotel Imperia vs. Their workmen, about which a reference had been made by the Labour Department, Government of West Bengal, in their letters addressed to the employers [vide Ext. 4, dated 10th May 1961 and Ext 4(b), dated 22nd August 1961.] Obviously, the point of law decided in that case had not been properly appreciated by the Government. There is nothing to show from the facts and circumstances of the case that the employer suspended Shri Bose as a punitive measure. The distinction between the two distinct kinds of suspension (i) punitive suspension and (ii) suspension pending an enquiry into the charges, had been discussed in the case of Messrs Bhavani Kudal Co-operative Urban Bank Ltd. vs Their workmen, by the Madras High Court, as reported in A.I.R. 1956 Madras 150.

As already stated, the order of reference was made at a time when the employer was taking steps to hold an enquiry into the charges levelled against him. Shri Bose was simply kept under suspension But there was no termination of his service at the time the reference was made. Obviously, therefore the reference of the dispute was premature and bad in law. So, no relief can be given to Shri Bose on the basis of the reference as made by the Government.

The employer, it appears, held the domestic enquiry on the 2nd August 1961 and came to a finding that Shri Bose had persistently disobeyed a lawful order given by the Technical Director and that he was guilty of the charge levelled against him. The decision of the management was communicated to Shri Bose by the letter, dated 8th August 1961. In that letter it was clearly mentioned that in view of the fact that a dispute was pending before this Tribunal, an application for permission was going to be filed. The employer filed such an application under section 33 of the Industrial Disputes Act seeking express permission of the Tribunal to dismiss the workman and the said application was registered as the Case No. 289 of 1961 on 7th September 1961. At the time of opening of the case it was agreed between the parties that the application under section 33 would be disposed of along with the main reference case. In fact, in the circumstances of the case, I find the reference itself to be premature and bad in law. It has got to be seen if the employer could establish a prima facie case as to the guilt of Shri Bose in the scope of an application under section 33 of the Industrial Disputes Act. I have carefully gone through the enquiry proceedings, marked as Ext. A(1). Shri Bose stated before me that he was not allowed to examine his witnesses, Nani Dutta and Jugal Das, whom he had taken to the place of enquiry as his witnesses. It appears from the enquiry proceedings that both the witnesses had been examined though, of course, they refused to sign. It further appears that Nani Dutta stated at the enquiry proceedings that Shri Jain had snatched away the stool over which Shri Bose was sitting. Shri R. K. Jain, however, asked him in cross-examination that this allegation is entirely false. Be that as it is, I am satisfied that a fair and proper enquiry had been done as against Shri Bose. The evidence on record if believed, establishes the guilt of Shri Bose.]

therefore find no reason why the permission in writing as asked for by the employer to dismiss the workman should not be granted. I therefore allow the prayer of the employer made under section 33 of the Industrial Disputes Act.

The learned representative of the Union urged that the punishment inflicted upon these four workmen is rather too harsh and quite disproportionate to the gravity of the offence. I do not think that the management had any grudge against these workmen. Shri Deb Nath in cross-examination clearly stated that he had never been ill-treated by the Company. I am not as well satisfied from the evidence that the employer had proceeded vindictively against these workmen simply because of the fact that they joined this industry-wise Union shortly before this incident. This factory started functioning from November 1958. The workmen joined this Union which is an industry-wise Union, two years after that. It appears to me that these four workmen wanted to flout the orders of the management in a defiant manner, and therefore the consequences that followed cannot be looked upon as unjust or unfair on the part of the employer.

This is the award.

No. 2555-I.R./IR/10L-114/60.—19th June 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 2476-I.R./IR/10L-114/60, dated the 20th May 1960, the industrial dispute between Messrs. Shree Krishna Engineering Works, 133/1 Narasingha Dutta Road, Howrah, and their workmen represented by Howrah District Engineering and Metal Workers' Union, 4 Panchkari Mohanto Lane, Howrah, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Shree Krishna Engineering Works, 133/1 Narasingha Dutta, Road, Howrah, and their workmen represented by Howrah District Engineering and Metal Workers' Union, 4 Panchkari Mohanto Lane, Howrah. (Case No. VIII-C-85/60.)

AWARD

By order No. 2476-I.R./IR/10L-114/60, dated the 20th May 1960, the Government of West Bengal in the Labour Department referred an industrial dispute between Messrs. Shree Krishna Engineering Works and their workmen represented by Howrah District Engineering and Metal Workers' Union relating to the undermentioned issue to Second Labour Court for adjudication.

Issue

Whether the discharge of (i) Shri Dasarathi Majhi and (ii) Shri Netai Chandra Mandal is justified? To what relief, if any, are they entitled?

After both sides had filed their written statements the case was fixed for hearing on 28th August 1961. The Company appeared on that date; but none appeared for the Union. So the case was adjourned to 11th December 1961 for hearing with the observation that if the Union did not appear on that date, a no-dispute award would be given. On 11th December 1961 the Union filed a petition praying for adjournment, and the case was adjourned to 29th January 1962 for hearing. The case was adjourned to 12th April 1962 and 7th June 1962 on petitions of the Union praying for adjournment. On 7th June 1962 the Company appeared; but none appeared for the Union nor was any petition filed on behalf of the Union praying for adjournment. The above conduct of the Union clearly shows that the Union does not want to proceed with this case. Hence I hold that there is no longer any industrial dispute in this case.

AWARD

The above dispute over the issue given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 2422-I.R./IR/11L-454/60, dated the 10th May 1961.

Issue

Bonus for direct workmen payable before Durga Puja of 1960.

The case was finally fixed for hearing on 7th June 1962. On that date, the parties filed a joint petition of compromise setting out the terms upon which the dispute had been amicably settled out of Court between them and praying for an award in terms of the settlement.

I have heard the representatives of both parties and have carefully considered the terms of settlement. The terms appear to be quite lawful and fair and I am satisfied that there has been a bona fide settlement of the dispute on those terms. Accordingly, there is to be a compromise award as prayed for.

In the result, I make an award on compromise in terms of the joint petition filed by the parties on 7th June 1962, a copy whereof is made a part of the award.

Humble petition of the parties in the above matter

Most respectfully sheweth:

That the parties have arrived at the following terms to settle the above matter pending before your honour:—

(a) That in the interest of industrial peace and better production the Company agrees to treat the advance made at 30 days' basic wages as ex-gratia payment, though then profit for 1959 does not leave any available surplus.

(b) That the Union accepts the ex-gratia payment in full satisfaction of their dispute for 1960.

Under the circumstances your honour may graciously be pleased to pass an award and dispose of the matter accordingly.

And your petitioners, as in duty bound, shall ever pray.

ORDERS AND NOTIFICATIONS BY THE COMMISSIONERS OF DIVISIONS

Burdwan Division—Chinsurah

No. 728L.S.-G.- 21st July 1962.—Seen the Writs in the nature of Mandamus and Certiorari in Civil Rule No. 1132/W of 1961 ordered by the Hon'ble High Court at Calcutta.

Whereas in the first part of the writ in the nature of Mandamus in the said Civil Rule No. 1132/W. of 1961, the Hon'ble High Court commands me to rescind or withdraw the order of supersession, dated 30th October 1961, and whereas the second part of the said Writ empowers me to pass such order as may be necessary for the supersession of the Union Board of Magra under section 56(1) of the Bengal Village Self-Government Act, I, Shri V. S. C. Bonarjee, I.A.S., Commissioner, Burdwan Division, do hereby rescind the said order of supersession, dated 30th October 1961, passed by my predecessor-in-office; and in order to prevent any legal complications that may arise regarding the validity of the acts so far performed by the Circle Officer, Sadar, Hooghly, in pursuance of the said order, dated 30th October 1961, now rescinded, I, in exercise of the powers given to me under the said second part of the said Writ of Mandamus, after considering the views of the District Magistrate, Hooghly (in his Memo. No. 2081L.S.G. dated 8th September 1961) and the views of the District Board, Hooghly (seen by me in their resolution No. 59 of their ordinary meeting dated 29th July 1961) being of opinion that the Magra Union Board in police-station Magra in the District of Hooghly is not competent to perform the duties imposed upon it by the Bengal Village Self-Government Act, 1919, and with the approval of the State Government obtained previously under Government of West Bengal Memo. No. 2813 DP, dated 26th October 1961, hereby, order that the Magra Union Board be superseded for a period of two years, with effect from 30th October 1961 or until further orders, for the following reasons based on the aforesaid views:—

The President Shri Bhajahari Banerjee and member Shri Satya Prosanna Banerjee had acted autocratically and assumed powers and jurisdiction, which were not warranted by law, that underassessment of Union rates had been made by President Shri Bhajahari Banerjee, in his own case and in the cases of Shri Satya Prosanna Banerjee and some other friends of Shri Bhajahari Banerjee, that on the plea of realising arrear Union rates the President Shri Bhajahari Banerjee got cases instituted before the Union Court through Shri Ratikanta Ghosh, a member of the Union Board, though the Union Court had no jurisdiction to try such cases, and that in violation of rule 2 of the Accounts Rules the President Shri Bhajahari Banerjee had incurred expenditure on electrification of Magra without the previous sanction of the District Board, Hooghly; etc.

And, I further direct that all the powers and duties of the Union Board of Magra shall, during the period of supersession, be exercised and performed by the Circle Officer, Sadar, Hooghly, and that he shall be in charge of all property vested in the Union Board;

And whereas the writ in the nature of Certiorari in the said Civil Rule No. 1132/W of 1961 sets aside the order of supersession, dated 30th October 1961, passed by my predecessor the Commissioner, Burdwan Division, Chinsurah, in respect of the Union Board of Magra and whereas the said Writ in the nature of Certiorari authorises me to pass such order as may be necessary for the supersession of the Union Board and directs me to hear and decide the said cause in accordance with law, I do hereby ask the President and members of the said Union Board of Magra, to wit—

(1) Shri Bhajahari Banerjee son of late Abinash Chandra Banerjee, of Magra,

(2) Shri Satya Prosanna Banerjee, son of late Monmatha Nath Banerjee, of village Refaitpur, police-station Magra,

(3) Shri Shaikh Badruddin Ahmed, son of late Tamizuddin Ahmed, of village Mithapukur, police-station Magra,

(4) Shri Ratikanta Ghosh son of Nibaran Chandra Ghosh, of village Damra, police-station Magra,

(5) Shri Saikh Ayubali, son of late Md. Yakub, of village Chak-Bansberia, police-station Magra,

(6) Shri Bishnupada Mondal, son of late Rajkrishna Mondal, of village Gaharpur, police-station Magra,

(7) Shri Shib Kinkar Chatterjee—ward No. I,

(8) Shri Sushil Kumar De—ward No. V, and

(9) Shri Kanai Lal Das—ward No. VI,

to show cause in my Court at Chinsurah at 11.00 hrs. on 17th August 1962, either by himself or through pleader as to why the said Union Board of Magra shall not be superseded under section 56(1)-(b) of the Bengal Village Self-Government Act, 1919, i.e., in effect, why my present order passed above regarding the supersession of the Union Board from 30th October 1961 shall not stand.

opy of letter No. 29/2/62-IT(AI), dated 26th July 1962, from the Deputy Secretary to the Government of India, Ministry of Finance (Department of Revenue), addressed to all State Governments.]

ubject: Income-tax—Deduction from salaries during 1962-63.

I am directed to invite a reference to this Ministry's tter of even number, dated the 16th March 1962, n the subject of deduction of income-tax from laries paid during the year 1962-63. The Finance o. 2) Act, 1962, has since received the assent of e President and has come into force from the 1st pril 1962. This Act has made certain important anges in the rates of income-tax and super-tax for e current year. Certain amendments have also en made to the Income-tax Act by the said Act.

2. Till now, abatement of income-tax (but not per-tax) was allowed on account of life insurance remia and contributions to recognised provident nds only. This benefit has now been extended to ms deposited by a person, out of his income charge-le to tax, in a ten year account or fifteen year count under the Post Office Savings Bank umulative Time Deposits) Rules, 1959, as amended om time to time.

3. Till now, abatement of income-tax on account life insurance premia and contributions to cognised provident funds was allowed on an ount equal to one-fourth of the total income or s. 8,000 whichever is less, in the case of an dividual. This limit has now been changed to one-rth of the total income or Rs. 10,000 whichever less. In effect the maximum limit up to which ne-tax rebate is available in respect of life rance premia, contributions to provident funds, etc., is enhanced to Rs. 10,000 in the case of viduals.

4. Till now, in the case of income under the head "Salaries", surcharge on income-tax and super-tax was charged at 5 per cent. of the amount of income-tax/super-tax. The rate of surcharge in the case of salary—income has now been reduced from 5 per cent. to 2½ per cent. of the income-tax/super tax.

5. A Schedule showing the new rates of income-tax and super-tax is enclosed. Disbursing Officers should study these rates carefully and work out the total tax payable in each case according to these rates. After adjusting the tax already deducted in the months of April to July 1962 against the total tax due, the balance should be recovered in equal instalments from the salaries payable in the remaining months of the financial year 1962-63.

6. The rates mentioned in the Schedule are subject to the following conditions:—

(i) no income-tax shall be payable on a total income which does not exceed Rs. 3,000;

(ii) no earned income allowance is to be allowed;

(iii) the income-tax payable shall in no case exceed half the amount by which the total income exceeds Rs. 3,000;

(iv) the income-tax payable by an individual who is married whose total income exceeds Rs. 20,000 shall not exceed the aggregate of—

(a) the income-tax which would have been payable if the total income had been Rs. 20,000;

(b) half the amount by which the total income exceeds Rs. 20,000.

(v) no surcharge shall be payable on a total income which does not exceed Rs. 7,500;

(vi) the rebate of income-tax on account of life insurance premia, provident fund contributions and deposits under the Post Office Savings Bank (Cumulative Time Deposits) Rules, 1959, is admissible up to a maximum of one-fourth of the total income or Rs. 10,000, whichever is less;

(vii) no abatement should be allowed by the persons responsible for paying the salary in respect of any donations for charitable purposes which are exempt under section 88 of the Income-tax Act, 1961;

(viii) the deduction admissible for the maintenance of a conveyance will be allowed by the Income-tax Officer at the time of assessment. Relief in this regard should not be adjusted at the time of deduction of tax at source;

(ix) the reliefs admissible to married persons and to persons who have one or more children dependent on them should be allowed for the full year if these conditions are fulfilled on the last day of that year;

(x) a divorcee should be treated as a married person, if he/she has a child dependent on him/her; otherwise he/she should be treated as unmarried;

(xi) a widow/widower is to be treated as a married person.

the dismissal of Shri Sanat Kumar Dutt justified? To what relief, if any, is he entitled?

notices were served on the parties, on receipt reference, the parties put in their respective statements usually. Ultimately 1st June as fixed for filing of documents by the Union fixing a date of hearing. But before that e Company filed on 21st May 1962 a petition ng a stamped receipt of payment of Rs. 100 only to the workman concerned, and stating that the dispute had been settled between the parties amicably. The matter was put up for final orders on 1st June 1962. On that date the petition of the Company and the stamped receipt purporting to have been granted by the concerned workman were considered and perused. The stamped receipt shows that the workman concerned was paid Rs. 100 in cash from the Company in full and final settlement of all disputes between them arising out of the question of his dismissal. The receipt was attested by one Radhagobinda Das, and Sadhan Prosad Dutta, General Secretary of the Federation concerned. It also bears the signature of the partner of the Company Shri Kishorichand Bothra. The receipt appears to be quite genuine and bona fide, and the terms of settlement are fair and reasonable. Hence the amicable settlement is accepted. I accordingly pass this award in terms of the amicable settlement to the effect that the workman concerned got Rs. 100 only from the Company in full and final settlement of all disputes arising out of the question of his dismissal. The petition of the Company and receipt granted by the workman need not be made a part of the award and made an annexure thereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Indian National Diesel Engine Co., Ltd., P-61 Circular Garden Reach Road, Calcutta-23, and their workmen represented by INDEC Employees' Union, 129-A Circular Garden Reach Road, Calcutta-23. (Case No. 331 of 1961.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. C. PAL, Judge, Second Industrial Tribunal.

Present for the Company: Shri J. N. Chatterji, Deputy Labour Adviser, Indian Engineering Association, assisted by Shri A. K. Dey of the Company.

Present for the Union: Shri Patit Paban Pathak, assisted by Shri Phani Bagchi, Vice-President of the Union.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 5809-I.R./IR/10L-205(A)/61, dated the 3rd October 1961, for determination of the issue, viz.

Whether the dismissal of Shri Biswanath Banerji, Shri Dhirendra Bandhab Chatterji and Shri Kantilal Chowhan is justified? To what relief, if any, are they entitled?

The case of the Union may be briefly stated as follows:

The three workmen concerned are active members of the Union. The Union submitted a charter of demands to the Company on 11th February 1959, but the latter defererd the matter by shilly-shally tactics and took an aggressive attitude against the Union and its members. The various Trade Unions in West Bengal called for a general strike over the issue concerning the Central Government employees, and the 14th of July 1960 was declared as the day of the said general strike. The Company decided to break the morale of the workmen and crush the Union by taking recourse to illegal disciplinary action against the workmen, particularly, the active members of the Union. On the 15th July 1960 the Company issued charge-sheets with suspension orders against seven workmen including the three concerned workmen, alleging misconduct on their part. One allegation was that on the 13th July 1960 the charge-sheeted workmen intimidated some workmen of the Company who, it is alleged, were coming to the factory in the night of that day for working on the following day (14th July 1960), the day meant for the general strike. Another allegation was that in the afternoon of the 14th July 1960 the charge-sheeted workmen abused and assaulted some workers at Shyambazar when they were returning home from their work. The alleged occurrence were all outside the working hours and factory premises. The charge-sheeted persons submitted their written replies denying totally the allegations levelled against them. The order of their suspension was also illegal. Subsequently, the Management held a pretended enquiry which was wholly one-sided and in which the workmen were not given full and proper opportunities for defending themselves. In regar the alleged occurrence on the 14th July, a compl was lodged before the Police Magistrate at Seal against two of the three workmen concerned in present reference, under sections 147/323/379, I.P but the accused were discharged as the investiga police officer could not collect sufficient evide against them. On the basis of the said preten enquiry the Company dismissed the three concer workmen from their services. The dismissal these three workmen are wholly illegal, mala f and by way of victimisation, and the decision of Management is quite perverse. On these allegati the Union prays for reinstatement of these work with all back wages, etc.

The case of the Company, on the other hand, this:

As regards the charter of demands, the Compa initiated bi-partite discussions and offered gener grades and scales of pay which the Union did accept. Thus the Union itself was not co-operati The Company, out of its own, enforced the gra and scales of pay with proper adjustments where necessary, and all workmen accepted the said ter The general strike called by the Union on the 1 July 1960 did not get support from substan number of workmen. Some willing workmen of Company apprehending dislocation of public tra on the 14th July 1960 took the permission of Management to stay on in the factory premises the night of the 13th July 1960 so that they mi work regularly on the 14th July 1960. At ab 10-30 p.m. on the 13th July 1960, a number of wo men including the dismissed workmen intimida obstructed and threatened those willing workers the factory when they were trying to come inside factory for the said purpose. On the followin (14th July 1960) the threat was translated into a when three willing workmen were returning to residences after working in the factory. They abused, threatened and actually assaulted for reporting for work on the 14th July 1960 by workers including the workmen conce Accordingly, the aggressors, seven in number, charged-sheeted and suspended. There was a and fair departmental enquiry by an officer of Company in which all possible opportunities given to the charge-sheeted persons to defend th selves. As a result of the enquiry, the Manager found three workmen concerned guilty of the offe of serious nature and, accordingly, dismissed t by a letter, dated 31st August 1960. The four o workers, who were also charge-sheeted along the concerned workmen, were let off with punishment than dismissal, as their offence w considered equally serious as those of the con workmen. The Union's allegation of victimi on the part of the Company is untrue, an decision of the Company is quite just and lega not at all perverse or unfair. The order of dis of the concerned workmen is proper and bona Hence, the Company urges for rejection of the c of the Union.

Decision

It is an admitted fact that seven persons incl the three concerned workmen, named Biswa Banerji, Dhirendra Bandhab Chatterji and K Chowhan, were charge-sheeted by the Compan certain alleged misconduct committed on the

of the 13th July 1960 and in the afternoon of the 14th July 1960. The charges were that the charge-sheeted persons, with others, encountered the workmen named Kalipada Roy (Chaser), Sahadeb Karmakar (Shop clerk) and other willing workers at about 10-30 p.m. on 13th July 1960 at the crossing of Sonai Road and Circular Garden Reach Road, in the vicinity of the Company's factory premises, while the said willing workers were proceeding to the Company's factory premises with a view to staying there on that night in apprehension of dislocation of public transport owing to the proposed general strike on the 14th July 1960. It is alleged that those willing workers were intimidated against their joining work on 14th July 1960. Regarding the alleged incident of 14th July 1960 the charge states that the charge-sheeted persons not only encountered Subhasis Das Gupta (Personnel Assistant), Kalipada Roy, and Sahadev Karmakar at about 5-45 p.m. on Paul Street, Shambazar, at the Bus Stand inside a stationary bus of route No. 78 (Bus No. WBR 1057), while they were returning home from work in the factory, but also abused and threatened and actually assaulted them for having reported to work on that particular date. According to the Company's case, those actions of the charge-sheeted workmen were very much subversive of discipline and evinced disorderly and riotous behaviour, and hence they were charged for serious misconduct. In the reply given by the charge-sheeted persons they, of course, denied the allegations in toto.

Admittedly, there was an enquiry held by one Ashit Kumar Dey, Personnel and Industrial Relations Officer of the Machinery Manufacturers Corporation. The alleged incidents on the 13th and the 14th July 1960 were all outside the working hours and outside the Company's factory premises. The Union raised the question in its written statement that the alleged occurrences were outside the factory area and beyond the working hours. But this point has not been seriously urged at the time of hearing. In fact, the law is that the time and place of occurrences like these are not material, and the important question to be considered is whether the incidents were really subversive of discipline. It is also stated in the written statement of the Union that the enquiry was held by an outsider. It is true, that Shri Dey, the enquiring officer, does not really belong to the present Company. He is an officer of the Machinery Manufacturers Corporation which is nothing but a sister concern in relation to the present Company. There is evidence to show that Shri Dey got a written authority to hold the enquiry. In the circumstances, the holding of the enquiry by Shri Dey is not illegal, and this point has not also been seriously pressed for by the Union at the time of hearing of this case.

The evidence discloses that in respect of the alleged incident at Shyambazar on 14th July 1960, a complaint was lodged against Biswanath Banerji and Kantilal Chowhan under sections 147/323/379, I.P.C., and the accused persons were discharged on police report about non-availability of sufficient evidence (vide Ext. 3). This point was mentioned in the written statement of the Union, but has not been pressed for at the time of hearing. It may be noted in passing in this connection that discharge or dismissal in a criminal case is no legal bar to the Company's proceeding against the delinquents departmentally.

I now come to the important questions of the charges, the enquiry and the effect thereof. According to the finding of the enquiring officer, all the seven charge-sheeted persons were found guilty of misconduct of serious nature, but the Company appears to have selected the three concerned workmen for imposing punishment of dismissal, whereas it let off the other four charge-sheeted persons without dismissal. The Union has raised a point that the Company has victimised these three workers. The Company has denied this allegation. The Company's contention is that the question of victimisation does not arise inasmuch as it had let off Nayan Sen Gupta, Dulal Naskar and Baijnath Singh, Secretary, Vice-President and member of the Executive Committee of the Union respectively. It is said that if the Company were bent on victimisation, it could, on the findings of the enquiring officer, have dismissed those three workers also; but the Company took action in dismissing the three concerned workmen only, who were ordinary members of the Union, as they were found to have actually participated in assaulting Subhasis Das Gupta and two others. The Union contends that though the three concerned workmen were ordinary members, they were active members of the Union, and that the letting off of the office-bearers of the Union might be a dodge on the part of the Company so that the Union might not be in a position to raise the question of victimisation. If the workmen are found to be really guilty of the offence in connection with the incidents in question, the question of victimisation would lose its weight. It is, therefore, necessary to see whether the enquiry held by the officer against the workmen was fair and bona fide, and whether the decision of the Company in dismissing them is justified or not.

From the evidence (oral and documentary) adduced on the side of the Company, it appears that a very thorough enquiry was held by the aforesaid enquiring officer, and the charge-sheeted persons were given full opportunities to defend themselves. The witnesses examined at the enquiry on the side of the Company were cross-examined by the workmen concerned in great length. It further appears that the workmen demanded the presence of one Phani Bagchi on their behalf at the enquiry, but the Company rejected the prayer on the ground that an outsider could not be allowed. The stand taken by the Company was quite reasonable, and the workman has not nothing to resent on this score. The long enquiry proceedings which have been placed before me do not disclose anything, even to suggest, that the enquiry was mala fide in anyway. Of course, one witness named Banamali Ghatak deposed for the charge-sheeted workmen, but the evidence of that witness was disbelieved by the enquiring officer who gave reasons stating that in view of the circumstances and evidence before him, no reliance could be placed on the said witness. The grievance of the Union on this ground is not substantial, particularly when Baijnath, for whom the said witness deposed at the enquiry, was not punished by dismissal like the three concerned workmen whose cases have been referred for adjudication.

Regarding the incident of assault at Shyambazar area, discrepancies as to the arrival of the assaulted persons at the said area have been sought to be established on behalf of the Union by reference to the fact that some had departed from the factory

site in taxi, pretty long before the departure of some other workmen by bus. Anyway, the fact remains, as found from the entire enquiry proceedings, that the assaulted workmen assembled together about the relevant time and boarded a bus at Shyambazar area for going to their respective houses, after coming from the Company's factory on 14th July 1960. There might be various reasons as to their assembling and boarding the bus together though some might have come in taxi and some in bus. In view of the evidence adduced before the enquiring officer, these alleged discrepancies do not appear to be very much against the bona fides of the enquiring officer, though there may be some suspicion, inasmuch as mere suspicion could not go to nullify the effect of the enquiry itself.

In the police case only two of the three concerned workmen were mentioned, viz., Biswanath Banerji and Kantilal Chowhan. The name of the other workman Dhirendra Bandhab Chatterji finds no mention there (Ext. 3). From the evidence before the enquiring officer, it appears that after the occurrence the assaulted persons went to the house of the Works Manager at Ballygunge, and after consultation there, they went to lodge the First Information Report at the Chitpur Thana, but in doing so the name of Dhirendra Bandhab Chatterji was omitted. From this it is contended on behalf of the Union that the allegations of the Company against this Chatterji at least are absolutely false and mala fide and by way of after-thought. The omission of the name of Chatterji from the police case record may be an important factor, so far as the police case or the Criminal Court is concerned. This omission cannot be very material as far as the domestic enquiry is concerned. Moreover, there were other charges of indiscipline on the part of these workmen including Dhirendra Bandhab Chatterji during the night of 13th July 1960. The enquiring officer found all the seven charge-sheeted persons guilty equally with regard to both the charges relating to the occurrence in the night of 13th July 1960 and in the afternoon of 14th July 1960. True, the Company dismissed only three workmen including Chatterji on the ground, as stated before me in course of argument, that these three persons were actually involved in the occurrence of assault at Shyambazar. Though the omission of the name of Chatterji from the police record raises some suspicion, it does not matter much in view of the sufficiency of evidence adduced before the enquiring officer who took much detailed evidence at the time of enquiry. On a careful perusal and analysis of the entire evidence recorded by the enquiring officer, it cannot be said that the enquiry was defective in any way, or the decision of the Company in dismissing the three workmen was perverse or mala fide. The Company appears to have taken the most reasonable view in taking action as it did against the three workmen concerned, as a result of the aforesaid domestic enquiry. The question of victimisation, which has been already discussed by me, is not of substantial nature in view of the fact that good and sufficient evidence in proof of the charge against the workmen concerned was before the enquiring officer. In the circumstances, I am unable to hold that the decision of the Company in dismissing the three workmen concerned is unjustified. In my view, there is no good reason to interfere with that decision which must stand good.

In the result, I find that the Union has got no case for redress from this Tribunal in respect of the three workmen who have been dismissed by the Company and, as such, the Union is not entitled to any relief in this case. This is my award.

AWARD

By order No. 2444-I.R./IR/11L-161/61, dated 10th May 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute

between Messrs. Biswabharati Pictures, 27 Bentinck Street, Calcutta-1, and their workmen represented by Bengal Motion Pictures Employees' Union, 126A Dharamtolla Street, Calcutta-13, regarding the matter specified in the schedule to the Third Industrial Tribunal, constituted under Notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

This reference relates to an industrial dispute existing between Messrs. Viswabharati Pictures (hereinafter be referred to as the Company) and their workmen represented by Bengal Motion Pictures Employees' Union (hereinafter be referred to as the Union).

The reference was received in May 1961 and immediately thereafter notices were issued for service upon the parties. Notices were duly served and immediately thereafter the Company entered appearance but the Union did not. Subsequently however, the Union came and filed its written statement. The Company too filed their written statement. Thereafter the parties took steps regarding production of documents. Then the case was taken up for hearing but both parties wanted to settle the dispute amicably and accordingly they did and filed a joint petition of compromise on 22nd May 1962.

The only issue formulated in the order of reference was whether the dismissal of Shri Paresh Modak is justified? To what relief, if any, is he entitled?

The above dispute was amicably settled on the terms that the concerned workman Shri Paresh Modak would be paid a sum of Rs. 200 (rupees two hundred only) by the Company and which amount the workman will accept in full and final settlement of all his claims including that of reinstatement. It was further settled that the said payment would be made before this Tribunal. The workman involved in the present dispute and the Union's representative appeared before this Tribunal along with the Manager of the Company and their Labour Advisor, Shri J. R. Jain. The workman who was identified before this Tribunal by the Secretary of the Union, received cash payment of Rs. 200 (rupees two hundred only) from the Company's Manager in presence of the Tribunal in open Court. He also admitted the terms. Therefore, I accept the terms of settlement which appear to be reasonable, fair and lawful and make an award on compromise in terms of the joint petition of compromise filed on 22nd May 1962. The joint petition of compromise do form a part of the award as an annexure.

This is the award.

For the Company: Shri S. C. Sen, Advocate.

These are two applications—one under section 33A of the Industrial Disputes Act, and the other under section 33(2)(b) of the said Act –arising out of Government Order No. 3753-I.R./IR/11L-90/60, dated 21st July 1960. The above 33A complaint was filed by Shri Bejayet Ali, an employee of Messrs. Oberoi Grand Hotels (1938) Private Ltd., 16 Chowringhee Road, Calcutta, against the said Company, and the other 33(2)(b) application was filed by Messrs. Oberoi Grand Hotels (1938) Private Ltd., against Shri Bejayet Ali, 42/3 Chandni Chawk Street, Dharamtolla, P.O. Calcutta, an employee of the said Company.

Decision

(Order No. 19, dated 30th May 1962.)

These are two applications—one under section 33(2)(b) and the other under section 33A of the Industrial Disputes Act—filed by the Company and a workman abovenamed respectively.

The facts alleged by the Company are as follows:

One Mr. Yamaguchi a Japanese gentleman, came to Calcutta and was a resident of the Grand Hotel for three days. On 11th June 1960 he asked for his lunch which was served in his room No. 203 by the waiter No. 451, Shri Bejayet Ali. Mr. Yamaguchi came to the Receptionist of the hotel after lunch and complained that the waiter had realised from him Rs. 11 when he was required to pay Re. 1 only for room service. The Receptionist called the waiter who said that he had realised only Re. 1 from the resident and had deposited the same with the Cashier. On the written complaint of the resident Bejayet Ali was charge-sheeted, an enquiry was held and as the waiter was found guilty of misconduct he was served with a notice of dismissal. The Company now prays for approval of the action taken against the waiter.

The waiter Bejayet Ali denies the allegations made by the Company. He filed an application under section 33A of the Industrial Disputes Act making a complaint against the Company praying for an award directing the Company to reinstate him in service.

Both the applications were heard together on the prayer of the parties and they relate to the same matter.

Waiter No. 451 Bejayet Ali admits that he served lunch to the resident of room No. 203 in the noon on 11th June 1960. On that day the resident, immediately after lunch, came to the Receptionist and complained that the waiter had realised Rs. 11 from him (vide the evidence of P.W. 1 Mr. Wootton and the written complaint of Mr. Yamaguchi, Ext. 3). In his evidence Shri Bejayet Ali denied having heard of any complaint against him on 11th June 1960. But in his application under section 33A he says that after lunch on 11th June 1960 the resident made a complaint to the Hotel Authority that he (Bejayet Ali) had realised Rs. 10 extra from him (the resident) and that the Receptionist, on receipt of the complaint, asked Bejayet Ali about the allegations of the resident. It appears from Ext. A, that Bejayet Ali was charge-sheeted on the same day, i.e., 11th June 1960, and the charge-sheet contained the entire written complaint of Mr. Yamaguchi. Bejayet Ali replied to the charge-sheet on 14th June 1960 (vide Ext. 1). He was informed by a letter Ext. B, dated 11th June 1960, that enquiry would be held on 13th July 1960 at 11 a.m. It is an admitted fact that the enquiry could not be held on that date as Bejayet Ali did not attend (vide Ext. B-1). He was given another chance to attend the enquiry on 25th July 1960 at 10-30 a.m. The record of the proceedings Ext. 4 shows that Mr. Wootton the Receptionist was examined by the Company whom Bejayet Ali refused to cross-examine. I have considered the evidence of P.W. 1 Mr. Wootton, O.P.W. 1 Bejayet Ali, the record of the proceedings, the complaint of Mr. Yamaguchi to the Hotel Authorities and I am

fully convinced that the written complaint made by Mr. Yamaguchi immediately after lunch contain true allegations, that the proceedings were properly conducted and that Bejayet Ali was rightly dismissed from service. Mr. Yamaguchi was a foreigner who had no good knowledge of English and it is unbelievable that a foreigner like Mr. Yamaguchi would make a frivolous complaint against a waiter of the Hotel who had served him only one meal. The fact that he complained immediately after lunch goes to prove that the allegations made were true. Bejayet Ali cannot be believed as his evidence before me was not in line with his own statement in his application under section 33A of the Act.

Considering these facts and circumstances, I pass the following orders:

The application filed by the Company under section 33(2)(b) of the Industrial Disputes Act is allowed and the action taken by the Company dismissing Bejayet Ali is approved.

There being no contravention of the provisions of section 33 of the Industrial Disputes Act, the complaint made under section 33A of the Act is rejected and an award is passed accordingly.

No. 2387-I.R./IR-7L-3(A)/62.—9th June 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 4638-I.R./IR/7L-32/59, dated the 31st August 1960, the industrial dispute between Messrs. Clive Mills Ltd., Garden Reach Road, Calcutta, and their workmen represented by Bengal Chatkal Mazdoor Union, 1/1 Garden Reach Road, Calcutta-24, regarding the issues mentioned in the said order, being matters specified in the Second and the Third Schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Second Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal, Shri Abdul Aziz Khan and Shri Dil Mahammad, workmen of the said Company, made complaints in writing to the said Industrial Tribunal against the said Company alleging that the said Company had terminated the services of the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of application under section 33A of the Industrial Disputes Act by Abdul Aziz and Dil Mohammad (c/o Bengal Chatkal Mazdoor Union, 1/1 Garden Reach Road, Calcutta-24), all employees of Messrs. Clive Mills Co. Ltd., 43/1 Garden Reach Road, Calcutta-44, against the aforesaid Company, in relation to the original reference under Government order No. 4638-I.R./IR/7L-32/59, dated the 31st August 1960. (Case No. 83 of 1961 under section 33A of the Industrial Disputes Act.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. C. PAL, Judge, Second Industrial Tribunal.

Present for the Company: Shri Nikhil Roy, Advocate.

Present for the Workmen: Shri Patit Paban Pathak, a Trade Unionist.

This is an application by two workmen, Abdul Aziz Khan and Dil Mohammad, under section 33A of the Industrial Disputes Act, 1947, for reinstatement with full back wages and continuity of service, on the allegations that the Company wrongfully terminated the services of these two workmen during the pendency of an industrial dispute before this Tribunal and, in doing so, contravened the provisions of section 33 of the Industrial Disputes Act. The Company filed written objection challenging the above allegations of the workmen.

The case was finally fixed for hearing on 12th May 1962. On that date the parties came to terms and put in a joint petition of compromise. I have perused the terms of settlement These are quite fair and reasonable, and hence accepted. Accordingly, an agreement award is hereby passed. The petition of compromise shall be made an annexure to this award forming a part thereof.

AWARD

The Government of West Bengal, Labour Department, by order No. 3606-I.R./IR/11L-80/60, dated the 19th July 1960, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute to this Tribunal for its adjudication.

This dispute was previously referred to the First Labour Court by G.O. No. 2070-I.R./IR/11L-80/59, dated the 14th May 1959, for adjudication which has been replaced by the Sixth Industrial Tribunal constituted under Notification No. 3115-I.R./IR/3A-6/59, dated the 21st June 1960, and has in consequence been abolished by Notification No. 3508-I.R./IR/3A-0/59, dated the 11th July 1959.

The Schedule

1. Whether the termination of employment of the following workmen is justified? To what relief, if any, they are entitled?

(i) Ananta Sarkar, (ii) Ajit Kumar Das, (iii) Jaydev Santra, (iv) Tarapada Manna, (v) Ramesh Chandra Das and (vi) Rabindra Nath Chatterjee.

This reference is in respect of termination of employment of six employees of the Eastern Talkies Ltd. of 127B Lower Circular Road, Calcutta.

The Bengal Motion Pictures Employees' Union, representing the six workmen, alleges that the six employees under reference worked as Electric Mistries in the studio of the Company, that these workmen, under the guidance of the Union, took leading part in making lawful agitations to improve the service of the workmen of the Company, that when these workmen demanded bonus the Company wanted to force them to sign some papers which they refused to sign, that the Company then terminated the services of the six workmen under reference, and that all attempts at an amicable settlement

aving failed this reference was made to adjudicate pon the dispute. The Union alleges that the termiation of employment of these six workmen under ference was unjust, unfair and illegal and against l principles of natural justice. The Union claims nstatement of the six workmen with all back ages.

The Company's case is that none of the workmen der reference was ever or is a member of the ngal Motion Pictures Employees' Union and ther the majority of the workers nor any section any of them took up the cause of the six disarged employees. The Company contends that it not an industrial dispute but it is an individual spute.

Regarding the merit of the case the Company leges that there was never any agitation by any ction of workers for improving the service condin of the employees, that the Company never ctimised any worker, that on 7th October 1958 the rkmen under reference excepting serial No. 6 bindra Nath Chatterjee did not commence their ties at 10 a.m. and all the six refused to do any rk in spite of orders of the Electrical-in-charge, at when they were called to the chamber of the anaging Director where they submitted in writing der the signature of serial No. 1 Ananta Sarkar at they would not work unless their wages were reased, that the Company pleaded inability to rease wages, whereupon the six workmen left the dio and in consequence thereof shooting operans in the studio could not be undertaken, that xt day the workmen made unsuccessful attempts prevent workmen, artists, etc., to enter the studio, approached the Managing Director and prayed temporary jobs for three months only to enable m to find out jobs with higher wages, that the mpany agreed and gave them temporary appointnts for a fixed period of three months, that even n the workmen under reference neglected their rk, threatened loyal workers and by their subver activities caused considerable loss to the Comy as Producers were unwilling to work in the mpany's studio any more, and that the agreed temary period of service having expired on 7th Janu- 1959 and as the workmen were not leaving their s the Company issued notices to the workmen on h January 1959 terminating their services with ct from 1st March 1959. The Company contends t the termination of services by notices, under circumstances, was just and proper.

When the case was taken up both parties submitthat two out of the six workmen under reference, serial Nos. 4 Tarapada Manna and 6 Rabindra- Chatterjee having withdrawn from the dispute, present adjudication is now in respect of four kmen--serial Nos. 1, 2, 3 and 5.

Decision

will first take up the preliminary point if it is an vidual dispute or an industrial dispute. The ent reference was made by the Government in ect of a dispute raised by the Bengal Motion ures Employees' Union which is a registered le Union. The workmen under reference ed that they were members of this Union and their cause was taken up by this Union at whose nce the reference is made. It is true that a ber of employees of the Company are members of the Cine Technicians Association. But this does not preclude a dispute being raised by a different registered Trade Union of other workers. In my opinion the Bengal Motion Pictures Employees' Union having taken up the cause of a number of employees of the Company, the dispute is an industrial dispute.

I will not take up the case of the workmen under reference.

It is an admitted fact that there were 10 departments in the studio of the Company, the Electrical Department being one, and that the six workmen under reference worked in the Electrical Department under the "Electrical-in-charge". The Union alleges that the workmen under reference were agitating for bonus which the Company was not willing to pay. P.W. 1 Ananta Kumar Sarkar says: "The Company dismissed us from service for the only reason that we demanded bonus". But he admits in his cross-examination: "I do not know of any charter of demands submitted by the Union or by the workers. I never heard of any charter of demands". He further admits: "I never submitted any application for bonus". So, it is admitted by P.W. 1 that there was never any demand or agitation for bonus by the workers from the Company. P.W. 1 admits in his evidence-in-chief: "We had no strained relations with the employers and our relationship was cordial. We always got good treatment from the Company, and the Managing Director behaved with us very decently. There was never any agitation amongst the workers of the Company when we were serving as employees of the Company." So the Union's case that the Management dismissed the workers for Union activities is not true. The workers, according to P.W. 1, were all happy and satisfied for what they were getting. There could therefore be no question of dismissal so long the workers went on with their work as before. The Company alleges that on 7th October 1958 the six workmen under reference suddenly stopped work and when they came to the Managing Director they said that they would not work unless they were paid higher wages. P.W. 1 says that all the six workmen under reference went together to the Managing Director and they undoubtedly went to demand higher wages. P.W. 1 gave it in writing that he would not work unless higher wages were paid (Ext. A). When all the six workmen under reference went to the Managing Director to claim higher wages and when they all went together to make the demand, the document Ext. A, although written and signed by P.W. 1 Ananta, must have been for all the six workmen under reference and Ananta cannot now be heard to say that he wrote the demand for himself only. Moreover, P.W. 1 Ananta admits: "After giving Ext. A to the Proprietor we all left the place of work and went away on that date." The document Ext. A and the testimony of Ananta clearly prove that the six workmen under reference resigned their jobs on 7th October 1958 and left the place of work. There was therefore no dismissal or termination of service of these employees by the Company on 7th October 1958.

The Company further alleges that those six workmen again came to see the Managing Director on 8th October 1958 after they had failed to stop the other workers of the Company, the Producers and artists to come to the studio, and requested the Managing Director to give them temporary appointments for

three months and that the Company agreed. All the 4 O.P.Ws. support the case of the Company. Of the 4 O.P.Ws. Rabindranath Chatterjee is one of the workmen under reference. O.P.W. 1 Shri Surendra Sarkar is the Managing Director of the Company. He says he gave temporary employment for three months to the six workers under reference from 8th October 1958 on their prayer that they would work for three months and in the meantime would search for new jobs with higher wages elsewhere, but that the workers began to neglect their work in such way that the Producers could not complete their shooting operations properly and within time as a result of which they (the Producers) suffered loss for wasting time and paying the artists money for less work, that the Producers refused to do shooting operations in the Company's studio for the negligence of work of the electricians and that the Company therefore suffered considerable financial loss for loss of contracts. The witness further says that these workmen constantly threatened the loyal workers (vide Exts. C, C-1, C-2, C-4, C-6 and C-7). The Electrical-incharge complained to the Manager against Ananta, Ajit and Tarapada, three of the workmen under reference, that they left work without permission (Exts. C-3, C-5, C-8 and C-9). It appears from the letters of the Producers—Exts. C-10, C-11—that they suffered loss due to neglect of duty of the electricians and they wrote about their unwillingness to do shooting operations in the Company's studio. This being the case, the Company could not possibly retain the services of the workmen under reference after the period of three months of temporary service had already expired. I am satisfied from the evidence on record that the workmen under reference in spite of good treatment by the Company neglected their work and wilfully caused loss to the Company during their temporary service for three months from 8th October 1958. As the period of temporary service had expired and the workmen under reference were not leaving their jobs, the Company gave one month's notice to each of the six workmen terminating their services with effect from 1st March 1959 (vide Exts. B, B-5). As the workmen under reference were not permanent workers from 8th October 1958 and as they held appointments for a fixed period of three months, the Company had every justification to give them notice of termination of service after the period of temporary appointments had expired.

I therefore find that the termination of employment of the workmen under reference is justified and the workmen are not entitled to any relief.

The appropriate Government by Order No. 2 I.R./IR/13L-6(A)/61, dated the 13th May 1 referred to an industrial dispute between Me Chandranath Press, 169 Cornwallis Street, Calcu and their workmen represented by Press Emplo Association, 249-B Bowbazar Street, Calcutta-12, adjudication.

The issue as referred to in the Order of Refere is relating to bonus for 1959-60.

It is now well settled that the claim for bonu an industrial dispute within the meaning of Industrial Disputes Act. The workmen are enti to put forward such claim on the score of vari kinds of bonus as contemplated under the Indus law. Such bonus might be profit bonus or custom bonus or bonus as a condition of service or prod tion bonus or attendance bonus or incentive bo It was not however specified in the Order of R ence in the wordings of the issue as framed particular kind of bonus over the claim of which dispute between the employer and the workmen exist.

Upon receipt of the order of reference on May 1961, notices were issued upon the parties appearance and for filing written statements.

The workmen represented by the Press Emplo Association (hereinafter referred to as the U filed the written statement on 10th June 1961. sum and substance of the contention as mad by the Union in the written statement is tha

employer paid bonus at a uniform rate of one month's basic wage since the inception of the establishment till 1959 during the Durga Pujas every year from 1953 to 1959, and that the workers acquired a right to get such bonus every year during the Pujas as a customary right or on the strength of a claim acquired by way of an implied condition of service. It is alleged that in spite of such right in favour of the workmen the employer instead of paying bonus during the Pujas in 1960, made an advance at one month's basic wage to the workmen and thereafter sought to recover the same from them from the wages of September 1960 and the workmen through the Union thus raised a dispute on the question of Puja bonus before the Labour Directorate, Government of West Bengal, and when no solution of the dispute could be made by that Directorate, the dispute was referred to the Tribunal for compulsory adjudication.

Messrs. Chandranath Press (hereinafter referred to as the Company) filed the written statement on 31st July 1961. It is contended by the Company that the workers were paid one month's basic wages in each of the years from 1956 to 1959 and that no such payment had been made prior to that. According to the version of the Company, such payment was in the nature of ex-gratia payment and when the financial position of the employer did not justify similar ex-gratia payment to the workers in 1960, no such payment was made. But at the same time, at the request of the workers, one month's basic pay was paid as advance to them which in terms of such payment was to be deducted from the wages of the workers. Three of the workmen as named in the written statement accepted their balance wages for September 1960 after allowing deduction for the advances, while the rest refused to accept the same. It is further stated that the bonus was paid, out of bounty, at the earnest request of the workers and that it could not be said that there was any express or implied agreement for making such payment. The workmen did not as well acquire any customary right in the matter of getting bonus. The Company alleged in paragraph 1 of the written statement that it had been sustaining loss since August 1956, year after year and as such it was not financially competent to pay bonus. At the same time it is alleged in paragraph 8 of the written statement that the claim for Puja bonus as made is completely unconnected with the question of profit and loss account or the trading result of the Company.

After both the parties filed the written statement, in terms as stated above, the appropriate Government issued a Corrigendum under Order No. 5088-I.R., dated the 19th August 1961, whereby the issue was shown as Puja bonus for the year 1960 in place of bonus for 1959-60. By the Corrigendum, the appropriate Government made it clear that the dispute between the parties was relating to the claim for Puja bonus and not any other kind of bonus as might be thought of from the wordings of the issue as framed before the issuing of the Corrigendum. It may be noted in this connection that it was apparent from the pleadings filed by the parties even before the issue of the Corrigendum by the Government that the dispute was concerning the claim for Puja bonus and not any other kind of bonus. In spite of the clear assertion of the parties in the pleadings, they were again given the liberty to file additional written statement in the light of the alteration of the issue by the appropriate Government on the basis of the Corrigendum issued.

The Union then filed an additional written statement on 16th October 1961 whereby paragraphs 8 and 12 of the original written statement were deleted and some minor changes made with respect to paragraphs 8 and 13 of the same. This additional statement did not alter the nature of the original pleadings.

The Company also filed an additional written statement on 30th January 1962 contending therein that the order of reference is not valid in law inasmuch as the nature and character of the dispute has been materially altered by the Corrigendum issued. It is alleged that the original order or reference meant that the dispute was concerning a claim as to profit bonus. I have already stated that the original order of reference was not specific on the point as to the nature of the kind of bonus claimed by the workmen. Even within the framing of the issue as it stood prior to the amendment, a case based on a claim for Puja bonus could be sustained. That the dispute was concerning Puja bonus is very much clear from the pleadings of the parties, filed even before the issue of the Corrigendum. I do not therefore find any substance in this contention that the nature of the issue is changed by the Corrigendum. The Corrigendum was issued just to specify the dispute more explicitly. It may be noted in this connection that if the Government after reference of the dispute and before the award is made comes to the conclusion that the nature of the dispute has changed, or additional disputes have arisen, then no violation of the Act would be done if the order and notifications are so amended or moulded as to bring it in consonance with the real dispute between the parties. I hold, in the facts and circumstances of the case, that the order of reference is neither materially altered, nor changed by the issue of the Corrigendum and that the legal objection taken by the employer regarding the maintainability in law of this reference is completely unsubstantial.

I now proceed to consider the merits of the case on the basis of the evidence adduced by the parties.

There is no controversy on the point that the claim for bonus at one month's basic pay is sought to be established on the basis of a customary right. It is now well established that the Durga Puja is a national festival of great importance, observed throughout West Bengal and in such festival it is a custom with the people to make presents of garments to dear and near ones, and to the relatives at that time. The workers who are not generally speaking capable of making savings therefore expect that the employer should make some monetary grants to them so that this traditional obligations to make presents might be discharged.

In this case, it is admitted by the Company that from 1956 onwards bonus at one month's basic pay had been given to the workmen, then in service, just on the eve of the Durga Puja. This Printing Press was started in November 1952. There is a controversy between the parties on the point if such payment on the eve of Puias had also been made in the previous years. Panchanan Misra, a workman, stated that the employer gave one month's pay as bonus to all workmen in the years 1953, 1954 and 1955. His evidence is that in 1953 the payment was made at a lesser rate to a few workers who joined

in the middle of the said year. However, he is definite on the point that all workers had been paid bonus at one month's pay for all these six years starting from 1954 to 1959. The Company's Officer Shri Panchanan Chakraborty stated that no such payment was made in those years prior to 1956. The Company produced the Wage Register opened in August 1956 [Ext. D(1)]. The Wage Register of previous years is not produced. It is contended by the employers' officer that no Wage Register was maintained prior to August 1956. It is contended by the Union that such registers and account books of previous years are being deliberately withheld. It seems rather curious that a printing press did not maintain accounts and Wage Register. The evidence shows that there were large number of employees in the past years. That is all the more the reason to presume that the Company could not do without keeping Wage Register and accounts at that time. I am inclined to hold that such papers are being deliberately withheld. Considering the evidence as a whole I am inclined to believe the version of the Union that the workers were paid bonus at the rate of one month's basic wages every year from 1954 to 1959.

The trouble however arose on the eve of the Durga Pujas, 1960. It appears that in that year the Company did not pay Puja bonus as was demanded by the workers. It appears further that the matter was brought to the notice of the Conciliation Officer who asked the Management to make some advance to the workers as an ad hoc arrangement pending finalisation of the question of the claim for Puja bonus (vide Ext. 4, dated 11th November 1960). It is also clear that the Company was anxious to realise from the workmen the advance so made to the workmen at the time of Pujas). It appears from the vouchers marked Ext. A to Ext. A(8) produced by the employer that such advance payment at one month's pay was made on 24th September 1960. As already stated, the Company wanted to deduct the payment so made to the workmen from the wages bill of September 1960 and when the workmen refused to such deduction, the balance wages for that month was sent by money order. The Company produced the money order receipts, Ext. B to Ext. B(7), which shows that all the nine workmen except Amulya Charan Pania refused to accept the money sent by money order. It further appears that two of the workmen, namely, (i) Kalipada Biswas and (ii) Kumud Bera, had left the service under the Company after the reference of this dispute to this Tribunal, and gave receipts in favour of the employer in full satisfaction of their claims and dues [vide Exts. C and C(1)]. Obviously, the other workmen are not bound by the admission of Kalipada Biswas and Kumud Bera as made by them at a time when they cut off their connection with this concern after this reference.

The whole question is whether the Union had been able to substantiate a claim of Puja bonus in favour of workmen on the basis of a customary right.

In the case of Messrs. Grahams Trading Co. Ltd. and their workmen reported in 1959, L.L.J. II, p. 393, the Hon'ble Supreme Court laid down certain tests which are to be considered and applied for the purpose of coming to a conclusion if a claim of bonus as a customary right had been established in the facts and circumstances of a case.

The tests are as follows:

1. Whether the payment has been over an unbroken series of years?
2. Whether such payment has been made at a uniform rate throughout?
3. Whether it has been made for a sufficiently long period?
4. The circumstance that the payment depended upon the earning of profits would have to be excluded and therefore it must be shown that the payment was made in years of loss.

In the instant case I am satisfied from the evidence that the Company paid one month's pay as bonus to the workmen for an unbroken series of years from 1954 to 1959 at a uniform rate of one month's basic pay. Obviously, therefore, the first two conditions as stated above are fulfilled. The next point is whether the payment had been made for a sufficiently long period. Naturally the length of the period would depend upon the circumstance of each case. In this particular case the Company was started in November 1952. The payment at uniform rate was made from 1954 onwards and such payment at the uniform rate of one month's pay was made just on the eve of the Pujas. Considering the age of this Company I am inclined to hold that the payment had been made for a sufficiently long period from which an inference of a customary right can be drawn.

I have already stated that the Company in paragraph 1 of the written statement stated that the employer suffered loss since August 1956, year after year. Naturally, therefore, the payment did not depend upon the question of earning profit and that it had been made in the years of loss. The fact that the payment was noted as "ex-gratia" as shown in the Wage Register by the employer would make no difference in this regard because the proof of custom would depend upon the relevant factors as stated by the Hon'ble Supreme Court and it would not be materially affected by any unilateral declarations by the employer when the said declarations are inconsistent with the course of conduct adopted by it. It is, of course, clear that a claim on the basis of implied terms of employment cannot be made in this case as the Company while making the payment of bonus made it clear that it was an "ex-gratia" payment. The learned representative of the Union urged that the word "ex-gratia" was subsequently written in the Wage Register by the employer. The Wage Register appears to be maintained in the regular course of business and I do not find any reason to hold that the word "ex-gratia" had been subsequently written. In the case of Messrs. Tulsidas Khimji versus Their workmen reported in 1962, I, L.L.J., p. 435, the decision of the Graham Trading Co. had been considered. It was pointed out by the Hon'ble Supreme Court that the circumstances taken into account in the case of Graham Trading Co. are not in the nature of condition precedent and that the decision made in that case should be understood as the basis of consideration of substance and not of form. The claim of customary bonus is connected with a special occasion like a festival, for example, Durga Pujas in Bengal and Diwali in Western India. If the payment be unconnected with a festival, the claim of customary right as to bonus cannot be sustained. In this case, however, the payment was made on the occasion of Durga Pujas.

lence upon consideration of all the facts and :umstances of the case, I hold that the workers re entitled to get Puja bonus as a customary right 1960 and, therefore, the workers in service in)tember 1960 acquired the right to get such bonus. the payment made as advance payment should be ated as payment on account of bonus, not liable be deducted from wages. This decision shall have application so far as Shri Kalipada Biswas and i Kumud Bera are concerned, as they had already the service upon receiving full satisfaction on ir claim.

This is the award.

AWARD

This is an application by Shri J. N. Nath under section 33A of the Industrial Disputes Act complaining against the Company's wrongfully and illegally transferring the complainant from Calcutta to Chandigarh with the ulterior object of isolating him and putting him to hardship for his taking active interest in Union activities at Calcutta. This was done during the pendency of an industrial dispute referred to this Tribunal by Government order No. 1111-I.R./IR/11L-55/61, dated 9th March 1961.

The Company opposed this application and filed a written statement on 2nd June 1962 denying the allegations. However, the workman through its duly authorised agent files an application on 10th July 1962 for withdrawing the complaint on the ground that the dispute has been amicably settled out of court between the parties. It appears that the workman has no longer any complaint or grievance on account of the amicable settlement. The prayer appears to be a bona fide one. So, I direct that the application for withdrawal be recorded, and a "no dispute" award be passed in terms thereof. The application will form a part of this award. The application under section 33A of the Act be disposed of accordingly on the ground that there is no longer any dispute or complaint.

This is my award.

This reference has come before this Tribunal under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department order No. 6260-I.R./IR/11L-461(A)/61, dated the 31st October 1961, for adjudication of the following issue:

Whether Shri Kachimuddin and Shri Ramjan Ali are entitled to any relief for the period of their forced unemployment?

As usual, the parties filed their respective written statement in due course. They also completed all necessary tadbirs, and got prepared for the hearing of the case which was adjourned to 27th June 1962 for hearing of the dispute. On that date the parties came to terms and put in a petition of compromise. The terms of settlement are fair and reasonable, and hence accepted. It was agreed between the parties as per the terms of compromise, that each of the two workmen concerned would get Rs. 200 from the Company in full and final settlement of all their claims against the Company arising out of the dispute and they would have no other claim whatsoever. It was agreed that the said amount of money would be paid to each of the workmen concerned on the following day. In fact, on 28th June 1962, the Company actually made cash payments of Rs. 200 to each of these two workmen who granted separate stamped receipt as tokens of those cash payments. A compromise award is, therefore, passed accordingly. In view of the actual payment of cash of the stipulated money to the workmen concerned, the petition of compromise need not form part of the award.

AWARD

By Order No. 5757-I.R./IR/9L-55/61, dated the 29th September 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Dalmore Tea Estate, P.O. Birpara, Jalpaiguri, and the workmen represented by the Duars Cha Bagan Workers' Union, P.O. Kalchini, Jalpaiguri, regarding the matter specified in the Schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by Notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

1. Whether the dismissal of Shri Rangila Barik is justified? To what relief, if any, is he entitled?

This reference is in respect of an industrial dispute existing between Messrs. Dalmore Tea Estate (hereinafter be referred to as the Company) and their workmen represented by Duars Cha Bagan Workers' Union (hereinafter be referred to as the Union).

The reference was received from the Government on 5th October 1961. As usual, thereafter notices were sent out for service upon both parties, who timely entered appearance and filed their respective written statements and documents. The case was heard and the parties concluded their lengthy arguments.

In short, the Union's case is that Shri Rangila Barik was in service of the Company for about 26 years with a clean record of service, but the Company wrongfully and illegally dismissed him on account of his Trade Union activities and that the said workman was charge-sheeted on some false and malicious ground on 6th of June 1960 and was dismissed from service on the 14th June 1960 in spite of his denial of the charges and without holding proper enquiry and without proper compliance with the provisions in section 13(g) of the Standing Orders of the Company. The said workman was dismissed during the pendency of another industrial dispute regarding dismissal of another workman Sreeman Bhujel before the Sixth Industrial Tribunal without obtaining requisite approval of the Tribunal, and the Company's action in dismissing the said workman was mala fide and in violation of the principles of natural justice and perverse. It was by way of victimisation on account of Trade Union activities of the said workman. Hence, the prayer is for reinstatement of the said workman with incidental reliefs.

The Company has resisted the Union's claim for reinstatement of the workman by denying the allegations made by the Union and by contending that the said workman was rightly charge-sheeted for misconducts, particulars of which are specifically mentioned in the charge-sheet, dated 6th of June 1960, and after a proper enquiry he was dismissed. There was no violation of the principles of natural justice and there was no non-compliance with the provisions of section 13(g) of the Standing Orders. It was not a case of victimisation because of Trade Union activities of the workman. In fact, the workman, as disclosed by him at the time of the enquiry, was not a member of any Union. On proper enquiry he was found guilty of the misconducts and so he was dismissed. There was enough justification for his dismissal.

Decision

The Union examined only one witness, namely, the said workman. The Company examined six witnesses besides numerous documents tendered into evidence.

This is a case of dismissal of a workman by the employer one being found guilty of charges of misconduct in the domestic enquiry that followed the charge-sheet.

In such a case of dismissal for misconduct Industrial Tribunals have only limited jurisdiction and authority to interfere with the order of dismissal passed by the management as a result of findings arrived at a domestic enquiry. [F.L.R. 1961 (III) page 119 and 1961 (II) L.L.J. page 614.] Management of a concern has power to direct its own internal administration and discipline, of course, that power is not unlimited. Industrial Tribunals have been also given some power to see whether the termination of service of a workman is justified, and to give appropriate relief. That power again is limited and confined to the circumstances stated in the decision of the Hon'ble Supreme Court in 1953 (I) L.L.J. 260 and 1961 (I) L.L.J. 511. Industrial Tribunals can interfere only—

(1) where there is want of good faith,
(2) where there is victimisation or unfair labour practice,
(3) where the management has been guilty of basic error or violation of the principles of natural justice, and
(4) where on the materials the finding is completely baseless or perverse.

It has been held by the Calcutta High Court (64 C.W.N. 304) that " * * * before an employee is dismissed from service for misconduct, there will be a managerial enquiry held under the provisions of the Standing Orders, where there are Standing Orders, and in the absence of such orders, according to the rules of natural justice, * * * *." It has also been held in the same decision that "whether there has been a managerial enquiry, and provided that the rules of natural justice have been

observed, and in the absence of any basic error, mala fides, victimisation or unfair labour practice, the conclusion arrived at by the domestic forum cannot be disturbed. The Tribunal in such cases does not sit as a court of appeal and is not entitled to deal with the case, ignorning the proceedings before the domestic forum and the conclusions arrived at by the enquiring officer. If the evidence given at the managerial enquiry, if believed, justifies the conclusion arrived at, then there should be no interference on the ground that the Tribunal itself would like to arrive at a different conclusion."

In another case (1960 Vol. II, L.L.J. 484) it was held by the Andhra High Court that the degree of proof required being only a prima facie case and not a case proved to the hilt. The test is whether it was possible to arrive at the conclusion reached by the management on the evidence.

That being the legal position, it may be seen in the facts and circumstances of the present case if the order of dismissal is justified or not and if any interference by the Tribunal is called for.

The Union attacked the Company's order of dismissal mainly on twofold grounds. Firstly, on the ground of violation of the principles of natural justice, in as much as the Manager who submitted the charge-sheet also held the domestic enquiry. So, it was urged, he being the prosecutor, ought not have been the Judge to award the punishment on his own finding on the charges of misconduct. But it should be remembered that it is not an enquiry by a Court but it is a departmental enquiry according to the rules of the Standing Orders of the Company. Here the Manager did not act as a judge and a witness. He did not import any personal knowledge of his in arriving at the finding but the charge-sheeted workman having admitted before him his guilts, the Manager found him guilty of the charges levelled against him. There is nothing in the evidence to show that the Manager acted with a biased mind. No suggestions have been thrown while he was being cross-examined by the Union. It is well-settled that such enquiry be made under the provisions of the Standing Orders. Admittedly the Company has certified Standing Orders (Ext. H), clause 13 of which clearly authorises the Manager of the garden to hold such an enquiry as expeditiously as possible and to take appropriate action. In this case it was done strictly in accordance with the Standing Orders. Therefore, when the enquiry was made by the Garden Manager in accordance with the Statute, I believe, no valid objection can be taken to the managerial enquiry.

Then again, it has been contended on behalf of the Union that the charge-sheet was bad and defective in as much as there is no mention of the clause of the Standing Order. This is again an unsubstantial contention. The charge-sheet, Ext. D, shows that the offences have been clearly and elaborately mentioned in the charge-sheet. It is also specified in the charge-sheet that these are offences under the Standing Orders in force on the estate. In clause 13(c) of the Standing Orders (Ext. H) are specified the acts and omissions constituting misconduct. Existence of the Standing Orders is not disputed or denied by the workman who was admittedly previously charge-sheeted (vide Ext. A) just a few months before the present charge-sheet (Ext. D) and on being found guilty of the charge received severe warning on 9th March 1960 (vide Ext. B) and his signature Ext. B/1 appears on the warning notice, Ext. B. Therefore, this objection of the Union in my view is without any substance.

The concerned workman Rangila Barik was charge-sheeted on 6th June 1960 immediately following the occurrence and the charge-sheet was handed over to him on the very same date. He received the charge-sheet by putting his signature (Ext. C) on copy of the charge-sheet (Ext. D). He admits in his evidence that the Manager at the time of handing over the charge-sheet to him told him that he would hold the enquiry from 10th June 1960 as mentioned in the charge-sheet, Ext. D. He was also informed the time of holding the enquiry as admitted by him. So, the workman was given every opportunity to defend his case but he made a full confession of his guilt before the enquiring officer in presence of three witnesses whose signatures appear on the proceedings of the enquiry (Ext. E). Two of them D.Ws. 3 and 6 gave evidence before the Tribunal and they have corroborated the fact that the workman Rangila Barik had confessed his guilt before the enquiring officer Mr. Rutherford (D.W. 5). The third witness Mr. Booth, who was at the relevant time Assistant Manager of the garden, is no longer in service. So, he was not available for giving evidence. It is clear from the evidence of D.Ws. 3, 5 and 6 that the charge-sheeted workman admitted his guilts at the time of the domestic enquiry. There is nothing to show that the confession was as a result of undue influence, or inducement or threat. The workman does not say so. On the contrary, he admits his signatures (Exts. C/3 and C/4) in the enquiry proceedings (Ext. E). He also admits to have attended the enquiry on the 10th of June 1960 at 3 p.m. which was the time fixed for the enquiry and of which he was duly informed. He attended the enquiry alone and did not take any witness with him. He also admits before the Tribunal that he did not inform the Manager that he was a member of any Union or he would like to be represented by a representative of the Union. The workman claims to be a member of Duars Cha Bagan Workers' Union but he does not say that this fact was known to the Manager or any other officer of the garden. D.W. 5 Mr. Rutherford, who is the Garden Manager, denies any knowledge of the workman's becoming a member of that Union. He says that he had no occasion to know that the workman Rangila Barik was at all a member of any Union. He was serving as Manager of the garden from April 1960 and before that he acted as Assistant Manager from October 1959. During this period he had no opportunity to know the workman Rangila Barik as a member of any Union. The workman himself admits that he also did not inform the Manager that he is a member of the Duars Cha Bagan Workers' Union. There is also no satisfactory evidence to prove his membership of the Union excepting that his cause has been taken up by the said Union. There is no knowing when he became a member of the said Union. He has not produced any paper to satisfy on this point. No Union official gave any evidence on this point. Therefore, there is no evidence to remove the doubt about his alleged membership of the Union on or before the relevant date of the domestic enquiry held on 10th of June 1960. It clearly appears from the evidence of D.Ws. 3, 5 and 6 that the workman was given opportunity of being represented by the

Union but in reply he categorically told the enquiring officer that he was not a member of any Union. Of course, in a domestic enquiry unlike in an enquiry in court of law, very simple questions of fact as to whether certain acts of misconduct were committed by a workman or not only fall to be considered and there is no rule framed by the Government as regards the procedure to be followed by the Companies in enquiries against their employees. On these grounds it was held by the Hon'ble Supreme Court [1960 (II) L.L.J. 228] that a workman against whom an enquiry is being held by the management has no right to be represented at such enquiry by a representative of his Union though, of course, an employer in his discretion can and may allow his employee to avail himself of such assistance. In the present case question of such representation did not arise because of the workman's categorical statement that he was not a member of any Union.

Similarly the question of violation of the provisions of clause 13(g) of the certified Standing Orders does not arise as the workman was not a member of any Union at that point of time. So, there was no violation of the principles of natural justice in the matter of conducting the managerial enquiry. It was a fair and proper enquiry. There is, of course, no evidence separately recorded by the Garden Manager in view of the workman's clear admission of the guilt before him and in presence of three witnesses. Two of the witnesses (D.Ws. 3 and 6) gave evidence before the Tribunal and the third witness Mr. Booth is not available as he is no longer in service of the Company. The enquiring officer himself also gave evidence before the Tribunal. He is D.W. 5. D.W. 3 and 6 have corroborated the fact of the workman's admission of the guilt before the enquiring officer. Witnesses were called and kept ready for the enquiry as will appear from the evidence of other D.Ws. The evidence of the enquiring officer (D.W. 5) and the two witnesses (D.Ws. 3 and 6) who were present at the enquiry are found to be satisfactory and reliable. On the other hand, evidence of the workman P.W. 1 Rangila Barik is thoroughly unsatisfactory in view of the fact that his evidence is full of contradictions and inconsistencies specially in reference to his own statements made in his petition Ext. F (English version of which is marked Ext. F/1). The workman who reported the occurrence and who are eye-witnesses have also deposed before this Tribunal. They are: D.W. 1 Kaila Baman, D.W. 2 Adhikari Chetri and D.W. 4 Bhurunga Sardar. The charges levelled against the workman Rangila Barik have been clearly proved and established by the evidence of these eye-witnesses apart from the workman's own admission before the enquiring officer Mr. Rutherford. There is no reason to disbelieve the evidence of these workmen. No motive has been assigned against them. They are not members of any Union. They have no reason to falsely implicate Rangila Barik who was a co-workman. Therefore, I have no hesitation to conclude that there was justification for the order of dismissal against the concerned workman.

The other ground urged by the Union is that a proceeding was pending before the First Labour Court. That court was abolished and replaced by the Sixth Industrial Tribunal, and the proceeding that was pending before that Tribunal was relating to dismissal of another workman Sreeman Bhujel at the relevant time when there was the impugned order of dismissal against the concerned workman Rangila Barik. So, the Union's contention is that the Company ought to have obtained approval of the Tribunal as required by the provisions of section 33 of the Industrial Disputes Act, 1947. In absence of the requisite approval, the order of dismissal is bad and cannot be sustained. Admittedly at the relevant time the proceeding was pending before the First Labour Court in connection with the dismissal of another workman Sreeman Bhujel. It is also admitted by P.W. 5 Mr. Rutherford that no application under section 33(2)(b) of the Industrial Disputes Act, 1947, was filed seeking approval of the action taken against the present workman Rangila Barik by way of his dismissal from service. So, there was contravention of the provisions of section 33 of the Industrial Disputes Act. It was, therefore, open to the said workman Rangila Barik to lodge a complaint in writing under section 33A of the Industrial Disputes Act, 1947. A complaint under section 33A of the Industrial Disputes Act, 1947, is as good as a reference under section 10 of the Act and the Tribunal has all the powers to deal with it as it would have in dealing with a reference under section 10 of the Act. There was no complaint under section 33A of the Industrial Disputes Act lodged by the workman Rangila Barik but instead there has been a reference under section 10 of the said Act at his instance. However, the position cannot be different when a reference is made to the Tribunal under section 10. It has been held by the Hon'ble Supreme Court (A.I.R. 1960 Supreme Court 160) that "what is true about the scope of enquiry under section 33A is fortiori true in the case of an enquiry under section 10." It was further held in that case that "in an enquiry under section 33A, the employee would not succeed in obtaining an order of reinstatement, merely by proving contravention of section 33 by the employer. After such contravention is proved, it would still be open to the employer to justify the impugned dismissal on the merits. That is a part of the dispute, which the Tribunal has to consider — because, the complaint made by the employee is treated as an industrial dispute, and all the relevant aspects of the said dispute fall to be considered under section 33A. The enquiry under section 33A is not confined only to the determination as to whether the alleged contravention by the employer of the provisions of section 33 has been proved or not - and there can be no doubt, that if under a complaint filed under section 33A, a Tribunal has to deal not only with the question of contravention, but also with the merits of the order of dismissal."

Therefore, in such a case two points are to be considered:

(1) the fact of contravention, and

(2) the merits of the order of the employer.

In the present case it has been found that there has been contravention of the provisions of section 33 in as much as the Tribunal's approval was not obtained by the Company of the action taken against the workman Rangila Barik. As regards the other point it has already been found that the Company is justified on the merits to order dismissal of the workman Rangila Barik as he was found guilty of the charges of misconduct. At the domestic enquiry the workman Rangila Barik admitted his guilts and thereupon he was found guilty of the charges levelled against him. Apart from the domestic enquiry there

are also sufficient evidences before this Tribunal to hold that the said workman was guilty of both the charges levelled against him. There is evidence of the eye-witnesses and there is nothing to disbelieve the evidence of those eye-witnesses who are other co-workers. So, he is found guilty of the charge of theft of the employer's property. He is further found guilty of the other charge of absence from work without permission. As regards the second charge it has been held by the Hon'ble Supreme Court in the case of Burn & Co. Ltd. reported in A.I.R. 1959 Supreme Court 529 that "absence of a workman without permission and without application from the same amounts to gross violation of discipline entailing dismissal from service. A workman on duty must obtain permission for going out." Therefore, the Company's action against the said workman has been found justified on merits. The second point having thus been found in favour of the employer, the contravention of the provisions of section 33 of the Industrial Disputes Act may be regarded as a technical breach as has been observed by the Hon'ble Supreme Court in the case reported in 1958 (I) L.L.J. 793. Therefore, the second contention of the Union also does not prevail.

In the result, the concerned workman Rangila Barik is not entitled to any relief. The order of his dismissal by the Company is found justified.

This is my award.

Whereas under the Government of West Bengal, Labour Department, order No. 5867-I.R./IR/8L-14(C)/61, dated the 7th October 1961, read with its corrigendum No. 7816-I.R./IR/8L-14(C)/61, dated the 16th December 1961, the industrial dispute between Messrs. Kesoram Cotton Mills Ltd., 42 Garden Reach Road, Calcutta-24, and their workmen represented by Garden Reach Textile Workers' Union, Q77 Akra Road, Calcutta-24, regarding the issues mentioned in the said order, being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Second Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Abdul Hamid, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had discharged the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act filed by one Shri Abdul Hamid of 473 Meherullah Sah Darga Lane, Calcutta-18, an employee of Messrs. Kesoram Industries and Cotton Mills Ltd., 42 Garden Reach Road, Calcutta-24, against the aforesaid Company. (Case No. 100 of 1961 under section 33A of the Act.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present
Shri P. C. PAL, Judge, Second Industrial Tribunal.

Present for the Company: Shri S. K. Bose, Counsel.

Present for the workmen: Shri Arun Sen, an officer of the Union.

This is an application under section 33A of the Industrial Disputes Act, 1947, in relation to Government order No. 5867-I.R., dated the 7th October, for reinstatement of the applicant to his original job with full compensation for the period of forced unemployment. In view of the decision I am going to pass in this case, it is not necessary to state the facts alleged by the parties in this case. After notice of this application to the Company, the letter put in its own detailed written statement. The matter was next adjourned to 29th June 1962 for hearing. On that date the Union, which represents the workmen concerned, filed a petition praying for withdrawal of the application filed under section 33A. The prayer was considered and allowed. The result is that a 'no dispute' award is passed accordingly in this case.

Dictated and corrected by me.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri Jagannath Pandey, President, and Shri Ram Chandra Singh, Secretary.

For the Company: Shri K. K. Maitra, Advocate.

An industrial dispute between Messrs. Krishnalal Thirani & Co. Ltd., 125 B. T. Road, Calcutta-35, and their workmen represented by the Krishnalal Thirani & Co. Employees' Union, 7-B Rani Rashmoni Road, Calcutta-13, over the following issues, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 5792-I.R./IR/10L-99/61, dated the 3rd October 1961.

Issues

1. Whether the termination of services of the workmen (as per list attached) is justified? To what relief, if any, are they entitled?
2. Whether the refusal of employment to the following workmen is justified? To what relief, if any, are they entitled?

(1) Shri Dalbir Singh, (2) Shri Debanand Misra, (3) Shri Ramfir, (4) Shri Bally Jadav, (5) Shri Baban Singh, (6) Shri Dal Singar Jadav, (7) Shri Pannalal Chowdhury, (8) Shri Jaipat Harijan, (9) Shri Suraj Bali Yadav, (10) Shri Shivanath Jadav, (11) Shri Sunil Dey, (12) Shri Hemraj, (13) Shri Baboo, (14) Shri Deoki, (15) Shri Ramjeet and (16) Shri Nagoo.

AWARD

Upon receipt of the order of reference, notices were issued upon the parties for appearance and for filing written statements.

The workmen represented by the Krishnalal Thirani & Co. Employees' Union (hereinafter referred to as the Union) filed the written statement on 12th January 1962 duly signed and verified by Shri Jagannath Pandey described as the President of the aforesaid Union. It appears that the workers of this industry were previously members of the National Union of Engineering Workers, which was an industry-wise Union. After that in the later part of 1959 this Union was formed. The workers through that Union placed a charter of demands before the Management on 14th February 1961 when the Management took no step. The Union then sought for the intervention of the Labour Directorate for an early settlement. Thereafter the employer terminated the services of as many as 31 workmen in the month of April 1961. The matter of dismissal of so many workers was resented to by the Union. There were also other disputes relating to dismissal of some workers, suspension of 19 workers and lay-off of a large number of workers in Grinding Section. Finally at the intervention of the Labour Directorate a settlement was effected on 10th July 1961. There was a serious troubles in the factory on 2nd August 1961 when the Company introduced a large number of outsiders in the disguise of fresh recruitment. As a result of disturbances two workers were murdered. A large number of workers were then arrested by the police.

It is further urged by the Union that the Company refused employment to 16 workers as mentioned in the issue No. 2 of the Order of Reference even though they reported for duty daily. The dispute regarding termination of service of the workmen in the month of April 1961 and the refusal of employment of 16 workers was taken up for conciliation by the Labour Directorate and when all attempts for settlement failed, the dispute was referred to this Tribunal for adjudication. The Union alleges that the entire action of the employer with respect to these workmen was arbitrary, illegal and unjust.

Messrs. Krishnalal Thirani & Co. Ltd. (hereinafter referred to as the Company) then filed the written statement on 19th February 1962. It is contended by the Company that all these 31 workmen were either purely casual or temporary workmen and therefore their termination of service was done in accordance with law. Regarding the other 16 workmen as referred to issue No. 2, it is alleged that these persons did not turn up for work in the factory in spite of series of letters written to them and so these workmen by their own conduct did forfeit their lien on Company's employment. It is further alleged that Shri Nagoo, whose name appears as serial No. 16 in issue No. 2, voluntarily resigned and took payment of his dues.

At the time of hearing from the side of the Company four witnesses, viz., Shri B. L. Arukrea, General Manager, Shri Tarachand Balaswaria, Works Manager, Shri M. P. Marda, Time-Keeper and Shri Mulshing, the Durwan of the factory, had been examined. On the other hand, the Union examined Ram Chandra Singh, the General Secretary of the Union, and six other workmen who are involved in this dispute. Besides, both the parties proved a

large number of documents which are marked as exhibits in this case. I would refer to the evidence, oral and documentary, as and when necessary in course of my adjudication.

Before entering into the merits of the dispute betwen the parties as covered by two issues referred to for adjudication, it is necessary to state, in short, some broad outlines of the case which are relevant for the purpose of appreciation of the merits of the dispute.

This Company is an engineering concern, the factory of which is situated at 125 Barrackpur Trunk Road. The factory is about 21 years old. It has got two departments- (i) Emery Department and (ii) Grinding Wheel Department. The Union representing the cause of the workmen was formed in November/December 1959. The Union submitted the charter of demands on 14th February 1961 demanding increase in wages, better leave facilities, profit bonus, etc. (vide Ext. 1). As the Company did not take any action regarding the demands, the Union wrote to the Labour Directorate on 16th March 1961 praying for intervention of that Directorate (vide Ext. 2). In the charter of demands, Ext. 1, amongst other demands in paragraph 7, it was demanded that every worker must be confirmed after three months of service under the Company. The conciliation proceedings thus commenced before the Labour Directorate. According to the evidence of Shri Ram Chandra Singh, the General Secretary of the Union, the Company did not attend the joint conferences called by the Labour Directorate for the purpose of settlement of the dispute regarding the charter of demands. As such, on the 5th May 1961, the Union wrote to the Assistant Labour Commissioner pointing out the indifferent attitude taken by the Management and mentioning at the same time that the Management had discharged nearly 50 workers from 29th April 1961 to 2nd May 1961 and for that the work-load of the workmen in service got increased (vide Ext. 4). Then on 11th May 1961 the Union again wrote to the Assistant Labour Commissioner pointing out that the workers were greatly discontended because of the extreme delay in arriving at a settlement of the long-standing dispute. In that letter it was pointed out that the Company had vindictively charge-sheeted some workmen. In that letter it was also pointed out that the workers would be compelled to decide upon taking some other course for redress to their grievances. This, in my opinion, is a threat to start direct action. It appears tfrom the evidence that the workers of the Emery Section started a stay-in strike from 11th May 1961, i.e., on the very date the letter in Ext. 5 was written by the Union. Strike continued for about two months, i.e., up to 10th July 1961. It is alleged by the Company that the workers resorted to a "go-slow" tactics before the strike and for that certain ring-leaders of the workmen had been charge-sheeted and suspended. It is not however clear from the evidence as to what was the specific reason of the workmen to start such strike on 11th May 1961. According to the version of the Union the Company charge-sheeted as many as 19 workers between 29th April 1961 and 15th May 1961 and at the same time refused employment to as many as 82 workers. The Company, it is alleged, laid-off nearly 54 workers on 16th May 1961. The Company in the situation declared lock-out on 27th May 1961. It appears that the dispute arising over "go-slow" and the "strike" following the disciplinary acti taken by the Management against certain workm had been finally discussed with the parties in tripartite conference held by Shri S. N. Chatterj Deputy Labour Commissioner, on 6th July 1961 a as a result of the same a settlement was made 6th July 1961 whereby the Union agreed to call the strike and the Company agreed to allow the la off workmen to resume work by batches. One the terms of the settlement was that the Compa would proceed with the departmental enquiry against those 18 charge-sheeted workmen who h since been suspended and they were allowed resume work. Thus the strike came to an end a the work at the factory restarted. The Compa produced a statement of the actual production do in one of the departments of the Emery Section fr 12th July 1961 to 15th July 1961 to indicate t even after the end of the strike the workers did give normal production (vide Ext. K) and thi continued to proceed in that way. After that on 2nd August 1961 there was serious trouble in nature of a rioting inside the factory as a result which two of the Durwans of the Company lost th lives. The police had been immediately inform and about 50 persons had been arrested and a c under section 302, I.P.C., had been started by police. That case is still pending. I am concerned in the scope of this reference case to g my opinion as to which persons had been responsi for the trouble which culminated in murder of Durwans. Obviously, the broad facts stated ab indicate that the relation between the workers a the employers had been extremely strained from early part of 1961. In the background of th circumstances it has got to be seen how far action of the employer in terminating the servi of 31 workmen as referred to issue No. 1 and refusal of employment of 16 workmen as mentio in issue No. 2 had been justified.

Issue No. 1

The case of the Company is that none of 31 persons was permanent worker and that t were either purely casual or temporary workers that their services had been dispensed with as t were found surplus to the requirement. T Company at the time of hearing produced Attendance Cards for 23 out of these 31 workn [vide Ext. 0 to 0(22)]. Admittedly these cards given to temporarily workers for the purpose noting their attendance. There is no dispute betw the parties that all these thirty-one work possessed cards meant for temporary work regarding which the Company produced 23 out 31 cards.

These workmen who had been treated temporary workmen by the Company did not en any facilities as to leave, holidays, bonus or ot amenities which the permanent workers were entit to get. The Company submitted a statement, Ext in order to show that these workmen had worl for a few months under the Company. In the st ment the months of recruitment of these 31 wo men and the months in which the termination their services took place had been given. It appe from that list that out of these 31 workmen, 16 h been discharged in the month of April 1961, five the month of May 1961 and seven in the month March 1961. The remaining three workers had b dismissed one each in the month of October 19

ecember 1960 and January 1961. The contention the Company is that these workers had been ppointed to do purely casual or temporary job for specified period and, as such, under the terms and onditions of service, the services of these workmen could be lawfully terminated at any time without assigning any reason whatsoever. From the vidence of O.P.W. 2, Shri Tarachand, it appears that he Management decide at the time of making ecruitment of workers as to whether they are being aken as against permanent post or as against emporary vacancy, and that the workman so ecruited is informed about the same. It however ppears from the evidence of the General Manager of the Company that all workers who are recruited ither as casual worker or as temporary worker ecome permanent after they had in service for six months. It is contended by the Union that the Company with ulterior motive, in order to deprive the workmen, the rights and privileges that they would be entitled to enjoy, on being permanent, after putting in six months of service, creates a break, in he continuing of service of the workmen, by lischarging them, before completion of six months nd again appoint them 2/3 days after to make a how of fresh recruitment. It is thus alleged that hese workmen had actually put in three or four ears of service under the Company and that a break n the period of their service had been artificially reated by the introduction of the special form of cruitment, which a workman is compelled to sign if a fresh appointment was being made with spect to that workman. P.W. 2 Shri Amar Nath orker in serial No. 6), P.W. 3 Shri Ramdhari orker in serial No. 25) and P.W. 4 Shri Mati Lal orker in serial No. 7) deposed to speak about such ıfair practice followed by the Company. They all ated that they had put in three or four years of rvice under the Company and such intermittent tificial breaks in service had been wrongfully caused order to deprive them of the benefits attached to e permanent workers.

The Company in the written statement alleged that ese 31 workmen were purely casual or temporary orkers. Naturally, therefore, it follows from the sertion of the written statement that some of the orkers were in the nature of casual workmen while ıe rest were categorised as temporary workmen. is not however mentioned in the written statent how many amongst those were workmen fell in ther of the two categories according to the assification of the workmen concerned. It is also ot stated what was the basis followed by the ompany for treating some workmen doing normal neral duties as temporary or casual workmen. It clear from the evidence adduced by the Manageent that there is no principle followed by the mployer in the matter of treating a workman as sual worker or as a temporary worker. Shri rukrea, the General Manager of the Company, in evidence made confused statement and he could t give any idea as to how and for what reason a orkman is treated as casual worker or as a mporary worker. There is wide difference as etween a casual worker and a temporary worker rising from the nature of appointment made by an mployer to get service from the workman. Shown e two current Attendance Registers, Exts. D and (1), Shri Arukrea could not say which of the orkers whose names are borne in those registers e temporary and who are casual and who are permanent. It is however clear from the evidence that there is no distinction made by the employer regarding classification of casual worker or as a temporary worker as Shri Arukrea clearly stated that all workers either temporary or casual become automatically permanent after they had put in six months of service under the Company. According to the classification of the workmen as shown in the Certified Standing Orders followed by this concern, it appears that "temporary workmen" mean those who have been appointed for a limited period for work of a temporary nature or which terminates at the conclusion of specific contract or undertaking or who are temporarily employed as additional workmen in connection with a temporary increase in work of a permanent nature or for other reason. Bearing in mind this definition of "temporary workmen", it has got to be noted that there is no evidence to show that these persons were appointed for doing work of an essentially temporary nature or in connection with a temporary increase in work of a permanent nature or for execution of a specific contract or undertaking of the employer which was liable to be concluded within a limited time. The entire case of the employer is built up on the assertion that a workman who is designated as a temporary workman can be discharged at the will of the employer without assigning any reason whatsoever. I would at once say that so long as the employer cannot show that the workmen had been recruited for doing a job which was essentially of a temporary nature, the mere description of a workman as a "temporary workman" cannot be said to be sufficient to treat the said workman in fact as a temporary workman. Besides, even when a temporary workman is discharged, some reason is to be assigned by the employer as to why and how the termination of service took place. The Company at the time of hearing wanted to make out a case that the services of these workmen had been terminated by way of retrenchment as they were found surplus to the recruitment on account of the situation arising from shortage of supply of electric power. Shri Arukrea in his deposition stated that majority of these workmen had been discharged on account of such power shortage which started from early part of April and continued up to last week of May. Some evidence had been led by the Company to prove power shortage in order to justify the action as to termination of service. It appears that the Management issued a notice on the 18th April 1961 informing the workers that on account of shortage of supply in electric power the department would run from 8-30 a.m. to 5-30 p.m. with one hour recess from 12 noon to 1.00 p.m. Shri Arukrea categorically stated that except for such curtailment of working hours as indicated in the notice, Ext. F(1), no other measure would taken by the employer to meet the situation. Nothing could be shown by the employer to establish a case of retrenchment even at this stage. In fact, in a situation arising from shortage of power the employer might find it difficult to give full employment for the normal working hours to the workmen and the law provides that in such a situation there may even be a "lay-off" of the workmen. In an emergent situation arising from shortage of power likely to last for a short period, there might be voluntarily unemployment for the workmen. But that cannot give rise to an occasion for effecting termination of service of the workmen. In this connection it has got to be noted that the

employer did not make out a case in the written statement that these workmen had been discharged by way of retrenchment on account of a situation arising from shortage of electric power. It is contended by the Union that the entire action of the employer was mala fide as would be evidenced from the fact that fresh recruitment had been made by the Company at the very time when these workmen had been discharged. The allegation virtually stands proved by admission. Shri Arukrea stated in the cross-examination that the Company recruited about 40 workers in the months of April and May 1961. He, of course, subsequently stated that the Company recruited seven workmen in April and four workmen in May 1961. It remains completely unexplained as to why such new recruitment had been made in those two months when the so-called retrenchment of as many as 21 out of 31 workmen took place.

The Company produced Employment Contract Forms for casual workers with reference to these 31 workmen which are marked as Ext. A series. It appears that in those contract forms it had been mentioned that the appointment was being made as against purely casual job. But as already stated, the Company at the time of trial virtually gave up the contention that these workmen were casual workers. It was sought to be made out by the employer that the workmen were classified as temporary workers on the basis of attendance cards. The mere classification of a certain workman as a temporary workman in a particular contract form does not automatically give rise to an inference that the worker, in fact, was a temporary worker. It is necessary by the employer to prove by evidence that the designation given by the Company as temporary workman is consistent with the nature of work and the type of job which such workman under the terms of engagement had been expected to perform. The jurisdiction of the Industrial Tribunal is invoked not for the enforcement of mere contractual rights but for preventing labour practices regarded as unfair and for restoring industrial peace on the basis of collective bargaining. The Union made complaints against such unfair practice and wanted to get for the workmen a measure of security in service. The old principle of the absolute freedom of contract and the doctrine of laissez faire have yielded place to new principles of social welfare and common good for the purpose of creating safeguard against unfair methods adopted by the employer and for the guarantee of equitable and social justice in favour of the workmen. The facts and circumstances of the case clearly indicate that the Company had followed an unfair practice asking a workman to sign a contract form for employment, and then took recourse to terminate the services of workmen so appointed, after a few months before he completed six months' service, and again reappointed him a few days after so that a workman could be debarred from getting the status of a permanent workman and enjoy the benefits arising thereof. In these considerations I hold that the termination of services of these workmen was unjustified. It appears from the evidence that two out of thirty-one workmen, viz., Shri Bachu (serial No. 12) and Shri Saraj Kr. Sarkar (serial No. 23), had been taken back in service in the month of August and September 1961. In view of the fact that these two workmen had been taken back in service, no relief in their favour is called for. The rest of the workmen, numbering 29, as mentioned in the list in the order of reference are directed to be reinstated within a month from the date of publication of this award in the official gazette on the basis of a simple application filed by each of them either individually or through the Union to the Company within the month from the publication of this award. Considering the circumstances of the case I do not think that the employer should be saddled with the liability as to payment of wages for the period these workmen had been kept out of employment by the employer. The employer Company shall have no obligation to reinstate such workmen who fail to submit such application just signifying his willingness to join and present themselves at the factory in terms of the above directions.

Issue No. 2

The case of the Company is that these sixteen workers as said to have been refused employment by the Company did not report for duty since 3rd August 1961 in spite of repeated notices issued by the Company asking them to resume work and, therefore, the Company took it that they had left their services voluntarily of their own accord. It is further alleged that attention of these workmen has been specifically drawn to the provisions of the Standing Orders regarding termination of service, in case of absence without leave or permission. As for workman Shri Nagoo (serial No. 16) the Company produced his letter of resignation. I have already stated that there had been serious outbreak of violence in the factory on the 2nd August 1961, as a result of which two of the Durwans of the Company lost their lives. It appears from the evidence that the police arrested 56 workmen in connection of that trouble and a criminal case under section 302, I.P.C. and other sections of I.P.C. is still pending. The Company issued a notice on the 3rd August 1961 asking the workmen to resume work immediately as the factory could not be kept idle in that stage for an indifinite period (vide Ext. H). Similar general notice was issued at the factory on the 5th August 1961 drawing attention to the prior notices, to the effect that the workers must present themselves for duty on or before 10th August 1961 as otherwise it would be deemed that they had left the services voluntarily. A similar notice was issued on the 7th August 1961 asking absentee workmen to report for their duty on 10th August 1961. All these notices are marked as exhibits in this case. The Company in their letter, dated 11th August 1961, informed the Labour Directorate that a number of workmen had been willfully absenting from work without permission or leave or information although notices had been posted on several occasions calling them to resume their duties (vide Ext. J). Thereafter, on the 16th August 1961, the Company sent registered letters to all these 16 workmen asking them to resume work within three days as otherwise their names would automatically be struck-off from the Company's roll. It appears that out of these 16 registered letters issued to the workmen, three had been received by the workmen concerned and 13 had been returned by the postal authority with endorsement as refused in some cases, left in some other and not claimed in a few. The version of the Company is that these workmen did not report to duty as they were afraid that they might be arrested by the police on connection with the trouble created in the factory. I am satisfied from the evidence that positive intimation had been sent by the Company to the workmen concerned to resume duty. For the

side of the workmen, three out of sixteen had been examined. Their version is that they reported to their duty as usual but that the employer did not permit them to resume work. It appears that an allegation as to lock-out by the Company had been made by the Union to the Labour Directorate. But at the same time the Company at once refuted the allegation (vide Ext. J). The simple question here is that whether the workmen had been refused to resume work by the employer or that they voluntarily refrained from reporting to duty. Both the parties adduced oral evidence to support their respective contentions. It however appears that no complaint had been made by the Union or by the workmen concerned before 30th August 1961 that these workmen had not been allowed to resume work. Obviously, after the incident of 2nd August 1961, there had been a large-scale arrest of workmen. Police was naturally in search of the persons who were responsible for the murder and the rioting inside the factory. It is abundantly clear from the evidence that the workers did not report to duty since 3rd August 1961. There are reasons to think that some of the workers considered it unsafe to report to duty in such a situation when they were exposed to the risk of being arrested by the police. The contention of the Company is that these workmen did not actually report to duty as they considered it unsafe to come to the factory at that time when police had been arresting workers in connection with the trouble. Certainly the employer cannot take any notice of such an attitude of the workmen. It was clearly the bounden duty of the workmen to carry on the work as usual. Besides, the employer cannot certainly be expected to keep the door open to workmen to resume work at any time they choose after the disturbance of the 2nd August 1961. It is clearly provided in the Standing Orders of the Company that a workman who absents from work without permission for more than 10 days shall be deemed to have left the service of the Company on his own accord resulting in termination of his service. There is no doubt that the Standing Orders form a part of the contract between the Management and every one of its employees and, as such, it takes the place of Service Rules as operating in the case of Government servants. Both the parties are bound by the terms of the Standing Orders. Considering the facts and circumstances of the case in light of probabilities, I am inclined to accept the version of the employer that these workmen absented themselves from duty without permission from the 3rd August 1961 and that the employer took all steps inviting the workmen to report to duty and that the employer took recourse to the provisions of the Standing Orders in terminating their services with effect from the 21st August 1961. The position therefore is that the employer stood under no obligation to allow the workers to resume work when under the Standing Orders their services had already got terminated. These workmen are not entitled to get any relief.

This is the award.

NOTIFICATIONS

No. 5091-W.T.—8th August 1962.—In exercise of the power conferred by sub-section (1), clause (f) of sub-section (2) of section 41 and clause (1) of sub-section (2) of section 70 of the Motor Vehicles Act, 1939 (4 of 1939), the Governor is pleased to make the following amendment in the Bengal Motor Vehicles Rules, 1940, published with notification No. 1930-PL., dated the 21st September 1940, at pages 2655-2829 of Part I of the "Calcutta Gazette" of the 10th October 1940, as subsequently amended (hereinafter referred to as the said rules), namely:—

Amendment

After rule 36 of the said rules, insert the following new rule, namely:—

"36A. **Inspection of Motor Vehicles:** (a) The registered owner of every motor vehicle which is older than fifteen years from the date of its first registration and in respect of which no certificate of fitness is required under section 38 of the Act, shall make an application in writing to the Inspector of Motor Vehicles in whose functional area the vehicle is kept, not less than thirty days before the expiry of the period for which the tax in respect of the vehicle was last paid under section 6 of the Bengal Motor Vehicles Tax Act, 1932, for inspection of the vehicle every year, and shall produce the vehicle for inspection on such date and at such time and place as the Inspector of Motor Vehicles may appoint upon a reasonable notice.

(b) The Inspector of Motor Vehicles shall carry out thorough inspection of the brakes, steering, lights and other mechanical parts of the vehicle and if upon such inspection, the Inspector of Motor Vehicles has reasons to believe that the motor vehicle is in such a condition that its use in a public place would constitute danger to the public, or that it fails to comply with the requirements of Chapter V of the Act or Chapter V of these rules, he may, after giving the owner an opportunity of making any representation as required under sub-section (1) of section 33 of the Act, suspend the certificate of registration under the said section until the defects are remedied to his satisfaction.

(c) The Inspector of Motor Vehicles shall record in the certificate of registration of the vehicle, the date of inspection and his remarks thereon.

(d) The fee for inspection shall be Rs. 5 and shall accompany the application referred to in sub-rule (a)."

No. 5196M.3R-1/61.—18th August 1962.—In exercise of the power conferred by section 44 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to make the following amendments in the West Bengal Municipal Election Rules, 1960, published with notification No. 5060M, dated the 20th May 1960, at pages 1187 to 1206 of Part I of the "Calcutta Gazette" of the 25th May 1960 hereinafter referred to as the said rules), after previous publication as required by sub-section (1) of section 505 of the said Act, namely:—

Amendments

In the said rules—

1. for rule 3, substitute the following rule, namely:—

"3. The District Magistrate shall issue an order in writing fixing the date—

(a) (i) for a general election under sub-section (3) of section 24 of the Act, at least seven months before the expiration of the term of office of the Commissioner or Commissioners under sub-section (1) or sub-section (5) of section 56, as the case may be;

(ii) for a general election under clause (b) of sub-section (2) of section 554 of the Act, at least seven months before such election; and

(b) for any other election (including a bye-election), not being an election referred to in section 24A, as soon as possible on each occasion, but at least 50 days before any such election.";

2. after rule 3, insert the following new rule, namely:-

"3A. The District Magistrate shall communicate the date fixed for any election to the Chairman who shall forthwith publish the same in the manner prescribed by section 507 of the Act.";

3. In rule 4, in sub-rule (1), omit the words "under rule 3";

4. In rule 6, in sub-rule (1), omit the words "of sub-rule (1)"; and

5. In rule 18, in sub-rule (1), for the words "section 24 and clause (ii)" substitute the words "section 24, section 24A and clause (b)."

6. In rule 27 of the said rules, for sub-rule (4), substitute the following sub-rule, namely:

"(4) The Election Officer shall appoint a Presiding Officer for every polling centre and shall, where there are two or more polling centres in one ward, declare the Presiding Officer of one of such polling centres to be the Chief Presiding Officer for that ward. The Election Officer shall also appoint such other persons as he thinks fit (hereinafter referred to as Polling Officers) to assist a Presiding Officer and may appoint additional polling officers during an election, if necessary."

7. For rules 41 and 42 of the said rules, substitute the following rules, namely:

"41. (1) On the conclusion of the poll at a polling centre of a ward having only one polling centre, the Presiding Officer, shall, with the assistance of Polling Officers, forthwith open the ballot box and scrutinise the votes in accordance with rule 42.

(2) On the conclusion of the poll at a polling centre of a ward having two or more polling centres, the Presiding Officer shall -

(a) if he is not himself the Chief Presiding Officer, forthwith send to the Chief Presiding Officer the ballot box and the books of counterfoils and unused foils of ballot papers and the marked copy of the electoral roll, properly sealed with his own seal and the seals of such candidates or their agents as may desire to affix their seals, and

(b) if he is the Chief Presiding Officer, await receipt of the ballot boxes and other papers referred to in clause (a) from the Presiding Officers of the other polling centres of the ward and when the ballot

boxes of all the polling centres of the ward are before him shall, with assistance of Polling Officers, forthwith open all such ballot boxes and scrutinise the votes in accordance with rule 42.

42. Any ballot paper—

(a) which is not marked, or

(b) which is marked otherwise than with a cross or elsewhere than in the space provided for the purpose, or

(c) on which—

(i) more crosses are marked than there are vacancies, or

(ii) a cross is so placed as to make it doubtful to which candidate the vote has been given, or

(iii) any mark is made by which the voter may be identified,

shall be invalid, and a note to this effect shall be made upon the ballot paper by the Presiding Officer or the Chief Presiding Officer, as the case may be, and it shall not be included in the count."

8. In rule 43 of the said rules,—

(1) for the words "with the assistance of the Polling Officer shall," substitute the words "or the Chief Presiding Officer, as the case may be, shall, with the assistance of Polling Officers,";

(2) for the words "highest number of votes has been given, in the following manner:—", substitute the words "highest number of valid votes has been given, so, however, ";

(3) for clause (a), substitute the following clause, namely:—

"(a) that in a ward where there is a seat reserved under section 19 of the Act, he shall first declare elected to such reserved seat the candidate who polls the highest number of valid votes among the candidates for election to that seat and shall thereafter declare elected to the other seat the candidate who polls the highest number of valid votes among all the candidates other than the candidate declared elected to the reserved seat;";

(4) omit clause (b);

(5) renumber clause (c) as clause (b) and in that clause as so renumbered, for the words "if there be", substituted the words "that if there be."

9. In rule 44 of the said rules, after the words "Presiding Officer," insert the words "or the Chief Presiding Officer, as the case may be,".

10. In rule 47 of the said rules, after the words "Presiding Officer", insert the words "or the Chief Presiding Officer, as the case may be,".

By order of the Governor,

A. K. DATTA, Jt. Secy.

LABOUR DEPARTMENT

ORDERS

No. 2441-I.R./IR/11L-16/61.—15th June 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 195-I.R./IR/11L-6/61, dated the 14th January 1961, the industrial dispute between Messrs. Lalchand Sohanlal, 4 Jagamohan Mullick Lane, Calcutta-7, and their workmen represented by Burrabazar Jamadar Sangh, 90 Lower Chitpur Road, Calcutta-7, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Lal Chand Sohanlal, 4 Jagamohan Mullick Lane, Calcutta-7, and their workmen represented by Burrabazar Jamadar Sangh, 90 Lower Chitpur Road, Calcutta-7. (Case No. VIII-29 of 1961.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri J. N. MANDAL, Judge, Third Industrial Tribunal.

For the Union: Shri M. M. Saha, Advocate.
For the Company: None.

AWARD

By order No. 195-I.R./IR/11L-16/61, dated the 14th January 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Lal Chand Sohanlal, 4 Jagamohan Mullick Lane, Calcutta-7, and their workmen represented by Burrabazar Jamadar Sangh, 90 Lower Chitpur Road, Calcutta-7, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

This reference relating to an industrial dispute existing between Messrs. Lal Chand Sohanlal (hereinafter be referred to as the Company), and their workmen represented by Burrabazar Jamadar Sangh (hereinafter be referred to as the Union) was received from the Government on 19th January 1961. Immediately thereafter notices were issued for service upon both parties who entered appearance and the Union filed its written statement of claim in time but the Company delayed to file its written statement. Again on the prayer of the parties the hearing had to be adjourned several times and lastly it was specially fixed on 25th May 1962 when the Union was ready with lawyer and witnesses. But the Company took no step whatsoever up to 2 p.m. At about that time one officer of the Company came with a petition for adjournment. The petition was considered and as a special case the hearing was adjourned till 4th June 1962. But even on adjourned date the Company repeated its prayer for adjournment which was rejected after due consideration and the case was taken up in presence of an officer of the Company. The Company was given adequate opportunity to appear and contest the case but the Company preferred to remain silent and the Company's officer simply watched the proceeding.

Union examined two witnesses and tendered several documents into evidence. The award was reserved till the next day.

The only issue to be adjudicated upon is: Whether the dismissal of Shri Kamala Sankar Dubey is justified? To what relief, if any, is he entitled?

Decision

The Union's case in the written statement is that the concerned workman Shri Kamala Sankar Dubey was in service of the Company from 1957 as a Jamadar on a monthly salary of Rs. 80. The workmen of the Company with a view to ameliorate their service conditions organised themselves under the present union in January 1959. Since the formation of the Union the workmen incurred the displeasure of the Company. The Company insisted on the workmen's working on Sundays even, to which the concerned workman and others registered their protests. The concerned workman Shri Kamala Sankar Dubey did not attend to his work on Sunday the 10th April 1960 but he attended as usual on 11th April 1960 which was a Monday. Thereupon the Company verbally informed him that he had been dismissed from service.

The Company, of course, has denied this allegation of the Union. Its contention is that the workman was sent to Khanna Mundi in the district of Ludhiana in connection with some work of the business wherefrom the workman went home after taking Rs. 400 from the Company's Commission Agents Messrs. Shiv Ram Lachman Das and he for the first time turned up on 8th April 1960 and wanted to resume his duty. But when he was asked to submit an account in respect of the amount taken by him he scared away and did not return to the Company's firm any further.

The Company has further taken a plea that it is not an industrial dispute but an individual dispute as no other workman of the Company has supported the cause of the workman and no other workman is also a member of the Union.

It is clear from the evidence of P.W. 1 Shri Ram Chandra Pandey that the employees of the Company are members of the Union, so also the concerned workman Shri Kamala Sankar Dubey. This witness is Assistant Secretary of the Union. There are also documents in support of the fact that the cause of the concerned workman was taken up by the Union and there is no denial of the fact that the workmen of the Company are members of the said Union as

deposed by the Assistant Secretary of the Union. The Company cannot deny all these facts as will appear from its written statement. Therefore, there is no substance in the preliminary objection that it is not an industrial dispute.

The Company practically admits in its written statement that there was no proceeding leading to the dismissal of the workman Kamala Sankar Dubey. According to the Company, the workman, on being asked to submit an account for the amount of Rs. 400 received by him from the Company's Commission Agent, Messrs. Shivram Lachman Das of Khanna Mundi, went away without furnishing the accounts. The concerned workman Shri Kamala Sankar Dubey (P.W. 2) has emphatically denied this allegation. His evidence is that the Company insisted on their work even on Sundays. But since the formation of the Union they started to lodge their protest, but the Company still insisted on their attendance on Sundays, to which they refused and on 10th April 1960 which was a Sunday, he did not attend to his work. So, the Company took him to task on the following day when he attended his duty and verbally told him that he had been dismissed. He has denied the Company's allegation that he received Rs. 400 from the Company's Commission Agents at Khanna Mundi without the Company's knowledge. His evidence is that that amount was taken by him to meet the expenses of the Company's work that was entrusted to him. In support of this he has produced an account (Ext. 2). He has also denied the Company's allegation that he returned to duty for the first time on 8th April 1960. His contention is that he came back from Khanna Mundi earlier and joined his duties earlier. In support of this fact he has produced document [Exts. 1(e)] which shows that he was at work on 23rd February 1960. This letter shows that one Binodi Lal Gupta deputed the workman Kamala Sankar Dubey to receive a cheque from another firm. The evidence of P.W. 2 Kamala Sankar is that Binodi Lal Gupta is the cousin (father's sister's son) of Lal Chand Sohanlal Agarwala, the proprietor of the present concern and the said Binodi Babu is also the Accountant of the present Company. There is no denial of all these facts although the Company's officer was all along present in Court while the case was being heard and although he was asked to contact his employer for proper instruction in the matter. The said officer actually contacted the master over the phone of this Tribunal but nothing was done to cross-examine the witness or to put up a contest.

There is also a document Ext. 1(a) to show that immediately after the workman was verbally dismissed by the Company, the matter was reported to the Labour Commissioner by the Union, and this early correspondence clearly supports the case of the workman. There is also another letter addressed by the same Union to the Labour Commissioner [Ext. 1(b)] to show that the present Company and Messrs. Shankar Oil Industries, of which Shri Binodi Lal Gupta is the proprietor, are located in the same premises. Therefore, there is sufficient evidence to establish the case of the workman and to disprove the story of the Company. There is also document (Ext. 1) to show that the Union was complaining from sometime before the relevant time that the present Company was employing workmen even on Sundays and holidays without any extra remuneration. Therefore, upon consideration of the facts and circumstances disclosed in evidence, I am satisfied to hold that the workman Kamala Sankar Dubey was arbitrarily and wrongfully dismissed from service without proper proceeding. So he deserves relief.

The concerned workman has deposed that he has since been employed in Bombay Firm with effect from 11th or 12th of April this year. So, he does not press his claim for reinstatement. The only relief he prays for is his back wages for the period of forced unemployment from 11th April 1960 up to 10th April 1962. Admittedly he was drawing a salary of Rs. 80 per month. I say, admittedly, because the Company admits this fact in paragraph 12 of its written statement. Therefore, he deserves to be paid his wages for two years at the rate of Rs. 80 per month. He has, of course, admitted in his evidence that he received Rs. 400 from his employer's Commission Agent at Khanna Mundi while he was deputed to dispose of some stock belonging to his employer. In connection with that work he admits to have received the said amount to meet the incidental expenses. According to the Company that amount was not accounted for. The workman says that he did it and in support he files an account Ext. 2 but if this is the account he submitted to his employer, then why did he not take proper receipt for the account so submitted to the employer. The document Ext. 2 does not show that it was submitted to his employer and who made no endorsement on this document in token of acceptance of this document. Therefore, it is somewhat difficult to believe that the sum of Rs. 400 which was admittedly taken by the workman was actually accounted for to the satisfaction of his employer. In that view of the matter, I deduct this amount of Rs. 400 from the 24 months' wages due to the workman from the Company. So, the workman will be entitled to receive Rs. 1,520 on account of his wages for the period of his forced unemployment due to wrongful action of the Company. The Company is to pay the said amount within one month of the award coming into operation.

This is my award.

The 6th June 1962.

By order of the Governor,
S. C. MUKHERJEE, Asst. Secy.

No. 2546-I.R./IR/7L-28/62.—18th June 1962.—Whereas under the Government of West Bengal, Labour Department, Order No. 5780-I.R./IR/7L-57 (A)/61, dated the 30th September 1961, the industrial dispute between Messrs. Victoria Jute Works, P.O. Telinipara, district Hooghly, and their workmen represented by National Union of Jute Workers (Victoria Jute Works Branch), Ferry Ghat Street, Telinipara, Hooghly, regarding the issue mentioned in the said order, being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947

(XIV of 1947), was referred to the Second Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Sarvasri Bhagabati Prasad Misir, Adith Prosad Dubey and Gokulnath Misir, workmen of the said Company, made complaints in writing to the said Industrial Tribunal against the said Company alleging that the said Company had dismissed the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaints and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In matter of three applications under section 33A of the Industrial Disputes Act, filed by (1) Bhagabati Prosad Misir, (2) Adith Prosad Dubey and (3) Gokulnath Misir (Address: Mill compound, Victoria Jute Co. Ltd.), all employees of Messrs. Victoria Jute Co. Ltd., P.O. Telinipara, district Hooghly, against the aforesaid Company. (Cases Nos. 17, 19 and 20 of 1962, under section 33A of the Industrial Disputes Act.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. C. PAL, Judge, Second Industrial Tribunal.

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Orr Dignam & Co., Solicitors.

Present for the Workmen: Shri Nikhil Roy, Advocate.

These three applications, arising out of the original reference No. 5780-I.R./IR/7L-57(A)/61, dated the 30th September 1961, have been heard together on point of law as the Company is the same, and the bone of contention, arising out of the same facts, is quite identical.

These are three applications under section 33A of the Industrial Disputes Act for reinstatement of the applicants concerned in their former jobs under the Company with continuity of service and all back wages, on the allegations that they were wrongfully dismissed from their respective services as Durwans on charge-sheets based on false and frivolous allegations, during the pendency of an industrial dispute in this Tribunal, and that the Company has contravened the provisions of section 33 of the Industrial Disputes Act. The applicants' allegations in some details are that on 15th January 1962 the Company (opposite party) unjustifiably and wrongfully issued charge-sheets against these applicants by making false allegations as to their misconduct in having been negligent in their duties. The charge-sheets are alleged to have been malicious. It is stated that the opposite party, without holding any enquiry and without giving the applicants any opportunity to defend themselves, dismissed them from their services with effect from 26th February 1962. The opposite party, it is alleged, contravened the provisions of section 33 of the Industrial Disputes Act as it did not pay one month's wages to each of these applicants, nor did it file any application under section 33(2)(b) of the said Act.

As regards the question of merit, the Company's written statement contains detailed averments to which I do not propose to make reference in view of the fact that my present order relates only to the legal objection taken on behalf of the Company, as to maintainability or otherwise of the applications under section 33A of the Act. The relevant statement made in the written statement of the Company on point of law is that it dismissed the charge-sheeted applicants who were found guilty by enquiry on 26th February 1962, and on that very date tendered one month's wages to each of them, but they declined to accept the offer; and that the Company next remitted the amount to each of them by Money Order on 28th February 1962, but the same was also refused. On the 3rd March 1962 the Company filed its application in the Fifth Industrial Tribunal, West Bengal, seeking approval of the action taken by it against the applicants, under section 33(2)(b) of the Industrial Disputes Act. Thus, it is stated that section 33 of the Act was fully complied with and the present applications under section 33A of the Industrial Disputes Act are not maintainable in law.

I heard the parties' lawyers in regard to the legal objection taken on behalf of the Company. The applications under section 33A of the Act could be maintainable if the employer contravened the provisions of section 33 during the pendency of proceedings before a Tribunal. It is an admitted fact that three proceedings of disputes between the Company and its workmen are pending—one before me, and two in the Fifth Industrial Tribunal. On 26th February 1962 the Company dismissed the present applicants with immediate effect for some alleged misconduct. In the letter of dismissal the Company stated thus:

> "In accordance with clauses (b) of sub-section (2) of section 33 of the Industrial Disputes Act, you are hereby offered one month's wages, which please collect from the Mill Office.
>
> An application is being filed before the Fifth Industrial Tribunal for approval of the action taken against you".

In the applications of the applicants concerned, it is stated that the Company contravened the provisions of section 33 of the Industrial Disputes Act as it did not pay one month's wages to the workmen concerned and did not file applications for approval of the Tribunal, as required by section 33(2)(b) of the Act. The present applications were filed on the 1st March 1961, two days after the dismissal letters were issued. The applicants thus forestalled the Company by making the applications earlier by two days only inasmuch as the copy of application filed by the Company in the Fifth Industrial Tribunal, and the copies of the order-sheet in connection with that application which have been produced by the Company before me, show that the Company's application under section 33(2)(b) of the Industrial Disputes Act was filed in the Fifth Industrial Tribunal on the 3rd March 1960. There was thus only four days' delay in making that application by the Company. In the

letter of dismissal itself, offer was made to the dismissed workmen to collect their respective wages for one month from the Company's Office. The dismissed workmen did not appear to have responded to that offer. In the letter of dismissal the Company also informed the workmen concerned that it was going to file an application under section 33(2)(b) of the Industrial Disputes Act before the Fifth Industrial Tribunal. The applicants could not perhaps brook any delay and filed their own applications here under section 33A two days after their dismissal, or two days before the Company's application was filed. It is said for the applicants that there was delay in filing application by the Company in the Fifth Industrial Tribunal. In my view, the delay by four days is not such as would make any one take the view that this delay was unreasonable or unusually long. In the Company's written statement some explanation has been given as to why there was delay for four days. The reason stated is that the Company prepared the application on 28th February 1962 and handed it over to its Association, the Indian Jute Mill Association, on that very date for filing in the Court, but the said Association returned the application on ground of some defect in form, and as a result the application was eventually filed on the 3rd March 1962, after removing the defects. In view of this explanation, no question of any delay could arise at all. Even if this explanation is ignored, still it cannot be said that this application was delayed unnecessarily or unreasonably in any way. The dismissal of the workmen concerned, the offer of one month's wages to each and the filing of the application by the Company on the fifth day, after the order of dismissal may, in the circumstances be all considered to have been in the same transaction. The so-called delay is too insignificant to be taken notice of in the particular circumstances of the case. That being so, I am unable to say that the Company contravened the legal provisions as required by section 33(2)(b) of the Industrial Disputes Act. So I cannot hold that the provision of section 33 of the Act was at all violated by the Company. This being the position, the applications under section 33A of the Industrial Disputes Act before me are not maintainable in law. As such, these applications stand rejected on ground of law only.

AWARD

By Order No. 2448-I.R./IR/10L-116/60, dated the 19th May 1960, the Government of West Bengal in the Labour Department referred an industrial dispute between Messrs. Radharani Engineering Works, and their workmen represented by Howrah District Engineering and Metal Workers' Union, relating to the undermentioned issue to the Second Labour Court for adjudication.

Issue

Whether the discharge of the following workmen is justified? To what relief, if any, are they entitled?

(a) Shri Paresh Ch. Manna.

(b) Shri Nabadhar Khamaru.

After the parties had filed their written statements the case was fixed for hearing on 21st November 1961. On that date the Union prayed for an adjournment and the case was adjourned to 7th December 1961 for hearing. The Union was absent on that date, and the case was adjourned to 29th January 1962 for hearing. On that date on a prayer of the Union the case was adjourned to 13th April 1962 for hearing. As 13th April 1962 was later declared a holiday, the case was adjourned to 8th June 1962 for hearing. The Company appeared on that date: but none appeared for the Union nor was any petition filed on behalf of the Union praying for an adjournment The above conduct of the Union shows that the Union

s not want to proceed with this case. Hence I
i that there is no longer any industrial dispute
his case.

is reference comes under section 10 of the strial Disputes Act of 1947 by the Government est Bengal, Labour Department, Order No. 5838-IR/11L-414/61, dated the 5th Octobei 1961, for lication upon the issue, viz.:

Revision of wages including dearness allowance".

ie case of the Union is briefly this: The loyer mentioned above carries on Printing and d Board Box manufacturing business for a long the business being a lucrative one. The wages to the employees are not up to the mark, as in ases of other concerns of similar nature in and around Calcutta. For a long time the employees concerned are not paid their just and reasonable dues and their demands had been refused by the Company. On 1st March 1961 the Union placed a charter of demands. Conciliation having failed the present reference has been made. The cost of living index has gone up. The Union claims minimum wages to be fixed at Rs. 50 and dearness allowance at Rs. 40 per month. The Union also claims increment at a flat rate of Rs. 15 for all the workmen concerned. It has laid claim for dearness allowance at Rs. 36 for wages up to Rs. 50, and at Rs. 57 for wages above Rs. 50. The Union makes further claims that the demands should be given effect to from the date of the charter of demands. The Company appeared and put in its written statement by denying the allegations of the Union and asserting that the wages paid to the employees were fair and reasonable being in keeping with the capacity of the industry to pay. In the written statement of the Company it characterised the claims of the Union as being far too excessive. It further stated that in a tripartite agreement it was settled that an increment of 2 annas daily would be given to each worker with effect from 1st January 1960 and, accordingly, the firm has been paying that increment. It is also said that the wages paid include dearness allowance, there being no scheme for payment of separate dearness allowance. In the written statement of the Company it is also alleged that the financial position of the firm is not so good as to meet the unreasonable demands of the workers.

Afterwards the Company remained absent to took no steps. It remained absent on some dates including the date of actual hearing. There was no reason as to the Company's absence. Hence the hearing proceeded ex-parte under rule 21 of the West Bengal Industrial Disputes Rules of 1958.

On the side of the Union, a workman named Bankim Chandra Biswas was examined. The Union put in a chart (Ext. 1) showing particulars regarding names of workmen, the departments they work in, their respective designations, length of service, the present daily rates given by the Company and also the rates allowed previously in a major dispute concerning various industries of similar nature. The Union produced before me an award passed in 1951. According to the Union, though the present Company was not a party to that previous award, the scales allowed in that award would apply in the present case as well. From the said award it appears that certain scales were introduced in respect of wages for different categories of workmen, whereas the flat rate of dearness allowance was allowed to the extent of Rs. 28 per month. The Union claims increased rates of wages according to the scales introduced by the previous award.

There is evidence on the side of the Union that the cost of living has gone very high even since the time of the said award, and it is difficult for the workmen of the present Company to make both ends meet with the meagre wages they get from the present Company. As regards the gradual increase in the cost of living, there can be no doubt, but the grant of increased wages to the workmen concerned in the present dispute would depend much upon the financial condition of the Company. It is in evidence of Bankim Chandra Biswas (P.W. 1) that the Company has expanded its business by planting a new

printing machine in place of the old one. In the absence of the Company and any evidence to the contrary, I accept this evidence as representing the true state of things. So it can be believed and held that the Company is really in a position to meet increased wages, at least for the sake of minimum wages, at a moderate rate. It may be noted in this connection that the claims made by the Union appear to be very inflated undoubtedly. It is an admitted fact that the present wages which the workmen earn include dearness allowance, there being no provision for payment of dearness allowance separately. Without apportionment, this position should not be disturbed. In view of the evidence, facts and circumstances taken as a whole, and having regard to the nature of works and length of service and to scales introduced by the Omnibus Award of I I make the following provisions as a measure of scales at moderate rates, as per the chart mentio below.

As regards the other workers named in Union's chart (Ext. 1), the Union gives no particu as to the length of service and their present rate wages. So I do not make any new provision them in this present award of mine. The new r shown in the last column of my chart given be shall take effect from the date of the pres reference. The Company shall make the paym within one month from the date of publication this award in the "Calcutta Gazette".

For the Company: Shri J. R. Jain, Labour Adviser.

For the Union: Shri Modon Mohan Saha, Advocate.

By Government of West Bengal, Labour Department, order No. 4128-I.R./IR/10L-128/61, dated 4th July 1961, the abovementioned industrial dispute was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication of only one issue, viz:

Issue

(1) Is the termination of service of Shri Tripat Singh, Durwan, justified? To what relief, if any, is he entitled?

AWARD

There is no dispute that Shri Tripat Singh used to work as a Durwan in the present Company and that his services have been terminated by the Management on the ground that Shri Singh had forfeited his lien on the service by not rejoining his duties on 17th December 1960 on the expiry of his 15 days' leave. It is the common case of the parties that Shri Singh went on leave for a fortnight on the ground of his wife's illness and this leave was due to expire on 16th December 1960. It is contended on behalf of Shri Singh that he had himself fallen ill on the eve of expiry of his leave and that he sent a telegram to the Management praying for 15 days' extension of his leave. This telegram, it is alleged, was not replied to by the Management. On the contrary a letter, dated 17th December 1960, was sent to Shri Singh intimating that his name had been struck off from the factory roll with effect from that date. This action of the Management, it is urged, was not only whimsical and capricious but illegal too. The contention on behalf of the Union is that Shri Singh has been victimised by the Management simply for his Union activities in which he used to take leading part. The Company did not re-employ Shri Singh when he came down to Calcutta later, produced a medical certificate and reported for duty after the expiry of the period of extension prayed for.

The Company's contention is that at the relevant time the Management was not in a position to spare Shri Singh. Yet he was granted 15 days' leave only on account of his repeated appeals and on his giving a clear and specific undertaking that he would not apply for any extension. Accordingly it was specially mentioned in his leave pass that in case he failed to join his duties on 17th December 1960, he would lose his lien on service. It is urged that this clear Company noticed in the past that whosoever went to stipulation or undertaking became necessary as the his native place on short leave invariably extended his leave on the plea of illness. In spite of this clear undertaking Shri Singh did not rejoin his duties as stipulated and so the Management had to strike off his name from the rolls of the establishment. It is conceded that the Management received a telegram with the allegation of illness after the name had already been struck off. But he did not file any medical certificate as alleged at any stage. Thus there is no doubt that the services of Shri Singh were terminated for overstaying the leave granted to him. Question is whether in the circumstances of the present case this action of the Management was justified and if not whether this Tribunal should interfere with the Management's decision.

Shri Singh was admittedly granted 15 days' leave on the ground of his wife's illness and the Ext. A is the leave pass granted in this connection. The leave was for the period commencing from 2nd December 1960 to 16th December 1960 and he was to resume his duties on 17th December 1960 at 8-15 a.m. The leave pass will show that there was a clear stipulation between the employer and this employee that no prayer for extension of leave would be entertained and if the latter failed to rejoin on the appointed date, his name would be struck off from the roll.

It is nobody's case that Shri Singh rejoined on 17th December 1960 as stipulated. So if this condition of leave pass is binding under all circumstances, the employee has no cause to grumble and no reason to complain. This condition however is challenged on behalf of the workman on two grounds. It is urged that Shri Singh could not actually know before receipt of notice of termination that a new clause was added illegally to the leave pass, issued. Shri Singh examines himself before this Tribunal and says that he was not informed by anybody at the time of granting leave that his leave would not be extended under any circumstances. Admittedly Shri Singh affixed his signature on the leave-pass itself as token of his acceptance of the leave-pass and it was Paul Babu (O.P.W. 1 Shri Satish Ch. Paul) who asked him to sign the leave-pass and handed over the same to him. Admittedly this Paul Babu had no grudge against Shri Singh. But Shri Paul swears that he himself wrote the leave-pass of Shri Singh, though it was signed by the Manager and that he read over and explained the contents of the leave-pass to Shri Singh before it was handed over. So I am unable to attach any importance or place any reliance on the allegation that Shri Singh was in complete darkness regarding the contents of the leave-pass. It is clear from Shri Singh's own statement also that he was very keen in having a leave-pass and so it was only probable and natural that he would get it read over to him by others even if it would not be explained to him by Shri Paul. The leave-pass will show that the normal terms and conditions of leave-pass were scored through in this particular case and a more stringent and seemingly inflexible condition was attached to it. The reason for this stringent term is not very far to seek. The Management was not very willing to grant leave to him at that time for it pleaded inability to spare him. Shri Singh also concedes that he made

peated requests for leave and only then he got ave for a fortnight on the ground of his wife's ness. Moreover the Ext. C (attendance register) ill show that in the first part of that very year he ent on leave for about 15 days only, but actually joined his duties about three months later. So the ason for stringent term in the last leave-pass is ite understandable, and I do not think that there as any mala fide intention of the Company in aching such a condition. I may point out that rmal terms since penned through were also quite ringent and Shri Singh in praying for extension of is leave did not actually comply with those terms lso. This plea of ignorance is not acceptable and at alone cannot entitle him to relief in the present ase. I believe the plea of ignorance is an after-hought and for this case.

It may be argued that such an inflexible condition annot be justified under all circumstances and an xtension might be honestly necessary under circum-tances beyond the control of the workman oncerned and for no fault of him. So it may be rged that the Management was bound to give him n opportunity to explain his conduct and show the eason for failure to join, before actual termination f his service by way of punishment. It is a fact hat the Management sent the letter Ext. 1 erminating Shri Singh's service on 17th December 960 after it was found that Shri Singh had failed o rejoin his duties on that day as previously tipulated and no further opportunity to explain was given to him. Of course, Shri Singh's telegram also lid not reach the Management till then. Shri Singh was to join duty at 8-15 a.m. in the morning. Company's contention is that in view of the categorial tipulation and inflexible condition, no useful purpose would be served by indulging in issuing a show cause notice because no further enquiry was called for nder the circumstances.

Assuming that issue of a charge-sheet was no oubt necessary for obtaining an explanation, in spite f the said stipulation, let me see what is the factual nd legal position. The leave was granted for fort-ight only and Shri Singh prayed for an extension nd this extension prayed for was never actually ranted. The prayer itself reached the Management fter the leave had already expired and the die was nally cast. Shri Singh actually absented himself vithout leave for at least 15 days by the time he vas refused employment after his return from home nd such long absence without leave must be deemed o be a major misdemeanour unless condoned by the lanagement for sufficient reasons. So under such ircumstances, even if there was no charge-sheet or nquiry, the Tribunal cannot forthwith set aside the rder of termination of service without looking into he merit of the alleged misconduct in the light of he evidences adduced by the parties before this ribunal.

The simple plea of Shri Singh is that he fell ill nd hence could not join in time. But except his corroborated statement there is not an iota of idence to prove that he was really ill. He no ubt sent a telegram but nothing more. He entioned in the telegram itself that a medical rtificate would follow. But admittedly no such edical certificate was ever obtained or sent to the anagement. He alleges that he submitted a fit rtificate before Shri Paul after return from home. ut Shri Paul denies that any such certificate was ever filed before him and this Paul Babu had admittedly no animus against him. It is impossible for me to believe that Shri Singh cared to obtain a fit certificate and filed the same with the Management, even though he never cared to obtain or send a medical certificate earlier in spite of his mention thereof in the telegram and in spite of receipt of notice of termination. He promised to send medical certificate for extension of leave. Yet he did not. He received Management's letter soon thereafter and still the certificate was not sent or obtained. Now it is alleged that he produced a fit certificate only later, but there is nothing reliable to show that in fact any such certificate was ever produced. He says that he was in hospital for about a fortnight and yet there is not a scrap of paper to show that he was at all admitted to or discharged from any such hospital. He alleges that he had prescriptions of the physician who had treated him and they are lying at his own house. If he would really have any such prescriptions, I would expect him to produce them, but he does not. So I am unable to place any reliance on his words in connection with his alleged illness and hospitalisation. The best evidence could be available and adduced on the point at the time of hearing also if the story would be correct but no attempt was made to produce any such evidence. Shri Singh in his own evidence before this Tribunal tries to draw a grim picture of his alleged illness and alleges that he remained unconscious for the last 4/5 days of his alleged illness. He alleges that he had disorder of bowels, pain in stomach and fever and yet he says that he was unconscious for 4/5 days and regained his consciousness after 4/5 days. One can easily imagine how far this story is at all believable. It makes no impression whatsoever on me. The fact appears to be that for some reason Shri Singh decided to extend his leave and so sent a telegram with an imaginary story of illness. By the time he returned to Calcutta he had already forfeited the lien of his service. It was an act of gross indiscipline on the part of Shri Singh to try to extend his leave on a bogus plea in spite of his clear stipulation otherwise. So even though no formal charge-sheet was issued, I think it is not a fit case for interference by this Tribunal. I think the action taken by the Management is not without its justification. So the workman is not entitled to any relief.

This is my award.

AWARD

By order No. 1161-I.R./IR/10L-11/61, dated the 13th March 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Ramkrishna Iron Foundry, 2 Dolgobinda Sinha Lane, Salkia, Howrah, and their workmen represented by Iron & Steel Workmen's Union, 172 Beneras Road, Salkia, Howrah, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

1. Whether the refusal of employment to Shri Tulsi Gossain is justified? To what relief, if any, is he entitled?

2. Whether the following workmen are entitled to wages for the period of their unemployment?—

(i) Shri Chuni Gossain, (ii) Shri Audhu Gossain, and (iii) Shri Bhusan Banerji.

The reference relates to an industrial dispute existing between Messrs. Ramkrishna Iron Foundry of 2 Dolgobinda Sinha Lane, Howrah (hereinafter be referred to as the Company), and their workmen represented by Iron and Steel Workmen's Union (hereinafter be referred to as the Union).

Immediately after receipt of the reference from the Government in March 1961 notices were issued for service upon both parties, who in pursuance thereof entered appearance and filed their respective written statements. Parties did not comply with the order for production of documents. The case then taken up, evidence recorded and arguments both parties heard.

The Union's case, in short, is that the workr Tulsi Gossain failed to attend to his works due indisposition from 5th August 1959. He wanted resume his duties on 10th August 1959 but Management refused to allow him to join his wo

Another workman Chuni Gossain took leave went to his native village on 21st March 1960. A reaching home he fell ill and applied for extens of the leave. On the expiry of the leave he ca back to resume his duties, but the Company did allow him to join on 24th April 1960. But he later on taken back on 7th August 1960. T Company did not pay him anything for the per he was kept out of employment. He claims wages for the said period.

Workman Audhu Gossain was similarly abs from duty on medical grounds from 1st June 1 to 7th August 1960 and Bhusan Banerji from 2 August 1959 to 20th August 1960. The Comp at first refused to allow them to join their duties l later on through the efforts of the Conciliati Officer they were taken back by the Company, t they have not been paid for the period they w kept out of employment by the Company. Th claimed wages for the said periods. So the Unio prayer is that the workman Tulsi Gossain reinstated with full compensation for the period forced unemployment and to pay wages to the oth three workmen Chuni Gossain, Audhu Gossain a Bhusan Banerji for the period they were ke unemployed by the Company.

The Company has repelled the Union's claim l denying the allegation that the workman Tul Gossain was wrongfully denied employment by t Company, and the other three workmen Chu Gossain, Audhu Gossain and Bhusan Banerji we wrongfully denied of their wages for the period the did not render services to the Company. Th Company's contention is that the workman Tul Gossain worked for six hours only on 4th Augus 1959 and on 5th August 1959 he remained absen from duty without notice only. He did two hour work on 6th August 1959 and since then he wa absenting without leave or permission. So, he wa charge-sheeted. There was an enquiry. He wa found guilty and was warned. He was howeve given opportunity to join but he did not.

The workman Tulsi Gossain was granted leave fo 12 days. He went to his native village and immediately asked for extension of the leave by sending a medical certificate and he was absenting without any further extension of the leave or information.

The workman Audhu Gossain similarly sent a medical certificate for extension of the leave up to 30th May 1960 and he too absented himself from duty without obtaining any further leave or permission. He was written several letters by the Company but he did not respond.

Another workman Bhusan Banerji absented from work without obtaining leave or permission. So, he was treated to have left his service.

The workmen subsequently approached the Labour Directorate through their Union but the Company

was always ready and willing to take them back if and when they would turn up. Accordingly two of them, Bhusan Banerji and Chuni Gossain, were taken back as soon as they presented themselves at the factory. But Audhu Gossain did not appear in spite of letters written to him. He voluntarily relinquished the job. There was no question of refusal of employment to them and as such they cannot claim wages for the period of their no work.

Issue No. 1—Decision

The Union examined four witnesses including three, out of the four concerned workmen and the Secretary of the Union, and the Company has examined one witness only, viz., the Manager. Both parties also relied on some documents exhibited in this case. Admittedly the workman Tulsi Gossain was in the service of the Company as a cooly. According to the said workman he served the Company as a cooly for 8 to 10 years before he was dismissed from service about three years ago. But this is not correct. According to the Company the workman Tulsi Gossain entered service on the 2nd December 1957. D.W. 1 Gopal Chandra Banerji, who has been the Manager of the Company from the year 1944, has supported the fact which has further been corroborated by the attendance register Ext. C(1). Therefore, the workman told an exaggerated story of his long service under the Company. According to the Company, the said workman Tulsi worked for six hours on 4th August 1959. He did no work on 5th August 1959 and worked for two hours only on 6th August 1959, and since then he was absenting without leave or permission or any information to the Company. The workman admits this fact in his explanation (Ext. A), but he says that after some days' absence from duty he wanted to join on 10th August 1959; but the Company did not allow him to join. The Company, in the meantime, wrote a letter Ext. 1 on the 18th August 1959 to the said workman asking him to show cause why disciplinary action should not be taken against him on account of gross irregularities in his attendance. On receipt of this letter the workman submitted written explanation Ext. A equal to Ext. D/1 on 21st August 1959. The Company could not be satisfied from the explanation submitted by the workman. It decided to hold an enquiry on 14th September 1959 at 3 p.m., and accordingly purported to have issued the letter Ext. E to the workman on 2nd September 1959. The said enquiry was held by the proprietor Shri Niranjan Singha and Ext. G is the enquiry proceeding. Result of the enquiry was communicated to the workman by letter, dated 17th September 1957 (Ext. E/1). This letter shows that the said workman was warned but he was given opportunity to resume his work within seven days subject to the note of warning. The Company's contention is that in spite of communication of the result of the enquiry, the workman did not care to resume his work. On the other hand, the workman's grievance is that he received only one letter, viz., the charge-sheet, dated 18th August 1959 (Ext. D), which was sent to him by registered post with acknowledgment due and no other from the Company. According to the Company's solitary witness D.W. 1 G. C. Banerji, the letters Ext. E and E/1, dated 21st August 1959 and 17th September 1959, were sent to the workman by post but the former one by registered post and the latter one under certificate of posting. But he has not been able to satisfy the alleged postings of these two letters to the address of the workman. The Company has not only failed to produce the posting receipts but also to produce any other evidence to show that the letters were sent by post. No issue register or stamp register has been placed before the Tribunal or no witness has come to support the actual posting of these two letters. Therefore, it is extremely difficult to believe the actual communication of these two letters to the workman. Naturally the workman Tulsi had no knowledge of the order of the Company embodied in the letter, dated 17th September 1959 (Ext. E/1). However, there is nothing to show that the Company dismissed the said workman from service, and the Company does not say so. On the other hand, D.W. 1 Gopal Chandra Banerji, the Manager of the Company, admits that the charge against Tulsi was not such as to merit dismissal. In fact, the Company has not dismissed him from service. On the other hand, the workman was asked to resume his work. It may be that the workman had no knowledge of the said order or there was no attempt on his part to ascertain from the Management the result of the explanation Ext. D/1 submitted by him in pursuance of the Company's charge-sheet Ext. D equal to Ext. 1. So, there is no evidence to prove Company's refusal to employ the workman Tulsi Gossain. Accordingly he be immediately reinstated by the Company in his former job. The period of no work be treated as period of leave without pay. The workman absented from duty partly on 4th August 1959 and 6th August 1959 and completely on 5th August 1959 and from 7th August 1959. There is no evidence on the side of the Union to justify his absence from work without leave or permission. The workman has admitted the absence in his letter Ext. A to the Company but he has not assigned any justifying cause for not obtaining leave or permission of the employer to remain absent during the duty hours. That conduct of the workman certainly amounts to breach of discipline. Therefore, I find no justification for his getting any wages for the period of his no work or absence from duty without leave or permission.

Issue No. 2—Whether the following workmen are entitled to wages for the period of their unemployment?—(i) Shri Chuni Gossain, (ii) Shri Audhu Gossain, (iii) Shri Bhusan Banerji?

(i) Chuni Gossain

Workman Chuni Gossain was admittedly granted 12 days' leave with wages commencing from 21st March 1960 (vide Ext. J). The workman originally applied for 45 days' leave as will appear from his written application Ext. I. The said workman availed of the leave so granted to him and immediately after reaching his native village in the district of Ajamgarh he sent a medical certificate Ext. H, dated 24th March 1960. Exhibit H is the medical certificate whereby extension of leave was recommended from 2nd April 1960 to 22nd April 1960. The said medical certificate (Ext. H) states that the said workman Chuni Gossain was suffering from pneumonia. It is very difficult to believe the alleged ground in view of the fact that he got leave from 21st March 1960 and immediately on reaching his native village in the district of Ajamgarh he was found suffering from pneumonia. He does not say in his evidence that he fell ill either in Calcutta or on the way home. The Company did not grant any extension of the leave. So, the workman ought to have returned to duty on the expiry of the leave

granted to him by the employer. But he availed of the leave without actually being granted the extension by the Company. Naturally on his return the Company refused to take him back. There was good ground for suspicion that the workman having failed to secure 45 days' leave as was applied for by him adopted some tactics to extend his leave and almost immediately on arrival in his native village he sent a medical certificate Ext. II, dated 24th March 1960, reporting his suffering from pneumonia, which story as I have already found, is somewhat unbelievable and inconsistent with probability in the circumstances of the case. However, the fact remains that the said workman Chuni was later on allowed to take up his duties and he has been in service of the Company now. He claims wages for the three months of his unemployment. But for his conduct stated above I do not find any justification to allow him to get wages for the said period of his no work. The said period of his absence from work may however be treated as period of leave without pay.

(ii) Audhu Gossain

The Union has stated in paragraph 4 of the written statement that Audhu Gossain remained absent on medical grounds and wages have been claimed for the period of his absence from 1st June 1960 to 7th August 1960. The Company has stated in paragraph 3 of its written statement that the said workman sent a medical certificate recommending his leave up to 30th May 1960 but he absented himself from duty for a longer period beyond that date and without further asking for leave or giving any information whatsoever. The Company repeatedly wrote to him but he did not respond in spite of acknowledgment of one of the letters Ext. A/3, dated 29th July 1960, which was sent to him by registered post. This letter was sent to him to his native village address and also at the local address and one of them sent to his local address was received by him as will appear from the acknowledgment filed before the Tribunal. Earlier he was written another letter Ext. A/3 but according to the Company he did not send any reply. The Company's contention is that the said workman Audhu Gossain voluntarily relinquished his job after he resumed his duty on 8th August 1960, and he does not lay any claim against the Company. The Union is not in a position to press the claim in respect of the said workman. No evidence has been adduced to support any claim in respect of this particular workman. So, the Union ultimately had to abandon the claim in respect of this particular workman Audhu Gossain. His claim was ultimately not pressed before the Tribunal. The claim in respect of this particular workman is, therefore, rejected as not pressed and proved.

(iii) Bhusan Banerji

Admittedly this workman went to his village home on 14th August 1959 on the eve of holiday on 15th August 1959. He was to join his duty on the next working day but instead of returning to work he absented himself from duty without leave from the employer or without any information. In his evidence he says that he gave information by a registered letter with acknowledgment due. But he cannot produce either the posting receipts or the acknowledgment. He does not remember when any such letter was sent to the employer. He also cannot explain non-production of the posting receipt or acknowledgment, if any. This story seems to me a myth lately introduced by him purposely. But it has not served the purpose because he has utterly fail to convince the Tribunal on this point. Had it be a fact, then it would have been mentioned in t earliest correspondence of the Union on the subje Ext. 2(b), dated 31st March 1959. But there is not word. The workman absented from duty withc leave or permission of the employer or a information to him for days together withc sufficient and satisfactory grounds. This condu amounts to an act of indiscipline on the part of workman who has put up some years' service a gained some experience. Such irregular and uncerta attendance of an operative without permission timely intimation to the employer is reprehensible n only because it amounts to an act of indiscipline b also it is a hindrance to industrial progress. T workman with experience must realise its bad effe on the industry which produces wealth, by regardi progress. Therefore, such irresponsible conduct a laches by no means be encouraged or rewarded. T Company can hardly be blamed for refusing employ such an irresponsible workman on h returning to duty at his sweet-will after a period unreported absence. Such a workman must be ma to feel the consequences of gross irresponsib inaction and failure to do his duty. Howeve ultimately the Company did well to re-employ th said workman and to utilise his experience ar efficiency so gained by serving a few years, in th interest of industry and ultimately in the interest national wealth. But because of the conduct of th workman, as I have already discussed and foun I find little justification for his getting wages for th period of no work. He himself is responsible fo his remaining out of employment. Therefore, in m view he is not entitled to get wages for the perio of his no work. That period, however, may b treated as period of leave without pay.

This is my award.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act, 1947, lodged by a workman Radheshyam Singh against his employer Messrs. G. Ambalall Export (P) Ltd., in contravention of the provisions of section 33 of the aforesaid Act in the matter of wrongfully dismissing him from service during the pendency of a proceeding before this tribunal regarding some industrial disputes existing between the Company and its workmen, without obtaining the tribunal's approval of the action taken against him.

The workman's case is that Messrs. G. Ambalall Export (P) Ltd. (hereinafter be referred to as the Company) is one of the big tea merchants under [illegible] he was in service as a peon from 1956 at a monthly salary of Rs. 65. On 30th September 1961 he was granted 20 days' leave. He went to his native village, fell ill and sent two medical certificates one after another asking for two more extensions of the leave for 20 days and 15 days more. He returned to Calcutta on 1st December 1961 and reported to the Company for duty. But he was told by the Management that he had been dismissed from service. The Company did not obtain approval of this tribunal, before which a proceeding has been pending regarding some industrial disputes between the Company and its workmen, of the action so taken against the workman. So, there has been contravention of the provisions of section 33 of the Industrial Disputes Act.

The Company has resisted the workman's complaint by denying any contravention of the provisions of section 33 of the Industrial Disputes Act. The Company admits that the workman entered service of the Company in 1956 at a salary of Rs. 65 per month but denies the allegation of granting him leave on and from the 30th September 1961. Company's case is that the workman absented himself from duty without obtaining leave or without the knowledge of the Company. In the circumstances, Company took it that he had voluntarily abandoned his job. Another man was appointed in his place. The workman for the first time reappeared on the 8th of December 1961 after his continued absence from the beginning of October 1961. The Company admits that some industrial disputes are now pending before the tribunal for adjudication but as the workman was not dismissed from service there was no necessity for obtaining the tribunal's approval as required under section 33 of the Industrial Disputes Act. The present complaint should, therefore, be dismissed.

It is well-settled that the complaint under section 33A is as good as a reference under section 10 of the Industrial Disputes Act, and the tribunal has all the powers to deal with it as it would have in dealing with a reference under section 10 of the Act. It is within the powers of the tribunal to order reinstatement on a complaint under section 33A if the complaint is that the employee has been dismissed or discharged in breach of section 33. (1959 Vol. II, L.L.J., page 556).

As regards the procedure to be followed in an enquiry under section 33A it was held by the Hon'ble Supreme Court in the case reported in A.I.R. 1960 Supreme Court 160 "that the employee would not succeed in obtaining an order of reinstatement merely by proving contravention of section 33 by the employer. After such contravention is proved, it would still be open to the employer to justify the impugned dismissal on the merits. That is a part of the dispute, which tribunal has to consider, because the complaint made by the employee is treated as an industrial dispute, and all the relevant aspects of the said dispute fall to be considered under section 33A. The enquiry under section 33A is not confined only to the determination as to whether the alleged contravention by the employer of the provisions of section 33 has been proved or not—and there can be no doubt, that if under a complaint filed under section 33A, a tribunal has to deal only with the question of contravention, but also with the merits of the order of dismissal.

Therefore, it was held by the same Court [1958(I) L.L.J., page 793; and 1955(I), L.L.J. 346] that in an enquiry under section 33A of the Industrial Disputes Act, two questions fall to be considered:

(1) The fact of contravention by the employer of the provisions of section 33, and

(2) the merits of the act or order of the employer.

It was also held in the former case that if both these questions are answered in favour of the employee, the tribunal would no doubt be entitled to pass an appropriate order in favour of the employee. But if the first point is answered in favour of the employee, but on the second point the finding is that on the merits the order passed by the employer against the employee is justified, then the breach of section 33 proved against the employer may ordinarily be regarded as a technical breach and it may not, unless there are compelling facts in favour of the employee, justify any substantial order of compensation in favour of the employee. * * *".

In the present case the Company admits non-compliance with the provisions of section 33(2) of the Industrial Disputes Act. Its contention is that as it is not a case of dismissal or discharge on misconduct so the provisions of section 33(2) are not attracted to the present case. Therefore, it will certainly amount to breach of the provisions of section 33 by the Company if it is found to be not a case of voluntary abandonment of service, as alleged by the Company, but a case of dismissal or discharge from service for all practical purposes.

According to the Company the workman Radheshyam Singh left his job on his own accord on 30th September 1961. In support of this contention of the Company there is nothing in writing but the only evidence on this point is that of D.W. 1 Shri Monibhaiji Patel who is Managing Director of the Company. His evidence is that he had no knowledge about this workman's absence from duty on the 30th September 1961. He came to know from the office on the following day about the workman's absence from duty from the previous day. He does not disclose who was the source of his information, and he also does not disclose how he came to know about the workman's voluntary relinquishment of the job. It transpired from his evidence that it was purely his surmise or guess. There is complete absence of evidence to prove the alleged voluntary abandonment of service by the workman from 30th September 1961. The Company's contention is that the said workman was not dismissed from service. But there is no supporting evidence to show that the workman voluntarily abandoned his service without any reason. Admittedly he was in service of the Company from the year 1956 at a monthly pay of Rs. 65. The workman says that on 30th September 1960 he got a telegram from his house. It was addressed to him under the care of the Company and it was actually received by Hargovind Patel, a clerk of the Company, who advised him to go home at once as the telegram states his mother's illness. He promptly approached Shri Monibhaiji Patel, the malik, for leave and got 20 days' leave. He immediately proceeded to see his ailing mother. Another workman of the Company, P.W. 2 Mahadeo Singh, who knows all this, has corroborated the concerned workman. This witness, as it transpires, lives in a village which is at a distance of 4 or 5 miles from that of the w man Radheshyam Singh and they, as usual these people, help each other in sending news, let to their respective village homes whenever eithe them goes back home. But that would not h induced him to tell an untruth because in that he would have exposed himself to a great risk losing his job being without any moral back There is another fact which unmistakably sugg or indicates that there is truth in the case of workman and the Company's story of volun abandonment of the job by the workman absolutely untrue, there being no evidence to sup it and it is also inconsistent with probability common course of human conduct. The workr says that on taking leave he went home to see ailing mother. Before the expiry of that leave asked for extension of the leave for 20 days m Then again, he asked for further extension of leave of 15 days by sending medical certificates registered post with acknowledgment due. He produced the posting receipts and the po acknowledgments [Exts. 1 to 1(c)]. The po acknowledgments Exts. 1(b) and 1(c) not only t the post office date seal marks but also show t the Company's Cashier Shri A. S. Patel duly recei both the registered letters. The Company has denied that there is no such Officer who recei the registered letters. The evidence of that offi has been purposely withheld by the Company. Th fore, these facts and circumstances do not at lend support to the Company's story of volunt relinquishment of the job by the workman. I h already observed that there is no evidence to pr the alleged voluntary relinquishment of the by the said workman.

Then again, there is evidence to show the wo man's return to Calcutta on 1st December 1961 on that very day he presented himself before management for employment but he was refu permission to join. D.W. 1 Monibhaiji Patel hims admits the workman's return and appearance bef the Company in the first week of December 19 But he says he did not ask him anything about long absence without leave or permission. But does not explain why the workman re-appear before him on his return from his native village the first week of December 1961. The workma admitted re-appearance before the Compa obviously suggests that he presented himself duty on his return from his native village. He we home on taking 20 days' leave on receipt of telegram. The Managing Director, D.W. 1, admi that peons and drivers are usually granted leave o oral applications. The workman Radheshyam w admittedly a peon. So, there was nothing improbab that leave was taken on oral application a subsequently he asked for extension of the leave sending two medical certificates in registered cove the posting receipts and acknowledgments of whi are Exts. 1 to 1(c). The Company admittedly did n send any reply. The workman should not have avail of the period, beyond the period for which the lea was granted by his employer without the extensi being granted by the Company. Mere asking f extension of the leave by sending medical certificat may not be sufficient ground for the belief that lea would be granted. Of course, the Company ought have replied. In absence of any reply the workm might have lulled to the belief that his prayer extension of the leave had been favourably consider

by his employer. According to the workman he took 20 days' leave and asked for extension of the leave for 20 days in the first instant and for 15 days in the second. So, according to him, 55 days' leave was taken. But actually he returned for duty, according to him, on the 1st of December 1961, i.e., more than 55 days after the commencement of the leave from 30th September 1961. So, in any case there was unauthorised overstay of the leave by the workman. But on his return for duty the Company ought to have given him some opportunity not to speak of reasonable opportunity, to show cause and to explain his conduct. The Company did nothing of the kind. On the contrary, the workman was so to say punished unheard by depriving him of his job which action of the Company is clearly repugnant and opposed to the principles of natural justice. The Company should not have refused employment to the workman without giving him an opportunity to explain his conduct of overstaying the leave. So, the Company's action against the workman is not justified. Therefore, the wrokman is entitled to get relief by way of his reinstatement to his former job. The Company must do it promptly and positively within a month of the publication of this award in the "Calcutta Gazette".

In view of the workman's conduct of overstaying the leave without actually obtaining extension of the leave or without obtaining permission of the employer, I direct that he will not be entitled to any wages for the period of absence and 'no-work.' That period may, however, be treated as a special leave without pay.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Western India Match Co. Ltd. Match Factory and Paper Mills, Alambazar, Calcutta-35, and their daily-rated and piece-rated workmen represented by the Western India Match Co. Mazdoor Union, Alambazar, Calcutta-35, referred under G.O. No. 5077-I.R./IR/11L-54(A)/61, dated the 18th August 1961. (Case No. VIII-270/61.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

For the Union: Shri Patit Paban Pathak.

AWARD

This is a reference under section 10 of the Industrial Disputes Act made by the Government of West Bengal, Labour Department, Order No. 5077-I.R./IR/11L-54(A)/61, dated the 18th August 1961, of an industrial dispute between Messrs. Western India Match Co. Ltd., Match Factory and Paper mills, Alambazar, Calcutta-35, on the one hand and their daily-rated and piece-rated workmen represented by the Western India Match Co. Mazdoor Union, Alambazar, Calcutta-35, on the other. The issues are as follows:

1. General increment.
2. Bonus.
3. Dearness allowance.
4. Gratuity.
5. Casual Leave.
6. Permanency of casual workers who have completed 240 days.

By an addendum, under the Government of West Bengal, Labour Department, Order No. 6876-I.R./IR/11L-54(A)/61, dated the 16th November 1961, two more issues were added, viz.:

7. Revision of grades and scales of pay.
8. Whether the management is justified in dismissing the following workers? To what relief, if any, are they entitled?

(a) Shri Arunkanti Chowdhury, (b) Shri Ramendra Narayan Sen, (c) Shri Gobardhan Paul, (d) Shri Shibaprasad Chatterjee, (e) Shri Nani Gopal Basak, (f) Shri Biswanath Chatterjee, (g) Shri Nripendra Chandra Roy, (h) Shri Sunil Kumar Sinha, (i) Shri Moonilal Mazumdar, and (j) Shri Krishnajibon Bose.

On issue No. 8 the Company was asked to file its written statement first and on the other issues the Union was asked to file its written statement first.

The parties complied with that direction and the Company also filed its written statement on the other issues. But in connection with a Rule issued at the instance of the Company by the High Court against the Tribunal's Order directing it to file its written statement first on issue No. 8, the High Court called for the record with the result that the Union could not file its written statement on issue No. 8. Meanwhile, however, during the pendency of the Rule in the High Court, the parties filed before me on the 20th of March a joint petition of compromise in which not merely the issues referred to the Tribunal but certain other issues pending between the parties were amicably settled.

On talking the matter over with the representatives of the parties, I have no doubt in my mind that there has been a comprehensive compromise of all the issues pending between the parties, whether referred to the Tribunal or not. Technically speaking, the Tribunal is entitled to make an award only in respect of the issues referred to it and not in respect of issues outside the reference. But it is clear that a compromise of this nature is one and indivisible, the terms and conditions being closely interlinked so as to make it impossible for any of the parties or even the Tribunal to disentangle the issues referred to the Tribunal from those outside the reference. In this state of affairs, the whole agreement has to be made a part of the award because if I make an award on the basis of the terms of agreement only on the issues referred to the Tribunal, the agreement between the parties on the rest of the issues pending between them will have effect only as an agreement. Although normally this might serve the purpose the agreement is intended to serve, I am inclined to think that there is in it a certain amount of risk of either of the parties being under an impression that some of the terms are enforceable as an award and the rest are enforceable, if at all, only as an agreement. Any such impression in the mind of any of the parties might endanger the whole compromise. I am inclined therefore to think that in the circumstances it is desirable to treat the whole compromise as one and indivisible and make an award on the basis of it, particularly because I find that some of the issues referred to the Tribunal have been withdrawn and as a matter of fact in paragraph 3(b) of the petition it is clearly stated that "the Union withdraws all its demands pending before the Tribunal and those contained in the Charter of Demands, dated 9th May 1960, on the following terms and conditions." The terms and conditions of the compromise are thus really a consideration for the withdrawal of all these demands including those pending before the Tribunal and those outside the reference, and cannot justly be dissociated from the withdrawal, so that the entire compromise must stand together and be incorporated in the award of the Tribunal. The terms and conditions of compromise appear to me to be quite reasonable and fair to both the parties and there is no reason why the Tribunal should not give them effect. In this view I make an award in terms of the petition of compromise which will form a part of this award.

In the matter of the Industrial Disputes Act

And

In the matter of Order No. 5077-I.R./IR/11L-5 (A)/61.

And

In the matter of an Addendum No. 6876-I.R./IR 11L-54(A)/61, dated the 16th November 1961, of the Government of West Bengal

And

In the matter of an Industrial Dispute

Between

Messrs. Western India Match Co. Ltd., Match Factor and Paper Mill, Alambazar, Calcutta-35 (herein after referred to as the Company)

And

Their daily-rated and piece-rated workmen represented by Western India Match Co. Mazdoor Union Alambazar, Calcutta-35 (hereinafter referred t as the Union).

Joint Statement on behalf of the Company and it daily-rated and piece-rated workmen represented b the Union abovementioned.

1. The Union submitted a Charter of Demand to the Company on the 9th May 1960. The Company gave its reply to the said Charter of Demands on th 23rd August 1960. After this bipartite and tripartit negotiations took place to arrive at an agreement. As no amicable settlement could be reached between th parties, the Government of West Bengal by its Orde No. 5077-I.R./IR/11L-54(A)/61, dated the 18t August 1961, referred six issues for adjudication by this Tribunal. Later by an Addendum No. 6876-I.R./ IR/11L-54(A)/61, dated the 16th November 1961, th Government of West Bengal added two more issues to the original order of reference for adjudication by Tribunal.

2. As a result of fresh bipartite negotiations during the pendency of adjudication before this Tribunal the parties have reached an agreement in full and final settlement of all the issues pending before this Tribunal and all other matters contained in the Charter of Demands, dated 9th May 1960.

3. The points of agreement are as follows:

(a) The Union will endeavour to maintain cordial and amicable relations with the Company and will do everything in its power to reduce waste, improve quality and achieve optimum production both in th Match Factory and in the Paper Mill and to improv discipline in the factory.

(b) The Union withdraws all its demands pendin before the Tribunal and those contained in th Charter of Demands, dated 9th May 1960, on th following terms and conditions:

(1) Basic Wages.—(i) The existing basic wages o Paper Mill workers will be raised by 5 per cent. The grades and scales of pay for Paper Mill workers will, however, remain unchanged except that new grades and scales of pay will be worked out for Paper Mill Fitters to enable them to earn annual increment instead of bi-annual increment as at present. The

grades and sales of pay for Paper Mill employees as revised including new grades and scales of pay for Paper Mill Fitters is enclosed herewith as Annexure A" which forms a part and parcel of this agreement.

(ii) The existing grades and scales of pay for daily-rated Match Factory workers will be converted into rupees and naye paise on the basis of 8 hours' day. Such converted grades and scales of pay together with the allocation of workers in different categories into these grades is enclosed as Annexure "B" and forms a part of this agreement.

(iii) The minimum guaranteed time rates for price-rated workers will be revised as follows per day of 8 hours:

Machine Drivers—Re. 1.51.

Machine Helpers—Re. 1.41.

Transporters—Re. 1.32.

Wherever higher guaranteed rates have been provided by special contract they will continue to be in force as before. Minimum guaranteed time-rates will be payable to piece-rated workers only when they fail to earn as much due to no fault of their own. In the event of any strike or slowdown on the part of the worker himself or his colleagues the guaranteed time rates will not apply and the workers concerned will be paid only as much as they earn on piece rate.

When a piece-rated worker due to breakdown of his machine or for any other reason beyond his control becomes idle and is allowed some other job by his superior, as for example, helping the fitter in repairing the machine, the worker concerned will be paid the sum total of what he earned on piece rate on his usual job and time-rated wages at the rate of Re. 1.18 per 8 hours for the remaining period of his work during a day. In the event of such sum total falling below the guaranteed minimum wage of a piece-rated worker's designation he will be further compensated up to the guaranteed rate. A piece-rated worker who is rendered idle on account of breakdown of his machine or for any other reason beyond his control shall only be entitled to receive time-rated wages as mentioned above provided he does some other work as ordered by his superior and not otherwise.

(iv) Tapeman in the Peeling Department will be put in Grade 1, provided, however, that he will be transferred to the General Department in the event of Tapeman's job in the Peeling Department being abolished in future. The piece rates of all extra helpers in the Peeling Department will be revised so as to eliminate 50 per cent. of the difference in basic wages between them and those designated as helpers and working on the same type of machines. A new piece rate will be worked out for Chopping Men in the Peeling Department and Transporters of veneer from PLG to BMG. The new piece rate to be worked out will enable the workers to earn as follows both in the dayshift and in the nightshift.

Present piece-rate earning of dayshift plus present daily earning of nightshift plus 5 per cent. whole divided by two.

) The piece rate for Inside Boxmaking Machine ers will be raised from 5.61458 to 5.744 nP. per 0 revolutions. The piece rate for Outside Box Making Machine Drivers will be raised from 3.8698 nP. to 4.07 nP.

(vi) The piece rate for KOK Machine Drivers in the Box Closing Department will be raised from 3.3646 nP. to 3.578 nP. per 1,000 closed boxes. The piece rate for 1st and 2nd helpers on KOK Machines will be raised from 3.0365 nP. to 3.25 nP. per 1,000 closed boxes. The piece rate for the transporters of waste in Box Closing Department will be raised from 0.72916 nP. to 0.8065 nP. per unit.

(vii) The piece rate for 2 Numbering Men in the Packing Department will be revised to enable them to earn Rs. 2.00 per day as basic wages at the production level of 475 cases per dobule shift. The daily rate of the extra Numbering Men provided for the time being will be raised to Re. 1.41 per day of 8 hours. The Friction Composition Machine Men will be put in Grade 1. The piece rates for Machine Drivers and Helpers of the slow speed dozen packeting machine will be revised to enable them to earn 3 nP. more per day at the existing speed. The speed of these machines will also be raised by 2 R.P.M. to enable the workers concerned to earn even more. The daily rate for Relievers in the Packing Department will be raised to Re. 1.41 per day of 8 hours or basic wages in accordance with grade O, whichever is higher.

(viii) Composition Man in the Continuous Department will be put in Grade 1. Table Man in KH table will be paid the same piece rate as Stick arrangers in the Continuous Department. Sieving and Cleaning Men in the Continuous Department will be paid a daily rate of Re. 1.41 per day of 8 hours. Levelling Men in the Continuous Department will be paid the same guaranteed time rate as Continuous Machine Drivers. The piece rate for Paraffin Melter in the Continuous Department will be raised to enable him to earn the same as Stick arrangers in that Department. His guarateed minimum time rate will be raised to Re. 1.41 per day of 8 hours. The piece rate for Composition Making Helper and Homogeniser in the Continuous Department will be raised from 4.21875 nP. to 4.341 nP. per unit and that for Chemicals Man from 3.281nP. to 3.404 nP. When workers of the Continuous Department work with at least half-an-hour longer spread over than workers of other departments of the Match Factory they will be paid in accordance with special piece rates which will provide a basic earning of 12 nP. per day more than the earnings in accordance with the normal piece rates of those jobs. The piece rate for Job No. 78 (Waste Transporters) of the Continuous Department will be revised so as to enable them to earn about Re 1.41 per day of 8 hours. Match Checkers of the Continuous Department will be paid daily rate of Re. 1.65 per day of 8 hours. Relievers of the Continuous Department will be paid daily rate of Re. 1.41 per day of 8 hours or basic wages in accordance with Grade O, whichever is higher.

(ix) Transporters of match packets from the Packing Department to the Match Godown will have a new piece rate which will enable them to earn 5 per cent. more in basic wage. As a special case this will be given retrospective effect from 1st July 1960.

(x) For Job No. 167 the piece rate will be increased by 5 per cent. for bags of existing weights For

splint bags weighing above 100 lb. but not above 150 lb. a new piece rate will be introduced which will be 10 per cent. higher than the existing rate. In the event of workers handling splint bags above 150 lb. in weight a even higher piece rate may be considered in future. Crane Helpers of the General Department will be paid Re. 1.41 per day of 8 hours. While driving cranes such Crane Helpers will be paid Re. 1.88 per day of 8 hours.

(xi) The piece rate for Machine Drivers and helpers of the Banderolling Department will be raised from 3.4531 nP. to 3.504 nP. per 1,000 banderolled boxes. This is on condition that they will work in normal speed and mend all loose banderolls in their machines for which no extra men will be provided. The nomogrammes for Job Nos. 120A, B and C will be abolished. New piece rates will be worked out to enable workers engaged in these jobs to earn 25 nP. per day more in basic wages. The basis of the new piece rate will be production in packed cases of day plus night divided by the number of men in day and night shifts. Such new rate will be based on an average production of 33 cases per head per day. The number of men will be adjusted in accordance with the production level.

(xii) The piece rate for Boxfilling Machine Drivers will be raised from 20.4167 nP. to 21.08 nP. per case, that for Helpers from 18.6979 nP. to 19.36 nP. per case and that for Stick Arrangers from 19.4271 nP. to 20.09 nP. per case.

(xiii) All Tally Clerks on daily rate will be paid basic wage of Re. 1.76 per day of 8 hours.

(2) Dearness Allowance.—The Union drops this demand.

(3) Gratuity.—The Company is willing to introduce a scheme of gratuity for its daily and piece-rated workmen on the following scales. It is agreed that workmen will be retired on attaining 55 years of age. The Company may at its absolute discretion extend the service of workmen in individual cases from year to year provided the workman concerned is physically and mentally fit to perform his work.

(i) On the death of an employee while in the service of the Company or on his physical or mental disability to continue further in service:

One month's basic wages for each completed year of continuous service, subject to a maximum of 15 month's basic wages to be paid to his heirs or assigns or to the disabled employee as the case may be.

(ii) On retirement or resignation of an employee after 15 years of continuous service—15 month's basic wages.

(iii) On termination of service by the Company:

(A) after completion of 10 years' continuous service and over—One month's basic wages for each completed year of service but not more than 15 thonth's basic wages.

(B) After completion of nine years of continuous service—Seven month's basic wages.

(C) After completion of eight years of continuous service—Six months' basic wages.

(D) After completion of seven years of continuo service—Five months' basic wages.

(E) After completion of five years but less th seven years of continuous service—Fo months' basic wages.

Gratuity shall not be payable to any workman wl is dismissed for misconduct. Basic wages for t pu.pose of calculating gratuity shall be the last ba wage either on time rate or piece rate drawn on t date of death, disability, retirement, resignation termination as the case may be.

In the event of old workers with good record service and not having any relations already emplo ed in the factory being superannuated one son found otherwise employable and in the event of su able vacancies being available will be given priori in employment subject to what is said in point (6).

(4) Quarter or Quarter Allowance.—The Un drops the demand for Quarter Allowance. T Company is prepared to build some family quart for workers subject to the availability of land a building materials.

(5) Bonus.—The Union drops this demand.

(6) Permanency of casual workers.—The Compa is prepared to employ on a permanent basis a to of about 150 out of the present casual workers in t Match Factory and the Paper Mill on the basis efficiency, length of service as casual workers a subject to their being found fit on medical examin tion by the Company's Medical Officer. Some such workers will be employed on a permanent ba in the General Department which will also serve as common pool for supply of workers on loan to oth departments to make up shortfall in man-shif present in those departments from day to day due sickness, authorised leave, absence without leav disablement, etc. The selection of casual workers f permanent employment will be made by the Compa after the signing of this agreement.

In the event of a substantial improvement in pr duction of a permanent nature, the Company prepared to employ on a permanent basis mo casual workers according to permanent needs. In th event of old workers retiring after the introducti of gratuity there will be some scope to employ on permanent basis casual workers in the vacanci caused. The benefits accruing from permanent em ployment will be paid from the date a worker employed on permanent basis.

(7) Benefits to temporary and casual workers.— The consolidated wages of temporary or casu workers will be raised to Rs. 2.82 per day of 8 hour

(8) Abolition of contract labour.—The Union dro this demand.

(9) Casual leave and holidays.—The Compan agrees to introduce casual leave with pay (basic wag plus dearness allowonce) for five days in a calenda year for its permanent daily-rated and piece-rate workers. No production bonus shall be payable fo such casual leave. The Union agrees to a reductio of five unpaid festival holidays in the Match Factor per calendar year. The specific holidays to b

reduced shall be decided once for all. This will be effective after this agreement comes into force:

(i) Casual leave cannot be taken for more than two days at a stretch;

(ii) Casual leave cannot be suffixed or prefixed to any Sunday, factory holiday, weekly holiday or any other leave with or without pay;

(iii) A worker should apply for casual leave well in advance and not after having already absented himself without leave;

(iv) Casual leave will be granted only for bona fide reasons of an urgent or emergency nature, such as serious illness in the worker's family, etc;

(v) Casual leave shall not be accumulable from year to year.

(10) Reinstatement of dismissed workers.—The Union drops this demand.

(11) Restroom for nightshift workers.—The Union drops this demand.

(12) Promotion and recruitment.—The Union drops this demand.

(13) Canteen.—The Union drops this demand. The Company is, however, prepared to reconstitute the Canteen Committee.

(14) Provident Fund.—The Union drops this demand.

(15) School.—The Union drops this demand. The Company is, however, prepared to employ one more teacher for its Free Primary School.

(16) Library and Recreation Club.—The Company has already provided in its premises a Library and Recreation Club for its workers. The Company is prepared to buy some more furniture for the Club.

The Company is still prepared as an alternative to provide a Workers' Club on a separate piece of land provided the total cost of land and construction of the Club House with the necessary equipment does not exceed Rs. 12,000.00 in all.

(17) Medical facilities.—The Union drops this demand.

(18) Uniforms, etc.—The Union drops this demand.

(19) Free tiffin to Paper Mill workers.—The Union drops this demand.

(c) With a view to standardisation the existing job numbers will be reallocated. All daily rates which have hitherto been based per day of 8.5 hours will be converted per day of 8 hours and be changed to rupees and naye paise instead of rupees, annas and pies. The benefit of rounding up to the nearest naya paisa will go to the workmen. All piece rates will also be converted to naya paisa instead of pies. To achieve accuracy such piece rates will be worked out up to suitable decimal places.

(d) The Union agrees not to submit any demand involving any substantial burden on the Company during the period of operation of this agreement. On the other hand, the Company agrees to meet Union representatives periodically for settlement of minor grievances even during the period of operation of this agreement.

(e) The points of this agreement, unless specifically stated otherwise, will be given retrospective effect from the 1st January 1962.

(f) This agreement will remain in force for a period of three years from the date of this being signed by the parties and recorded by the Tribunal and will continue to be in force even after that period unless and until either party terminates the same by giving two months' clear notice in writing after that period.

4. On the aforesaid conditions the disputes between the Company and its daily and piece-rated workmen represented by the Union have been fully settled. We, therefore, pray that the points of agreement be kindly recorded and an award be made to that effect.

Dated the 19th day of March One thousand nine hundred and sixty-two.

No. 1478-I.R./IR/8L-4/62.—27th April 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 524-I.R./IR/8L-4/62, dated the 17th February 1962, the industrial dispute between Messrs. Narayan Ch. Debnath, owner of Handloom Factory, post office and village Charbrahmanagar, Nabadwip, district Nadia, and their workmen represented by Nabadwip Tantubai Shramik Union, Bazar Road, post office Nabadwip, district Nadia, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Seventh Industrial Tribunal;

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Narayan Ch. Debnath, owner of Handloom Factory, post office and village Charbrahmanagar, Nabadwip, district Nadia, and their workmen represented by Nabadwip Tantubai Shramik Union, Bazar Road, post office Nabadwip, district Nadia. (Case No. VIII-40/62.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

AWARD

The above dispute over the Issues given in the order of reference was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 524-I.R./IR/8L-4/62, dated the 17th February 1962.

Issues

(1) Whether the termination of service of Sarbasree (i) Kalipada Sarkar, (ii) Manindra Debnath, (iii) Jogesh Ch. Debnath, and (iv) Haran Ch. Das justified? What relief, if any, are they entitled to?

(2) Whether Shri Haran Ch. Das is entitled to get back Rs. 48 alleged to have been deducted from his wages?

Notices were issued to the parties fixing 9th March 1962 for appearances and filing of written statement by the Union. On 9th March 1962 a petition of the Secretary of the Union, dated the 6th March 1962, was received by post. In this petition, the Union Secretary prayed for a month's time stating that the concerned worker was negotiating for a settlement of the case. There was, however, no appearance by the Company. On the Union Secretary's petition, time was allowed till 7th April 1962 for compromise, in default for filing written statement by the Union. On 7th April 1962 there was no appearance by either party at all and no written statement was filed by the Union, nor was

ıy step taken on its behalf. In order to give one ore chance to the Union to file its written statement and to the Company to put in appearance, the ribunal suo moto adjourned the case to 17th April 062 with the direction that if no written statement as filed by the Union within 12 a.m. on that date, ıe case would be disposed of according to law. here was again no appearance by either party on 7th April 1962 and, needless to say, no written atement was filed by the Union, nor was any step ken on its behalf. In the aforesaid circumstances, is to be held that the dispute under reference is ot pursued and it has ceased to exist and cordingly, there is to be a 'no dispute' award in ıe case.

In the result, I make a 'no dispute' award in the ise.

Present for the Association: Shri Amar Chakravorty, Advocate.

This is a reference under section 10 of the Industrial Disputes Act of 1947, by the Government of West Bengal, Labour Department, order No. 4577-I.R./IR/11L-409/60, dated the 25th August 1960 for adjudication upon the issue, viz., "Bonus for the year 1957-58".

The parties put in their respective written statements, and completed tadbirs in somewhat lethargical way. Ultimately, the matter came up for hearing on 27th June 1962. On that date both parties took time for effecting a compromise by 28th June 1962. On that date also the parties took another adjournment to file the compromise petition, and the matter was adjourned to 4th July 1962. On that date the parties actually filed a joint petition of compromise regarding the Union's claim for bonus for the year 1957-58. I perused the terms which were accepted as being quite fair and reasonable. It was agreed by the parties that the Company would pay nine days' wages as ex-gratia payment to all the employees who had worked in the year 1958, and the said payment would be made within five days from the date of settlement. Accordingly, I pass an agreement-award in terms set out in the compromise petition which shall form part of the award as an annexure thereto.

AWARD

After service of usual notices, both the parties appeared and filed their respective written statements. Thereafter 22nd June 1962 was fixed for final hearing of the dispute on merit. On 19th June 1962, however, both parties file a joint petition of compromise intimating that the dispute has been mutually settled by the parties out of Court, and that the Union representing the workmen no longer has any claim whatsoever on the Management. The terms of compromise are lawful and hence recorded. In terms of the compromise, it is found that there is no longer any dispute between the parties. The compromise petition will form part of the award and marked as Annexure "A".

AWARD

This is a reference under section 10 of the Industrial Disputes Act of 1947 by the Government of West Bengal, Labour Department, order No. 490-I.R./IR/11L-410/61, dated 13th February 1962, for determination of the following issue:

Issue

Whether the action of the Company in offering promotion to Shri Balak Nath Ghose to higher grade if agreed to forego the claim to increment in his existing Grade was justified? What relief, if any, is the employee entitled to?

After the usual written statements were filed by the parties and Tadbirs were practically completed by them, 12th June 1962 was fixed for hearing. On that date parties were present but the Company took an adjournment. I myself was also engaged in hearing another part-heard case. So, the hearing of the present case was adjourned to 11th July 1962. In the meantime, on 14th June 1962, the Union filed a petition (with copies) stating that it did

not want to proceed with the case. The Secretary of the Union, who signed in the petition, as well as the Company's lawyer were both heard regarding the matter of the said petition. In view of the prayer of the Union, the hearing of the case was not called for, and hence the date was shifted back to 14th June 1962. In view of the facts and circumstances of the case, the prayer of that Union is reasonable and accepted. Accordingly a "no-dispute" award is passed hereby.

No. 2896-I.R./IR/10L-81/60.—4th July 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 2925-I.R./IR/10L-81/60, dated the 13th June 1960, the industrial dispute between Messrs. Bagri Iron and Steel Company, P-34 Benaras Road, Dasnagar, Howrah, and their workmen represented by Iron and Steel Workmen's Union, 60 Kaibarta Para Lane, Salkia, Howrah, regarding the issue mentioned in the said order being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bagri Iron and Steel Company, P-34 Benaras Road, Dasnagar, Howrah and their workmen represented by Iron and Steel Workmen's Union, 60 Kaibarta Para Lane, Salkia, Howrah. (Case No. VIII-135 of 1960.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri J. N. MANDAL, Judge, Third Industrial Tribunal.

For the Union: Shri Patit Paban Pathak.

For the Company: Shri S. R. Singh of Engineering Association of India.

AWARD

By order No. 2925-I.R./IR/10L-81/60, dated the 13th June 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Bagri Iron and Steel Company, P-34 Benaras Road, Dasnagar, Howrah, and their workmen represented by Iron and Steel Workmen's Union, 60 Kaibarta Para Lane, Salkia, Howrah, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

1. Bonus for the year 1957-58.

This reference was received from the Government for adjudication of an industrial dispute existing between Messrs. Bagri Iron and Steel Company of P-34 Benaras Road, Howrah (hereinafter be referred to as the Company), and their workmen represented by Iron and Steel Workmen's Union (hereinafter be referred to as the Union). The dispute was in respect of workmen's claim for bonus for the year 1957-58.

Immediately after receipt of the reference from the Government both parties were duly summoned for appearance. They entered appearance in time and filed their respective written statements. The Company also filed the list of documents to be relied upon but the Union did not take any step in this regard. Both parties then wanted to settle up this dispute along with some other existing disputes amicably and with that ends in view they carried on negotiations and ultimately succeeded to have all their disputes, including the present one, settled amicably. The settlement was arrived at on certain terms embodied in the memorandum of settlement signed by both parties on 7th April 1962. In a joint petition filed by the parties before this Tribunal on 12th June 1962 they have prayed for an award in terms of clause (6) of the Memorandum of settlement dated 7th April 1962.

I have perused the terms of settlement. The Company has since closed down the factory. The workmen agreed to accept 70 per cent. of the amount of retrenchment compensation payable under the law in full and final settlement of their claim. In consideration of the present position of the Company, the workmen further agreed to withdraw all the pending disputes on acceptance of the above terms specified in detail in the memorandum of settlement. Therefore, in the circumstances of the case I accept the terms of settlement and allow the Union to withdraw the dispute under reference in terms of the settlement embodied in the memorandum of settlement, dated 7th April 1962. The joint petition of compromise and the memorandum of settlement do form a part of the award as annexures.

This is my award.

Dictated and corrected by me.

J. N. MANDAL,
Judge.

JITENDRA NATH MANDAL,
Judge, Third Industrial Tribunal.

In the matter of an industrial dispute

Between

Messrs. Bagri Iron and Steel Co., P34 Benaras Road, Dasnagar, Howrah (hereinafter referred to as the Company)

And

Their workmen represented by Iron and Steel Workmen's Union, 60 Kaibartapara Lane, Salkia, Howrah (hereinafter referred to as the Union).

Joint petition on behalf of the Company and the Union abovenamed

Most respectfully sheweth:

1. That this day, the 12th June 1962, has been fixed for filing the petition of compromise in the abovementioned reference.

2. That by an agreement with the Union the factory had to be closed down with effect from the 20th January 1962, and an amicable settlement was arrived at between the Company and the Bagri Iron and Steel Workers' Union, 172 Benaras Road, Salkia, Howrah, affiliated to Iron and Steel Workmen's Union, 60 Kaibartapara Lane, Salkia, Howrah, on the 7th April 1962, in respect of all pending disputes and matters arising out of closure. A copy of the said Memorandum of Settlement is annexed hereto and marked "A".

3. That according to clause 6 of the said Settlement, it was agreed that "the parties shall file petition or petitions before the Labour Commissioner or Labour Court or Industrial Tribunal or any other appropriate authority as may be necessary for withdrawal of disputes pending with the said authorities."

In the circumstances, the parties jointly pray that the learned Tribunal should be pleased to pass an award in terms of clause 6 of the said Memorandum of Settlement, dated the 7th April 1962.

And for this act of kindness, your petitioners, as in duty bound, shall ever pray.

MEMORANDUM OF SETTLEMENT

Parties to the dispute.—(1) Messrs. Bagri Iron and Steel Company, 138 Canning Street, Calcutta, and (2) Its operatives as represented by the Bagri Iron and Steel Workers' Union, 172 Benaras Road, Salkia Howrah.

Management represented by.—(1) Shri R. C. Bagri Partner, and (2) Shri S. K. Asthana, Labour Adviser Engineering Association of India.

Union represented by.—(1) Shri Patit Paban Pathak, President, (2) Shri Harlal Dutta, Secretary and (3) Shri Haripada Nandy.

Short recital of the dispute.—On the 19th December 1961, the Company gave one month' snotice declaring its intention to close down the factory with effect from the 20th January 1962. Several discussions took place between the parties concerning pending disputes and matters arising out of closure and ultimately an amicable settlement was reached in the following terms:

Terms of settlement.—(1) It is agreed that the Company would prepare, within a period of four weeks, the statements showing the amount of retrenchment compensation payable to the operatives due to closure.

(2) It is agreed that the Company shall pay and the operatives shall accept 70 per cent. (seventy per cent.) of the amount of retrenchment compensation payable referred to in paragraph (1) above, in full and final settlement of their claim.

(3) It is further agreed that the abovementioned compensation shall be paid by the Company in three instalments, the first instalment of 25 per cent. being due at the end of first month, the second instalment of 25 per cent. being due at the end of second month and the third instalment of 50 per cent. of the agreed claim being due at the end of four months from the date of this agreement.

(4) It is agreed that if any operative should like to be paid later than the above dates or at the time of the last instalment he will notify the Company accordingly within 15 days of date hereof.

(5) It is agreed that the present outstanding balance of advance paid to the operatives in the past against Bonus claims and at the time of resumption of work after the strike in April/May 1961 are to be considered as having been fully adjusted in settlement or payment of all bonus and wage claims including the claim for pending increments up to date. All other advances or loans, if any, shall, however, be deductible from the payable referred to above.

(6) It is further agreed that the parties shall file petition or petitions before the Labuor Commissioner or Labour Court or Industrial Tribunal or any other appropriate authority as may be necessary for withdrawal of disputes pending with the said authorities.

(7) It is agreed that for completion of work in process and/or for delivery of goods, etc., some operatives shall be employed for varying periods on a temporary basis. The list of such operatives shall be put up by the Company at the main gate of the factory from time to time.

(8) It is further agreed that the operatives and/or the Union shall not put up any further claims involving the Company in any additional financial liability or obligation in regard to any other matter whatsoever and all such claims, if any, are to be considered as having been withdrawn.

(9) For the purpose of this Agreement, "operative" will mean all production workmen including monthly rated Mistries and Canteen Staff and this agreement applies to the personnel covered by the above definition.

(10) In the event of payments stipulated by this Agreement not being made, and further in the event of the Union or the workmen having to realise their dues by recourse to a Civil Court of Law, the concerned workmen shall be free to claim the entire amount of retrenchment compensation due to them under section 25F of the Industrial Disputes Act and not 70 per cent (seventy per cent.) as indicated in clause 2 above subject however to deduction for whatever amount have been paid already.

(11) Subject to paragraph 9, it is agreed that this agreement applies to persons directly employed in the Company.

LABOUR DIRECTORATE

CONSUMER PRICE INDEX NUMBER FOR WORKING CLASSES: BIRBHUM AREA, FOR THE MONTHS OF JANUARY 1962 TO MARCH 1962.

Base: Year 1951=100

Items.	Weights.	January 1961.	February 1961.	March 1961.	December 1961.	January 1962.	February 1962.	March 1962.
Food	69·26	114	114	113	122	118	117	118
Fuel and Lighting	5·36	96	96	99	100	101	101	101
Clothing	6·28	78	78	78	79	79	80	80
Miscellaneous	17·10	115	115	116	118	118	118	118
House Rent	2·00	100	100	100	100	100	100	100
Combined Index	100·00	111	111	110	117	114	114	114

The index number of Birbhum recorded a fall of 3 points from 117 in December 1961 to 114 in January 1962 and remained steady at 114 in February 1962 and March 1962.

The fall in January 1962 was due mainly to fall in prices of Rice, Fish and Vegetables. In February 1962, the fall in prices of Fish and Vegetables was offset by a rise in prices in the clothing group and in March by a rise in prices of Rice and Dal, thereby keeping the index steady at 114.

Issues

1. Grades and scales of pay.
2. Gratuity.
3. Working hours and overtime.
4. Dearness allowance.
5. Leave and holidays.
6. Quarters.
7. Service conditions.

As usual notices were served upon both parties after receipt of the reference from the Government. Both parties entered appearance and filed their respective written statements. The Union applied for direction upon the Company for production and inspection of certain documents of the Company, to which the Company raised serious objection. The matter was hotly contested. After hearing both the parties at length on the subject there was an order passed on 10th February 1960. By that order the Company was directed to produce certain documents for inspection by the other party. The Company was not satisfied with the order. They moved the Hon'ble High Court for rescinding the order. The record was sent to the Hon'ble High Court in pursuance of the direction. After about a year and a half the record was received back after the disposal of the revision matter by the Hon'ble High Court. There was some difference of opinion between the parties regarding the procedure for inspection of certain documents lying in the custody of the Company. The Company showed some amount of reluctance to produce its documents before the Tribunal. However, ultimately the Union had an opportunity for inspection of some documents of the Company.

The Union's case in the written statement is that the Company is a highly prosperous and profitable concern having landed properties consisting of several commercial buildings situated at Nos. 4 to 13, Dalhousie Square East, No. 1/1, Mission Row, and at No. 5, Hastings Park Road, Calcutta. But in spite of its fabulous income the Company does not pay adequately to its subordinate employees, whose service conditions are extremely unsatisfactory. The workmen pleaded for adequate pay, dearness allowance and other amenities but the Company did not listen to their grievances. So, the subordinate employees ultimately formed a registered Trade Union in January 1959 and submitted a charter of demands to the Company on 26th February 1959. But the Company did not respond to the demands of the subordinate employees who ultimately approached the Labour Commissioner for conciliation. But there was no result. Hence the reference was made.

The Company, in its written statement, has denied its solvency. On the contrary, its contention is that its financial position is most unsatisfactory, so much so, that it could not pay any dividend to the shareholders for the last several years. The Company has further stated that the workmen submitted a charter of demands sometime in the latter part of 1957 and at the intervention and conciliation of the then Assistant Labour Commissioner, some settlement was brought about and accordingly a memorandum

of settlement was drawn up on 19th September 1958 but subsequently the workmen with an ulterior motive backed out. Further contention of the Company is that the existing wage rates are reasonable and proper and there is no cause for complaint. Moreover, in view of the present financial stringency, the Company cannot agree to introduce any grades and scales of wages as suggested by the Union. Similarly the Company is not in a position to introduce any further retiring benefit by way of gratuity. The Company has denied all the allegations of the Union and has contended that there is justification for the existing grades and scales of pay, dearness allowance and the existing leave rules and holidays. It has no objection to the maintenance of service records and fixing the retiring age at 60 years provided the employees are found in a fit state of health to work till then.

Decision

Issue No. 1: Grades and scales of pay

The Union examined nine witnesses and the Company examined only two besides some documents tendered into evidence by both parties. Union demands fixation of grades and scales of pay for the subordinate employees who are 27 in number (vide paragraph 8 of the written statement). They are durwans, liftmen, plumber, carpenters, electrician, pumpmen, assistant electrician and sweepers. According to the Union the present wages of the subordinate employees of the Company are grossly inadequate and fall short of the minimum wage. The workmen have been putting up long services but they are not getting the minimum wages even.

The Union has, therefore, suggested in its written statement the following grades and scales of pay:

Grade A: Electric Mistry—Rs. 65—2—85—3—115.

Grade B: Plumber and Carpenter—Rs. 60—2—80—3—110.

Grade C: Liftmen, Durwan and Pumpmen—Rs. 55—2—75—3—105.

Grade D: Assistant Electric Mistry—Rs. 45—1—55—2—75.

Grade E: Sweepers—Rs. 35—1—45—2—65.

The Company has resisted the Union's demand by pleading inability to pay any wage increase on account of its financial stringencies. Its contention is that there are fixed grades for the workmen and they are getting reasonable amounts of wages. The Company's further contention is that some of the workmen have been doing part-time works elsewhere without the knowledge and permission of the Company and therefore the workmen do not deserve any better wages. This last contention of the Company that some of the workmen have been serving elsewhere as part-time workers has not been substantiated by any evidence. On this point the Company has not adduced any evidence. Therefore, I reject this plea of the Company as without substance.

The Company although stated in the written statement about existence of grades, it did not file any relevant document on this subject in due time. It is only when the hearing was in progress, and almost at the fag end of the hearing, the Company produced a document Ext. D to show existence of grades and scales of pay introduced from the year 1952. It may be pointed out here that the Comp was not very fair in the matter of production relevant documents in order to afford inspect thereof by the other side even when prayed for a permitted by this Tribunal. There was considera unpleasantness created by the obstinacy and unh ful attitude of the Company in the matter of plac relevant documents before the Tribunal for insp tion by the other side as prayed for. However, document Ext. D was produced by the Comp before this Tribunal very late after the close of evidence adduced by the Union. But I accep this document on the belief that it is not a ma factured one as alleged by the Union. It seemed me that it is a genuine document bearing signatu of responsible officers who were previously conne ed with the management of the Company. Moreov existence of grades was mentioned in paragraph of the Company's written statement. Further t document has been proved by D.W. 1 Shri In Bhusan Bhattacharji who is the present Caretal of all the house properties belonging to the Compa He has been doing this job from 1959. Prior to th he served the Company as Head Clerk. He has be in continuous service of the Company from 1924. is clear from his evidence that this document w prepared to his knowledge. Therefore, I admitt this document into evidence even though produc late. This document, of course, does not do a material harm to the interest of the workmen. simply shows that the Company introduced grac and scales of pay for its subordinate employees w effect from 1st January 1952. This fact is clear fr the evidence of some of the workmen who depos before this Tribunal that the subordinate emplov have reached the maximum of their grades intr duced as far back in 1952. The Union complain of inadequacy of the wages the workmen have be receiving for the last few years. The fact that t workmen have been frequently complaining of t inadequacy of the wages will be clear from the Cor pany's written statement in paragraph 3(ii). Tl Company admits that the workmen previously sul mitted charter of demands in 1957 and there ha been conciliation proceedings before the Assistar Labour Commissioner and the Labour Officer and compromise was effected at the intervention of th officers of the Labour Directorate and the Compan further admitted that a settlement was brought abou and the memorandum of settlement was drawn up copy whereof was attached to the written statement It follows, therefore, that the Company practically admitted the change of circumstances and, therefore agreed to the revision of scales of wages of these workmen. According to the Company ultimately the memorandum of settlement was not signed by all parties concerned because the workmen at that stage were misguided by some interested persons and refused to accept the agreed terms. Then follov the present reference.

Be that as it may, in view of the admitted fact th following the workmen's grievance and submission of charter of demands, there was a conciliation pro ceeding and in that proceeding the Company agreed to the revision of scales of wages, it does not any longer lie in the mouth of the Company to plead inability to pay any reasonable and fair wage increase that may be found justified by the change of circum stances and also after having regard to the Com pany's financial positions. It is well settled that the Company's ability to pay is an essential condition in

he matter of fixation of wage increase which is a ong-term operation and it will have considerable ffect on the industry unless it is done with great are and caution, and with due consideration of all he material and essential facts and circumstances. t is also well settled that capacity of the industry to ay is to be considered on an industry-cum-region asis after taking a fair cross-section of the industry. Jnfortunately in the present case there is no similar ndustry in the region at least not disclosed in the vidence adduced by the parties before this Tribunal. he present concern is having a business first of its ind. The Company is owner of a number of big uildings in Dalhousie Square area which are let out n flats to some of the residential tenants and mostly o other business firms. It is in evidence of D.W. 1 Shri Bhattacharji that the Company is getting nearly ts. 50,000 per month as rent from the house tenants. herefore, in absence of any similar industry in the egion, it is not possible to revise the wage scale on egion-cum-industry basis.

It has been found from the admitted conduct of he Company that there is justification for revision of the wage increase, to which the Company actually greed. Ultimately the failure was as told by the Company due to the intervention of some interested ersons who are said to have misguided the workmen who ultimately refused to sign the memorandum of settlement on acceptance of the terms embodied herein and settled on the intervention of the officers of the Labour Directorate. Apart from this, there s another fact which goes to falsify the Company's lea of inability to bear any wage increase on financial grounds. According to the Company's written tatement the Company's financial position is not very satisfactory and as such any wage increase will tell heavily upon the concern. This contention of the Company was not advanced very far while the hearing of the case was in progress. Practically no evidence was adduced to prove the Company's unsatisfactory financial position. On the contrary, it will be clear from the Director's Report of the Company appearing in the balance-sheets of the years nding March 1958, 1959 and 1960 (Exts. C, C/1, C/2) that the Company have been regularly earning profits to the tune of Rs. 1,62,000 and odd, Rs. 82,000 and odd, and Rs. 77,000 and odd. Therefore, the Company's plea is devoid of substance. There is enough justification for revision of the scales of wages of the subordinate employees. The Company itself found justification and reasonableness in the revision of the existing grades and scales of their wages and accordingly agreed to the revision before the conciliation officer.

Lastly, it may be pointed out that the existing scales of wages were introduced as far back in 1952 and it is common knowledge that considerable economic changes have since taken place, so appreciably, that almost everybody is feeling the pinch of it. It may be noted that even the State Government have recently revised the scales of pay of all categories of employees and officers. Naturally the Government saw justification for the revision of wages so effected.

Therefore; I hold that there is justification for the revision of the existing scales of wages of the subordinate employees of the Company.

I have already mentioned the existing grades and scales of wages as introduced by the Company in the year 1952 (vide document Ext. D). The grades and scales introduced are as follows:

	Salary.	D.A.
Head Durwan	Rs. 25—1 35	Rs. 35
Other Durwans	Rs. 20 –1—28	„ 30
Liftman:		
(1) Head Liftman	Rs. 20—1 30	„ 30
(2) Other Liftmen	Rs. 20—1—28	„ 30
Sweepers:		
(1) Head sweeper	Rs. 15—1 —25	„ 27
(2) Other sweepers	Rs. 15—1—22	„ 27
Plumbers	Rs. 24—2—40	„ 30
Electrician	Rs. 30—2—54	„ 30
Carpenter	Rs. 24—2—44	„ 30

The grades and scales of pay as demanded by the Union have already been noted above.

I have already found justification for revision of the grades and scales of wages introduced by the Company in 1952 and are still in existence in spite of great changes in economic conditions. The Union has demanded five grades for the different categories of workmen. The scales so demanded by the Union appear to be very high and hardly there will be any justification for any of them. The Union could not place materials to justify the scales of wages so demanded for the subordinate employees. Those scales are found much higher than the scales recently fixed by the Government for similar categories of workmen. In case of Government employees, of course, the wages so fixed are inclusive of D.A. Admittedly in the present case in addition to the basic wages the workmen will also be getting D.A.

Upon a consideration of the entire facts and circumstances disclosed in the evidence and also regard being had to the financial position of the Company and the long-term effect of the wage increase due to the revision of the existing scales of wages, I would consider that the following grades and scales of wages will be fair and reasonable in the circumstances of the present case and on the materials available before this Tribunal:

Grade A: Electrician—Rs. 45—2 –75.

Grade B: Plumber, Carpenter and Pumpman—Rs. 35—2—65.

Grade C: Head Durwan and Head Liftman—Rs. 32—1—45.

Grade D: Head sweeper—Rs. 30—1—42.

Grade E: Liftman, Durwan, Sweeper and Helper to Electrician Rs. 25—1—40.

So, these are the grades and scales of wages prescribed for the workmen. In the matter of putting the workmen in the proposed now scales of pay, the employer will be guided by the fact of actual basic wages now being drawn by the workmen. Those workmen, who are at present drawing less than the pay in the revised grades for one year, will be pulled up to and fitted in the next higher pay point. The management will have the discretion in the matter of appointing a Head Durwan, Head Liftman and Head Sweeper from amongst the workmen of the respective categories regard being had to the faithful

and satisfactory services rendered by the workmen. The grades and scales of wages as above fixed shall not stand in the way of the management exercising its discretion to offer better pay and prospect to a workman or workmen in consideration and recognition of his or their extraordinary efficiency, meritorious service and great devotion to duty.

In fixing the wage scales, the total emoluments of the workmen have been taken into consideration because now it has been well established that in matters of fixation of wages, Tribunals should not look at the basic wage or D.A. in isolation from one another. It is the total emolument that matters.

The new grades and scales of wages will come into operation on the date when this award becomes enforceable under the Industrial Disputes Act, 1947.

Issue No. 2: Gratuity:

The Union demands that gratuity should be paid to each of the subordinate employees at the rate of one month's pay for every completed year of service. The Company resists the claim of the Union by pleading financial stringency. It is, however, stated that the Company has a scheme of Provident Fund, according to which the employees contribute 8½ per cent. of their basic wages and the Company contributes identical amounts. Therefore, introduction of any scheme of gratuity as an additional retiral benefit at this stage is uncalled for and unjustified. The Company's financial position has already been discussed. It has been found to be not at all gloomy. On the other hand, the Company has been systematically making good profit although there is no unlimited scope for augmenting profit in view of the existing rent legislation. However, the fact remains that the Company has been making sufficient profit regularly without any loss in any year.

It is, of course, well settled by the Hon'ble Supreme Court that the benefit of gratuity is in the nature of retiral benefit and before framing a scheme for gratuity industrial adjudication should take into account several relevant facts:

The financial condition of the employer, his profit making capacity, and the profits earned by him in the past.

It has also been well recognised that though the grant of a scheme for gratuity must depend upon the capacity of the employer to stand the burden, on a long-term basis, it would not be permissible to place undue emphasis either on the temporary prosperity or temporary adversity of the employer.

In the instant case it has already been found that the Company's financial position is sound, and that it has been regularly earning sufficient profits, which would, in my view, justify framing a scheme of gratuity for the subordinate employees. But the scheme suggested by the Union cannot be supported regard being had to the financial position of the Company and the long-term operation of the scheme. Admittedly the Company has adopted a Provident Fund scheme, according to which the employees contribute 8½ per cent. of their basic wages and the Company contributes identical amounts. Therefore, taking all these facts into consideration I would consider the following scheme of gratuity for the subordinate employees of the Company will be fair and reasonable:

(1) On the death of an employee while in the service of the Company, or on his becoming physically and mentally incapable of further service, 15 days' basic wages for each year of continuous service shall be paid to the disabled employee, or if he has died, to his heirs or legal representatives or assigns.

(2) On voluntary retirement or resignation of an employee after five years' continuous service, 15 days' basic wages for every completed year of service.

(3) On termination of service by the Company, half a month's basic wages for each year of completed service.

In no case the maximum amount of gratuity shall exceed 12 months' basic wages last drawn.

The above scheme will come into operation from the date this award will be enforceable under the provisions of the Industrial Disputes Act, 1947.

Issue No. 3: Working hours and overtime

The Union claims that the working hours should not exceed eight hours. In case a workman is employed beyond eight hours, he should be paid for the extra work beyond eight hours at the double rate of their usual basic wages.

The Company has denied the Union's allegation of non-payment for overtime work. In paragraph 9 of its written statement the Company has asserted that the workmen are paid for their overtime work. But there is nothing in the evidence to show payment for overtime work to the subordinate employees. The Company's principal witness Shri I. B. Bhattacharji had to admit that there is no overtime payment made by the Company. According to this witness of the Company, most of the subordinate employees are to work from 9 a.m. to 5 p.m. which is said to be the normal working hours of the subordinate staff. This witness has deposed that none of the employees works more than eight hours a day. But the same witness of the Company had to admit that some Liftmen and Durwans are to remain on duty from 6 p.m. to 9 a.m., i.e., for 15 hours. He also admits that the Pumpman works from 6 a.m. to 9 p.m., i.e., for 15 hours. But there is nothing to show any payment to these workmen for overtime work. The workmen who deposed before this Tribunal have denied any payment by the Company for overtime work. So, there is no truth in the Company's statement that the workmen are paid for their overtime work. The Company practically admits that the normal working hours should be eight hours as deposed by the Company's main witness Shri I. B. Bhattacharji, the Caretaker of the house properties of the Company. Therefore, the normal working hours for the subordinate employees should be eight hours a day, and if any workman is required to work beyond the normal working hours, he should be paid for the overtime work at the rate of one-half times the ordinary rate of wages.

Issue No. 4: Dearness Allowance

Admittedly the Company has been paying D.A. to its employees. The rates of D.A. are fixed as will appear from the document (Ext. D). Head Durwan

the Company is drawing a fixed D.A. of Rs. 35 month from the year 1952. Other subordinate ployees are drawing D.A. at the rate of Rs. 30 per nth excepting Sweepers who are being paid D.A. the rate of Rs. 27 per month. There has been revision of D.A. since the year 1952. It is undis- ed that since then the price index has consider- y gone up. The Union has appended to its written tement a copy of the circular of the Bengal Cham- of Commerce, dated 11th August 1959, to show working-class cost of living index of the time. will show the actual ri ing of the working-class t of living index. Moreover, it is common wledge that prices of essential commodities have n appreciably rising. Therefore, there is no justi- tion for payment of fixed D.A. to the subordinate ployees since the year 1952. It may be remember- that ingredient to basic wage is a permanent tor whereas ingredient of D.A. is introduced as a plementary factor of a temporary nature in order neutralise to some extent the gap between cost living for the time being and the basic wages. It s observed by the Third Major Engineering Tribu- that "D.A. depends on two factors, viz., (1) capa- y of the particular industry and (2) it corresponds the rise in the cost of living index." It has already n found that this concern has the capacity to pay l it is actually paying D.A. to the subordinate ployees but at fixed rates, and no uniformity erved in granting D.A. to the subordinate ployees. But in my view there should be a uniform e of D.A. for all the subordinate employees, and ordingly taking into accounts all the relevant ts and circumstances I would prescribe the follow- slab rates of D.A. for the subordinate employees the Company:

For the pay range—

		D.A.
Up to Rs. 50	...	Rs. 36
From Rs. 51 to 100	...	Rs. 46
From Rs. 101 to 150	...	Rs. 52
From Rs. 151 to 200	...	Rs. 58

e D.A. will be liable to be increased or decreased the case may be on the basis of Re. 1 for every points in the case of rise or fall of the cost of ng index figure from 1962 as may be published he "Calcutta Gazette" or West Bengal Labour tte by the Labour Commissioner of the Govern- t of West Bengal.

e No. 5: Leave and Holidays

ith regard to this issue Union demands—

a) Privilege leave for one month with full pay and D.A., cumulative for three months,

b) Casual leave for 15 days in a year with full pay and allowances,

c) Sick leave for 15 days in a year with full pay and allowances on production of medical certificate.

e Company has characterised the Union's claim antastic particularly in view of the fact that the pany gives free medical advice and at the same pays the cost of the medicines for the treatment s workmen. It is admitted by the workman una Raut (P.W. 5) that they get free medical ice and the Company also pays for the medicine prescribed by the Company's medical officer. Therefore, the workmen enjoy some medical benefits from the Company. The Company has stated in paragraph 11 of its written statement that the existing provisions as regards leave are more than adequate. But the Company has not specifically mentioned its existing provisions regarding leave and holidays. It has simply criticised the Union's claim on this head. However, after due consideration of the materials placed by the parties before this Tribunal, I would prescribe the following leave and holidays for the subordinate employees of the Company:

(a) Privilege leave—Fifteen days in a year after 12 months' continuous service, may be accumulated up to a maximum of not more than 30 days.

(b) Casual leave—Seven days on full pay shall not be accumulated.

(c) Sick leave—Fifteen days in a year with half pay on production of medical certificate, may be accumulated for 45 days.

The workmen will also enjoy festival holidays for nine days on full pay in a year. If an employee is made to work on a festival holiday he shall be paid wages at double the usual wages for the day or to be given a substituted holiday according to his choice. The list of National holidays will be prepared by the Company in consultation with the workmen represented by their Union.

Issue No. 6: Quarters

P.W. 6 Sukhari Ram Sha is one of the eight Durwans of the Company. He has been in service for about a dozen years. He admits that 22 subordinate employees have been provided with quarters by the Company. It is in paragraphs 8 and 21 of the Union's written statement that there are altogether 27 subordinate employees and out of which 11 only have been provided with quarters. But in the evidence of one of the subordinate employees it transpires that 22 of them have been provided with quarters. Therefore, just a few workmen have not been given any house accommodation. It is nowhere in the evidence that in spite of availability of the accommodation the Company has not provided them with house accommodation. Therefore, I leave this matter unto the management who will remove this particular grievance in respect of a very few of its subordinate employees when the large majority of them have been accommodated in the Company's quarters. The remaining few workmen should be accommodated as early as possible depending on the availability of house accommodation.

Issue No. 7: Service Conditions

As regards this issue the Union lays down as many as 11 essential conditions to be enforced for the security of the employees. But at the time of hearing Union abandoned four of the items as regards (c) uniforms, (d) medical aid, (e) tools and working equipments, and (g) loan. The rest of the items were pressed by the Union.

The Union demands that there should be uniform service rules and the Company must introduce the same. The learned Counsel appearing for the Company agrees that there should be uniform service rules. Therefore, the Company must see that uniform service rules are introduced without delay.

The Union demands that all subordinate employees be confirmed on completion of six months' service. The Company has stated that this practice is being followed and there has never been any grievance on this score. Therefore, there is no dispute on this point. The subordinate employees are being confirmed and this should be continued by the Company on completion of six months' satisfactory service.

The Union's next demand is that the workmen should be allowed one-half days' rest in a week. The Company does not oppose this claim. It is stated in the written statement that the workmen are getting the rest. Therefore, the Company practically admits this demand of the Union. So, the subordinate employees should be given one-half days' weekly rest.

Be it noted here that regard being had to the nature of the services rendered by the subordinate employees of this particular concern, which is said to be the first of its kind in the region, I direct that the Company will have the option to employ any workman during the period of weekly rest but the workman so employed should be paid by the Company double the normal wages. As monthly rated worker he will be getting his usual wage for the day of rest but for his employment on such a day he will be paid one extra wage for the day.

The next grievance of the Union is that at the end of each year the employees should be furnished with proper accounts in respect of their Provident Funds. The Union's allegation is that the workmen have been regularly making contributions to the Provident Fund but they do not know if the Company is at all contributing its equal share to the fund. The Company states that it has been contributing its proper share at the rate of 8½ per cent., i.e., identical with the workers' contributions to the fund. It is further stated that the said accounts are being maintained by the Trustees of the Provident Fund, and the workmen are at liberty to approach the Trustees of the said fund. But D.W. 1 Shri I. B. Bhattacharji, who is the Caretaker of the Company's house properties, has deposed that the Provident Fund Scheme is entirely managed by the Company and it has not received the approval of the Regional Provident Fund Commissioner. He has stated further that the Provident Fund Scheme is not regulated by the Employees' Provident Fund Scheme. According to this witness the Provident Fund Accounts of the employees have not been audited from the year 1957 and so the Pass Books of the employees have not been properly maintained and up-to-date entries have not been made. So, there is good ground for apprehension in the minds of the employees. To allay their apprehension and suspicion, the Company should see that the accounts are regularly and timely audited at the close of each year and statements of accounts are timely furnished to the employees at the close of each year. The entries in the Pass Books of the employees should be made up to date as expeditiously as possible and be returned to them for their information and satisfaction on verification of the correctness of the amounts contributed by them and also by the Company.

The Union demands that the workmen should be given tiffin allowance at the rate of 25 nP. per day. The Company vehemently opposes this claim of the Union. I see no justification for tiffin allowance in view of the refixation of the wage scales and rate D.A. So, I reject this claim of the Union.

The next demand of the Union is that the reti age of all the subordinate employees should be fi at 60 years. The Company has stated that it has objection to fix the retiring age at 60 years provi the employees are found to be in a fit state to w until the age of 60 years. Therefore, I fix the reti age of the subordinate employee at 60 years provi he is found physically fit and capable of discharg his duties up to that age. The Company will h the option to retire him earlier on ground of physi infirmity and incapability to work but not before age of 55 years.

The last demand of the Union is that serv records should be maintained for all employees. this demand of the Union the Company has objection. Therefore, service records should maintained in respect of all the employees.

This is my award.

AWARD

The above dispute over the Issue given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department order No. 528-I.R./IR/10L-15(A)/62, dated the 17th February 1962.

Issue

Whether the refusal by the management to grant extra leave allowance to the sub-staff is justified? To what relief, if any, are they entitled?

The Union's precise case under the issue as contained in the written statement is briefly this: The clerical staff of the Companies enjoys the benefit of extra 50 per cent. of their monthly salary up to a maximum of Rs. 300 over and above the full wages for the period of leave, when they proceed on annual leave, but this benefit of 50 per cent. additional wages known as "extra leave allowance" is not allowed to the sub-staff. There is no reason for such discrimination and invidious distinction. The sub-staff is, therefore, also entitled to the said "extra leave allowance."

The precise and relevant case of the Companies in reply to the aforesaid case of the Union is this: By an award published in the "Calcutta Gazette", dated the 10th April 1958, the leave rules of the concerned workmen were determined but no porvision was made for "extra leave allowance" as now claimed. The present reference is, therefore, misconceived and bad in law. It is admitted that the "extra leave allowance" in question was allowed to the clerical and supervisory staff, but it is contended that this benefit was extended to them in view of the nature and responsibility of their work which is entirely different from that of the sub-staff, and as such, there was no discrimination against the sub-staff in the matter. It is further contended that the Companies voluntarily introduced grades and scales of pay for the sub-staff by mutual settlement with the Union and the sub-staff was allowed the additional benefits of a daily tea allowance and free medical examination by the Companies' doctor and free medicines prescribed by the same doctor, which were not extended to the clerical and supervisory staff. In the aforesaid circumstances, the Union's claim of "extra leave allowance" for sub-staff is not maintainable on merits.

I first take up the objection against the legality and maintainability of the present reference based on the alleged award, dated the 10th April 1958. I have perused that award. I find that the award was made in a dispute between these two Companies and their sub-staff represented by the Engineering Mazdoor Union on several issues and one of the issues related to "Leave—privilege, sick and casual". It was issue No. 3. The Tribunal allowed the sub-staff privilege leave on full pay for 14 days cumulative up to 28 days, sick leave on half pay for 14 days on medical certificate cumulative up to 56 days and casual leave on full pay for 10 days without reference to any extra allowance. It appears tht the claim for "extra leave allowance" was not specifically raised in that dispute by the Union and so, no award was given on this claim. Ext. A, is an admitted agreement between the two Companies and the concerned Union regarding the general and technical staffs, dated 12th January 1961. By this agreement, the "extra leave allowance" in question was provided for the staffs covered by the agreement. There is no evidence before me to show that the concession of "extra leave allowance" to the superior staff was in force at any time before the said agreement, dated 12th January 1961. So, this concession was extended to the superior staff long after the award of 1958. The Union then raised the claim that the same benefit of "extra leave allowance" should be extended to the sub-staff also and thus the present dispute originated. At the time of the award of 1958, no such concession was at all in existence. It was, therefore, quite clear that no dispute about such concession was covered by the reference and necessarily by the award, dated the 10th April 1958, whereby the dispute under reference was adjudicated. In the aforesaid circumstances, it cannot be gainsaid that the present dispute regarding "extra leave allowance" is a new dispute absolutely unrelated to the previous reference covered by the award of 1958. After having regard to all the aforesaid facts and circumstances, I hold that the present reference of the dispute regarding the "extra leave allowance" cannot be said to be bad and not maintainable in law in view of the award, dated the 10th April 1958. This objection of the Companies is, therefore, rejected.

I now come to the merits of the claim. It will appear from the case made out in the Companies' written statement that according to them, the "extra leave allowance" was granted to the superior staff only on account of the entirely different nature and responsibility of their work in comparison to that of the sub-staff and also on account of the fact that some additional benefits were given to the sub-staff, which were not extended to the superior staff, such as, daily tea allowance and free medical examination and free medicines. In the evidence, the Companies have introduced another alleged additional benefit to the sub-staff, which is not admissible to the superior staff and this is said to be overtime allowance.

It has also been averred in the evidence of the Companies' side that 90 per cent. of the sub-staff live in the Companies' premises without any charge. O.P.W. 1 Shri Arya Bhusan Basu, the only witness for the Companies, who has made this averment, has admitted in his cross-examination that officially no

quarters are allotted to the sub-staff and they occupy the Companies' premises unauthorisedly without any objection by the Companies. So, according to his own admission, allotment of official quarters is not within the service conditions of these workers, but it is merely a matter of practice that some workers are living in the Companies' premises without any objection being raised by the Companies. They are liable to be evicted from the Companies' premises any moment and so, this cannot be considered to be a amenity officially extended to them. There is no evidence of any tea allowance at the trial. It is of course in evidence that the workers of the sub-staff are granted the benefit of free medical examination by the Companies' doctor and free supply of medicines according to the doctor's prescriptions. This point has not been challenged in the cross-examination of the Companines' witness. Such medical benefit is not extended to the superior staff. It is, however, to be considered in this connection that it is an admitted position that the superior staff gets sick leave for 14 days in a year on full pay, whereas the sub-staff gets sick leave for 14 days in a year on half pay. It cannot also be denied that the pay scale of the superior staff is much higher than the pay scale of the sub-staff. The agreement (Ext. A) shows the pay scale of the superior staff. The minimum of this pay scale is Rs. 100 and the maximum Rs. 760 per month. The minimum and maximum monthly pay of the sub-staff is Rs. 70 and Rs 95 respectively according to the admission of O.P.W. 1 Shri Arya Bhusan Basu. There is certainly great disparity in the pay scale between the two categories of workers and in view of this position, the medical benefits extended to the sub-staff cannot be said to be an extraordinary privilege of such a nature as to be a sufficient ground for denving them the other privilege of the "extra leave allowance" admissible to the superior staff. So far as overtime allowance is concerned, it is nothing but extra wages for extra work done and this cannot also be a reason for denving the benefits of extra leave allowance to the sub-staff. As regards the difference in the nature and responsibility of the work between the superior staff and the sub-staff, which is also put forward as a ground for not extending the benefit of "extra leave allowance" to the sub-staff, I am of the view that by the very nature of their respective services, there must be such difference and the difference is fully reflected in the different pay scales of the two categories of staffs, as I have already indicated above. The sub-staff should not be discriminated against in respect of the grant of "extra leave allowance" because of the inferior nature and responsibility of their work. So, I also reject the contention of the Companies that the exclusion of the sub-staff from the benefit of the "extra leave allowance" is justified by the inferior nature and responsibility of their work in comparison to that of the superior staff. They have also their own responsibility in their own way and within their own sphere of work.

After consideration of all the above facts concerning the service conditions of the two categories of staffs, I am of the view that there is no reason why the extra leave allowance should not also be extended to the inferior staff. The exclusion of the sub-staff from this benefit without any sufficient reason may be said to amount to invidious discrimination against them. The members of the sub-staff have their own allotted functions to discharge and the functions are related to the Companies' business and their functions cannot be said to be absolutely unnecessary or unessential. The Companies would not certainly have engaged such staff had they could do without them. In the above view of the facts and circumstances, I hold that the claim of the Union for extending the benefit of "extra leave allowance" to the sub-staff is quite reasonable and justified and the Companies have no sufficient reason or justification for denying this benefit to such staff. But, at the same time, I am further of the view that the rate of extra leave allowance admissible to the sub-staff cannot and should not be the same as that of the superior staff and it should bear reasonable proportion to the disparity between the scales of pay of the two categories of staff, superior and subordinate. After considering the different scales of pay of the two categories of staff and also the nature of their duties, I consider it fair and reasonable that the "extra leave allowance" admissible to the sub-staff should be at the flat rate of 25 per cent. of their monthly wages.

On the above findings and for the reasons given above, I finally decide and award that the refusal by the management to grant "extra leave allowance", i.e., leave allowance in addition to the ordinary wages for privilege leave allowed in a particular year to a member of the sub-staff is not justified and the members of the sub-staff shall get such extra leave allowance at 25 per cent. of their monthly wages with effect from the current year.

AWARD

The Government of West Bengal, Labour Department, by order No. 5316-I.R/IR/13L-24/61, dated the 31st August 1961, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute for its adjudication to this Tribunal.

The following issue has been framed in this case:—

Issue

Is the termination of service of Shri Umapati Mukherjee and Shri Santosh Das justified? To what relief, if any, are they entitled?

This reference under section 10 of the Industrial Disputes Act is in respect of termination of services of two workmen of the South End Press (hereinafter called the Company (1) Shri Umapati Mukherjee and (2) Shri Santosh Kumar Das, who were represented by the Press Employees' Association (hereinafter called the Union).

The Union's case is that as the two workmen of the Company under reference were active members of the Union, the Company was trying to victimise them and the Company terminated the services of these two workmen without any justifiable reason, that on 1st November 1960 the Management informed Shri Umapati Mukherjee (hereinafter called Shri Mukherjee) that the Company would dispense with his services telling him that the Company had decided to reduce the numbers of workmen of the Press, that the Company retrenched him on 2nd November 1960 and gave him a certificate but did not pay him the retrenchment compensation, that a joint conference was convened by an Assistant Labour Commissioner fixing 1st March 1961 for conciliation regarding the retrenchment of Shri Mukherjee, that the Manager asked Shri Santosh Kumar Das (hereinafter called Shri Das), the other workman under reference, to give false evidence of theft against Shri Mukherjee before the Assistant Labour Commissioner on 1st March 1961 and that when Shri Das refused to give false evidence he was driven out of the place after being abused in filthy language and was not permitted to resume work. The Union contends that the termination of services of these two workmen under reference is unjustified.

The Company's case is that it runs a small Printing Press employing only three workmen, that the Company was never aware that the two workmen under reference were active members of the Union, that on 1st November 1960 Shri Mukherjee was caught red-handed in the act of committing theft of some papers and a tin of printing ink which were the properties of the Company, but that no information was lodged at the police-station as the price of the articles was very small, that Shri Mukherjee left the Press and never returned to resume his duties, that he was charge-sheeted but as his address was not known the charge-sheet was hung up on the Company's notice board and as Shri Mukherjee never came to attend the enquiry, the Company considered that he had abandoned his service and the Company therefore filled up the vacancy by a new recruit in December 1960. The Company denies that any certificate was given to Shri Mukherjee by the Manager of the Printing Press. Regarding the termination of employment of Shri Das, the Company alleges that this workman absented from his work from 1st March 1961 without giving any intimation to the Company and his name was therefore struck off the muster roll from April 1961. The Company denies having asked Shri Das to give false evidence of theft against Shri Mukherjee before the Assistant Labour Commissioner on 1st March 1961. The Company submits that both the workmen under reference having abandoned their services the termination of their employment is justified.

The Company raised a preliminary objection that the dispute as referred to is not an industrial dispute as defined under section 2(k) of the Industrial Disputes Act in view of the fact that the workmen of the Company never formed a Union and the Company is not aware that the two workmen under reference were or are members of any trade union formed by a large body of workmen of Printing Presses. I will decide this question first.

The order of reference is to the effect that an industrial dispute exists between the Company and its workmen represented by the Union. The Tribunal has to be satisfied that the dispute referred to is an industrial dispute and that it is not an individual dispute. It is a fact that there is no union of the workmen of the Company. The Company stated in paragraph 3 of its written statement that it employs only 3 workmen in the Printing Press. It is also stated in the Company's written statement that the vacancy caused by the termination of service of Shri Mukherjee was filled up by a new recruit and that the Company was prepared to re-employ Shri Das if he had reported for duty without delay after 1st March 1961. P.W. 1 Shri Das says, "Amulya Adak, Umapati Mukherjee, and Bahadur were the employees of the Company beside myself. These were all the employees of the Press on 1st March 61". P.W. 2 Shri Mukherjee says—"Amulya is not a member of any Union". So both according to the Company and according to P.W.s 1 and 2 there were only three workmen of the Printing Press of the Company including the two workmen under reference. The Press Employees' Association took up the cause of the two workmen under reference. I have also said that there is no trade union of the workmen of this Company, but that does not stand in the way of these workmen from joining a trade union formed by a large number of workmen of a large number of

Printing Presses. Even two out of the three or four employees are said to be members of the Press Employees' Association, and if the Company wanted to challenge this allegation, it was up to the management to call for the documents—such as, membership registers, subscription books, etc., and inspect the same at the appropriate stage. The onus is not on the Union to prove membership of the two workmen under reference and as the Company has failed to establish that majority or a large number of the workmen are not members of the Union, I hold that the two out of three or four workmen are members of the Press Employees' Association which has every legal right to represent the workmen under reference. In this view, it must be held that it is an industrial dispute and not an individual dispute.

I will now take up the cases of the two workmen under reference separately.

(1) Shri Umapati Mukherjee

The case of the Union is that he was on leave on account of illness for 5 days—from the 28th October 1960 to the 1st of November 1960, and that the Manager came to his house on 1st November 1960 and told him that the Company had decided to dispense with his services on account of the Company's decision to reduce the staff, P.W. 2 Shri Mukherjee says that in November 1960 there were only four employees at the Press. He further says that he was asked by the Manager to come to the Press on 2nd November 1960 and after he had worked in the Press up to 5 p.m. on that date, the Manager called him and gave him a certificate telling him that he was retrenched as the Company had been suffering from loss of business. The Company, on the other hand, alleges that on 1st November 1960 this workman was caught redhanded in the act of committing theft of some papers and a tin of printing ink and that he left the Press and never returned to report for duty. The Union produced a certificate (Ext. 1, dated the 2nd November 1960). This was typed on the Company's stationery and signed by one "M. B. Chanda" as Manager of the South End Press under a rubber stamp impression showing his designation. The Company alleges that there was no Manager for the Printing Press and that there was no person in the name of "M. B. Chanda" or Mrinal Bhusan Chanda, but that there was a compositor named Mrinal Kanti Chanda. According to the Company, this certificate is not a genuine document. The Company has not examined Shri Chanda and never cited him as a witness. O.P.W. 1 says in his cross-examination that there is no Manager for the Press, but at the next breath he says—"Mrinal Kanti Chanda is the Manager". O.P.W. 2 Amulya Adak mentions the name of "Mrinal Bhusan Chanda" both in his evidence in chief and in his cross-examination. O.P.W. 3 Shri Chandi Rudra first avoided uttering "Mrinal Bhusan" or "Mrinal Kanti" by mentioning the name of Mrinal as "Chanda Babu", but in an unguarded moment in his cross-examination he mentioned the name as "Mrinal Bhusan Chanda", although he had once repeated the name as "Mrinal Kanti Chanda". O.P.W. 4 Bankim Behari Chakraborty has no authority or knowledge of facts, to speak and depose for the Company. He is an accountant of 'Jalajog' confectioners of South Calcutta. He admits—"I do not work anywhere excepting as an Accountant of 'Jalajog'" and "there is no concern between 'Jalajog' and the South End Press". So, the evidence of this witness whose master is th father of the lessee of the Press is worth nothing. I is not understood how Shri Mukherjee could manu facture the certificate. The certificate, I have alread said, is a type-written one on Company's stationery there is an impression of the rubber stamp of th Company—"For South End Press.....Manager" and there is a signature of M. B. Chanda as th Manager. That there was a Manager is clearl proved by this document and also by another docu ment (Ext. 2). Merely saying that the certificate i not genuine is not enough for the Company t support its case. It was incumbent upon the Com pany to examine Shri Chanda who was the onl person to give a denial regarding the genuineness o issue of this certificate. There is nothing on the sid of the Company to prove that the document is forged one. I have considered the evidence of th witnesses, the certificate and the circumstances state above, and I have no hesitation in holding that th certificate (Ext. 1) is a genuine document which wa issued by the Company under the signature of th Manager of the Press. The Manger is competent t appoint or discharge workmen, and that Shri M. B. Chanda who granted the certificate was, in fact, the Manager of the Printing Press with all the power and responsibilities of a Manager. It is the Company which made out a story that Shri Mukherjee wa caught redhanded in the act of committing theft o Company's properties at 5 p.m. on 1st Novembe 1960 and that he had left and never returned t work. There is no satisfactory evidence to support this got-up case. Admittedly, no 'First Information Report' was lodged with the Police and the explanation for not holding the F.I.R. does not seem to be very satisfactory. According to the Company's case in its written statement and the evidence of P.W.s 1 and 2, Kshitish Chandra Chakraborty (O.P.W. 1) could not have been an employee of the Company in the Printing Press in November 1960. Moreover, he makes conflicting statements in his deposition. He says—"It is not a fact that Shri Mukherjee attended and worked in the Press on 1st November 1960. It is also a fact that there was a theft on 1st November 1960". If his evidence is to be believed, then it comes to this that there was a theft in the Press on 1st November 1960 but it could not have been committed by Shri Mukherjee as there is nothing to prove that he came to the Printing Press on 1st November 1960. It is the case of Shri Mukherjee that he did not come to the Press on 1st November 1960 but that he came on 2nd November 1960. Th certificate (Ext. 1) shows that it was given to hir on 2nd November 1960 on which date he must hav come to the Company's Printing Press. It canno therefore be true that Shri Mukherjee left for goo on 1st November 1960 and never returned to th Press since then. The fact that Shri Gopal Roy wh was the proprietor of the Printing Press leased ou the Press to his son Ranjit Roy and that the fact tha the strength of employees in the Printing Press was reduced go to prove that all was not going well with the printing business of the Company. There being no proof of any theft having been committed by Shri Mukherjee and the certificate (Ext. 1) being found to be a genuine document, I find that Shri Mukherjee was retrenched from service of the Company on account of reduction of staff. The Company attempted to prove that Shri Mukherjee was charge-sheeted and that the charge-sheet was hung up on a notice

)oard as his address was not known to the Com-)any. But this is far from truth as it appears from Ext. 2, a letter given by the Company to Shri Mukherjee that the Manager mentions the address of he workman. So, it is a fact that the Company knew he address of Shri Mukherjee, but in spite of that knowledge the Company never gave him a charge-sheet at his address. So, this story of the Company hat he was charge-sheeted and that an enquiry was held which the workman did not purposely attend loes not appear to me to be true. Considering these facts and circumstances, I find that Shri Mukherjee, being retrenched from service from 2nd November 1960, is entitled to retrenchment compensation from the Company. Regarding the length of his service, it is on the certificate that Shri Mukherjee had worked for 9 years and Ext. 2, the letter shows that his service was considered to be permanent and continuous. His pay, according to P.W. 2, was Rs. 100 per month and this the Company never denied. He is therefore entitled to Rs. 450 and Rs. 100, i.e., Rs. 550 in all as retrenchment compensation from the Company. This workman further claims the arrears of pay for four months but it is his case that he never demanded any arrears of his pay from the Company. I therefore reject his prayer for recovery of arrears of pay for 4 months. He will only get retrenchment compensation amounting to Rs. 550 in all.

(2) Shri Santosh Kumar Das

The Union's case is that conciliation proceedings in respect of termination of the service of Shri Mukherjee was pending before an Assistant Labour Commissioner and 1st March 1961 was the date fixed for the parties concerned to appear before the Assistant Labour Commissioner, that the lessee of the Press asked Shri Das to depose that Shri Mukherjee had been caught redhanded while committing theft of Company's properties, and that Shri Das having refused to make false statement was driven out of the Press when he came to work on 1st March 1961. The Company denies thas allegation and it is the case of the Company that Shri Das remained absent rom duty without notice from 1st March 1961 and t was taken for granted that he had voluntarily left ervice. The testimony of P.W. 1, Shri Das, that he vas asked to give false evidence against Shri Mukherjee is uncorroborated by any other witness or by any document. I am, therefore, unable to accept his allegation, or for the matter of that, the Union's allegation as true. The fact remains that he did not work in the Press since 1st March 1961. As the Union has failed to substantiate its case that Shri Das was driven out of the place, I hold that he left service voluntarily and remained absent since 1st March 1961. Termination of his service by the Company is therefore justified and he is not entitled to any relief.

I therefore direct that the Company shall pay the retrenchment compensation amounting to Rs. 550 only in all to Shri Mukherjee within 60 days from the date of the publication of this award in the official gazette; that the service of Shri Das was rightly terminated and he is not entitled to any relief.

This is my award.

No. 3011-I.R./IR/4L-26/58.—11th July 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 2260-I.R./IR/4L-26/58, dated the 3rd June 1958, the industrial dispute between Messrs. A. R. & B. Kalwar Co., 11 Nidhiram Maji Lane, post office Khurut, Howrah, and their workmen represented by Bus Workers' Union, 249 Bowbazar Street, Calcutta-12, regarding the issue mentioned in the said order, being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Second Labour Court for adjudication;

And whereas during the pendency of proceedings before the said Labour Court, Shri Ram Brize Ray, a workman of the said Company, made a complaint in writing to the said Labour Court against the said Company alleging that the said Company had punished the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Labour Court has adjudicated upon the said complaint and submitted its award to the State Government;

Now, theerfore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by Shri Ram Brize Roy of 3 Nittyadhan Mukherjee Road, Howrah, a workman of Messrs. A. R. & B. Kalowar, 11 Nidhiram Manji Lane, Howrah, against the above Company. (Case No. 5/60, under section 33A of the Industrial Disputes Act.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri H. R. DEB, Presiding Officer, Second Labour Court.

This complaint has arisen out of the Government of West Bengal, order No. 2260-I.R./IR/4L-26/58, dated 3rd June 1958, by which an industrial dispute

between Messrs. A. R. & B. Kalowar and their workmen was referred to this Court for adjudication.

After several adjournments the case was fixed for hearing on 7th June 1962. The complainant was absent on that date; none appeared on his behalf. So I hold that there is no longer any complaint under section 33A of the Industrial Disputes Act in this case.

AWARD

The Government of West Bengal, Labour Department, by Order No. 4630-I.R./IR/10L-9/60, dated 30th August 1960, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute for adjudication to this Tribunal.

This dispute was previously referred to the First Labour Court by G.O. No. 6861-I.R./IR/10L-92/58, dated 15th December 1959, for adjudication which has been replaced by the Sixth Industrial Tribunal constituted under notification No. 3115-I.R./IR/3A-5/59, dated 21st June 1960, and has in consequence been abolished by notification No. 3508-I.R./IR/3A-9/59, dated 11th July 1960.

The Schedule

Whether the suspension of the following workmen is justified? To what relief, if any, are they entitled?

(1) Shri Mahaboob Ali.
(2) Shri Md. Yunus.
(3) Shri B. Biswas.
(4) Shri Powall Mondal.
(5) Shri Sk. Ladla.
(6) Shri J. King.
(7) Shri N. King.
(8) Shri Shakaldeo Shaw.
(9) Shri Mojibal Rahaman.
(10) Shri Akhtar Hossain.
(11) Shri Nikhil Das.
(12) Shri Rajgiri Singh.
(13) Shri Md. Hossain.
(14) Shri Md. Jan.
(15) Shri Abdul Rashed.
(16) Shri Sk. Jalil.

This reference is in respect of a dispute relating suspension of 16 workmen under reference. The case was taken up for hearing at 1-15 p.m. and one of the workmen came with a petition praying for an adjournment. It appears that the case had been adjourned on several occasions previously and I have considered the prayer of the Union for an adjournment, but I am unable to adjourn the case as it is an old one and it had been adjourned on several occasions. I therefore rejected the petition and the workman present having no further instruction, the case was taken up for hearing.

One N. A. Myer was examined on behalf of the Company who gave evidence stating that the 16 workmen under reference had been suspended for misconduct but at a subsequent stage, 6 of the workmen under reference, viz., serial Nos. 5, 6, 7, 11, 12 and 15 were permitted to resume their duties after the orders of suspension against them had been withdrawn. Out of the remaining 10 workmen, the Union represented only 7 of them, viz., serial Nos. 1 to 4 and 8 to 10. But the Union not having appeared today, the case has been heard ex parte against them. I have considered the testimony of O.P.W. 1 Shri Myer and I find that the orders of suspension passed against the workers other than those who had been permitted to resume duties, are justified and that the workman are not entitled to any relief claimed. This is my award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri N. B. CHAUDHURI, Judge, Fifth Industrial Tribunal.

The Government of West Bengal by its Labour Department Order No. 5156-I.R./IR/11L-95(A)/61, dated 24th August 1961, referred to this Tribunal an industrial dispute between Messrs. Southern Bank Ltd., 24 Netaji Subhas Road, Calcutta (hereafter referred to as the Bank), and their workmen represented by Southern Bank Employees' Association, 45-B Haramohan Ghose Lane, Calcutta-10 (hereafter referred to as the Union), for adjudication under section 10 of the Industrial Disputes Act.

The issues referred to this Tribunal for adjudication are as ollows:

1. Scale of pay.
2. Dearness allowance.
3. House rent.
4. Confirmation in service.

AWARD

After receipt of this reference usual notices were issued to the parties and they entered appearance and the workmen filed their written statetment. The Bank, however, filed a petition for stay of the proceedings pending decision of the High Court on the point of jurisdiction of this Tribunal in respect of the matters in dispute. The fact is that in another reference under section 10 of the Industrial Disputes Act, between these parties, the Bank challenged the jurisdiction of the local Government as well as this Tribunal in respect of these disputes. The matter was heard by me in presence of both the parties and the Bank's contention was not accepted. The matter was taken before the High Court in Revision under Article 226 of the Constitution. During pendency of the proceedings, the parties have, however, settled their dispute amicably and a memorandum of settlement has been drawn up and signed by the parties. The Revisional Case has been withdrawn by the Bank, and a compromise petition has been filed before this Tribunal along with the terms of settlement. The terms of compromise are lawful, and are accordingly recorded. The compromise petition along with its enclosure be marked as Annexure I and it will form part of this award. The award is passed in terms of the compromise in so far as they relate to the issues referred to this Tribunal for adjudication.

This is my award.

MEMORANDUM OF SETTLEMENT

Parties:

(1) Southern Bank Limited, 24 Netaji Subhas Road, Calcutta.

And

(2) Southern Bank Employees' Association, 45-B Haramohan Ghose Lane, Calcutta-10.

(a) In the matter of an industrial dispute covered by Ref. No. 1470-I.R./IR/11L-95/61, dated 24th March 1961, by the Labour Department, Government of West Bengal, in respect of the issue Puja Bonus 1960.

And

(b) In the matter of industrial dispute covered by the Ref. No. 5156-I.R./IR/11L-95(A)/61, dated 24th August 1961, issued by the Government of West Bengal for adjudication of disputes relating to (1) Scales of pay, (2) Dearness allowance, (3) House rent, and (4) Confirmation in service

Between

the above parties referred to the Fifth Industrial Tribunal, Government of West Bengal.

Short Recital of the Cases

The Southern Bank Employees' Association representing the workmen of the said Bank after its formation in 1960 raised several disputes of which the demands for Puja bonus for 1960 and other disputes including the question of scales of pay, the dearness allowance, house rent and confirmation in service figured prominently. The Bank used to pay one month's salary as Puja bonus to the staff for the last several years and its abrupt stoppage in 1960 created unrest and discontentment amongst the employees. The dispute was referred to the Labour Department, Government of West Bengal, who held some conciliation proceedings, on failure of which the issue was referred to the Fifth Industrial Tribunal, Government of West Bengal, in terms of reference as mentioned in (a) above.

Subsequently, the disputes relating to pay scales, dearness allowance, house rent and the confirmation in service were also referred to the same Tribunal by a separate order of reference as mentioned in (b) above.

The said Tribunal issued notices on the parties calling for filing statements of claims from the workmen and also for rejoinder, if any, by the Management. In accordance with the said directions, the employees' union filed their statements of claim on 22nd April 1961 and on 6th November 1961 in respect of the two references separately and the Bank submitted their statements in reply on 5th July 1961 and on 15th January 1962 respectively. The hearing of the dispute could not, however, take place as yet as the Bank, in connection with the dispute mentioned in (a) above, challenged the jurisdiction and competence of the said Tribunal in entertaining the dispute on the ground that in relation to the Bank, the Central Government is the appropriate Government. The Tribunal per its judgment, dated 13th October 1961, ruled out the objection raised by the Bank and assumed jurisdiction to entertain the dispute. The Bank challenged the said decision before the Honourable High Court, Calcutta, and the hearing of the said matter is pending.

The parties, however, strongly felt that with a view to develop good employer-employee relationship, the disputes should be settled mutually and accordingly the parties negotiated between themselves to decide the suitable terms and conditions for a settlement. The parties have now agreed to accept the following terms and conditions to settle the disputes.

The Employees' Association on behalf of all the employees of the Bank assure full and active co-operation of all the employees in the day-to-day working of the Bank at its Head Office and the Branches.

In lieu of the bonus claimed by the employees from year to year it is hereby agreed between the parties:

(1) That henceforth, there would be only one scale of pay for the clerical staff and one scale of pay for the subordinate staff which would be as under.

(i) Scale of pay for the clerical staff—Rs. 70—4—90-5—140—8—180—10—220.

(ii) Scale of pay for the subordinate staff—Rs. 35—2—65—3—92.

(2) That all employees (in both clerical and subordinate cadre) in the existing grades be fitted into the newly introduced scales as per clause 1, at a stage which is corresponding to or next above their present total emoluments (i.e., total of existing pay and dearness allowance in each individual employee's case in the existing grades).

(3) That after the employees' total emoluments are adjusted in the new scale as per clause 2 dearness allowance at the rate of Rs. 12.50 nP. (rupees twelve and naye paise fifty only) for the clerical staff and Rs. 7/50 nP. (rupees seven and naye paise fifty only) for the subordinate staff be paid.

(4) That if the average cost of living for the city of Calcutta as published in Indian Labour Journal published by the Government of India (base 1949-100) for middle class employees for three months beginning from April 1962 rises by 4 points or more over the first quarter of the year 1962, then the dearness allowance as provided in clause 3 will be raised for every such rise in the cost of living by Rs. 5 in case of clerical staff and Rs. 3 in case of subordinate staff for the succeeding quarter.

(5) That the Puja bonus for the year 1961 shall be paid to the staff by the Bank at the rate of one month's salary as payable in the month of October 1961. All advances given against such bonus to the workmen shall be recovered and adjusted from the bonus so payable in terms of this clause.

(6) That in addition to scales of pay and the rates of dearness allowance as above, a special allowance (which shall form part of the pay) shall be paid to the following categories of the staff, at the rate indicated below in consideration of the higher skill and/or responsibilities involved in the nature of their duties:

(A) Chief Cashier of all Offices—Rs. 15 per month.

(B) Zamadar—Rs. 20 per month.

(C) Driver—Rs. 15 per month.

Such special allowance shall be payable only during e period they are employed to carry out the afore-id duties.

(7) That the existing pay of the workmen shall not reduced in any case and all existing allowances her than the dearness allowance and special lowances as in clauses 3 and 6 above, will continue be paid to concerned workmen at the current tes.

(8) That all employees engaged on probationary id/or temporary basis serving the Bank for a total riod of 180 days with or without break of service iall be deemed to have been confirmed after the piry of 180 days and will be entitled to all benefits cruing to all permanent members of the staff.

(9) That this agreement will be given retrospective fect from 1st January 1962 and will remain in force to 31st December 1963. The payments hereunder ue to the staff will be effected within three weeks om the date of this agreement, but in no case later ian 21st June 1962.

(10) That the Bank agrees to withdraw its afore-iid appeal before the High Court within seven days the execution of this agreement and on the same ate this agreement will be filed jointly by both the irties before the fifth Industrial Tribunal, Govern-ent of West Bengal, with the prayer to pass a con-nt award in terms of this agreement in settlement both the disputes referred to it under Reference o. 1470-I.R./IR/11L-95/61, dated 24th March 1961, id Reference No. 5156-I.R./IR/11L-95(A)/61, dated 4th August 1961.

(11) That as to payment of bonus in future, the eneral Manager and the General Secretary of the ssociation will meet at the end of every annual eneral meeting and their recommendation will be ully considered by the Board.

No. 2979-I.R./IR/8L-26/62.—10th July 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 3610-I.R./IR/11L-645/58, dated the 19th July 1960, the industrial dispute between Messrs. D. N. Handloom Factory, 4/5 Kali Prasanna Singh Road, Calcutta-2, and their workmen represented by D. N. Handloom Workers' Union, 52/7 Bepin Behari Ganguli Street, Calcutta-2, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Seventh Industrial Tribunal;

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act ,1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. D. N. Handloom Factory, 4/5 Kali Prasanna Singh Road, Calcutta-2 (hereinafter referred to as the Company), and their workmen represented by D. N. Handloom Workers' Union, 52/7 Bepin Behari Ganguli Street, Calcutta-2. (Case No. VIII-395 of 1960.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. ROY, Judge, Seventh Industrial Tribunal.

AWARD

The above dispute over the issue given in the schedule to the order of reference was first referred for adjudication to the First Labour Court by the Government of West Bengal, Labour Department, order No. 640-I.R./IR/11L-645/58, dated 19th February 1959, and the same dispute was subsequently referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 3610-I.R./IR/11L-645/58, dated 19th July 1960, after the abolition of the said Labour Court and in supersession of the said previous order of reference.

The issue referred for decision is as follows:—

1. Whether the dismissal of Shri Nazamuddin Ansari is justified? To what relief, if any, he is entitled?

Notices of the present reference issued by this Tribunal to the Company and the Union by registered post were returned undelivered. The notice issued to the Union was returned with the remark "unclaimed" and the notice issued to the Company was returned with remark "Left." Thereafter this Tribunal wrote to the Government for supplying fresh addresses of the concerned parties, if any. But no fresh address was available. It appears from the record that the previous reference to the First Labour Court was made with the same addresses of the parties as given in the present reference and after notices were issued to those addresses, the parties appeared and filed written

statements. It is clear that the parties could not be found at the given addresses when notices of the present reference issued by this Tribunal were sought to be delivered and no fresh address of any of the parties is available. The parties are thus untraced. This reference has been pending for much more than a year and both the parties are absent and untraced in spite of the best efforts of the Tribunal to contact them. The aforesaid facts and circumstances clearly indicate that the parties have become defunct and in any case they are no longer taking any interest in or pursuing the dispute under reference. In the aforesaid circumstances I consider it useless to keep the reference pending further and I further consider that the reference should be disposed of by a "no dispute" award on the basis that the parties have become defunct and the dispute has ceased to exist. In fact, I find no other alternative open to this Tribunal than to dispose of the reference in the aforesaid manner.

In the result I make a "no dispute" award in this case.

AWARD

After service of usual notices, both the parties entered appearance and filed their respective written statements. At last 25th June 1962 was fixed for hearing of the case on merit. However, on the date fixed, the parties filed a joint petition of compromise settling their dispute amicably out of Court. I have gone through the terms of compromise. I think the terms are fair, reasonable and lawful. So, the compromise is recorded and an award is passed in terms of the compromise. The petition will form part of this award. The compromise petition is accordingly marked as Annexure "A" to this award.

This is my award.

AWARD

By order No. 5989-I.R./IR/11L-422/61, dated the 26th October 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Bengal Film Laboratories Private Limited, 48 Chittaranjan Avenue, Calcutta-12, and their workmen represented by the Bengal Motion Picture Employees' Union, 126A Dharamtalla Street, Calcutta-13, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the dismissal of Shri Suhash Dutta is justified? What relief, if any, is he entitled to?

The reference is in respect of an industrial dispute existing between Messrs. Bengal Film Laboratories Private Limited, 48 Chittaranjan Avenue, Calcutta-12 (hereinafter be referred to as the Company) and their workmen represented by Bengal Motion Picture Employees' Union, 126A Dharamtalla Street, Calcutta-13 (hereinafter be referred to as the Union).

The dispute was received on 30th October 1961 and forthwith notices were sent out for service upon both parties who duly entered appearance and filed their respective written statements. There was no production of any document by any of the parties in spite of opportunities they had. The case was taken up on 12th July 1962 when there was a talk of settlement. At the desire of the parties they were given an adjournment to settle up the dispute amicably, if possible.

The only point at issue being: Whether there was any justification for dismissal of Shri Suhas Dutta. If not, what relief he is entitled to?

The concerned workman did not insist on his reinstatement by the Company but he pressed for the other dues he is legally entitled to. The claim for reinstatement having been abandoned, the dispute has been amicably settled up on certain terms embodied in the joint petition of compromise filed before this Tribunal on this 26th day of July 1962 signed on one side of the workman himself, the Secretary of the Union and also by the lawyer representing the Union and on the other by the Proprietor of the Company himself and by his Advocate. I have perused and considered the terms and conditions which are fair, reasonable and lawful. Accordingly, they are accepted and an award be made on compromise in terms of the petition which do form a part of the award as an Annexure.

This is my award.

Award

The Government of West Bengal, Labour Department, by Order No. 4077-I.R./IR/7L-31/59, dated the 2nd August 1960, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute for adjudication to this Tribunal.

This dispute was previously referred to the First Labour Court by G.O. No. 2754-I.R./IR/7L-31/59, dated 2nd June 1960, for adjudication which has been replaced by the Sixth Industrial Tribunal constituted under Notification No. 3115-I.R./IR/3A-6/59, dated 21st June 1960, and has in consequence been abolished by Notification No. 3508-I.R./IR/3A-9/59, dated 11th July 1960.

Issue

1. Whether the dismissal of Shri Bhawani Prosad Sen is justified. To what relief, if any, is he entitled?

This reference under section 10 of the Industrial Disputes Act is in respect of dismissal of Shri Bhawani Prosad Sen, a workman of the Kinnison Jute Co. Ltd., Titaghur, 24-Parganas (hereinafter called the Company). The workmen are represented by the National Union of Jute Workers (hereinafter called the Union).

The Union's case is as follows: Shri Bhawani Prosad Sen (hereinafter called Shri Sen) was a permanent workman of the Company who was appointed a clerk on 12th December 1951 and who was confirmed in service on 1st January 1953. He joined the Union, and was an active member, and as an office-bearer of the Union he had occasionally to come in conflict with the Management. In an attempt to dismiss him, he was once alleged to have taken bribes from two workmen but the said two workmen having ultimately denied the allegation against him that he had demanded the bribes, the Management became revengeful and more determined to remove him from service. On 27th June 1959, the Company charge-sheeted Shri Sen alleging that he had employed one Hiralal, who was an outsider, as a Bobbin coolv in the night shift in Mill No. 1 on 22nd June 1959 without any authorisation. The charge was wholly untrue, baseless and malicious. Shri Sen submitted his explanation denying the

allegation. The Management then made a show of enquiry without giving him any reasonable opportunity to defend himself and dismissed him from service by a notice, dated 15th July 1959. The dismissal, according to the Union, is unjustified and the Union prays for reinstatement of Shri Sen with all his wages and allowances for the period from the date of his dismissal till he is reinstated.

The Company denies the allegations of anti-Union activities or terrorising or victimising any Union leader and denies knowledge of Shri Sen's joining the Union or of any conflict between him and the Company. The Company's case regarding the facts and circumstances leading to Shri Sen's dismissal is as follows:

The Company employs over 5,000 labour—skilled, semi-skilled and unskilled. The mill works round the clock in three shifts. The Company maintains a labour office, the principal function of which is to control employment of labour throughout the organisation, and recruitments of labour are done by this labour office in accordance with "rules of service" formulated by the First Omnibus Jute Tribunal which condemned the previous system of recruitment of labour through Sardars and directed its abolition. The system was specially designed to prevent corruption and dishonesty in connection with the recruitment of labour. It was noticed by the labour office that on 22nd June 1959 one Hiralal, whose name was not in the Spinning Department Badli list, was employed as a Bobbin cooly in the night shift in the Spinning Department of No. 1 Mill of the Company where Shri Sen was the time-keeper. An enquiry was held by the Management into the matter and it appeared that Hiralal was employed by Shri Sen without any authority. Accordingly, the Company issued a charge-sheet to Shri Sen for deliberate breach of rules of the establishment with dishonest motive of personal gain. Shri Sen replied to the charge-sheet. Enquiry was held in presence of the charge-sheeted workman, witnesses were examined and cross-examined both on behalf of the Management and the charge-sheeted workman. Shri Kanti Bhusan Chatterjee, a member of the Works Committee, representing the clerical staff assisted Shri Sen and cross-examined Company's witnesses. After the enquiry, the Company gave its consideration to all aspects of the case and found that the charge against Shri Sen was proved, and having regard to the seriousness of the charge the Company dismissed him by a letter, dated 15th July 1959. The Company submits that the dismissal of Shri Sen is justified.

Decision

It is an admitted fact that Shri Sen at first worked as a relieving clerk in various sections and departments of the mill office and the factory and that on 22nd June 1959 he was the time-keeper in the Spinning Department of Mill No. 1 in the night shift which commenced work from 9 p.m. The Company says that about 5,000 workmen are employed in the mills in various sections and departments. Admittedly there is a labour office which remains open everyday up to 10-30 p.m. and which maintains a list of Badlis and that according to rules the Badlis give attendance at the labour office before the starting of the shift for possible appointments in temporary vacancies. The night shift starts at 9 p.m. P.W. 1 Shri Sen the wo man under reference says: "My main duty is record Hazira and sending the requisitions wh there is shortage of hands" (page 3 of his depo tion). He further says: "On 22nd June 1959 I w on night shift from 9 p.m. My first duty coming to the mill was to check the lines and f out if there was any shortage of workers. I n down the vacancies and submit the same to departmental overseer. I fill up the requisition which is signed by the overseer,.....After requisition slips are sent to the Labour Depa ment, that department sends the required num of men to fill up the vacancies.....Employm slips are issued in respect of each individ appointment and on the basis of these employm slips the overseer signs and sends the same to t Labour Department. The Hazira reports a employment slips are all filled up by me" (page cross-examination). The workmen further s that he noticed shortage of one Bobbin cooly 9 p.m. on 22nd June 1959 after he had made first round of inspection. It is the workmen's c that when the Labour Department fails to se Badlis after requisition is sent, it is only then th an outsider, i.e., whose name is not on the list Badlis can be appointed by the departmental ov seer with the help of the line sardar. But in th case also employment slip must be made out a forwarded to the Labour Office the next morni This is the system of recruitment of labour for f ing up temporary vacancies. This system recruitment was introduced in accordance with t Rules of Service formulated by the First Omnib Jute Tribunal which condemned the previo system of recruitment of labour through sarda and directed its abolition. I fully agree with t submission of the Company that the present syste of recruitment of labour including Badlis w designed to prevent corruption and dishonesty favouritism in the matter of recruitment of labou The present system as described above on the bas of the admitted facts appeared to be, so to say, "Fool proof System" precluding possibility of givi employment to an outsider by any dishone employee of the Company. It is abundantly clea from the evidence on record that even if a tempo rary appointment is given to an outsider surrepti tiously and without the knowledge of the labou department, it is almost certainly to be detected and found out in course of a few days. Even P.W. 1 Sen admits that he has no knowledge as t how Hiralal, who was an outsider, was given temporary appointment in the night shift in th Mill No. 1 on 22nd June 1959. He says: "On 22nd June 1959 when I was making inspection the lines I found that man working; on my enquir the man said that he had been given work in th mill by the Sardar himself" (deposition of P.W. at page 2). It seems that Shri Sen had suspecte that there was something wrong in the matter o appointment of this man apparently because n appointment could be made by any one for an labourer to work in the night shift on 22nd June 1959 without his knowledge and without any requi sition being written and sent by him to the labou office through the departmental overseer. H therefore took the man to the departmental over seer after the man had produced his employmen slip on demand. It is therefore abundantly clea

that Hiralal, whose name was not in the Badli list, did get a temporary appointment at the instance of an employee of the Company working in the night shift in Mill No. 1 on 22nd June 1959 and this appointment was made in utter disregard of the "Rules of Service" as found in Ext. P (instructions for the running of the labour bureau, etc.). The question therefore is who gave Hiralal the temporary appointment or to be more precise— if Shri Sen gave the appointment to Hiralal. After the Labour Officer detected on 26th June 1959 that an outsider had been appointed to work as a Bobbin cooly in the night shift in Mill No. 1 (Spinning Department) on 22nd June 1959, an enquiry was started and inspections were made of requisitions, employment slips, Hazira, etc., and the Company was of the opinion that this appointment must have been made by Shri Sen with dishonest intentions and for personal gain. The Company therefore issued a charge-sheet asking Shri Sen to submit his reply. After the reply to the charges had been received by the Company a date for holding the enquiry was fixed and the proceedings were conducted by the Manager of the Kinnison Jute Mills. It appears from Ext. D, the records of the proceedings that an elaborate enquiry was held which lasted for a number of days. The Union alleges that it was a perfunctory enquiry, that Sri Sen was not given any opportunity to conduct his defence and the Union contends that the findings arrived at were perverse and the order of dismissal on the basis of the perverse findings is unjustified.

I have gone through the entire records of the proceedings. I have already said that an elaborate enquiry was made and it took the Manager a number of days to conclude it. It appears from Sen's letter Ext. C., dated 1st July 1959, that he requested the Management to permit Shri K. B. Chatterjee, the Secretary of the Union and a member of Works Committee, to conduct his defence. The permission was given. P.W. 2 Shri Chatterjee says at the beginning of his cross-examination: "I was present during the enquiry proceedings against P.W. 1 (Shri Sen) and as a matter of fact I conducted the defence of P.W. 1". It is admittedly a fact that he signed the records of the proceedings. The written statement of the Union was also signed by this gentleman Shri Chatterjee as the Secretary of the Union. He is an important office-bearer of the Union and he is a member of the Works Committee representing the clerical staff. It does not appear that he raised any objection at the enquiry about the procedure adopted and followed by the Manager, and during the course of the enquiry he never raised any objection that the evidence had not been properly recorded or that Shri Sen was denied any opportunity of conducting his defence. The defence was in able hands and cross-examination of Company's witnesses were made at length, although at some places the Manager did not permit some witnesses to give answers to some irrelevant questions, i.e., questions which had no bearing on the merits of the particular case against Shri Sen. It is true that the Manager asked some questions to some witnesses regarding the procedure in the matter of appointment. But the contention for the learned Advocate for the Union that the Manager holding the enquiry himself gave evidence against the charge-sheeted workman by asking these questions is of no merit and I reject it as unsound and untenable. I therefore hold that Shri Sen was given every opportunity of conducting his defence and that he availed of the opportunity by having his defence conducted by the able Secretary of the Union. The records of the proceedings clearly show the unbiased attitude of the Manager. The time he took in holding the enquiry proves that Shri Sen had full opportunity in the matter of conducting his defence. The evidence was recorded in details and whenever the Manager disallowed a particular question or answer he gave his reasons for the same. By no stretch of imagination it can be said that the enquiry was a perfunctory one. In my opinion, it was a thorough enquiry and nothing was done which could be said to have been prejudicial to the interest of the charge-sheeted workman. On the basis of the evidence adduced and considering all the facts and circumstances the Manager came to the finding that it was Shri Sen who had given an appointment to Hiralal, an outsider, in a surreptitious manner with dishonest motive and for personal gain. This being a grave misconduct which Shri Sen was found guilty of, the Company dismissed him from service. I have already said that the enquiry was a thorough one in which Shri Sen had every opportunity to conduct his defence and that it was not a perfunctory one. There is no proof or any satisfactory evidence that it was a case of victimisation or that the Management took recourse to unfair labour practice. The evidence adduced at the enquiry was lengthy and the findings arrived at on the basis of the evidence cannot be said to be perverse. There is no evidence of want of good faith. This being the case, it was for the Management to decide if the workman was guilty of any major misconduct within its Standing Orders sufficient to merit his dismissal. When the Management had before it facts from which it could conclude misconduct, its judgment cannot be questioned here and before me, when I have found that the Management acted without any vindictiveness, without resorting to unfair labour practice and without any infraction of the accepted rules of natural justice, and there being no basic error of facts or perverse findings, I cannot interfere with the findings of the Manager and the Management's order of dismissal. I hold that the dismissal of Shri Sen is justified and that he is not entitled to any relief.

This is my award.

NOTIFICATION

No. 21-I.– 16th August 1962.—Whereas the Governor is of opinion that lands described in the schedule below (hereinafter referred to as the said lands), lying within the limits of the Damodar Valley and the area of operation of the Damodar Valley Corporation, are likely to be benefited by irrigation during the kharif season of the year commencing from July 1962, by the water supplied by the said Corporation through canals;

Now, therefore, in exercise of the power conferred by sub-section (1) of section 4 of the West Bengal Irrigation (Imposition of Water Rate for Damodar Valley Corporation Water) Act, 1958 (West Beng. Act XXVI of 1958), the Governor is pleased hereby to declare her intention to impose on the said lands a water rate for the kharif season of the year commencing from July 1962, at the rate of ten rupees per acre.

Any person interested in any land likely to be affected by the imposition of the water rate referred to above, desiring to prefer under sub-section (2) of section 4 of the said Act any objection to the intended imposition of the water rate, or the rate at which the water rate is intended to be imposed, or to the inclusion of such land in the said lands, may do so by submitting to the undersigned such objection within a period of one month from the date of publication of this notification in the "Calcutta Gazette".

THE SCHEDULE

Boundaries of the areas in Burdwan, Hooghly, Howrah and Bankura districts

(A) Burdwan, Hooghly and Howrah districts—

LABOUR DEPARTMENT

ORDERS

No. 3354-I.R./IR/11L-412(A)/61.—23rd July 1962. —Whereas under the Government of West Bengal, Labour Department, order No. 5786-I.R./IR/11L-412(A)/61, dated the 30th September 1961, the industrial dispute between Messrs. Harbans Lal Malhotra & Sons Private Limited, 40 Belur Station Road, P.O. Belurmath, Howrah, and their workmen represented by the Belur Iron & Steel Workers' Union, 60 Dawna-Gazi Road, Bally, Howrah, regarding the issues mentioned in the said order being matters specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Harbanslal Malhotra & Sons Private Limited, 40 Belur Station Road, P.O. Belurmath, Howrah, and their workmen represented by the Belur Iron & Steel Workers' Union, 60 Dawna-Gazi Road, Bally, Howrah. (Case No. VIII-324 of 1961.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. N. GUHA ROY, Judge, First Industrial Tribunal.

Appearances:

For the Company: Shri S. K. Bose, Counsel, Shri S. R. Singh and Shri S. K. Bhanja Chowdhury.

For the Union: Shri Patit Paban Pathak.

In this reference under section 10 of the Industrial Disputes Act, made by the Government of West Bengal, Labour Department, order No. 5786-I.R./IR/11L-412(A)/61, dated Calcutta, the 30th September 1961, of an industrial dispute between Messrs. Harbanslal Malhotra & Sons Private Limited and their workmen represented by the Belur Iron & Steel Workers' Union, there are the two following issues:

1. Is the dismissal of Shri S. Chakraborty justified? To what relief, if any, is he entitled?
2. Is the termination of service of Shri N. K. Mukherjee justified? To what relief, if any, is he entitled?

I shall take these two issues one by one and shall state the respective cases of the parties on each issue as I deal with it.

Issue No. 1

The Company's case on the first issue is that it received a report from Shri S. N. Nayak, a Clerk of the Labour Department, on the 6th of February 1961 that he had been assaulted and abused in most filthy language by Shri S. Chakraborty on the 4th February 1961 on his way back home after the factory hours and on the basis of that report a charge-sheet was served on Shri S. Chakraborty. Shri S. Chakraborty submitted a reply thereto. A Board of Enquiry was set up to hold an enquiry into the charge-sheet and a notice was served on Shri S. Chakraborty as to the date and time of the enquiry. The actual enquiry began on the 13th of March and then after a certain number of adjournments for various reasons the hearing was concluded on the 18th of July 1961. The Board of Enquiry submitted its report on the 24th of August 1961 that Shri S. Chakraborty was guilty of the charges; on the 25th of September 1961 the Company dismissed Shri S. Chakraborty and it is the Company's case that he was dismissed after a proper and elaborate enquiry into the charges and that the same dismissal is bona fide, fully justified and in accordance with the principles of natural justice.

The Union's case, on the other hand, is that Shri S. Chakraborty is one of the workmen who organised the workers under Belur Iron & Steel Workers' Union and the charges contained in the charge-sheets against him were all false. In paragraph 9 of its written statement the Union says that the first enquiry was arranged on 20th March 1961 but the matter was kept shelved for reasons best known to the Management and it was only after intervention of the Labour Directorate that the enquiry was again taken up as late as July 1961. The Company by a letter, dated 30th August 1961, informed him that it had decided to dismiss him but as there was a conciliation proceeding, an application would be filed under section 33(2)(b) of the Industrial Disputes Act but in fact no such application was ever filed and Shri S. Chakraborty was dismissed on 25th September 1961. That is the whole case of the Union on the issue.

On behalf of the Company, apart from the documents exhibited, two witnesses were examined, namely, Shri Chandrama Singh, the Labour Officer of the Company who was a member of the Board of Enquiry and Balmukund Anand, the Manager. But the Manager says nothing about Shri S. Chakraborty. On behalf of the Union only the two aggrieved workmen were examined, viz., Shri N. K. Mukherjee and Shri S. Chakraborty. Shri N. K. Mukherjee speaks only about his own case so that on the first issue there are on behalf of the Company only its Labour Officer Shri Chandrama Singh and on behalf of the Union Shri S. Chakraborty, the aggrieved workman. The Board of Enquiry consisted of five members namely, Shri Chandrama Singh, representing the Management, two representatives of the workmen, namely, Abdul Gaffur and Jadunandan Prosad, who were also members of the Works Committee and two members of the Disciplinary Action Committee, namely, Shri K. K. Malhotra and Ramnarayan.

Exhibit 19 is the report of Shri S. N. Navak against Shri S. Chakraborty. The incident is stated to have taken place at about 7 p.m. on the 4th of February 1961 on Dharmatola Road and it is this that when Shri S. N. Nayak and N. C. Navak were proceeding with a friend to G. T. Road, Shri S. Chakraborty

called him from behind. S. N. Nayak responded to his call and waited for a minute there. There were also three other employees of the firm, namely, Basudeb Paul, Nilratan Pyne and Ajit Kumar Das and two or three other local persons. S. Chakraborty asked him somewhat angrily about the monthly staff increment and as Shri S. N. Nayak said that he was ignorant of the monthly staff increment, Shri Chakraborty forced him to sign a petition which they wanted to place before the Management as a complaint against increment and as Shri S. N. Nayak refused to sign the petition without going through the contents, Shri S. Chakraborty pulled him this way and that and abused him in filthy language. Exhibit 1 is the charge-sheet. It placed him under suspension from the date of notice, i.e., 7th February 1961 and Ext. 2 is the explanation of the workman. He merely expresses surprise at the contents of the charge-sheet and says that at the relevant time he was in the office of the Bally Municipality and this might be verified. He also said that the Management had been misinformed and he asked it to withdraw the charge-sheet and suspension order. Then Ext. 3 is the notice of enquiry. the members of the Board of Enquiry are stated therein. is a petition, dated 22nd February 1961, by Shri S. Chakraborty to the Manager in which he said that he wanted to examine two Municipal Commissioners as his witnesses. On the very first day when the enquiry began on the 13th March 1961, one of these two witnesses of Shri S. Chakraborty, namely, Shri Gopi Ballav Bhadury, was examined by the Board of Enquiry and his statement was that on the 4th of February between 6 p.m. to 6-30 p.m. Shri S. Chakraborty was in the Municipal Office for a certificate. There was no cross-examination of the witness by Shri S. N. Nayak. Then on the 14th Shri S. N. Nayak and Shri N. C. Nayak were examined. There is a note that Shri Chakraborty refused to sign the record of the evidence and that he did not cross-examine the witnesses. It is the evidence of Shri S. Chakraborty before me that, apart from two witnesses, namely, Shri Motiram and Ramprosad, he was not asked to cross-examine any witness and he did not cross-examine even those two because those two only deposited two sheets of paper and he did not know what the two sheets of paper deposited were. He also says that the evidence of the witnesses was not read over or explained to him and he declined to sign the proceedings on that ground. He further states that he sat at a distance of about five yards from the witnesses and could not hear what they were saying. Curiously enough, the Union's written statement does not even hint at any of these grievances of the workman nor are these grievances of the workman put to Shri Chandrama Singh, the Labour Officer of the Company, in his cross-examination by way of suggestions. It is significant that the proceedings are signed throughout by all the members of the Board of Enquiry including the members who represented the workmen, namely, Abdul Gaffur and Jadunandan Prosad. If as a matter of fact, the workman complained to the Board of Enquiry that he was not able to follow the proceedings as the depositions were not read over or explained to him or that he could not hear what the witnesses were saying or that two witnesses merely deposited two sheets of paper without actually saying anything, the workman's representatives are likely to have been the first to suggest a removal of those grievances and to protest against the mode of enquiry if those grievances were not removed. It is thus not likely that they would have signed the p ceedings, as they appear to have done. In the circu stances it is impossible to attach any importance the statement of Shri S. Chakraborty before me. appears from the proceedings that the statement Shri Ram Prosad and Shri Moti were also recor and signed by all the members of the Enquiry Co mittee. Shri Anul Hussain was examined on 20th March 1961 and it is noted that Shri Chak borty did not cross-examine him and he refused sign. Then the statement of Shri Chakraborty v recorded on the same day, namely, the 20th Ma 1961. Shri Patit Paban Pathak, the second witn for Shri Chakraborty, was examined on 8th Ju 1961 and the hearing concluded then.

The eye witnesses to the occurrence, apart fr Shri S. N. Nayak and N. C. Nayak, are Ram Pros and Motiram. The evidence of these witnesses h been criticized by Shri Patit Paban Pathak on beh of the Union, on the grounds first that if one rea their evidence, the evidence of the one seems to almost a verbatim reproduction of that of the oth and secondly, that they were not named by Shri N. Nayak either in his complaint or in his eviden as witnesses. It is true that there is in the evidenc as recorded of these two witnesses who testified the same facts a good deal of similarity. It is al true that these witnesses are not mentioned by Sh S. N. Nayak in his complaint but they are mention by him in his evidence before the Board of Enqui and it is probably for that reason that they we examined on the 20th of March 1961. Motiram a Ram Prosad merely say that Shri S. Chakrabor scolded and insulted Shri S. N. Nayak. But they d not go into the details of the kind of insult to whic Shri S. Chakraborty subjected Shri S. N. Naya Shri Anul Hossain was not an . H says that he asked Shri S. Chakraborty as to wh was the dispute between him and Nayak Babu wh had complained to the Manager and Shri Chakr borty told him that he had asked Nayak as to wh increments had been granted to them and whe Nayak said that he did not know anything abou money matters and the Manager knew about i Chakraborty told him that if an increment of Rs. 9 only was allowed, they would submit a petition an then Nayak said that he would also join them, an when he asked him to sign the petition, Chakrabort caught hold of his hand. Chakraborty admitte before him that that was his only mistake. The Anul Hossain speaks of what he came to learn fro Nilratan Pyne and Paul Babu. As against thi evidence there is the statement of Shri Chakrabort himself. In his explanation he said that at the rele vant time, he was in the office of the Bally Muni pality and as I have already said, one of his witness Shri Gopi Ballav Bhadury, stated that he was th between 6 p.m. to 6-30 p.m. on the 4th of Febru 1961 whereas his other witness Shri P. P. Path stated in his letter that Shri S. Chakraborty had be to the Municipal Office at about 6-30 p.m. on 4 February 1961 and was there for about half an ho in connection with a certain University matter. his cross-examination also he struck to that. H stated that he knew only this much, that he was wit him at about 6-30 p.m. and stayed there for abo half an hour and what he did before that he did know. Shri Chakraborty himself stated in his cr examination that the place of occurrence was a distance of about a mile from Bally Municipality that one could reach it from the Municipality wit

15 to 20 minutes. In this state of evidence the Board of Enquiry accepted the evidence adduced against Shri S. Chakraborty by Shri S. N. Nayak and others because it could not act on the evidence of alibi led on behalf of Shri S. Chakraborty, as the two witnesses examined by him made conflicting statements on a vital question, namely, the question of the time when S. Chakraborty was at the Bally Municipality office. It is impossible for this Tribunal to say on the evidence that the view taken by the Board of Enquiry was one which a body of reasonable men could not possibly have taken. On the other hand on the evidence on the record I am fully satisfied that it is a reasonable view.

On this issue, another question has been raised, namely, the delay in the enquiry. Shri Chandrama Singh in his evidence stated that after the sitting of the Board of Enquiry on 20th March 1961, the enquiry had to be adjourned from time to time partly on the ground that Shri P. P. Pathak cited by Shri Chakraborty was not available and partly on the ground that one member of the Board of Enquiry could not attend. The adjournment from the 20th March 1961 to the 1st of July 1961 is explained by Shri Chandrama Singh in his examination-in-chief as follows: On 20th March 1961 a letter written by Shri Pathak was tendered by Shri Chakraborty and on that the complainant represented that Shri Pathak should be examined in connection with that letter and thereupon Shri Chakraborty wrote to the Board of Enquiry that to suit the convenience of Shri Pathak the next day of enquiry should be fixed on the 4th or 5th April 1961. But the enquiry could not be held on the 4th or 5th as Abdul Gaffur, one of the members of the Board of Enquiry, went home. The enquiry was adjourned to 1st July 1961. The enquiry could not be held on 1st July 1961 as Shri Chakraborty requested in writing that it should be held on 3rd July 1961 after 3 p.m. On 3rd July 1961 also the enquiry could not be held as the Board had no sufficient time and then the date was shifted to 7th July 1961, and on the 7th it could not be held on certain grounds relating to Shri Chandrama Singh personally and it was held on the 8th of July when the hearing was completed. On the 7th of July 1961 when the enquiry could not be held, Shri Pathak was present. He was also present on the 8th of July. The evidence of Shri Chandrama Singh on this point has not been challenged at all in cross-examination and there is no reason why it should not be accepted. If it is accepted, the delay has been sufficiently explained, and there is no room for any inference from the delay that it was due to any special reasons for fabricating evidence against Shri Chakraborty or for other reasons.

In this connection I must state that no evidence was led on behalf of the Union that the enquiry was taken up after long interval at the instance of the Labour Directorate as stated by the Union in its written statement. Another point raised in the written statement, though not pressed during arguments, is that although a conciliation proceeding was pending there was no application filed by the Management before the Conciliation Officer for approval of the action taken against Shri S. Chakraborty. To prove that such an application was filed, the Management has exhibited a copy of the application Ext. 23, dated 23rd September 1961, filed before the Conciliation Officer Shri S. N. Chatterjee, Deputy Labour Commissioner and Ext. 23(1) which is a receipt granted by the Deputy Labour Commissioner's office, dated 23rd September 1961. There was also another application, dated the 13th October 1961, Ext. 24, in which also it is stated that on the 23rd September 1961 the petitioner Company had filed an application under section 33(2)(b) of the Industrial Disputes Act for approval of the proposed dismissal of the Opposite Party and that on the 25th of September 1961 the Company sent the dismissal letter to the Opposite Party under registered post with acknowledgment due. By Ext. 17, dated the 13th of October 1961, the Deputy Labour Commissioner informed the Company that conciliation proceedings having ended quite a few days back and necessary report having been submitted to the Government he was not competent to give the necessary permission in the case. This, however, does not say what happened to the earlier application of the Company. On the materials, however, in the record it is clear that the Company filed an application on the 23rd September 1961, i.e., two days before the actual dismissal took place and this application under section 33(2)(b) to the Conciliation Officer for approval appears to have remained undisposed of. The subsequent application, dated the 13th October 1961, could not be entertained by the Conciliation Officer because the conciliation proceeding had already ended. Exhibit 22 is the money order for Rs. 141.50 nP. to Shri S. Chakraborty with reference to the Company's letter No. L.N.S./2/594, dated 30th August 1961. The money order is dated 30th August 1961. It appears to have been refused by the addressee on the 2nd of September 1961. The letter to which reference has been made in the money order is Ext. 8. It tells Shri S. Chakraborty that he was found guilty of the charges levelled against him and the Management after considering the report of the Board of Enquiry and the facts and circumstances of the case had decided to dismiss him for the charges found to be true, after proper enquiry but as a conciliation proceeding was pending, one month's wages as required under section 33(2)(b) of the Industrial Disputes Act was being sent to him that day by money order. The letter also tells him that the Management would file an application under section 33(2(b) before the Conciliation Officer for seeking his approval for the action taken against him, and the actual dismissal letter is Ext. 10, dated the 25th September 1961. There was thus full compliance on behalf of the Company with the requirements of the provisions of section 33(2)(b) of the Industrial Disputes Act before action was taken against Shri S. Chakraborty.

As to the Union's case that Shri Chakraborty was victimised for his Union activities I need only point out that he was only one of the five employees of this Company who were and are on the Executive Committee of this Union and three of these are still in service. If the Company wanted to victimise its employees merely for their Union activities, it is not likely that those three who are still in the employ of the Company would have all remained undisturbed. Besides, as pointed out by the Calcutta High Court in National Tobacco Co. of India Ltd. and others versus Fourth Industrial Tribunal and others, 1960-II, L.L.J. page 175, there cannot be any question of victimisation when it is found that the employee is

guilty of gross misconduct, because it merits dismissal by itself.

There is, however, one matter in this connection which had not been placed before me on behalf of either party during the hearing. It is this that the order of dismissal Ext. 10 made on 25th September 1961 was given effect to from the date of suspension, i.e., 7th February 1961. I pointed this out to the representatives of the parties during the preparation of the award and gave them a further hearing.

It was conceded by Shri Basu on behalf of the Company that the dismissal could not legally be given retrospective effect. It is now a settled law that orders of dismissal cannot be made to operate retrospectively (Sudhir Ranjan Halder versus State of West Bengal and another 1961-II, L.L.J. page 233, and workmen of Containers and Closures Ltd. versus First Labour Court, West Bengal and others).

The question that next arises is whether this vitiates the whole order or it is open to the Tribunal to keep that part of it in tact which is legal and to strike down the part which is illegal. As Tribunals are vested in certain matters with power larger than those of Courts, I am inclined to think that they are entitled to give effect to that of the order which is legal and to ignore the rest which is illegal. In that view, it must be held that the order of dismissal can have effect only from 25th September 1961 when it was made and not from 7th February 1961 the date of the order of suspension.

The question naturally arises what will happen to the workman between 7th February 1961 and 25th September 1961. The last paragraph of clause 16 of the Standing Orders, Ext. 18, provides for suspension to be made effective from the delivery of the order to the workman concerned but does not lay down whether or not he would be paid his wages during the period. The Supreme Court in Hotel Imperial, New Delhi, versus Hotel Workers' Union, XXVII F.J.R., page 39, lays down at page 144 that when there is power to suspend either in the contract of employment or in the statute of the rules framed thereunder, the suspension has the effect of temporarily suspending the relation of master and servant with the consequent that the servant is not barred to render service and the master is not barred to pay.

My award, therefore, in this issue is that the dismissal of Shri S. Chakraborty is justified on the merits, but it could have had effect only from 25th September 1961 and not from 7th February 1961 and between 7th February 1961 and 25th September 1961 Shri S. Chakraborty was under suspension and not entitled to any pay.

Issue No. 2

With respect to this issue the Company's case, as stated in paragraph 7 of its written statement, is that Shri N. K. Mukherjee was employed in the factory as a Supervisor in Steel File Department. He was transferred to Delhi Office by a letter, dated the 1st June 1961, to which he protested by his letter, dated the 2nd June 1961. The Company again requested him to proceed to New Delhi by its letter, dated the 10th of June, and offered travelling allowance and incidental expenses, etc. It is the Company's case that Shri N. K. Mukherjee was liable to transfer according to the terms of the contract between him and the Company and that he was finally informed vide the Company's letter, dated the 22nd July 1961, that if he did not proceed to Delhi and join his duty as advised, he would be liable to disciplinary action and that as Shri Mukherjee neither replied to that letter nor reported for duty to its Delhi Office, it had no other alternative but to treat him as having left the Company's service of his own accord.

The Union's case, on the other hand, as stated in paragraph 10 of its written statement is that Shri N. K. Mukherjee was one of those who organised the workmen under the Belur Iron & Steel Workers' Union, and he was suddenly asked to go to Delhi Office with the ulterior motive of victimising him. He was asked to take up a completely different work at Delhi though his own work as File Supervisor was intact at Belur. On receipt of this order of transfer he protested against it and wanted clarification of some points. Meanwhile he fell ill and on recovery he was advised restricted life which was impossible to be undertaken at Delhi. Again and again Shri Mukherjee expressed his difficulties and wanted to know whether the Company would take the risk of his life but these points were never considered. It is further the Union's case that his service was terminated on 24th August 1961 at a time when a conciliation proceeding was pending, without obtaining any permission from the Conciliation Officer.

Exhibit 25 is a letter from the Secretary, Harbans Lal Malhotra & Sons Private Ltd. to the Factory Manager, Belur Factory, to the effect that a competent Supervisor for looking after their factory at Mathura Road, New Delhi, was needed. The letter asked the Manager to transfer a suitable hand from its factory to New Delhi for the said job. The new incumbent was required to join at New Delhi within a week or 10 days and to report for duty to Shri S. R. Kakar, Delhi Representative, and work under his direction. Exhibit 11 is the letter of the Factor Manager to Shri N. K. Mukherjee, dated the 1st c June 1961. This letter tells him that a suitable han was required to be transferred from the factory t New Delhi for the post of Supervisor for looking afte their factory at Mathura Road, New Delhi, whicl was then under construction and he was bein transferred to the post at New Delhi where he wa to report for duty to Shri S. R. Kakar and work unde his direction. He was further told that he would b relieved from his present duties on the afternoon o the 2nd June 1961 and he might avail himself of one week's joining time and report for duty at New Delh on the morning of Monday, the 12th June 1961. He was also told that he might receive from the Company's Accounts Department the requisite amount as advance towards travelling allowance to cover his journey expenses to New Delhi. The Management further granted him an allowance of Rs. 4 only per day commencing from the day he left for New Delhi and the same would be payable to him for one month or up to the date he made his own arrangements for accommodation in Delhi, whichever was earlier. Exhibit 11(a) is Shri N. K. Mukherjee's reply to Ext. 11. Here after expressing his surprise at the letter and its contents he emphatically protested against what he called the arbitrary decision of the Company, as the same was based on no trade reas but exclusively for reasons of his association w the Union. He also stated that he strongly felt t the Company could not transfer him in that mann Then he asked the Company without waiving protests to let him know what would be his incre

ıay on his transfer to Delhi and said that this sfer would eat up his entire earnings at Delhi and ı he put a question "what about my depents?". He asked for a clarification on that point then said that in the absence of a reply, he would : it that the order of transfer had been cancelled. ibit 12, dated the 10th of June, is the Company's y thereto. After expressing the Company's regret he contents of Shri N. K. Mukherjee's letter ch, according to the Company is totally misconed, it says that because the Company considered suitable for the purpose of the new establishıt of the Company in Delhi he was selected for a ıporary transfer and that the Company had no asion to know his Trade Union connection if he anything at all. He was further told that anyly having such connection was never discovered would be discouraged in future. He was also inded of the transfer being consistent with the ns of contract between Shri N. K. Mukherjee and Company. Then as regards his remuneration, Company said as follows:

"As regards your remuneration we have to point out that although there was no such contemplation in the contract of your service, we granted you temporary allowance over and above your usual pay. The Management shall be pleased to consider this matter more favourably when you will approach us in the proper way. The proper way for you is to report for duty to our Delhi Representative as you were directed, and to apply to the Management through him for this purpose. For your convenience we also extend the time for you to report there till 19th June 1961."

e next letter is Ext. J, dated the 8th of July 1961. is a letter from the Company to Shri N. K. ikherjee. This refers to the illness of Shri N. K. ikherjee. A number of certificates from the Panel ctor under the Employees' State Insurance Corpoion, Exts. 16 to 16(3), shows that from 16th June il right up to the 6th of July 1961 Shri N. K. ikherjee was ill but these certificates do not show nature of the illness he was suffering from. hibit 16(3), however, shows that he was fit to ume work with effect from 7th July 1961 and this rtificate Ext. 16(3) is dated 6th July 1961. Exhibit 1) is a copy of a certificate of a Private Doctor, ted 6th July 1961, to the effect that Shri N. K. ukherjee was suffering from Amoebic Dysentery r the last 21 days and though he was then fit to sume his duties, for his future safety he should llow a life of restricted activities for sometime and should also be in regular medical checkup follow- the regime of diet and treatment specified by the tor. This certificate is dated 6th July 1961. nittedly Shri N. K. Mukherjee turned up at the ory on 7th July 1961 with this certificate ready esume his duties there. Exhibit J, dated 8th July , refers to this illness of Shri N. K. Mukherjee says that Shri N. K. Mukherjee went to the tory personally on the 7th and delivered his letter, ed 7th July 1961, forwarding a certificate from a vate Doctor advising him to follow a life of rested activities. Then he was told that the Com- y was at a loss to find out what had caused him go over to another doctor, leaving the Panel tor of the E.S.I.C. He was again asked in this t to proceed to the Delhi Representative as ted and to tell him whatever he had got to say about his health and service and the Company further told him that they would ask the Head Office to instruct the Delhi Office to give restricted activities as advised by his Private Doctor. Exhibit K is the reply of Shri N. K. Mukherjee to this letter. He says here that he wanted to report on the scheduled date, i.e., on 7th July 1961 but he was not allowed to work and along with the fit certificate he submitted a certificate from his family physician to which no reply was received by him. Then he also said that if the Company had any doubt it may have him examined by any other doctor as well and in this state of his health he could only proceed to Delhi if the Company undertook to take the risk of his life in writing. The concluding paragraph is that if the above points were not clarified he would take it that the Company was not interested in the matter and he would ask the Company to note that since 7th July 1961 it had been refusing to give him work. Exhibit 14, dated 22nd July 1961, is the Company's reply to Ext. K. In this letter the Company begins by reiterating its order to him and asks him once again for immediate compliance. Then it goes on to say that the Company had already sent his matters to the Delhi Office under instructions of their Head Office and he was no longer supposed to report to the factory nor had he any reason for doing so on 7th July 1961 and there was no more any question of allowing or disallowing him to work in the factory. The Company also tells him that if he was considered fit to undertake normal duty in the factory, there was no reason why he should not follow a life of restricted activity in Delhi, which according to the Company is a better place for one suffering from ailments he claimed to have suffered from, and he was also told that the risk of life, etc., was already covered by the law of the land such as Employees' State Insurance Act, 1948, Workman's Compensation Act, 1923, etc. The Company in the concluding paragraph told him that in the circumstances he could not have any complaint whatsoever or take any plea to avoid or delay his compliance with the Company's order and if even after this he obstinately defied the authority and struck to his non-compliance, the Company warned him saying he would certainly render himself liable to severe disciplinary action or would be otherwise appropriately dealt with. The next letter is Ext. 15. It is from the Manager of the Company to Shri N. K. Mukherjee. It is dated 24th August 1961. It tells him that the Manager learnt from their Delhi Office that Shri N. K. Mukherjee had not yet joined his duties there, although he had been specifically asked to do so by the Company's letter, dated the 22nd July 1961. It said finally "so it is presumed that you have left your service of your own accord." The correspondence ends with Ext. I, a letter from Shri N. K. Mukherjee to the Company. It is dated the 28th of August 1961. It tells the Company that as he has not been favoured with any definite reply to the points raised by him, he can only say that he is in no way responsible for the situation.

Exhibit 13 is the agreement between Shri N. K. Mukherjee and Messrs. Harbans Lal Malhotra & Sons Private Limited. Clause 8 of this contract as follows:

"The employee shall be liable to serve in any part of India, and the employers shall have the right to transfer the employee at any time from one shift, job, section, or department or from one office or establishment or factory to another

office, establishment or factory or from one station to any other station in India, or from its own establishment or factory to any other establishment or factory of any of its sister Companies. The said transfer shall not involve a decrease in the rate of pay or alternation of other condition of service to the prejudice of the employee."

It is clear from this clause of the contract of service, Ext. 13, that the employee was liable to transfer from one station to another, but such transfer could not involve a decrease in the rate of pay or alteration of other conditions of service to the prejudice of the employee. Subject therefore to the condition that there should be no diminution in the emoluments or any alteration of other conditions of service to his prejudice, the liability of the employee to transfer from the Belur Factory to the Delhi Office was otherwise unqualified. In view of this fact it looks certainly strange that Shri N. K. Mukherjee should have at once thought that the order was actuated by an improper motive on the part of the Management to victimise him for his Union activities. It is necessary here to see what actually his Union activities were. Shri N. K. Mukherjee himself does not say anything in his evidence as to what part he took in organising the Union but Shri S. Chakraborty while he spoke of himself having taken a leading part in organising Belur Iron & Steel Workers' Union in his examination-in-chief does not say anything at all about Shri N. K. Mukherjee's part in that organisation. In his cross-examination he states that the Executive Committee of the Belur Iron & Steel Workers' Union consisted of 32 members and out of these 32 members of the Executive Committee, five were the workers of this factory and out of these five again he and Shri N. K. Mukherjee were two members and the other three members of the Executive Committee, namely, Basudev Paul, Asit Kumar Ghosh and Nilratan Pyne are still working in the Company. Obviously then, the only part that Shri N. K. Mukherjee took in the Union was to be a member of the Executive Committee of the Union. It is admitted that only two of its members namely, Shri S. Chakraborty and Shri N. K. Mukherjee are no longer in the service of the Company but the other three workers are still there. It is, therefore, clear that the Management did not choose to get rid of all the employees or even most of the employees who were connected with this Union as members of its Executive Committee. It is impossible from this fact to hold that the Company victimised Shri N. K. Mukherjee on the ground of his participation in the activities of this Union as a member of the Executive Committee.

The next objection of Shri N. K. Mukherjee to the transfer was that he had no experience of supervision of construction work or of installation work. In his examination-in-chief he says that he never worked as Supervisor of installation and construction. But then in cross-examination he states as follows:

"I do not know if the S.F. Shed was constructed in 1955. I do not know if our factory premises undergo additions and alteration from time to time. I do not know if any machine had been installed between 1954 and 1955. In 1954-55 I was the Supervisor of Blade Department. From 1956 right up to the 2nd June 1961 I worked in the Steel File Department. During the six years when I was the Supervisor of the S.F. File Department some file cutting machines and some forging hammer machines have been installed. There has been some production from the machines and I have supervised that production."

It is clear that although he does not admit that he ever supervised construction work he supervised installation of machines and also the production from those machines. On behalf of the Company the Manager says in his examination-in-chief that because a man was wanted in Delhi who had knowledge of construction, installation and supervision of production, they selected Shri Mukherjee who was an old employee and he had worked for the last eight years and had experience in all these lines. In cross-examination he says as follows:

"At the time when he was transferred, Shri Mukherjee was Steel File Supervisor. He also worked in other capacities as Supervisor of installation of machineries and supervisor of production. I cannot say without looking at the records whether he worked in all these capacities."

As Shri Mukherjee himself admitted that he ha experience of supervision, if not of construction, least of installation of machineries and of productio he had experience of at least two branches of wor specially required for the Delhi Office. Besides Sh N. K. Mukherjee never objected to his transfer o the ground that he was incapable of supervising th construction work. All the time he was raising othe objections. It is, therefore, impossible to hold on the materials on the record that Shri Mukherjee wa justified in objecting to his transfer to New Delh on the ground of his inexperience in supervising con struction work. In all probability he had some expe rience, though not as much as in other lines, of con struction work but whether that is so or not, it doe not appear to me that Shri N. K. Mukherjee wa justified in taking the attitude that he did take to hi transfer to New Delhi.

Then comes the question of his illness. Admitted edly he was certified fit with effect from the 7th July 1961 and he did go to the factory but the Compan having already ordered his transfer to New Delhi an having stuck to that order could not possibly pro vide him with work at the Belur Factory and th Company told him as much in one of its letter The risk of his life which was mentioned in one o the letters of Shri N. K. Mukherjee was covered b the Company in its reply when it said that risk wa already covered under the law of the land, namely State Insurance Act and the Workmen's Compensa tion Act. . Of course, the Company had at one stag thought of taking disciplinary action against him bu when it found that in spite of that Shri N. K Mukherjee did not join the New Delhi Office thought it better to treat him one as who had volun tarily left the service and that is what he is told i Ext. 15.

When the terms of the contract make the emplo clearly liable to transfer to any station in India, attitude taken by Shri N. K. Mukherjee must be h to be most improper and I do not think the Comp could have done much to improve the position. had assured him of favourable consideration if when he would approach it in the proper way complying with its orders and it had already said

one of its letters that the transfer was only temporary. Yet if the employee did not choose to join his new duties at New Delhi, the responsibility for his fate must rest on himself and not on the employer. If he could resume his duties at the Belur Factory, subject to his being allowed to have a restricted life, he could equally do so at New Delhi, particularly when the Management told him that he could have the same sort of life in New Delhi and the Company would write to the New Delhi office to see that he was given restricted duties so as to enable him to have a restricted life. To go on raising such objections without at all proceeding to New Delhi and finding out what his new duties were, what the kind of life he would have to lead there was and whether it was consistent with the restricted life which his doctor had recommended for him and about which the Management promised to write to his New Delhi Office can hardly be said to be a reasonable attitude of mind for an employee clearly liable to transfer. In these circumstances the Management had hardly any option but to treat him as having voluntarily left his work when he failed to join at New Delhi in spite of the Manager's repeated requests to do so.

The question now is whether this amounted to termination of his service by the Company. As I have already said, the Management had the right of transferring him to New Delhi under the contract, Ext. 13, and it did transfer him. As far as I can make out from the correspondence it took a sympathetic view of his case; yet when the workman did not choose to join, it cannot be said that the Company refused him employment. There was no obligation on the part of the Company to provide him with work in its Belur Factory whence he had already been ordered to be transferred. As he did not choose to join his new station, the Company could not possibly have obliged him with work at its Belur Factory without cancelling its order of transfer. Therefore, as the order of transfer stood, the Company had no obligation whatsoever to provide him with work at its Belur Factory where only he was willing to work. In these circumstances what happened cannot be held to amount to a termination of the service of Shri N. K. Mukherjee by the Company. It amounts to a voluntary abandonment of his service by Shri N. K. Mukherjee himself. In that view of the matter the question of the Company's complying with the requirements of section 33(2)(b) of the Industrial Disputes Act by seeking the approval of the Conciliation Officer cannot arise in this case. My award, therefore, on this issue is that the facts proved in connection with this issue do not establish that the Company terminated the service of Shri N. K. Mukherjee so that the question whether the termination of the service of Shri N. K. Mukherjee is justified does not arise. It amounts in my opinion to a voluntary abandonment of his service by Shri N. K. Mukherjee himself. He is, therefore, entitled to no relief.

AWARD

By order No. 2462-I.R./IR/9L-9/59, dated the 20th May 1960, the Government of West Bengal in the Labour Department referred an industrial dispute between Messrs. Lakhipara Tea Estate and their workmen represented by the Zilla Cha Bagan Workers' Union, relating to the undermentioned issue to the Second Labour Court for adjudication.

Issue

It the termination of employment of Shri Alfred Sardar justified? To what relief, if any, is he entitled?

The present dispute, as the issue mentioned in the order of reference shows, has arisen out of the dismissal of Shri Alfred Uraon (Sardar) who was an oilman at the factory of Lakhipara Tea Estate. One of his main duties as an oilman was to see that the voltage of electricity generated at the factory remained alright. He was dismissed on charge-sheet issued to him on 30th March 1959. The charge mentioned in the charge-sheet is as follows: He remained absent from work during his hours of duty on 26th March 1959 and 29th March 1959. He

neglected his work on 27th March 1959 and 28th March 1959 and thereby caused the lights to burn low, which allowed persons to steal firewood from the factory compound and affected water supply. It is also mentioned in the charge-sheet that when ordered by the Manager to report to the office he did not do so.

The case of the Zilla Cha Bagan Workers' Union (hereinafter referred to as the Union), briefly stated, is as follows:

The charge against Shri Alfred Uraon mentioned in the charge-sheet issued by him is absolutely vague and false. No notice about any enquiry about the charge-sheet was issued to him nor was any enquiry actually held. No representative of the Union was allowed any opportunity to represent the cause of Shri Alfred Uraon before the order of dismissal was passed. So there has been a clear violation of the principles of natural justice with regard to his dismissal. He has been a victim to the general policy of the Management of Lakhipara Tea Estate of gradual termination of the services of the important workers of the Union. As Shri Alfred Uraon is an important member of the Union, he has been dismissed. So his dismissal is a clear instance of victimisation and unfair labour practice. Hence the Union contends that the termination of employment of Shri Alfred Uraon is unjustified.

Messrs. Lakhipara Tea Estate (hereinafter referred to as the Company) on the other hand contends that Shri Alfred Uraon was asked to attend an enquiry on 1st April 1959 about the charge-sheet issued to him. He attended the enquiry held on 1st April 1959. Witnesses of both sides were examined and cross-examined at the enquiry. At the enquiry it was found that he was guilty of the misconduct for which he was charge-sheeted. As there were no extenuating circumstances, the Company dismissed him from service with effect from 18th April 1959. The Company has denied that Shri Alfred Uraon was dismissed in pursuance of a policy of the Management to dismiss the important workers of the Union or that he was an important member of the Union. The Company contends that as Shri Alfred Uraon was dismissed as a result of the finding of an enquiry properly held, his dismissal is justified.

Each side has examined one witness in support of its case. The witness on behalf of the Union is Alfred Uraon, the workman in question. He says that he submitted his explanation to the charge-sheet on 1st April 1959 and that no enquiry about the charge-sheet was held. On the other hand Mr. W. D. C. Cheyne, the Manager of the Tea Estate, says that Shri Alfred Uraon submitted his explanation on 31st March 1959 and that thereafter he (Mr. Cheyne) told Shri Alfred Uraon that the former would hold an enquiry in the following morning and asked him to bring witnesses in his defence if he liked. In a letter, dated 6th April 1959, addressed to the Manager of Lakhipara Tea Estate (Ext. A12) Shri Alfred Uraon says that he submitted his explanation on 31st March 1959. In that letter he does not say that no enquiry about the charge-sheet was held. Again in the written statement while the Union says that no enquiry was held, in the same breath it says that no opportunity was given to Shri Alfred Uraon to cross-examine any witness of any enquiry. This later statement suggests that an enquiry was held on 1st April 1959. Mr. Cheyne has also supported his statement that an enquiry was held by the production of the proceedings of that enquiry. So in consideration of the above evidence, I hold that an enquiry was held on 1st April 1959.

It has been argued on behalf of the Union that the letter of dismissal has not been produced before this Court and that the finding of dismissal was made before any representative of the Union was heard, as required under clause 13(g) of the Standing Orders (Ext. C). But the original letter of dismissal cannot be in the possession of the Company. It could produce only the office copy. The non-production of the office copy by the Company is immaterial in that Shri Alfred Uraon in his examination-in-chief has stated that he received the notice of dismissal on 18th April 1959. As to no representative of the Union being heard, the contention of the Union is not true. It is clear from the evidence of Mr. Cheyne as also from Ext. A12 that Mr. Cheyne asked Shri Alfred Uraon to bring a representative of the Union. Shri Alfred Uraon thereafter saw Mr. Cheyne with Ext. A12 in which he demanded a written order for bringing a representative of the Union. Mr. Cheyne refused to give any written order to that effect. Clause 13(g) of the Standing Orders does not require that the Manager should issue a written order for the presence of a representative of the Union. So if Shri Alfred Uraon failed to bring a representative of the Union on account of Mr. Cheyne not giving a written order for the purpose, Mr. Cheyne cannot be held responsible for not being able to give a hearing to a representative of the Union. The main ground on it which the Union ought to have challenged the enquiry about the charge-sheet is about propriety of Mr. Cheyne holding the enquiry. Mr. Cheyne has stated in his evidence before me that he himself saw the misconducts for which Shri Alfred Uraon was charge-sheeted. If that is so, he should have been a witness at the enquiry and ought not to have held the enquiry himself. Further the proceedings of the enquiry Ext. A10 do not show that Shri Alfred Uraon was given any opportunity to cross-examine the witnesses who deposed at the enquiry. Mr. Cheyne says in his evidence before me that Kancha Chowkidar was the only witness who was examined at the enquiry in support of the charge-sheet. The statement of Kancha Chowkidar in Ext. A10 does not contain any allegation against Shri Alfred Uraon. The only mention of Shri Alfred Uraon appears in the statement of one Pilka who was charge-sheeted along with Shri Alfred Uraon. Mr. Cheyne says in his evidence that the enquiry was about both Shri Alfred Uraon and Pilka. So Pilka was clearly an accomplice and Mr. Cheyne ought to have taken particular care in asking Shri Alfred Uraon to cross-examine Pilka. Even the untested evidence of Shri Pilka shows that Shri Alfred Uraon was absent from the engine room for a short while on 26th March 1959 and 28th March 1959. The date 27th March 1959 does not appear at all in Ext. A10. There was no evidence against Shri Alfred Uraon with regard to the date 29th March 1959. So there was no evidence worth the name at the enquiry to show that Shri Alfred Uraon was absent from work on 26th March 1959 and 29th March 1959 or that he neglected his duties on 27th March 1959 and 28th March 1959. Hence I hold that the enquiry held about the charge-sheet was held against the principles of natural justice in that Mr. Cheyne who ought to have been a witness held the enquiry and that Shri Alfred Uraon was not given any opportunity to test whatever evidence was produced on behalf of the Company at the enquiry. The finding of the enquiry is

also perverse in that there is no evidence worth the name in support of the charge mentioned in the charge-sheet. So I reject that finding. Hence the case is at large before me, and I have to consider whether the Company has been able to prove the charge by the evidence adduced before me.

As I have already stated, Mr. Cheyne is the only witness on behalf of the Company. He has said nothing about 28th March 1959. As to 27th March 1959 he says that on that date after it was dark he sent a chowkidar to the engine room to ask the man on duty there to put the lights alright. The chowkidar returned and told him that the former had found Pilka and not Alfred Uraon there. That chowkidar has not been produced before me. So the evidence of Mr. Cheyne as to what took place on 27th March 1959 is hearsay evidence cannot be relied upon. As to 26th March 1959 he says that he went to the factory at about 6 p.m. and met Shri Alfred Uraon who was standing outside the factory compound. This can, at the worst, be described as a short absence from duty; it is not that Shri Alfred Uraon did not come to duty on that date. As to 29th March 1959 Mr. Cheyne says that on that day in the evening while he was returning to his Bungalow from the tin line, he found Shri Alfred Uraon who was drunk then dancing in front of his car. He asked the latter why he was there at that time when he ought to have been in the engine room. The latter replied that the former need not worry about it. This of course clearly shows that Shri Alfred Uraon was absent from his duty for some time. Let us now turn to the charge-sheet (Ext. A7). Two clauses of the Standing Orders have been mentioned in it; these read like 13(6)-1 and 13C-2. Mr. Cheyne has explained them as clauses 13C-1 and 13C-2. 13C-1 is a "wilful insubordination or disobedience whether alone or in combination with others, to any lawful or reasonable order of a superior." Mr. Cheyne says before me that after the incident of 29th March 1959 at the time of his return from the tin line he asked Shri Alfred Uraon to see him in the following morning at 7 a.m. Shri Alfred Uraon did not see him then. So he has noted 13C-1 in the charge-sheet. 13C-2 is "frequent repetition of any act or omission for which a fine may be imposed." The charge-sheet (Ext. A7) does not show what act or omission was repeated by Shri Alfred Uraon. It is to be noted that none of these clauses has any connection with absence from duty or neglect of duty. Absence from duty and neglect of duty find mention in clauses (v) and (x) of clause 13 of the Standing Orders. These short absence from duty or a single instance of negligence is not made punishable. Clause (v) speaks of habitual absence without leave or absence without leave for more than 10 days. Clause (x) speaks of habitual negligence or neglect of work. It has not been stated in the charge-sheet that Shri Alfred Uraon was guilty of habitual absence or habitual negligence. Even if he was guilty of any of the above misconducts, speaks under sub-clause (d) of clause 13 he could not be dismissed unless he had been previously suspended for a similar offence. Though it is in evidence that Shri Alfred Uraon had been previously suspended, it was not for habitual negligence or habitual absence. So the charge-sheet issued to Shri Alfred Uraon is defective in that clause 13(c)(ii) of the Standing Orders mentioned therein has no relation to the misconducts of absence and negligence of duty mentioned therein. Of course, it appears from evidence that Shri Alfred Uraon did not see Mr. Cheyne in the morning of 30th March 1959, as asked by the latter in the evening of 29th March 1959. This is no doubt, technically speaking, disobedience of a lawful order. But this disobedience, in the circumstances of the case, is not so serious as to merit dismissal. It is obvious that Mr. Cheyne dismissed Shri Alfred Uraon for this disobedience in the background of the alleged misconducts of Shri Alfred Uraon between 26th March 1959 and 29th March 1959. As I have already stated, these alleged misconducts do not merit dismissal.

In view of the above considerations, I hold that the Company has failed to prove that Shri Alfred Uraon has been guilty of any misconduct meriting dismissal. Of course the Union has not been able to prove its contention that the dismissal of Shri Alfred Uraon is in pursuance of a policy of the Management to dismiss active workers of the Union. Mr. Cheyne has stated in his evidence that Shri Alfred Uraon never approached him with any demand on behalf of the workers. This statement of Mr. Cheyne has not been refuted by the Union. So I reject the plea of victimisation or unfair labour practice raised by the Union. Nevertheless Mr. Cheyne has committed such a mistake of fact and law in regard to clause 13(c)(ii) mentioned in the charge-sheet and the punishment of dismissal on account of clause 13(c)(i) is so severe that it must be held that the dismissal of Shri Alfred Uraon is improper.

Hence I hold that the termination of employment of Shri Alfred Sardar is unjustified. So I order that he shall be reinstated. As however the Company has not been guilty of victimisation or unfair labour practice and as it cannot be said that the conduct of Shri Alfred Uraon was beyond reproach, I do not allow him full wages for the period of his forced unemployment. I order that he shall be paid half of his emoluments for the period of his forced idleness.

The above order shall be carried out within a month of the publication of this award.

AWARD

This is a reference under section 10 of the industrial Disputes Act of 1947 by the Government of West Bengal, Labour Department, order No. 5681-I.R./IR/11L-178/60, dated the 4th November 1960, for adjudication upon the issue, namely:

"Whether the dismissal of Shri A. K. Ghose is justified? To what relief, if any, is he entitled?"

After the written statements of the parties—the Union and the Company—were filed and all necessary tadbirs were complete, 21st May 1962 was fixed for the hearing of this case. On that date, both parties were ready and the case was taken up for hearing. Shri Nikhil Roy, Advocate for the Union, raised a legal point to the effect that, on the face of the record and papers filed, the case went against the Company and there was no necessity of entering into the question of merit or taking any evidence. Upon some statement of Shri A. K. Sarkar, Advocate for the Company, the version of Shri Nikhil Roy appeared to be acceptable in view of the facts and circumstances of the case. Accordingly, I declined to take evidence and took the view that the present issue could be decided on ground of law alone. The award was then reserved. Subsequently Shri Sarkar put in a petition of objection which was to be discussed or referred to in the award to be passed, if necessary.

Next, on 1st June 1962, before the award was drawn up, Shri Sarkar put in a petition of compromise, purporting to have been signed on behalf of both parties. Shri Roy was contacted to state about confirmation of the compromise. He was given some time to consult his client before he could give the required information to the Tribunal. Ultimately, on 12th June 1962, Shri Roy stated to me, in confirmation of the compromise, that he ascertain from his client that the amicable settlement as per compromise petition filed on 1st June 1962 was a fact. Hence the case is to be disposed of on compromise.

I have perused the petition of compromise and considered about the terms embodied therein. The terms are quite fair and reasonable, and are therefore accepted. Accordingly Award is passed on the basis of amicable settlement. The petition of compromise shall form part of the Award as an Annexure thereto.

This dispute was previously referred to the First Labour Court, by order No. 1647-I.R./IR/11L-14/58, dated the 23rd April 1959, for adjudication which has been replaced by the Sixth Industrial Tribunal constituted under Notification No. 3115-I.R./IR/ 3A-6 59, dated the 21st June 1960, and has in consequence been abolished by Notification No. 3508-I.R./IR/3A-9/59, dated 11th July 1960.

The Schedule

1. Is the periodical suspension of factory operation involving non-employment of workmen justified? To what benefit, if any, are the workmen entitled?

2. Is the withdrawal of benefit of payment of full wages to Shri Hem Narain, a monthly-rated mistri, during temporary closures of the mill justified?

To what benefit, if any, is he entitled?

Both the parties involved in this case put in a joint petition of compromise on 15th June 1962 before the Tribunal amicably settling the dispute between them. They also prayed for a "no dispute" award by the said petition of compromise. Under the circumstances, a "no dispute" award is passed in this case.

AWARD

In this reference under section 10 of the Industrial Disputes Act, made by order No. 5789-I.R./IR/8L-54/60, dated 3rd October 1961, of the Government of West Bengal, Labour Department, of an industrial dispute between Messrs. Pranati Cottage and their workmen, represented by Pranati Cottage Textile

Workers' Union, the sole issue is whether the dismissal of Shri Kalipada Dutta is justified and to what relief, if any, he is entitled.

The parties in due course filed their written statements. On 20th June 1962, the date of hearing, they filed a joint petition of compromise signed on 19th June 1962 on behalf of the Union by Shri Kalipada Dutta, the aggrieved workman himself and Shri Ram Sen and on behalf of Pranati Cottage Industries by Shri Gobinda De and Shri A. Sarkar.

The terms of settlement are that Shri Kalipada Dutta will be paid by the Company five months' wages in full and final settlement of all his dues and claims without any claim for reinstatement and that a settlement award in accordance with these terms should be given.

On discussing the terms of settlement with Shri A. Sarkar, the representative of Pranati Cottage Industries and Shri Ram Sen, Vice-President and representative of the Union, I am satisfied about the genuineness of the compromise. Let an award be made in terms of the petition of compromise which will form part of the award.

AWARD

These are three complaints purported to be under section 33A of the Industrial Disputes Act arising out of the main dispute between Messrs. Aminia Restaurant, 1 Corporation Place, Calcutta-13, and their workmen referred under G. O. No. 1426-I.R., dated 1st April 1960, to this Tribunal for adjudication under section 10 of the Act. These three applications have been tried analogously on the ground that there are common questions of law and fact in all the cases. In fact, they refer to the same incident, same charge-sheet and their case before this Tribunal also is identical in all other respects. Their complaint is this: They were all employees of the opposite party restaurant. But when they became members of a Trade Union, the employer started offensive against them, took recourse to various unfair tactics or methods and actually victimised a pretty good number of them. On 28th February 1960 the Management issued a charge-sheet against them apparently along with many others with certain false allegations and placed all of them under suspension. All the charge-sheeted persons including these applicants submitted their explanations denying the charges and challenging the truth of the allegations. The employer filed a criminal case also against all the charge-sheeted persons. The criminal case was tried by a Presidency Magistrate, and these applicants were found not guilty and were accordingly acquitted. After this judgment also, the opposite party did not allow the applicants to join their duties in spite of repeated requests and at last the Management verbally told them in the month of June 1961 that they were dismissed from service. There was no departmental enquiry against the applicants and the dismissal took place without approval of the Tribunal, though a reference under section 10 of the Act was pending before the Tribunal. Hence, these three applications under section 33A of the Act.

The case of the opposite party on the other hand is that these three applicants along with 18 others were guilty of various misconducts and criminal acts and accordingly all of them were charge-sheeted by the Management. They were prosecuted also for their criminal acts. The charge-sheeted persons submitted their replies to the charges, but their explanation was not considered satisfactory. Thereafter a date for domestic enquiry was fixed. They prayed for adjournment of the domestic enquiry on the ground that they might be prejudiced in the trial before the criminal court if the domestic enquiry be held as fixed. So, at last the Management postponed the holding of enquiry till the disposal of the criminal case. The criminal case has been disposed of recently and those three applicants have been acquitted, though 17 other persons tried jointly with these applicants have been convicted. An appeal preferred by the said convicted persons is now pending before the High Court and no domestic enquiry has been undertaken against anybody in view of the pending criminal appeal. As they were all jointly charge-sheeted, no separate enquiry against these three only was considered feasible or advisable in view of the pending criminal appeal, and they are all still under orders of suspension. The opposite party categorically denies that these three persons have been verbally dismissed as alleged. Hence, it is urged that the question of approval of the Tribunal or violation of the provisions of section 33 of the Act does not arise at all.

Decisions

There is no dispute that a joint charge-sheet was issued against all these three applicants along with 18 others and the Management made various allegations of misconduct and criminal acts against them (vide Ext. A). The charge-sheeted persons submitted their replies separately but in identical language [vide Exts. A(1), A-1(1), A-2(1)]. All these persons were jointly prosecuted also before the local Presidency Magistrate on the same allegation, and this prosecution has admittedly ended in conviction of 17 of them, though the present applicants have been acquitted. There is no dispute up to this. But the applicants allege that they have been dismissed verbally, but without any enquiry after their acquittal. The Management definitely contends that these applicants have not been dismissed as alleged, though their suspension has not been lifted pending departmental proceedings and criminal appeal. It is nobody's case that there has been any departmental enquiry against these applicants. So, if there has been no dismissal up till now by way of punishment, no question of violation of the provisions of section 33 of the Act really arises. So, this preliminary hearing before me has been directed against this point only. No evidence has been adduced by either party on the merit of the charge, pending decision on this preliminary issue. Exts. A(2), A-1(2) and A-2(2) will show that the Management wanted to hold a domestic enquiry on 22nd March 1960. The workers objected to this enquiry on the ground that this might prejudice their trial [vide Exts. A(3), A-1(3), A-2(3)]. The Management next fixed 31st March 1960 as the date of enquiry [vide Exts A(4), A-1(4) and A-2(4)]. But the workers again objected on the same old ground [vide Exts. A(5), A-1(5), A-2(5), etc.]. So, at last the Management postponed the enquiry till disposal of the criminal cases, but directed continuance of the suspension order as before pending disposal of the domestic enquiry. Some correspondence passed between the parties after this postponement also in respect of other matters; but the domestic enquiry was held up as

previously decided. The Management alleges that this state of affairs still continues as the criminal appeal by 17 charge-sheeted persons is still pending and as the criminal proceedings have not yet been finally disposed of. These three applicants since acquitted by the criminal court contend that they repeatedly approached the Management after their acquittal for their reemployment, but it not only refused to employ them but verbally dismissed them also in the month of June 1960. The Management not only denies the allegation of dismssal but the story of their approach also. Only two witnesses have been examined before me in this connection, and one on each side. After carefully considering the facts and circumstances, I say that I am unable to believe the applicants' story of dismissal. They do not say on what date they were dismissed. They vaguely allege that they were verbally dismissed in the month of June 1960. The story of verbal dismissal appears to be highly improbable. Previously all correspondences between the parties passed in writing. But no reason has been explained why no paper passed between the two sides after their acquittal. The criminal proceedings in respect of most of the jointly charge-sheeted persons have not yet been finally disposed of. There is substance in the contention that a separate domestic enquiry against the three acquitted persons only was not considered advisable though no appeal has been preferred against the order of acquittal. If these three persons had really been dismissed in June 1960 they would not have waited till October 1960 for filing these applications. I am also unable to believe that they actually approached the Manager or the partner personally for employment in spite of pending departmental proceedings and suspension order, without first writing to the Management in this connection. Even if I assure that they requested the opposite party for work after their acquittal, and that the Management pleaded its inability to employ them, I think no inference of dismissal can be drawn from that alone, because the Management had every right to refuse employment to them so long the order of suspension was not withdrawn. In view of the categorical denial of dismissal by the Management and the circumstances being rather in favour of the Management, I reject the story of verbal dismissal by way of punishment. It is not for me to consider in this case whether there is sufficient justification for keeping them under suspension for all these years. But there being no punishment by dismissal up till now, no question of employer's seeking approval of the Tribunal actually arises. So, I think, the complaints under section 33A are rather misconceived. They stand rejected, and the applicants are not entitled to any relief in these cases.

This is my award in respect of each one of the three cases referred to above.

AWARD

This proceeding arises out of an application under section 33A by the concerned worker Shri Susil Krishna Bose against the Burdwan Municipality complaining of contravention of the provisions of section 33 of the Industrial Disputes Act in the following alleged circumstances:

The complainant has been serving under the Burdwan Municipality for about seven years. Originally he was appointed as a Despatch Clerk and then he was confirmed as Record Keeper. Thereafter he was transferred to the post of Officer-in-Charge of the Municipal Stores in recognition of his efficiency and ability with effect from 8th July 1958. He was confirmed in this post with effect from 15th September 1958. The basic pay of this post is Rs. 48—4—100 and he was fitted in that scale. In addition, he was given free quarters and he occupied the quarters

Thereafter he was temporarily transferred to the Accounts Department with direction to work under the Accountant, by the letter of Municipality, dated 20th November 1959, and he was at the same time directed to vacate the free quarters he was occupying by 15th December 1959. The said transfer was completely unwarranted and uncalled for and the transfer was made with an ulterior motive. The applicant did not lodge any protest against this transfer because it was a temporary measure. He did not, however, vacate the free quarters and the Municipality did not pursue the matter of his vacating the quarters further. Then he was served with a charge-sheet alleging that he had been insolent and unmannerly in his behaviour towards the Chairman on a particular occasion and he was suspended with effect from 21st February 1961. He submitted his explanation to this charge-sheet. Then without holding any proper enquiry, the Municipality found the complainant to be guilty of the misconduct and by way of punishment transferred him to the License Department with effect from 6th April 1961. The scale of the post in the License Department to which he was transferred was Rs. 40—3 82. He was also warned and was not paid anything more than the subsistence allowance permissible under the rules, during the period of suspension. In awarding the aforesaid punishments the Municipality did not obtain any permission or approval of this Tribunal before which, another dispute between the Municipality and its workmen was pending for adjudication, on being referred to it by the Government order No. 3973-I.R./IR/14L-12/60, dated 28th July 1960. The Municipality acted not only in contravention of the provisions of section 33 but also against all principles of natural justice in so punishing the applicant and this action of the Municipality was unjust, unfair and mala fide. The complainant seeks appropriate reliefs against the unjust, unfair and mala fide punishment awarded to him.

The application is contested by the Municipality. Out of the various pleas raised by the Municipality in its written statement, the following pleas were only pressed at the hearing:

The complaint, as made by the applicant, does not fall within the purview of section 33A and there was no contravention of the provisions of section 33 of the Industrial Disputes Act in the matter of awarding any punishment to the complainant.

It is admitted that the complainant was transferred to the Stores Department as the Officer-in-Charge of the Stores and that he was entitled to free quarters while serving in that post. This transfer was made in due course of office administration. He was subsequently transferred to the Accounts Department as alleged by him by way of routine administration but he was not dislodged from his quarters he was enjoying since his transfer to the Stores Department. He was served with a charge-sheet for his misconduct and after his reply an enquiry was held by a Sub-committee of the Commissioners of the Municipality. The Committee found the complainant guilty. The report of the Sub-Committee was accepted and appropriate orders were made on the basis of a resolution of the Commissioners in a meeting, dated 6th April 1961, and under this order he was transferred to the Licensing Department. At the same time, he was warned and it was directed that he would not get anything in excess of subsistence allowance during the period of suspension. The suspension was withdrawn with effect from 6th April 1961. It is contended on the above allegations of facts that no punishment requiring any approval or permission of the Tribunal was awarded to him and as such there was no contravention of section 33 and so this application under section 33A is not maintainable.

Evidently the complainant's case is that the provisions of section 33(2) including the proviso were contravened because he was punished by transfer to the Licensing Department and was also warned and was not paid anything in excess of the permissible subsistence allowance during the period of suspension, without any application being made to the Tribunal for approval of the action taken by the Municipality. This complaint of alleged contravention of section 33 must at once be dismissed as baseless because the punishments referred to by the complainant himself do not amount to his discharge or dismissal from service and so the proviso to section 33(2)(b) which only lays down the provision for application for approval of the action taken by the employer only in the case of punishment of discharge or dismissal cannot have any application in the present case. According to his own case, the complainant was not punished with discharge or dismissal and so the employer was not required to apply for approval in respect of the alleged punishments awarded to him under the proviso to section 33(2)(b). So, even assuming the whole of the applicant's case to be correct, namely, that he was punished by way of transfer to the Licensing Department and was also punished with warning and non-allowance of anything except the permissible subsistence allowance during the period of suspension, he cannot contend that there was any contravention of the provisions of section 33 in the matter of awarding the punishments because there was no application for approval to this Tribunal before which another dispute between this Municipality and its workmen was then pending for adjudication under reference made by the Government. The present application under section 33A must fail for this reason alone.

The Learned Lawyer for the worker argued as a last resort that there was alteration of his service conditions in violation of the provision of section 33(2)(a) of the Industrial Disputes Act, which prohibits any such alteration except in accordance with the Standing Orders. There is also no substance in this condition. It is not of course disputed that there are no Standing Orders in this Municipality. But then, the evidence on the record amply establishes that there has been no alteration in the service condition of this worker. The evidence discloses that after coming to the Stores Department on transfer, he was put on a higher scale of pay, Rs. 48—4 100 and though he has since been transferred to the Licensing Department, his aforesaid higher scale of pay has not been affected or altered and he is enjoying that scale as his personal scale and he is also still in occupation of the quarters which was allotted to him when he was the Stores Superintendent. I should place on record here that allotment of quarters to him as Stores Superintendent cannot be made personal for him after his transfer to the other department because the quarters are certainly attached to that post. In any case, the present position is that he is still in occupation of the quarters.

O.P.W. 1, the Secretary of the Burdwan Municipality, has admitted that the complainant is on his personal grade ever since his service in the Stores Department and he will reach the maximum of that grade which is Rs. 100. The evidence discloses that the scale of pay of the post, which he is now occupying in the Licensing Department, is Rs. 40—3—82, but he is still enjoying the higher scale of Rs. 48—4—100. The complainant Shri Bose has been constrained to admit in his cross-examination that he last got an increment of Rs. 4 and this shows that he is still on his personal scale of pay of Rs. 48-4-100 and not on the scale of the present post of Rs. 40-3-82. I, therefore, hold that it has not been proved that there has been any alteration in the conditions of the service of this worker by the employer. So, he cannot also come under clause (a) of section 33(2) and complain under section 33A that there has been contravention of the said provisions of section 33 which are applicable to his case.

On the findings recorded above, I reject the present application under section 33A as not maintainable.

AWARD

By order No. 1424-I.R./IR/11L-110/61, dated the 21st March 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. George Telegraph Training Institute, 136 Bowbazar Street, Calcutta-12, and their workmen represented by West Bengal College Employees' Association, 19 Scott Lane, Calcutta-12, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the termination of service of Shri J. R. Das is justified? To what relief, if any, is he entitled?

This is a reference relating to an industrial dispute existing between Messrs. George Telegraph Training Institute of 136, Bowbazar Street, Calcutta (hereinafter be referred to as the Company), and their workmen represented by West Bengal College Employees Association (hereinafter be referred to as the Association).

On receipt of the reference from the Government both parties were summoned to appear and to file their respective written statements, which the parties did. The Association raised a preliminary objection to the employer being represented by the Association of Manufacturers, Commercial and Traders, West Bengal.

The Company resisted the objection. The matter was heard and disposed of on 18th May 1962. The objection of the Association was overruled by order No. 18, dated 18th May 1962.

Thereafter, the reference was fixed for f hearing on the merits. But before the date hearing both parties have amicably settled up dispute under reference and have filed a joint petit of compromise on 18th June 1962 signed on bel of the Company by Shri B. N. Dutt, Secretary of Company, and their legal Advisers Shri S. Bhattacharji and Shri A. Sarkar, and on behalf the Association by the Joint Secretary, Shri G Mohan Ghorai.

I have gone through the terms of the compromise. The concerned workman Shri Jnan Ranjan Das will be reinstated with effect from 25th June 1962 in his former post with continuity of service. The period of non-employment will be treated as special leave without pay. The aforesaid terms are fair and reasonable and as such, they are accepted. Let there be an award on compromise in terms of the joint petition of compromise filed on 18th June 1962 which do form a part of the award as an annexure.

This is my award.

AWARD

The above dispute over the issue given in the schedule to the order of reference and reproduced below was first referred for adjudication to the First Labour Court by the Government of West Bengal, Labour Department, Order No. 440-I.R./IR/4L-6/60, dated the 5th February 1960, read with the subsequent Corrigendum No. 1489-I.R./IR/4L-6/60, dated the 4th April 1960, and the same dispute was subsequently referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, Order No. 3605-I.R./IR/4L-6/60, dated the 19th July 1960, in supersession of the said previous order of reference after the abolition of the said First Labour Court.

Issue

Whether the non-employment of the workmen named in the attached Schedule "B" is justified? To what relief, if any, are they entitled?

Name of workmen as given in Schedule "B" to the order of reference

1. Sk. Badsha Mian.
2. Shri Sudarshan Rana.
3. Shri Haripada Giri.
4. Shri Prohlad Chandra Das.
5. Shri Abinash Ch. Kano.
6. Shri Jiban Krishna Sen.
7. Shri Shyam Ch. Kuila.
8. Shri Satyanarain De.
9. Shri Shambhoo Ch. Samanto.
10. Shri Ratan Ch. Samanto.
11. Sk. Usman Ali.
12. Shri Sudhir Chandra Kuila.
13. Shri Bhusan Ch. Maity.

I proceed straightaway to decide the issue under reference. The relevant facts of the case and the respective cases of the parties on points of dispute will appear from the following discussions.

The dispute under reference is between four employers named in Schedule "A" to the order of reference and their workmen named in Schedule "B" to the reference. Here, an objection has been raised on behalf of the employers to the effect that the order of reference is bad and not maintainable in law, because it has not been clarified which of the concerned workmen were employees of which of the concerned employers. The order of reference is, therefore, said to be vague and indefinite. On behalf of the Union representing the workmen, the reply given to this objection is that the respective employees of each of the concerned employers were shown in the previous order of reference to the First Labour Court and have also been clearly shown in the respective written statements filed by the employers in the present proceeding. On this contention, it is alleged that there is absolutely no prejudice to the concerned employers for not separately showing the concerned workers under each concerned employer. In the previous order of reference to the First Labour Court, the names of the concerned workmen were shown against the names of the concerned employers (vide Schedule "B" to the previous order of reference). The concerned employers have filed separate written statements in the present case and in each written statement the names of the workmen under each employer have been definitely stated. [Vide paragraph 8(h) of each of the written statements of the concerned employers.] Schedule "B" to the previous order of reference fully tallies with the admissions of the concerned employees in their present written statement. The names of the workmen under each of the employers, according to the written statements filed by the employers in the present case, are clearly shown in the following table:

Name of the employers.	Name of the workmen.
1. Shri Bijon Behari Bhowmik	Sk. Badsha Mian, Shri Sudarshan Rana.
2. Messrs. New Anantapur Transport & Industries (P.) Ltd.	Shri Haripada Giri, Shri Prohlad Ch. Das.
3. Messrs. Samanto Brothers Ltd.	Shri Abinash Ch. Kano, Shri Jiban Krishna Sen, Shri Shyam Ch Kuila, Shri Satya narain De, Shri Shambhoo Ch. Samanto Shri Ratan Ch Samanto, Sk. Osman Ali, Shri Sudhir Chandra Kuila.
4. Messrs. J. Sarkar & Brothers.	Shri Bhusan Ch. Maity.

Thus, though the present order of reference itself has not clearly specified the particular workmen employed under each employer, the gap has been filled up by the employers themselves in their written statements and thus there can be no question of any prejudice to the employers on account of the alleged vagueness and indefiniteness of the order of reference. The employers have stated their cases with respect to their own workmen named in their written statements. In view of the above position, the dispute between the concerned employers and their respective workmen is clearly adjudicable and so the

employers cannot now turn round and contend that the reference is not maintainable and the dispute is not adjudicable, because in the order of reference itself the workmen of each different employer have not been separately shown. This formal objection must, therefore, fail and it is rejected.

Another formal objection raised against the maintainability of the present reference on behalf of the employers is that the dispute as referred to the First Labour Court was not the same as the dispute now referred to the present Tribunal and so the order of reference in so far as it lays down that position is incorrect and consequently the present reference is misleading and bad. In this connection, my attention has been drawn to the fact that in the original order of reference to the First Labour Court, the issue was not non-employment of the concerned workmen, but it related to allotting to them the work which did not constitute their normal duties, whereas in the present reference, the issue is non-employment of the concerned workmen. It appears that the issue as originally referred to the First Labour Court was changed to one of non-employment of the concerned workmen by the Corrigendum No. 1489-I.R./IR/4L-6/60, dated the 4th April 1960, which has already been referred to above. It has been contended on behalf of the employers that the Government had no power to alter the issue in this manner by a Corrigendum. I am unable to accept this contention. The Government had certainly the power to amend the original order of reference to the First Labour Court by altering the issue to one of non-employment of the concerned workers by the subsequent Corrigendum, referred to above. There is no prohibition against such amendment of the issue in the Industrial Disputes Act either in express terms or by necessary implication and such power of amendment may be said to be vested in the Government under section 21 of the General Clauses Act. Thus, the dispute as finally referred to the First Labour Court after the Corrigendum certainly related to the issue of non-employment of the concerned workmen and the present reference also relates to that issue. There was nothing wrong or inappropriate on the part of the Government to have stated in the present order of reference that the same dispute was previously referred to the First Labour Court before its reference to the present Tribunal after the abolition of the said Court. In any case, the present reference must be treated as quite a new and independent reference and even if it is assumed that the Government was not absolutely correct in law in stating that the same dispute was previously referred to the First Labour Court, this wrong statement will in no way affect the validity of the present reference and the jurisdiction of the present Tribunal to adjudicate the dispute under reference. So, this formal objection is also rejected.

I now come to the merits of the case. The dispute is over the alleged non-employment of the concerned workmen by their respective employers. The undisputed facts relating to the dispute are as follows. It is a dispute between some owners of public service motor vehicles who have formed themselves into an "Association" known as "Tamluk-Paskura Motor Transport Association" and their workmen, who are members of a Union named Tamluk Motor Workers' Union. Since the year 1947, the owners through their Association introduced a system of giving rewards to the bus employees on the daily earnings of each bus. Exhibit 1 is a chart showing the rates of reward in force from time to time since 1947 up to 1954. This chart has been admitted. The Union's case is that it demanded a revision of the reward rates by increasing the rates of reward and an agreement for introducing increased rates of reward from 1st October 1959 was concluded between the bus owners, their Association and the Union, but the increased rates of reward were not made effective from 1st October 1959, and, as a result, the employees stopped overloading. The Union's further case is that this brought the dispute to a head and the employers refused to employ the concerned workers of this case from different dates as shown in the chart, Ext. 3. It is, however, also an admitted position that on 11th October 1959, there was some incident which led to interruption of the bus service for some time. The Union's version is that the owners refused to employ the concerned bus workers or some of them and took away the bags from the concerned conductors and keys of the vehicles from the concerned drivers. It is further the Union's case that the dispute arising over this incident continued up to 18th October 1959 and on that date there was a conference in presence of the S.D.O. in his office and at the suggestion of the S.D.O. it was agreed between the disputing parties that the concerned workmen would express regret to their respective employers and thereafter they would be taken back to work as before. It is further the Union's case that the workers expressed regret according to the decision of the conference and thereafter the employers did not re-employ some of the concerned workers and to others they gave garage duties by way of re-employment. It is contended on behalf of the Union that assignment of garage duties to such workers was not their re-employment in their old duties and it was practically no re-employment at all and the owners resorted to this device simply to humiliate and insult the workers. It is contended that garage duty practically meant no duty at all. The case put forward by the owners is briefly as follows. The reward rates, as shown in the Chart, Ext. 1, were in force and there was revision of the rates by increasing them. As alleged by the Union, the owners or their Association never asked the workers to overload their vehicles. The workers demanded further increased rates and finally on 11th October 1959, the Bijoya Dasami Day, on which a big mela is held in the neighbourhood of Tamluk town, the workers suddenly struck work in order to paralyse the bus service on such an important day and the owners and the Association somehow managed to keep up the service by employing substitutes after a temporary stoppage. It is further contended by the owners that the dispute was settled at the conference held in the S.D.O.'s office and in his presence on the terms that the striking workers would express regret to their respective employers and thereafter they would be taken back to service. It is next contended that according to this decision of the conference, some of the present concerned workers expressed regret and they were taken back, but some did not express regret at all and did not approach the owners for re-employment and so they could not be taken back. The workers who expressed regret were given garage duty, but it is contended that this was done not to humiliate or insult them, but at their own request. It is said that they preferred garage duty to actual line duty, pending final settlement of the dispute

regarding the increased rates of reward, which then remained unresolved.

We are not directly concerned with the dispute regarding the increase in reward rates except as a background fact, because that dispute is not the subject-matter of reference. It is amply clear from the evidence produced in this case that the workers demanded further increase of the reward rates and were not satisfied with the rates prevailing since 1954, and this led to a dispute between the parties and this dispute was the cause of the trouble which took place on 11th October 1959. There is a serious dispute between the parties as to whether the workers struck work on 11th October 1959, or the employers refused to give work to the workmen on that date. After considering the evidence on this point on the record, I hold that the employers' case on this point is true and it was the workers who struck work and there was no non-employment by the employers themselves and there was no taking away of the bags and keys from the workers. The evidence on the Union's side on this point consists of the testimonies of P.W. 1 Shri Luxmi Narayan Maity, Secretary of the Union, and some concerned workers, P.W. 2 Shri Badshah Meah, P.W. 3 Shri Prohlad Chandra Das, P.W. 4 Shri Abinash Chandra Kano, P.W. 5 Shri Satya Narayan Dey and P.W. 6 Shri Sudarsan Chandra Rana. The last two witnesses and P.W. 2 Badshah Meah have given the date of the alleged non-employment as 13th October 1959, but according to the evidence of the other witnesses, the date was 11th October 1959. The contrary evidence on the side of the owners on this point consists of the testimonies of some other workers, O.P.W. 1 Shri Jibon Chandra Dikshit, a Driver of Messrs. J. Sarkar & Bros., O.P.W. 2 Sk. Anwar, a Driver of Messrs. Samanta Bros., O.P.W. 3 Sk. Amjed Ali, and some of the owners or their Managers, O.P.W. 4 Shri Rudra Narayan Sarkar, Manager of J. Sarkar & Bros., O.P.W. 5 Shri Abul Kalam Chowdhury, Director-cum-Manager of New Anantapur Transport and O.P.W. 6 Shri Kalipada Samanta, Secretary-cum-Director of Samanta Bros. The witnesses on the side of the employers have impressed me as more reliable and trustworthy and I accept their testimonies in preference to those of the witnesses on the Union's side. I hold accordingly that the workers launched a strike on 11th October 1959, the Bijoya Dasami Day, on which a mela was being held in the neighbourhood of Tamluk and which was, therefore, an important day for the local bus service. The next important fact for our consideration would be the admitted position that the dispute over the incident of 11th October 1959 was finally settled at a conference held in the office of the S.D.O. and in his presence wherein it was agreed by both parties at the suggestion of the S.D.O. that the workers would express regret to the owners and then they should be taken back to work. Both parties were certainly bound by the admitted agreement in settlement of the dispute which arose over the launching of the strike by the workers on 11th October 1959 and, as already indicated above, in terms of this agreement, the workers were to express regret and then the owners were to re-employ them. It appears from the evidence on the record that in terms of this agreement, most of the workers expressed regret and some were taken back by their respective owners, but were allotted garage duties and not line duties in running buses. P.W. 1 Shri Luxmi Narayan Maity, Secretary of the Union, has proved that they expressed regret, but all of them were not taken back and even given garage duties. It appears that in terms of this agreement, some of the workers expressed regret and they were t ken back and allotted garage duties. They were Shri Prohlad Chandra Das and Shri Bhusan Chandra Maity. It further appears from the evidence that after doing garage duties for some days, they refused to do these duties and left the work. The Union has come forward with the plea that allotment of garage duties to them practically amounted to their non-employment and this allotment was made mala fide simply in order to humiliate and insult them. There is some evidence on the owners' side to show that the workers preferred garage duty themselves pending final settlement of the dispute regarding the rates of reward which remained unresolved. After having regard to the overall facts and circumstances of the case, I cannot hold that allotment of garage duties to these workers was made mala fide by way of victimisation in order to humiliate and insult them and it amounted to their non-employment. It appears from the evidence that the strike launched by some workers on 11th October 1959 fizzled out and the owners succeeded in maintaining the bus service with substitute workers and they were working at that time. It was certainly within the legal rights of the owners to offer suitable alternative employments to the workers in view of the circumstances then prevailing. It is not even suggested that they were not given full wages. So, it comes to this that these two workers were re-employed on full wages in some alternative work, which entailed garage duties, i.e., looking after the vehicles in the garage. It was not line duty. In the above view of the facts and circumstances relating to these two workers, I hold that there was no non-employment of these two workers, as complained of in the present case. It further appears from the evidence that after doing garage duties for some time, they themselves left the work and the Union Secretary, Shri Luxmi Narayan Maity, had some hand in taking them away from work. In the above view of the facts and circumstances concerning these workers, I hold that they were given re-employment in terms of the agreement, dated 18th October 1959, but they themselves left their work after re-employment and, therefore, the owners were not responsible for their non-employment, as complained of in the present case. In their case, therefore, there was no non-employment by the owners and so they are not entitled to any relief.

I now come to the other workers. The Union's complaint regarding these workers is that the owners did not give them any re-employment even by way of garage duties. I should state here that according to the relevant facts of the case, the agreement at the S.D.O.'s conference, dated 18th October 1959, would be crucial and it is to be seen whether these workers were refused employment in spite of their having fulfilled the terms of that settlement. I have already held that the workers themselves launched the strike on 11th October 1959 and the dispute arising over it was settled at the conference held by the S.D.O. on 18th October 1959. The terms of settlement were that the workers would express regret and thereafter the owners would employ them. So, the pre-condition of their re-employment was that they would express regret to the employers and this necessarily means that they should report back for work after expressing regret within a reasonable

ime. The workers with whom we are now concerned are Sk. Badsha Mian and Shri Sudarsan Rana under Shri Bijon Behari Bhowmik, Shri Haripada Giri under Messrs. New Anantapur Transport & Industries (P.) Ltd. and all the eight workers of Messrs. Samanto Bros. Ltd. It is to be seen whether they complied with the terms of the agreement by expressing regret and reporting for work within a reasonable time. Badshah Meah, P.W. 2, has admitted in his evidence that he expressed regret before the S.D.O. in presence of his employer, but after that he did not go to the employer any more. This shows that he did not at all report to the employer for work after expressing regret. It was certainly his duty to report for work and if he did not do it, the owner was not responsible for his non-employment. I hold, therefore, that the owner was not responsible for his non-employment, because he did not report for duty at all after the settlement and so he is not entitled to any relief.

As regards Shri Sudarsan Rana, he has himself taken the oath and stated that he went to the owner to express regret, but was not given any work. He has stated that he went to Bijon Babu for expressing regret. No witness on behalf of Shri Bijon Behari Bhowmik has been examined in the present case and so there is practically no denial to this statement of Shri Sudarsan Rana. He is also supported in this respect by the Union Secretary, Shri Luxmi Narayan Maity. I hold, therefore, that the worker Shri Sudarsan Rana under Shri Bijon Behari Bhowmik complied with the terms of the settlement, dated 18th October 1959, by expressing regret, but still he was not given any re-employment, even in garage duty. It was, therefore, a clear case of non-employment by the owner, Shri Bijon Behari Bhowmik without any justification, and so he is entitled to be reinstated with some back wages by way of compensation. After having regard to the overall facts and circumstances of the case, I would allow him two months' wages at the rate last drawn by way of compensation.

I now come to the case of Shri Haripada Giri under Messrs. New Anantapur Transport & Industries (P.) Ltd. He has not deposed in this case, but the Union Secretary has stated in general terms that all the workers expressed regret. As against this, O.P.W. 5 Shri Abul Kalam Chowdhury, Director-cum-Manager of New Anantapur Transport, has stated that among their employees only Shri Prohlad Das came back for work and was given garage duty. The implication is that Shri Haripada Giri did not come back for work. This implies that he was not keen after getting re-employment and he left the work under this employer of his own accord. I have been referred to certain letters of the Union Secretary forming Annexures 19 to 24. Annexure 23, dated 27th November 1959, is a letter to New Anantapur Transport from the Secretary asking when Haripada Giri would report for regular service in a passenger bus on 29th November 1959. This was long after 18th October 1959, the date of settlement before the S.D.O. It is said that in the meantime some other conference took place with the Labour Officer on 28th October 1959, but there is no evidence to show that this conference resulted in an agreement between the parties regarding re-employment of the workers. There is nothing to show that the owners agreed to any fresh terms of settlement regarding re-employment of the workers besides the terms agreed to in the S.D.O.'s conference, dated 18th October 1959. So, the letter, dated 27th November 1959, from the Union Secretary asking the owner as to at what time on 29th November 1959 this worker would report for duty cannot amount to his reporting for duty in terms of the settlement, dated 18th October 1959. It comes to this, therefore, that this worker did not report for duty within a reasonable time after the agreed settlement, dated 18th October 1959, and so he practically left the owner's service and the owner was not responsible for his non-employment. On this finding, I hold that he is not entitled to any relief against the concerned owner on the basis that the owner refused to employ him.

Now I come to the eight workers of Messrs. Samanto Brothers Ltd. Among them, Shri Abinash Chandra Kap and Shri Satya Narayan De have only come forward to give evidence. Shri Abinash Chandra Kap has stated that after expressing regret on 18th October 1959, he went to the owner about three days later but was not given any employment. P.W. 5 Satya Narayan De has said that he reported for duty after expressing regret according to the instructions of the S.D.O. but was not given any work. He has also spoken for other workers in the same strain. O.P.W. 6 Shri Kalipada Samanta is the Secretary-cum-Director of Messrs. Samanta Bros. His evidence is that after conference with the S.D.O. and after some correspondence they agreed to take five out of the striking workers. Then he has spoken about the other workers. He has said that Jibon Krishna Sen was a temporary Driver and Nemai Samanta was the permanent Driver. He has further stated that as Nemai Samanta was ill, Jibon was temporarily appointed in his place. About Ratan Samanta, he has stated that he used to leave the bus midway while on the line run from Panskura to Tamluk, and about Satya De, he has stated that he used to take out the bus from their garage without their permission. His evidence read as a whole comes to this that they agreed to take five out of the eight striking workers and of the remaining three, viz., Jibon was a temporary worker and was not entitled to re-employment and Ratan and Satya were guilty of misdemeanour and negligence of duty and so they were not re-employed. There is absolutely no satisfactory corroboration of the evidence of this witness regarding the aforesaid three workers, viz., Jibon, Ratan and Satya. No charge-sheet was given to the workers who are said to have been guilty of misconducts and no enquiry was held. Therefore these workers cannot be found to be ineligible for re-employment in terms of the settlement, dated 18th October 1959, because of their misconducts. And it is an admitted position that they agreed to take the remaining five workers, but actually none of these workers was taken back. He has not said that these workers did not report for duty within a reasonable time after 18th October 1959, when they expressed regret before the S.D.O. I have already stated that the Union Secretary has generally spoken about the expression of regret. Thus no justification at all for not employing any of the eight workers under Messrs. Samanta Bros. has been established, and on the contrary, it has been established that these eight workers duly expressed regret and the owner agreed to take five of them back, but did not actually take them back and the remaining three were refused employment on some specific grounds none of which has been established and there was no charge-sheet and enquiry regarding any ground of

misconduct. This owner was, therefore, fully responsible for non-employment of all the eight workers complained of in the present case and their non-employment was not justified. They are, therefore, entitled to be reinstated to their service under this owner with some back wages and I consider that two months' back wages will be sufficient compensation, in view of the overall facts and circumstances of the case.

In the result, I award in respect of the workers Shri Prohlad Chandra Das and Shri Bhusan Chandra Maity, who were given re-employment and allotted garage duties, that they left their work under the owners after re-employment of their own accord without any sufficient reason or justification and so they were themselves responsible for their non-employment and consequently they are not entitled to any relief. In the case of Badshah Meah, I award on the findings recorded regarding his case above that the owner was not responsible for his non-employment, but it was due to his own conduct in failing to report to the owner for work and so he is not entitled to any relief.

As regards the case of Shri Sudarsan Rana, I award that his non-employment was not justified and he is to be given employment by the owner, Shri Bijon Behari Bhowmik, on his reporting for duty within 15 days from the publication of this award and if he so reports for duty the owner Shri Bijon Behari Bhowmik shall pay him two months' wages at the rate last drawn by way of compensation within a month from the publication of the award in the "Calcutta Gazette".

As regards the worker, Shri Haripada Giri, I award that the concerned employer, Messrs. New Anantapur Transport & Industries (P.) Ltd., was not responsible for his non-employment and so he is not entitled to any relief.

As regards the eight workers under Messrs. Samanta Brothers Ltd., I award that their non-employment was not justified and each of them is to be reinstated to service under this employer on his reporting for duty within 15 days from the publication of this award in the "Calcutta Gazette" and the owner shall pay such of them as will so report for duty two months' wages at the rate last drawn by way of compensation within a month from the publication of the award in the "Calcutta Gazette".

AWARD

This proceeding arises out of an application unde section 33A of the Industrial Disputes Act, complair ing of violation of the provisions of section 33 by th Municipality in the following alleged circumstances:

The applicant is a protected workman within th meaning of section 33 of the Industrial Disputes Act His substantive post was that of a Steno-typist an in addition to this post he also worked as Gestetne Operator with a special pay of Rs. 20 and also a the Officer-in-Charge of the Stationery Departmen with a special pay of Rs. 10. By an order of th Administrator of the Municipality he was entruste with the duties of Law Clerk in addition to hi duties of Steno-typist and Gestetner Operator. A that time his basic total salary was Rs. 159 per month besides D.A. and other allowances. As the Law Clerk he was getting an extra allowance of Rs. 30 per month. By a resolution, dated 12th August 1961, the applicant was deprived of the post of Law Clerk with its additional allowance of Rs. 30 with effect from 1st September 1961. This constituted a serious

alteration in his service conditions to his serious prejudice. The resolution was passed mala fide and by way of victimisation because he belonged to the Congress Party whereas the Municipality was being run by a leftist party which had gained power in the elections. There was no justification for so altering his service condition to his prejudice by depriving him of the post of Law Clerk with the additional allowance of Rs. 30. When this alteration took place, another dispute between the Municipality and its workmen was pending for adjudication before this Tribunal after being referred to it by the Government Order No. 3973-I.R./IR/4L-12/60, dated 28th July 1960. But the express permission of the Tribunal for such alteration was not obtained as required by section 33(3) of the Industrial Disputes Act.

The application is contested by the Municipality. It has denied that the complainant is a protected workman within the meaning of section 33 of the Industrial Disputes Act. It is alleged that no intimation of his being declared a protected workman was received by the Municipality. Then it is contended that there has been no alteration of any service condition of the applicant to his prejudice by way of punishment. It is admitted that he was acting as a Law Assistant in addition to his other duties with a special allowance of Rs. 30 but it is contended that his work as a Law Assistant was found to be unsatisfactory, and upon the suggestions of the Chairman for improvement in the working of the Law Department among which was the suggestion for employment of a whole-time Clerk as a Law Assistant, the Municipality decided to appoint a whole-time Law Clerk and accordingly the duties of Law Clerk allotted to this worker with a special allowance of Rs. 30 per month by the order, dated 18th June 1958, was withdrawn with effect from 1st September 1961 and one Clerk was appointed exclusively as Law Clerk from that date. This arrangement was made for administrative convenience and was in no way a punishment to this applicant. The present application under section 33A, therefore, is not maintainable because there was no contravention of the provisions of section 33 in regard to this workman.

If this worker is a protected workman within the meaning of section 33 of the Industrial Disputes Act, then he may claim to come under section 33(3) of the Industrial Disputes Act which requires that the service conditions of such a worker should not be altered except with the express permission in writing of the Tribunal before which any other dispute between the employer and its workmen is pending for adjudication at that time. So, it is first to be decided whether he is a protected workman. A protected workman is one in whose case the provisions of the explanation under section 33(3) read with rule 71 of the Industrial Disputes Rules are complied with. In the present case, evidence has been produced on behalf of this applicant to prove that the concerned Union passed a resolution declaring him to be a protected workman when he was a Committee member of the Union and copies of this resolution were sent to the Chairman of Burdwan Municipality and the Labour Commissioner in due course. Exhibit 2 comprises the minutes of the meeting of the Union, dated 29th June 1960, and among the minutes there is a unanimous resolution declaring this worker and some other workers as protected workmen. This is resolution number 2. Exhibit 4 is the agenda of that meeting. Exhibit 3 comprises the entries in the register of letters issued from the Union Office showing that copies of this resolution were duly forwarded to the Chairman of Burdwan Municipality and the Labour Commissioner. The concerned worker Shri K. D. Mukherjee (P.W. 1) has proved these documents. I see no reason to disbelieve these documents. I hold upon the evidence that this worker was duly declared as a protected workman and the Municipality and the Labour Commissioner were duly informed of such declaration. Upon fulfilment of these formalities, the worker became entitled to claim that he had become a protected workman under sub-rule (2) of rule 71. The employer on being notified of declaration of this particular workman as a protected workman was bound to recognise him as such. Sub-rule (2) also lays down that the employer is to send a reply to the Union in writing within 15 days from the receipt of the name of any protected workman that he has been recognised as a protected workman. In the present case, no such reply from the employer has been proved. But that cannot affect the validity of the status of this worker as a protected workman. The employer may not choose to send any reply to the Union's communication, but even then, the status of a protected workman would be complete when he has been declared as such by the Union and the employer has been informed of the declaration. This position essentially arises out of sub-rules (1) and (2) of rule 71 of the Industrial Disputes Rules. In the above view of the relevant facts and circumstances, I hold that this worker is a protected workman since July 1960. His case in this respect is, therefore, accepted.

It is next to be seen whether there has been any alteration of his service conditions to his prejudice without any express permission in writing from the Tribunal. It is an undisputed position that by a resolution of the Municipality, dated 12th August 1961, this worker was deprived of his post as a Law Assistant with an additional allowance of Rs. 30. At that time another dispute between this Municipality and its workmen referred to this Tribunal under Government Order No. 3973-I.R./IR/4L-12/60, dated 28th July 1960, was pending. So, the whole present complaint of the applicant is that the withdrawal of the duties of Law Clerk from him which necessarily meant withdrawal of the special allowance of Rs. 30 with effect from 1st September 1961, constituted a serious alteration in his service conditions to his prejudice and this alteration was made without taking the express permission of this Tribunal as required by law, it is now to be decided whether really the withdrawal of the duties of Law Clerk from this worker with consequent withdrawal of the allowance of Rs. 30 for such duties constituted an alteration in the service conditions. It appears from the evidence of the applicant himself (P.W. 1) that he was employed substantively as a Stenographer on a pay of Rs. 104 to 160 and in addition to this substantive appointment he was given some other duties carrying special allowances such as the duties of Gestetner Operator with an allowance of Rs. 20 and the duties of a Law Clerk with an allowance of Rs. 30. The withdrawal of his additional duties as Law Clerk is precisely the subject matter of the present complaint. In his cross-examination he has made the following very significant statement, "My substantive post is that of a Steno-typist. I used to do additional works on allowances. I used to draw

my substantive pay and allowances in separate pay-sheets and there was contribution to provident fund from my total salary including allowances..... Before I was appointed to the post of Law Clerk, I used to do the work of Stationery Clerk and I used to get allowance for that work. After being relieved of that work, I lost the allowance of that Clerk, but I did not complain, as the allowance of Law Clerk was higher." In this connection the following evidence of Shri Ajit Kumar Sen, the Secretary of the Municipality, is also very significant, "There are other employees in our office who get allowances in addition to their substantive salaries. The allowances are stopped whenever additional duties are taken away from the concerned employees. No one applied to the Municipality previously for getting the allowance, though relieved of the duties for which the allowance was paid." After considering the aforesaid evidence on both sides, and taking into consideration the surrounding circumstances, I am satisfied that this worker holds the substantive post of a Steno-typist and from time to time some additional duties were allotted to him with some additional allowances and some of his duties were sometimes withdrawn with consequent stoppage of the connected allowance. The withdrawal of his Stationery allowance is an instance in point. This necessarily implies that additional duties were nothing but temporary allotments of some works in order to meet the exigencies of the administration with some additional allowances for such allotments of additional works. But these additional works were in no way connected with his substantive appointment and the conditions of service in that appointment. Certainly, by "Condition of Service" is meant the condition attached to permanent and substantive service and not to additional duties imposed from time to time with extra allowances. I accept the position arising out of the evidence of the Municipal Secretary that it is sometimes the practice to allot additional duties to some Clerks in addition to their substantive appointments and to pay them some additional allowances and such additional duties are also withdrawn together with the additional allowances from time to time. The fact that this worker was given the duty of working as a Law Assistant in addition to his substantive appointment as a Steno-typist with a special allowance cannot enlarge the scope of his substantive appointment so as to include his appointment as Law Clerk as well. The Municipality was certainly free to allot to any Clerk such additional duties with additional allowance and also to withdraw such duties and allowance. In the above view I hold that the withdrawal of the duties of Law Clerk from this worker with effect from 1st September 1961 together with the withdrawal of the additional allowance of Rs. 30 for such duties, did not and could not constitute any alteration in his service conditions within the meaning of section 33(3) of the Industrial Disputes Act. The whole basis of my decision is that service conditions within the meaning of section 33(3) are conditions of permanent and substantive service and not conditions of temporary allotments of duties from time to time. On this finding alone, the present application is liable to fail on the ground that there was no alteration in service conditions of this worker and so, no permission of Tribunal was required for such alteration.

Both parties adduced evidence regarding the circumstances under which the duties of Law Clerk were withdrawn from this worker. I have consider the evidences produced by both sides. The work has produced Ext. 1, said to be the Certificate fro a pleader of Burdwan, but this Certificate has n legal value because the person who granted tl Certificate, has not been examined and it has n been admitted by the other side. No legal noti can be taken of this Certificate. On the other han I am satisfied from Ext. A, the office note of tl Municipality including an endorsement by the the Chairman that at or about the time when duties Law Clerk were withdrawn from this worker, it wa considered necessary to have a whole time La Clerk. It was certainly open to the Municipality t employ a whole-time Law Clerk for proper functio ing of the Law Department and no objection can b taken to such appointment. It was also open to th Municipality to appoint a new whole-time Law Cler by taking away the duties of Law Clerk from thi worker who was doing these duties in addition t the duties of his substantive appointment. N reasonable objection could be raised if the Munic pality thought it proper and necessary to appoint whole-time Law Clerk by taking away the duties c Law Clerk allotted temporarily to another Clerk holding a different substantive appointment. I an satisfied from the evidence and circumstances tha the action of the Municipality in taking away th duties of Law Clerk from this worker, for the pur pose of appointing a whole-time Law Clerk, was per fectly bona fide and reasonable and I reject the con tention of this applicant that the Municipality acte mala fide and with some ulterior motive in takin away the duties of Law Clerk from him.

On the above findings and for the reasons given above, I hold that there was no contravention of any relevant provision of section 33 of the Industrial Disputes Act, in the matter of taking away the duties of Law Clerk from this worker, with consequent stoppage of allowance of Rs. 30 for such duties and so, this application must fail. The application is accordingly dismissed on contest.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri P. P. Pathak and Shri Arun Sen.

For the Company: Shri K. K. Maitra, Advocate.

An industrial dispute between Messrs. Hindusthan Lace Manufacturing Corporation (Private) Ltd., Jain Kunj, Hide Road, Kidderpore, Calcutta-23, and their workmen represented by the Hide Road Textile Mazdoor Union, 1/1 Garden Reach Road, Calcutta-24, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, Order No. 513-I.R./IR/8L-6/62, dated the 15th February 1962.

Issue

1. Is the refusal by the Management to give work to Nabi Ahmed in the day shift and his continuous suspension justified? To what relief, if any, is the workman entitled?

AWARD

Upon receipt of the order of reference on 19th February 1962, notices were issued upon the parties for appearance and for filing written statements.

Messrs. Hindusthan Lace Manufacturing Corporation (Private) Ltd. (hereinafter referred to as the Company) filed the written statement on 19th April 1962.

It is alleged by the Company that this is an individual dispute concerning a single workman and that the Union shown in the order of reference as representing the workmen in this industry is an outside Union and the workmen of the Company are not members of the said Union.

On the merits of the case it is alleged that Nabi Ahmed, a workman, had been transferred to the night shift from the day shift by the notice, dated 3rd April 1961, and that the said workman refused to comply with the order of transfer and remained absent from duty without leave or permission of the Management. For such misconduct on the part of the workman, he was charge-sheeted on 27th July 1961 and upon receipt of his explanation the Company held a departmental enquiry on 16th August 1961 giving full opportunities to the workman concerned for his defence. Two days after, i.e., on 18th August 1961, the Company received a letter from Nabi Ahmed containing certain false allegations against the Company and he was again charge-sheeted on 19th August 1961. An enquiry was held into the second charge on 31st August 1961 and 1st September 1961. Upon considerations of the report of the enquiring officer on the two charges the Management decided to dismiss Nabi Ahmed and filed an application before Shri S. Bhattacherjee, Conciliation Officer of the Labour Directorate, West Bengal, seeking written permission of the said officer to dismiss the workman. The Conciliation Officer, however, rejected the application under section 33(1) of the Industrial Disputes Act. Subsequently he asked the parties to meet him at a joint conference. The Company then informed the Conciliation Officer by a letter, dated 17th November 1961, that Nabi Ahmed was employed elsewhere. According to the version of the Company the Conciliation Officer did not reply to the said letter and the Management also did not see the officer and shortly after that the Company found that the dispute had been referred to Tribunal.

The workman represented by Hide Road Textile Mazdoor Union (hereinafter referred to as the Union) filed the written statement on 4th May 1962 duly signed and verified by Shri Arun Sen, Secretary of the aforesaid Union. It is alleged by the Union that the Company is fully aware of the existence of the Union and the representatives of the Company attended several joint conferences with the representatives of the Union in the Labour Directorate over various disputes and the plea taken by the Company that this Union is not entitled to espouse the cause of the workmen is without substance.

Regarding the merits of the case it is alleged that Nabi Ahmed was a permanent weaver working in the day shift. The Company in spite of the recommendation of the E.S.I. Panel Doctor transferred Nabi Ahmed to the night shift on 5th April 1961, and to that action of the employer the workman protested and through the Union raised a dispute in the Labour Directorate. It is alleged that the Company acted vindictively as Nabi Ahmed was the leading workman of the Union. It is also alleged that the Company had no justification in refusing employment to Nabi Ahmed and keeping him under suspension in spite of the fact that the Conciliation Officer rejected the application filed under section 33(1) of the Industrial Disputes Act seeking written permission to dismiss him. It is thus contended that Nabi Ahmed should be allowed to work in the day shift and be given full wages for the period of suspension up to date.

At the time of hearing from the side of the Company, the Manager of the mill was examined. The Union examined Nabi Ahmed, the workman concerned in this dispute. Besides, a large number of documents is produced and marked as exhibits in this case. After conclusion of the hearing the learned representatives advanced argument in support of their respective contentions.

It is alleged by the Company that this is an individual dispute and, therefore, this Union which is an

outside Union has no locus standi to represent the cause of this workman.

It is now a well settled principle of law that before any dispute between the employer and his employee or employees can be said to be an industrial dispute under the Act, it must be sponsored by a number of workmen or by a Union representing them. It is not necessary that the number of workmen of the Union that sponsors the dispute should represent the majority of workmen. Even so, an individual dispute cannot become an industrial dispute at the instance of the aggrieved individual himself. It must be a dispute between the employer on the one hand and his employees acting collectively on the other. There is no dispute on the point that Nabi Ahmed was a workman under this Company. The order of reference shows that the dispute exists between this Company and their workmen taken collectively represented by this particular Union. There is no controversy on the point that this Union took up the cause of Nabi Ahmed as soon as he was transferred from the day shift to the night shift. There is also no controversy on the point that the Management asked Nabi Ahmed to join his duties in "C" shift from 5th April 1961 (vide Ext. A). It is clear from the letter addressed by the Company to the Labour Officer, Government of West Bengal, that this Union protested against the transfer as being unjustified to the Labour Directorate soliciting the intervention of the Directorate immediately after the order of transfer had been passed (vide Ext. D). It is nowhere alleged by the Company in that letter addressed to the Labour Directorate that this Union was not competent to represent the cause of workmen in this establishment. It is abundantly clear from the evidence adduced in this case that the employer was fully aware of the existence of the Union and the employer took part in the conciliation proceedings in the disputes between them and the workmen of this concern accepting the representative character of this Union. Admittedly this Company is engaged in manufacture of textile goods and is situated at Hide Road, Kidderpore. This Union represents the workmen engaged in textile industry in the Hide Road area. It is conceded by the learned lawyer for the Company that this is a Union of workmen of textile industry at that area. Obviously the membership of the Union is not confined simply to the workmen of this industry and that the workmen engaged in similar trade under other employers are also members of the said Union. The case of Express Newspapers (P.) Ltd. and their workmen (reported in 1951, I, L.L.J. p. 600) as cited by the Company is distinguishable. In that case there was no evidence to show that the Lower Grade Employees' Union shown as representing the particular workman of the industry in the order of reference was found to be a Union of workmen in a similar or allied trade. The question whether a particular Union, shown as representing the workmen of an industry in the order of reference, is competent to represent the single workman of that industry depends upon the facts and circumstances of each case. Apart from the fact that in the order of reference the workmen of this concern is shown to be represented by the Union (which was not the case in the Express Newspapers), the Company at no stage of the long drawn proceedings before the Conciliation Officer raised any objection to the effect challenging the representation of this Union. Besides, it is admitted by Shri N. Majumder, O.P.W. 1, that a Tribunal award was recently made concerning the workmen of this concern represented by this very Union. No attempt was made by the Company to call for the records of this Union. I thus hold from the order of reference and the facts and circumstances of the case that the cause of the workmen has been taken up by the Union which is representing the workmen in this industry and, therefore, the legal objection raised by the Company fails.

As already stated, the Union took up the cause of the workman before the Conciliation Officer of the Labour Directorate challenging the justification of the transfer of Nabi Ahmed with effect from 5th April 1961. The dispute before the Conciliation Officer commenced on 5th April 1961. It appears that Shri Ahmed protested against the order of transfer by a letter written him on 5th April 1961 (vide Ext. B). He also submitted an explanation as to why he failed to join in the night shift on 12th April 1961 (vide Ext. C, dated 14th April 1961). It appears that in reply to the letter of the Company, dated 14th April 1961, the workman concerned submitted a Medical Certificate from the Panel Doctor (E.S.I.) which disclosed that he was an old T.B. patient (vide Ext. E). From the correspondences which continued up to the month of May between the parties, it appears that the Company insisted that a fresh Medical Certificate should be filed showing specifically that Shri Ahmed was still suffering from T.B. (vide Ext. F, dated 3rd May 1961). In this situation when Shri Ahmed refused to work in the night shift which was also admitted by him in a statement before me, the Company charge-sheeted him by the letter, dated 27th July 1961, and kept him under suspension pending enquiry over the matter (vide Ext. G, dated 27th July 1961). Shri Ahmed duly submitted an explanation stating inter alia that the E.S.I. Panel Doctor had certified in October 1960 that he should not be employed in the night shift. The Management upon receipt of the explanation which they considered unsatisfactory decided to hold a domestic enquiry. Shri Ahmed admitted that such an enquiry had been held on 16th August 1961 and he had been asked to bring witnesses which however he failed as he had none. The Company produced the enquiry proceedings marked as Ext. K. It appears that Shri Ahmed was again charge-sheeted on 19th August 1961 (vide Ext. M) as he is alleged to have made false allegations against the Company by the letter, dated 16th August 1961 (vide Ext. L). To the second charge-sheet as well, the workman submitted explanation which was considered unsatisfactory. The Management enquired into that charge as well. Exhibit S is the enquiry proceedings. The Enquiring Officer found both the charges proved and recommended for the dismissal of Shri Ahmed. The Management accepted the recommendation of the enquiring officer and decided to dismiss the workman. As, however, a conciliation proceeding on the question of legality and justification of the order of transfer was pending before the Conciliation Officer, Shri Bhattacherjee, from 5th April 1961, the Company filed an application on 14th September 1961 under section 33(1) of the Industrial Disputes Act seeking written permission of that authority before whom the proceeding was so pending. Admittedly, the Conciliation Officer upon hearing the parties refused to give the permission and rejected the application under section 33(1) of the Industrial Disputes Act for the reasons given in the order. Exhibit 3 is the order passed by the Conciliation

icer, dated 12th October 1961. It is alleged by Company in paragraph 19 of the written statent that the officer illegally and unjustly rejected application. I would at once say that the Tribuhas no jurisdiction to decide as to whether the ler passed by the Conciliation Officer is legal and itified or not either on question of fact or on the estion of law. The effect of the order passed by Conciliation Officer stands so long as it is not ashed or set aside by any competent court. The ult therefore is that Shri Ahmed must be deemed be still continuing in service. In a case between ssrs. Matchwel Electricals (India) Ltd. and Muni l Verma and others, reported in 1962, L.L.J. Vol. I, 568, the Punjab High Court held that when an ıployer's action as to discharge or dismissal is not proved by the Tribunal in an application under tion 33(2) of the Industrial Disputes Act, the ler of dismissal passed by the employer would ve no effect, and it would not operate to end the lationship of the workman and employer between e parties concerned. Obviously, the provision der section 33(1) of the Industrial Disputes Act more stringent compared to the provisions of ction 33(2) of the Act. In a case following under ction 33(1) of the Industrial Disputes Act wherein e very basis of the action as to discharge of a orkman is for any misconduct connected with a nding dispute, the employer is completely debarred om taking an action of dismissal without express rmission, in writing, from the authority before hom the proceeding was pending. The workman, viously, shall be deemed as had never been dissed and should be deemed to have remained in rvice, when such permission is specifically refused a proper authority. Similar view had been taken the case of Messrs. Strawboard Mfg. Co. and their orkmen, reported in 1962, L.L.J. Vol. L, p. 420. I ote here below a few lines from that decision as pearing at page 425 of the Labour Law Journal:

"If the Tribunal does not approve of the action taken by the employer, the result would be that the action taken by him would fall and thereupon the workman would be deemed never to have been dismissed or discharged and would remain in the service of the employer. In such a case no specific provision as to reinstatement is necessary and by the very fact of the Tribunal not approving the action of the employer, the dismissal or discharge of the workman would be of no effect and the workman concerned would continue to be in service as if there never was any dismissal or discharge by the employer."

As in this case the Conciliation Officer refused to ve permission sought for by the employer to disiss Shri Ahmed, he must therefore be deemed to continuing in service. Obviously, there would be difference when permission as contemplated under ction 33(1) of the Act or approval as contemplated der section 33(2) of the Act is refused by a proper thority be he a Conciliation Officer or a Judge of Tribunal. The object of section 33 of the Act to maintain status quo during the pendency of a spute. By that the employer's right to dismiss a rkman for misconduct had been restricted to the tent that unless written permission is given, no der of dismissal can be passed by the employer. In ct, section 33 of the Industrial Disputes Act puts a n upon the right of the employer to dismiss a orkman. It is as well a well settled principle of law that suspension without pay pending enquiry is not a substantive punishment. I cannot therefore in the scope of this reference give any further relief to the workman concerned except by holding that Nabi Ahmed must be deemed to be continuing in service and that in all fairness the employer after refusal of permission should permit him to resume his duties. In the circumstances of the case, I hold that he must get full wages as he would have been entitled to if he rendered active service under the Company, so long as he remains on suspension.

This is the award.

Present:

Shri S. N. GUHA ROY, Judge, First Industrial Tribunal.

Appearances:

For the Company: Shri S. C. Sen, Advocate, Messrs. Orr. Dignam & Co.

For the Unions: Shri Biswanath Dubey, Bengal Provincial Chatkal Mazdoor Union, and Shri T. P. Chatterjee, Advocate, National Union of Jute Workers.

AWARD

In this reference under section 10 of the Industrial Disputes Act, made by the Government of West Bengal, Labour Department, order No. 5435/I.R./IR/7L-53(A)/61, dated the 7th of September 1961, of an industrial dispute between Messrs. Gourepore Company Ltd. and their workmen represented by the (i) Bengal Provincial Chatkal Mazdoor Union, and (ii) National Union of Jute Workers, the only issue is whether the termination of the services of the following workmen is justified and to what relief, if any, they are entitled? The workmen mentioned in the issue are:

(i) Shri Keswar Roy.
(ii) Shri Sukkar Mahato.
(iii) Shri Ramasis Goala.
(iv) Shri Jitbandhan.
(v) Shri Kalu Kahar.
(vi) Shri Jagoo Ahir.
(vii) Shri Bhola Shaw.
(viii) Shri Hardeo Ahir.

The Bengal Provincial Chatkal Mazdoor Union represented the first four workmen, namely, Sarbasri Keswar Roy, Sukkar Mahato, Ramasis Goala and Jitbandhan whereas the National Union of Jute Workers represents the last four, namely, Sarbasri Kalu Kahar, Jagoo Ahir, Bhola Shaw and Hardeo Ahir.

The material facts which are not in dispute are briefly as follows:

A squad of 22 workmen consisting of eight workmen mentioned in the order of reference and 14 casual Badli workers had been working in B(I) and B(II) godowns of the Company on 4th February 1961 at 6-30 a.m. One Kampta Sardar of another squad working in a different godown, namely, F(3), entered godown Nos. B(I) and B(II) at about 7-30 a.m. for borrowing a pair of Sangras for his squad. As Kamta was going out with the pair of Sangras he found a coir rope with a number of match-sticks tied round it by means of a piece of thread burning on a jute bale at the entrance of the godown.

He took the burning substance and raised an alarm and it was found that except a burning mark on the said jute bale no further damage was done to the jute. Charge-sheets were then served on the eight workmen who were either permanent or semi-permanent while the 14 who were merely casual or Badli workmen were not given any further appointment after the incident. On receipt of the charge-sheets these eight workmen denied the charges. Then an enquiry was held by witness No. 2 for the Company, Shri Susanta Kumar Bhattacherjee, Assistant Labour Officer of Gourepore Company Limited at the time. During the enquiry a number of witnesses was examined by the enquiring officer and the eight workmen concerned also were examined. At the conclusion of the enquiry the enquiring officer submitted a report, Ext. 32. The findings in the report are as follows:

(1) That the attempted arson in godowns Nos. B(I) and B(II) at about 7-30 a.m. on 4th February 1961 is fully established.

(2) That this attempted arson was a preplanned one, the coir rope with match-sticks tied round it by means of a cotton thread at one end must h been prepared over a certain period of time wh could not be done by any of the workmen during period of his work at the mills and this must h been done outside the mills and brought inside mills and placed on a jute bale at the entrance B(II) gate inside B(I) and B(II) godowns.

(3) Except Kampta who detected the attemp arson no worker other than the workers of the c cerned squad came inside that particular godown any time from the start of work at 6-30 a.m. to about 7-30 a.m. when the fire was detected and workers of this squad did also go out of the godo at any time during the period of work that morni

(4) The possibility of any outsider going inside godown and attempting the arson has been ruled by the charge-sheeted workmen when asked. As gate was visible directly to some of the work working on the western side as well as by durwans posted in the main office and others comi out of the main office and by some of the clerks a typists from their own desks working in the ma office and as the passage on the eastern side of t godown where the gate of B(II) godown was open not a normal passage and nobody ever hinted having been seen any outsider coming that way, t question of any outsider or of a worker of the oth department attempting this arson from outside c be ruled out as impossible.

(5) This squad of workmen had only 5/6 minute job left at the particular corner where they had be working when the fire was detected. The contentio that there was enough work in that godown whic could have taken them the whole of that day beside the point, because they had no instruction t stay and work in that particular godown on the com pletion of the job in hand. Unless otherwise advise by the departmental overseer, they would have t go out of that godown on completion of the job Further, the departmental overseer's statemen should be the most important factor in the matter o allocation of duties.

(6) The contention of the charge-sheeted wor men that they could not have done it on the groun that by such an attempt they would have entrappe themselves in the fire does not hold good because th fire was planned in such a way that they would ha had enough time to go out before being entrappe the burning coir on the jute bale having still mo than one inch before the match-sticks tied round one end of it would catch fire and this on laborato examination having been found to take about minutes' time. It was also pointed out that had th fire broken out while still they were working ther there was a clear passage for them to have come o without any difficulty.

(7) The suspicion of some of the charge-sheet workmen in Kampta is not justified because it Kampta who detected the fire and Kampta kn well while going inside the godown that he wou be going back with two workmen from the squ working in B(1) and B(2) godowns so that a attempt on his part at sabotage would be found o and had Kampta done this, he would not probab have raised the alaram till the time the attempt h materialised and again as nobody saw him mak such an attempt or moving about in that particu spot at all, the suspicion against him does n appear to be justified.

Besides, according to the enquiry officer, the coir having been burnt about one inch, as the mark on the jute bale indicated, the fire must have been started before Kampta's arrival in that godown. It was also pointed out by the enquiry officer that since Kampta entered the godown from outside, it was not possible for him to distinguish between the normal dust of a jute godown and the smouldering smoke coming out from the coir rope because the outside sun must have, as it naturally does in every case, blurred his vision to some extent and his job was to call two men of the squad out and not to inspect or look around in the godown for fire or any other mischief. The enquiry officer also said Kampta did not know before that he would at all have to go to B(I) and B(II) godowns at the material time and no one suggested the existence of enmity between Kampta and the charge-sheeted workmen. From these findings the enquiry officer comes to the conclusion:

(a) that there was a premeditated and planned attempt at arson;

(b) that some one either alone or in collusion with the workers of the squad working in that godown at the material time must have been the culprit;

(c) that although it is very difficult to lay one's finger on any particular individual of the said squad, it would not be unfair to conclude that most of them, if not all, are involved in the matter having either actively been connected with or connived at this premeditated and planned attempt.

Then at the conclusion of the enquiry the enquiring officer mentioned a number of instances of arson in the mill for the last three years and he says that fires had always taken place in godowns worked in or opened sometime before the fires. The concluding sentences of the report are as follows:

"In these circumstances, it should be deeply considered whether the retention in service of any of the workers of this squad in question is desirable in the interest of the security and safety of company's property. In view of what has been stated above, particularly history of previous fires, I think that it would be risky to keep them in service. Therefore, the only course left open to us is to terminate their services under clause 13 of the Standing Orders of the Company".

By Exts. 33 to 40 which are all in the same terms and all dated the 4th March 1961, the eight workmen concerned were told as follows:

"Please refer to the charge-sheet issued to you on 6th February 1961 and your explanations thereto.

The enquiry into the charges against you held on 14th February 1961 in your presence, at which you were given full opportunities to defend yourself, reveals circumstances which make it impossible for the Company to have any further confidence in you and to retain you in service. Accordingly, your service are duly terminated with immediate effect under clause 13 of the Standing Orders of the Company.

You will be paid two weeks' wages, in lieu of notices, and full retiral benefits, if any, as per your conditions of employment with the Company. The Company has also decided to pay you the wages for the period of suspension, pending enquiry from 6th February 1961 to 3rd March 1961."

The notices were signed by the Manager. The Standing Orders referred to here is the Standing Orders in Appendix 8 to the Award in the dispute in Jute Textile Industry in West Bengal, between the employers of 89 specified jute mills and their workmen. The relevant portion is clause 13 of the Standing Orders. It runs as follows:

"13. (a) For terminating employment a notice in writing shall be given either by the employer or by the workman for the periods noted below. In the case of monthly paid permanent workmen, probationers and apprentices, one month's notice shall be necessary. In the case of permanent workmen, probationers and apprentices paid on any other basis, two weeks' notice shall be necessary..... It will be optional for the employer to pay the wages for the notice period in lieu of notice. No notice shall be necessary in the case of temporary or casual workmen.

(b) Where the employment of any workman is terminated all wages earned and unpaid shall be paid to him at the time of discharge, if convenient or in any case within the period of time prescribed by the Payment of Wages Act."

In paragraph 8 of the Company's written statement, it is stated that the management on receipt of the report of the enquiring officer gave the matter deep consideration and then decided to discharge the eight workmen, instead of dismissing them, under clause 13 of the Standing Orders and in paragraph 9 it is stated that in view of such circumstances the Company was justified in discharging the eight workmen under clause 13 of the Standing Orders.

The National Union of Jute Workers in paragraph 16 of its written statement contends that the inference, on which the company acted is baseless and it is not supported by any material whatsoever and that the act of the management in dismissing the four workmen has been unjust, unfair, mala fide, capricious, in violation of the principles of natural justice with an ulterior motive and for extraneous consideration. In paragraph 13 of its written statement, the Bengal Provincial Chatkal Madoor Union also alleges that the enquiry and the termination order are illegal as there is no definite charge against any workman and that the termination order is a clear violation of natural justice and as such illegal.

On behalf of the Company two witnesses Shri J. L. Dutta and Shri Susanta Kumar Bhattacherjee only were examined before me. The first is the Labour Adviser of the McNeill Barry Group of Jute Mills which include Gourepore Jute Mills and the second was the Assistant Labour Officer of Gourepore Jute Mills at the relevant time and held the preliminary enquiry before the charge-sheets were issued on the eight workmen and also the later enquiry into the charge-sheets. He is no longer in the employ of the Company. On behalf of the Unions three of the workmen, namely, Shri Jagoo, Kaloo Kahar and Hardeo Jadav, were examined.

In spite of the denial of the workmen examined before me that there was a preliminary enquiry before the charge-sheets were issued Shri Jagoo admitted in his cross-examination that before the

charge-sheets were issued the statements of all the 23 persons who were at the time in the godown were taken by the officer; in other words he admits that there was a preliminary enquiry. He also admits that there was another enquiry by the same officer. He further admits that he put his thumb impressions on 3/4 sheets of paper. These papers had something written on them. Kaloo Kahar, however, does not admit the preliminary enquiry. He admits the enquiry into the charge-sheets. He also admits that he put his thumb impressions on 3/4 sheets of paper like Ext. 30. Similarly Shri Hardeo also admits the preliminary enquiry and the subsequent enquiry and having signed 2/3 sheets of paper. There is thus no reason why the evidence led on behalf of the Company that before the charge-sheets were issued to the eight workmen concerned there was a preliminary enquiry and that there was another enquiry into the charge-sheets should not be accepted.

The question, however, that next arises is whether there were during the enquiry sufficient materials before the enquiry officer entitling him to conclude that some of the eight workmen either independently of the rest or in collusion with the rest were responsible for the attempted arson, if there was such an attempt at all. That there was a burning coir rope found in the hands of Kampta is admitted by the workmen Shri Jagoo, Shri Kaloo Kahar and Shri Hardeo Jadav and they were told by Kampta that this coir rope was on a jute bale near the door. But Jagoo does not speak of having seen anything even when Kampta pointed out to him a bale and said that the burning coir rope was there. Hardeo Jadav also does not say that he found a mark of burning on the jute bale pointed out by Kampta but there is plenty of evidence on the record of the subsequent enquiry into the charge-sheets to show that the burning mark was found on a jute bale near the door. Although Hardeo Ahir does not admit here having seen the burning mark on the jute bale he admitted that fact during the enquiry into the charge-sheet, so did Jagoo who said there that the bale on which there had been the mark of burning was removed by Ramsurat and Bahadur after he reached there. Kaloo Ahir, who says here that he saw nothing even when the bale was pointed out by Kampta, stated during the inquiry that when he went to the spot he found the bale with the burning mark on it just outside the open door. All these men admittedly put their thumb impressions on the sheets in which their depositions were recorded. Keswar Ahir, the Sarder of the squad, also said during the inquiry that he also saw the jute bale with burning mark having been taken out by the two Sangras lent to Kampta. Clearly then, there is no room for doubt that the burning coir rope was found lying placed on a half bale of jute near the open door and that this coir had at one end of it a number of live match-sticks about 40, according to the statement of the overseer during the enquiry, tied up by means of a thread and that the burnt end of the coir rope was still about one inch away from those match-sticks. The enquiry officer's finding on this point cannot thus legitimately be assailed.

The next question is whether there is any reasonable ground of suspicion against any of the eight workmen concerned. Before I go into the facts it is necessary to visualize the position of the open door through which the workmen entered the godown and through which Kampta also entered tl godown and near which the bale with a burning cc rope on it was found. The evidence of Shri Hard Jadav before me in his cross-examination enabl one to reconstruct the picture of godowns Nos. B(and B(2) which are under one roof. There is partition wall between the two; only stacks of bal of jute show the dividing line between the tv godowns; the northern side is called godown No. B(and the southern side is called godown No. B(2). H further says that they entered by the gate of godow No. B(2), i.e., by the southern side and all the worl men of their squad entered by the same gate, th is, from the southern side. It is also in evidenc that all the other doors of the two godowns wer closed. It is in evidence that this squad of 22 worl men and a tally clerk entered the godown No. B(. at 6-30 a.m. before they entered the southern ga by which they entered had been closed and th durwan opened the door and these men entered th godown and worked in godown No. B(2), for abou half an hour. Then they passed on to godow No. B(1) where they were working at the relevar time. The evidence before the enquiry officer mak it clear that the open gate of godown No. B(2) wa visible from the office both to the durwans on dut there and to the clerk using a desk there but none c those men who were in the office at the relevar time were examined for ascertaining if any outsid came to the godown at about the relevant time c whether any one saw Kampta entering the godowi Although Keswar Rai and others among the work men stated that no outsiders entered the godow during the relevant time, that cannot possibly cor clude the matter, because as these men were at wor at the time, they might not have been able to se if any outsider did approach the open door of th godown or if even Kampta was there some tim before he actually entered the godown. Besides, a stated by the tally clerk, Shri Suresh Sarkar, only portion of the B(2) gate was visible from the norther side where the men were working that morning That might have accounted for their inability to se any one approaching the door. Without the evidenc of any of the men in the office, it is difficult to rul out the possibility of an outsider coming an depositing the burning coir rope on the bale near th open doorway or even of Kampta doing the same Of course, Kampta entered the godown about 2 or minutes before the detection of the fire by himsel and the fact that the burning mark on the half bal of jute was about an inch long as the evidenc indicates, suggests that the burning coir rope mus have been lying on the jute bale for about 10 minutes That Kampta's actual appearance inside the godowi must have been subsequent to the placing of th coir rope on the half bale of jute near the door i clear, but in the absence of any evidence to show whether Kampta was or was not in the doorway o this godown a few minutes before his actua appearance before the squad working inside the godown No. B(1) it is impossible to rule out Kampta's complicity in the matter. It is true that none of the workmen inside the godown saw Kampta or any one else entering the godown but that as already stated cannot be conclusive. If the possibilty of an outsider or even Kampta having approached the B(2) gate of the godown a few minutes before Kampta's actual appearance inside the godown cannot be completely eliminated it is

impossible to say that the men inside the godown or at least some of them could be reasonably suspected of complicity in the attempted arson.

It is clear from the evidence that the burning coir rope must have been placed on the half bale of jute about 10 minutes before its detection by Kampta. It is the definite evidence of Suresh Sarkar that he did not notice any member of the squad of Keswar Roy going outside the godown during that period. But at the same time he admitted that he could not say with certainty as to whether any one of the squad of 22 workers went near the B(2) gate for certain work or not. The workmen of course denied having gone near the gate at any time, after they began their work in godown No. B(1). The enquiry officer should have tried to find out by positive evidence whether any of the workmen was found going to the open doorway of godown No. B(2), but there is no such evidence at all. As there is no evidence to show that any of these men went to that place at the relevant time, no reasonable suspicion can possibly fasten upon any of these men. It must also be pointed out that to suspect any of these men more or less reasonably, of having placed the burning coir rope near the gate of godown No. B(2), one or other of these men must have carried this coir cope with a number of match-sticks tied up at one end of it on his person. These men were liable to search at the time of their entry into the godown as stated by Ramchhabila Singh, durwan, on 6th February 1961. The statement is as follows:

> "It is the duty of the key durwans to search the pockets of persons who are required to work in the godown while opening the door of the godown. I know it fully but I did not search Keswar Roy, Suresh Sarkar and others who were under Keswar Sardar, who worked in B(1) and B(2) godowns, to find out whether they carried any inflammable things or not because I did not find any time to search them."

It is of course possible that the workmen concerned might have taken advantage of their knowledge that although the durwans are required to search them they do not in fact do so. But then the failure of the durwans to do their legitimate duties cannot possibly be treated as a just ground of suspicion of the workmen who might or might not have taken advantage of the known default on the part of the durwans in the discharge of their duty. In any event, the evidence on the record of the inquiry, such as it is, discloses no ground at all of suspicion against the workmen concerned. There is yet another important aspect of the matter which does not appear to have been at all considered by the enquiring officer. The squad entered the godown at 6-30 a.m. and worked for about half an hour, i.e., up to about 9 a.m. on that side of B2 godown which is nearer the open door than the northern side where they worked from about 7 a.m. As the burning rope could not possibly have been on the bale for more than ten minutes from the length of the burning mark on the bale being only about one inch, the burning coir rope could not have been placed on the bale up to 7 a.m. Thereafter, the squad moved further away from that door. There is no evidence that any member of the squad visited that part after 7 a.m. and the evidence of the Tally Clerk, is that he did not see any of them going that way, though he does not rule out the possibility of any of them having done so. If, however, any one did, he is likely to have seen it. As he did not see it, none of the squad in all possibility visited that part at about the relevant time. This would seem to point to the innocence of these men.

The contention on behalf of the company that one or more of these workmen alone could have placed the burning coir rope on the half bale of jute near the gate of B(2) godown does not in the circumstances seem to be based on any evidence at all. As a matter of fact, on going through the record of the enquiry, I am left with the impression that a good many relevant factors are left more or less unascertained and the departmental inquiry might have been successful if it had been postponed till the completion of a thorough police investigation and if the postponed inquiry fully utilised the materials brought to light by the police.

The learned enquiry officer appears to have made an elaborate attempt to exclude the possibility of Kampta's complicity in the matter. If all his premises had been correct he might have been held to be right but then as I have pointed out his main argument that because Kampta appears before Keswar Singh inside the godown only about a couple of minutes before he detected the fire on his way back he could not possibly have been a party to it, does not appear to be correct without more convincing evidence to show that Kampta was not at the doorway say about 10 minutes before his actual appearance inside the godown. Although he might have appeared in the godown only a couple of minutes before he detected the fire, he hight have actually been near the gate some what earlier. That possibility does not appear to have been eliminated by proper evidence. The other facts by which he sought to eliminate this possibility are far from convincing. Kampta might have no enmity with the workmen concerned but that need not necessarily show that he is innocent. He might have put this there just for some kind of mischief. The mere fact that he detected the fire is also not enough to exclude his complicity. Of course, Kampta also might be quite innocent. So long it was not possible to come to any conclusion on reliable evidence what the facts really were, it is impossible to say even that there were reasonable grounds of suspecting the complicity of any of these workmen. In the circumstances I must say that the company was not justified in suspecting these men of complicity in the attempted arson.

As to the manner of the inquiry, of which Shri Chatterjee complained, I need only say this that as the Company from the very first put the case against the workmen as one of suspicion at the highest, it should have in all fairness to the workmen set out in the charge-sheets the grounds of suspicion so as to enable them to explain these grounds away. This seems to me to be the major defect not so much of the inquiry, as of the charge-sheets, for which also the inquiry officer was responsible because it was he who held the preliminary inquiry. Apart from this, the inquiry appears to have been an elaborate and careful one and on the whole fair.

As the evidence on the record of the proceedings of the enquiry into the charge-sheets against the eight workmen does not disclose to my mind anything like reasonable grounds of suspicion of the

complicity of the eight workmen concerned, the question that next arises is how far the order of their discharge by the company under the Standing Orders can be said to be justified. It is true that this order of discharge was not by way of punishment because the workmen were paid all their dues and also the retiral benefits they were entitled to under the rules but even then, as laid down by the Supreme Court in the case between the Chartered Bank, Bombay and the Chartered Bank Employees' Union and another 1960, II, L.L.J. page 222, an employer cannot dispense with the services of a permanent employee by mere notice and claim that the Industrial Tribunal has no jurisdiction to enquire into the circumstances in which such termination of service simpliciter took place and it refers with approval to the decision of the Labour Appellate Tribunal in Buckingham and Carnatic Company Ltd. Versus workers of the company in 1951 -II, L.L.J. page 214 or 1952, L.A.C. page 490. The Appellate Tribunal pointed out that in that particular case the Standing Orders provided for three types of cases in which the services of an employee could be terminated, namely, (1) automatic termination for absence without leave for a stated period, or for overstaying leave without satisfactory explanation, (2) discharge on notice or in lieu thereof, payment of wages for a certain period without assigning any reason and (3) dismissal for misconduct. In the opinion of the Appellate Tribunal these three types have to be considered separately and in all the three types the requirement of bona fides is essential. It further lays down that arbitrary conduct or unnecessary harshness on the part of the employer, judged by the normal standard of a reasonable man, may be cognent evidence of victimisation or unfair labour practice. Then the Tribunal goes on to point out that in the second type of cases, even when the Standing Orders authorise discharge on notice without assignment of reason, the scope of the Tribunal's enquiry would be similar to that in the first type of case when the Tribunal is at liberty to examine the explanation given by the employee for his absence and the circumstances also for the purpose of seeing whether the employer acted honestly. If the termination of service in these two types of cases be held to be justified, no further question would arise, though in exceptional cases of the second type, there may be scope for giving compensation. If, however, the Tribunal finds the termination to be unjustified, the question of relief--reinstatement or payment of compensation—will arise and in dealing with that question the considerations arising in case of wrongful dismissal would be applicable.

Although the Company in the case before me discharged the workmen under clause 13 of the Standing Orders it is not that in the letters of discharge it did not assign any reasons. It did assign reasons by setting out the facts that led to the enquiry and ultimately to their discharge. Clearly, therefore, it is not a case where the company discharged the workmen without assigning any reasons and admittedly the discharge of these workmen is due to the fact that the Company came to suspect as a result of the enquiry held into the charge-sheets against them that they or some one or more of them had something to do with the placing of the burning coir rope on a jute bale with a number of live matchsticks tied to it by means of a piece of thread, so that if the match-sticks had caught fire there wo have been real damage to the jute bales in godown. If the suspicions of the Company w fully justified on the evidence on the record of enquiry, one might have agreed with the view, took that it was entitled to discharge the workm without punishing them in any way, apart from t loss of their employment, but as there is no r ground of suspicion, on the principles laid down the Labour Appellate Tribunal in Buckingham a Carnatic Company Ltd., the workmen are, to mind, entitled to relief.

The question next is whether this relief should reinstatement or compensation. Reinstatement undoubtedly the normal relief in a case of wrong dismissal, but the relief in any particular case mu be so adjusted to the facts of that case as to be the whole fair to the employees concerned as w as the employers. I think the reinstatement of t workmen on the facts of this case would be hard safe either for them or for the Company. The Co pany, to my mind wrongly, came to suspect the co plicity of the men and in spite of what I have said would probably be difficult for the management disabuse itself of its suspicion of these men. It w also be difficult for the workmen to be as loyal the Company as they might have been if it had n suspected them. Besides, these workmen may al suffer in future by the persistence of the manag ment's suspicion against them. In the circumstanc I am inclined to think that reinstatement would n be fair either to the employees or the employers a as such it will not be a proper relief for the wor men in this case.

The only other form of relief is monetary compe sation. The question, therefore, is what should the quantum of this compensation. The men we all discharged with effect from the 4th of Mar 1961. But they were on suspension from 6th Fe ruary 1961 to 3rd March 1961 and the order of di charge itself provides for the payment of their wag for this period. They have, therefore, been out employment for one year and three months. If th are to be compensated for the whole period the wages and other emoluments for the whole perio have to be paid by way of compensation. In th case no evidence has been led to show what we the wages, etc., of these workmen or whether any them did any work during the period.

Mayne on "Damages", 11th Edition, page 371, put the matter thus:

> "The measure of damages is the loss incurred Prima facie, this is the loss of wages which woul have been earned had the employment continue according to contract, together with the value o the other advantages under the contract, such fo example as the benefits of quarters rent free maintenance or otherwise. But in estimating th loss, due allowance must be made for the emolu ments or any other employment obtained before the contract would have expired. It is the servant's duty to minimise damages and, for this purpose, to seek and accept suitable emolument. But he is not expected to accept an engagement in a lower status, though it may be reasonable

for him, in the state of the labour market, to accept a lower salary; and this would be taken into consideration in the calculation of damages."

The question of quantum of damages has been considered in some detail in a case before the High Court of Travancore Cochin in Thomakutty versus Thomas, A.I.R. 1954 T.C., page 104. The following passage from that judgment sums up the correct position:

"A servant complaining of wrongful dismissal from service cannot rest content by merely putting forward a claim for recovery in a lump and in advance the entire amount of anticipated salary covering the whole period for which he expected to continue in service so as to utilise such amounts for safe investment and thus to convert the very injury complained of into a blessing in disguise. The common law which recognises his right to recover damages for wrongful dismissal imposes a corresponding duty on him to do all that is possible to mitigate such damages..... the possible chances of obtaining a suitable employment elsewhere has to be taken into account in assessing the measure of damages to be awarded to the plaintiff."

The principles on which damages are to be calculated in Civil Suits may well be followed even in industrial disputes in giving relief to a workman discharged without any reasonable ground. As the men have been out of employment for one year and three months and may be out of employment for some time at any rate even hereafter, their wages for the whole period should be the correct measure of the damages they are entitled to. In calculating damages, however, in this case I leave out of account on the one hand the fact that those or some of those workmen may be out of employment even after this award and on the other, the fact that some of them may have arranged employment during this period, as there is no evidence before me on any of these points and as it is not possible to ascertain how long any of them may be out of employment after the award. The only form, therefore, in which I can make the order is that each of the workmen should be paid his entire emoluments for the whole period of one year and three months, on the basis, first of his daily wages and other benefits on 5th February 1961 and secondly of the number of days he worked during the year ending on 5th February 1961. If there is any conflict as to the wages and other emoluments of any particular employee or the number of days in which he worked during the year, the books of the company will be conclusive evidence on the point. It is accordingly my award that the termination of the services of the eight workmen, namely, (i) Sarbasri Keswar Roy, (ii) Sukkar Mahato, (iii) Ramasis Goala, (iv) Jitbandhan, (v) Kalu Kahar, (vi) Jagoo Ahir, (vii) Bhola Shaw and (viii) Hardeo Ahir was not justified and the relief each of them is entitled to is the payment to him of his total emoluments for a year and three months from the 4th of March 1961, the emoluments of each being calculated according to his total emoluments on the 5th of February 1961 and the number of working days during the whole period of one year and three months being calculated on the basis of the number of working days on which he worked during the year ending on the 5th of February 1961. If any dispute arises as to the emoluments of a workman or the number of working days on which he worked during the year ending on the 5th February 1961, the books of the company will be conclusive.

By order of the Governor,
S. C. MUKHERJEE, Asst. Secy.

No. 3269-I.R./IR/4L-75/59.--18th July 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 3890-I.R./IR/4L-75/59, dated the 25th July 1960, the industrial dispute between Messrs. (i) Sk. Taleb Ali, (ii) Sk. Sahadat Ali and (iii) Sk. Motassam Ali, village Gogras, P.O. Raghunath Bari, district Midnapore, and their workmen represented by Tamluk Motor Workers' Union, P.O. Tamluk, district Midnapore, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Seventh Industrial Tribunal;

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. (i) Sk. Taleb Ali, (ii) Sk. Sahadat Ali and (iii) Sk. Motassam Ali, village Gogras, P.O. Raghunath Bari, district Midnapore and their workmen represented by Tamluk Motor Workers' Union, P. O. Tamluk, district Midnapore. (Case No. VIII-298/69.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

Appearances:

For the Union: Shri D. L. Sen Gupta, Advocate, assisted by Shri M. Saha, Advocate, Shri H. L. Roy, Advocate, and Shri S. Banerjee, Advocate.

For the employers: Shri S. K. Bhattacharjee and Shri A. K. Sarkar.

AWARD

The above dispute over the issue given in the schedule to the order of reference and reproduced below was first referred for adjudication to the First Labour Court by the Government of West Bengal, Labour Department, order No. 6969-I.R./IR/4L-75/59, dated the 24th December 1959, read with the

subsequent Corrigendum No. 1488-I.R./IR/4L-75/59, dated the 4th April 1960, and the same dispute was subsequently referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 3890-I.R./IR/4L-75/59, dated the 25th July 1960, in supersession of the said previous order of reference after the abolition of the said First Labour Court.

Issue

1. Whether the non-employment of the following workmen is justified? To what relief, if any, are they entitled?

(i) Shri Sk. Abul Kaseem.

(ii) Shri Osman Ali.

(iii) Sri Sk. Seraj.

(iv) Shri Sk. Abdul Kader.

I proceed str ightway to decide the issue under reference. The relevant facts of the case and the respective cases of the parties on points of dispute will appear from the following discussions.

The dispute under reference is between three employers, viz, (i) Sk. Taleb Ali, (ii) Sk. Sahadat Ali and (iii) Sk. Motassam Ali and their workmen named in the schedule to the order of reference. Here, an objection has been raised on behalf of the employers to the effect that the order of reference is bad and not maintainable in law, because it has not been clarified which of the concerned workmen were employees of which of the concerned employers. The order of reference is, therefore, said to be vague and indefinite. On behalf of the Union representing the workmen, the reply given to this objection is that the respective employees of each of the concerned employers have been clearly shown in the respective written statements filed by the employers in the present proceeding. On this contention, it is alleged that there is absolutely no prejudice to the concerned employers for not separately showing the concerned workers under each concerned employer. The concerned employers have filed separate written statements in the present case and in each written statement the names of the workmen under each employer have been definitely stated [vide paragraph 8(h) of the written statements of Sk. Sahadat Ali and Sk. Motassam Ali and paragraph 8(g) of the written statement of Sk. Taleb Ali]. The names of the workmen under each of the employers, according to the written statements filed by the employers in the present case, are clearly shown in the following table:

Name of the employers.	Name of the workmen.
1. Sk. Taleb Ali.	Sk. Osman Ali.
2. Sk. Motassam Ali.	Sk. Abdul Kader.
3. Sy. Sahadat Ali.	Sk. Abdul Kaseem.
	Sk. Siraj.

Thus, though the present order of reference itself has not clearly specified the particular workmen employed under each employer, the gap has been filled up by the employers themselves in their written statements and thus there can be no question of any prejudice to the employers on account of the alleged vagueness and indefiniteness of the order of reference. The employers have stated their cases with respect to their own workmen named in their written statements. In view of the above position the dispute between the concerned employers and their respective workmen is clearly adjudicable and so the employers cannot now turn round and contend that the reference is not maintainable and the dispute is not adjudicable, because in the order of reference itself the workmen of each different employer have not been separately shown. This formal objection must, therefore, fail and it is rejected.

I now come to the merits of the case. The dispute is over the alleged non-employment of the concerned workmen by their respective employers. The undisputed facts relating to the dispute are as follows. It is a dispute between some owners of public service motor vehicles who have formed themselves into an "Association" known as "Tamluk Paskura Motor Transport Association" and their workmen, who are members of a Union named Tamluk Motor Workers' Union. Since the year 1947, the employers through their Association introduced a system of giving rewards to the bus employees on the daily earnings of each bus. Ext. 1 is a chart showing the rates of rewards in force from time to time since 1947 up to 1954. This chart has been admitted. The Union's case is that it demanded a revision of reward rates by increasing the rate of reward and an agreement for introducing increased rates of reward from 1st October 1959 was concluded between the bus owners, their Association and the Union, but the increasing rates of reward were not made effective from 1st October 1959 and, as a result, the employees stopped overloading. The Union's further case is that this brought the dispute to a head and the employers refused to employ the concerned workers of this case from different dates as shown in the chart, Ext. 3. It is, however, also an admitted position that on 11th October 1959 there was some incident which led to interruption of the bus service for some time. The Union's version is that the owners refused to employ the concerned bus workers or some of them and took away the bags from the concerned condutors and keys of the vehicles from the concerned drivers. It is further the Union's case that the dispute arising over this incident continued up to 18th October 1959 and on that date there was a conference in presence of the Subdivisional Officer in his office, and at the suggestion of the Subdivisional Officer, it was agreed between the disputing parties that the concerned workmen would express regret to their respective employers and thereafter they would be taken back to work as before. It is further the Union's case that the workers expressed regret according to the decision of the conference and thereafter the employers did not re-employ some of the concerned workers and to others they gave garage duties by way of re-employment. It is contended on behalf of the Union that assignment of garage duties to such workers was not their re-employment in their old duties and it was practically no re-employment at all and the employers resorted to this device simply to humiliate and insult the workers. It is contended that garage duty practically meant no duty at all. The case put forward by the employers is briefly as follows: The reward rates, as shown in the chart, Ext. 1, were in force and there was revision of the rates by increasing them, as alleged by the Union. The employers or their Association never asked the workers to overload their vehicles. The workers demanded further increased rates and finally on

11th October 1959, the Bijoya Dasami Day, on which a big mela is held in the neighbourhood of Tamluk town, the workers suddenly struck work in order to paralyse the bus service on such an important day and the employers and the Association somehow managed to keep up the service by employing substitutes after a temporary stoppage. It is further contended by the employers that the dispute was settled at the conference held in the Subdivisional Officer's office and in his presence on the terms that the striking workers would express regret to their respective employers and thereafter they would be taken back to service. It is next contended that according to this decision of the conference, some of the present concerned workers expressed regret and they were taken back, but some did not express regret at all and did not approach the employers for re-employment, and so, they could not be taken back. The workers who expressed regret were given garage duty, but it is contended that this was done not to humuliate or insult them, but at their own request. It is said that they preferred garage duty to actual line duty, pending final settlement of the dispute regarding the increased rates of reward, which then remained unresolved.

We are not directly concerned with the dispute regarding the increase in reward rates except as a backward fact, because that dispute is not the subject-matter of reference. It is amply clear from the evidence produced in this case that the workers demanded further increase of the reward rates and were not satisfied with the rates prevailing since 1954, and this led to a dispute between the parties and this dispute was the cause of the trouble which took place on 11th October 1959. There is a serious dispute between the parties as to whether the workers struck work on 11th October 1959, or the employers refused to give work to the workmen on that date. After considering the evidence on this point on the record, I hold that the employers' case on this point is true and it was the workers who struck work and there was no non-employment by the employers themselves and there was no taking away of the bags and keys from the workers. The evidence on the Union's side on this point consists of the testimonies of P.W. 1 Shri Luxmi Narayan Maity, secretary of the Union and one of the concerned workers P.W. 2 Sk. Abdul Kaseem, driver of Sk. Sahadat Ali. The contrary evidence on the side of the employers on this point consists of the testimonies of O.P.W. 1 Sk. Taleb Ali, a concerned employer, who looks after the running of the buses of the other two concerned employers, Sk. Sahadat Ali and Sk. Motassam Ali, who are his nephews and O.P.W. 2 Azizul Khan, who was at the relevant time working as a conductor in the bus of Sk. Motassam Ali. The witnesses on the side of the employers have impressed me as more reliable and trustworthy and I accept their testimonies in preference to those of the witnesses on the Union's side. I hold accordingly that the workers launched a strike on 11th October 1959, the Bijoya Dasami Day, on which a mela was being held in the neighbourhood of Tamluk and which was, therefore, an important day for the local bus service. The next important fact for our consideration would be the admitted position that the dispute over the incident of 11th October 1959 was finally settled at a conference held in the office of the Subdivisional Officer and in his presence wherein it was agreed by both parties at the suggestion of the Subdivisional Officer that the workers would express regret to the employers and then they should be taken back to work. Both parties were certainly bound by the admitted agreement in settlement of the dispute which arose over the launching of the strike by the workers on 11th October 1959 and, as already indicated above, in terms of this agreement, the workers were to express regret and then the employers were to re-employ them. It appears from the evidence on the record that in terms of this agreement, all the concerned workers of this case except Sk. Abdul Kader, who was an employee of Sk. Motassam Ali, expressed regret and the workers who expressed regret were taken back in service by the employers, but they were given garage duties. It is clearly in the evidence of P.W. 3 Sk. Abdul Kaseem, son of the concerned worker Abdul Kader, that his father took the stand that he had not committed any offence and so, he would not express any regret. Of course, he has added that he also came back for work, but was not taken in. I cannot believe this added statement, which goes against the probabilities. It is improbable and unnatural that the worker who refused to express regret and thus defied the solemn agreement entered into between the parties at the suggestion of and in presence of the Subdivisional Officer would come back to the employer for work. I hold, therefore, that the concerned worker, Shri Sk. Abdul Kader, did not act up to the terms of the agreement reached at the conference held by the Subdivisional Officer and he did not at all report back for duty to the concerned employer. This amounts to the position that he left the service of his own accord and the concerned employer was not responsible for his non-employment, and so, he is not entitled to any relief in the present case on the footing that the concerned employer was responsible for his non-employment which was unjustified.

So far as the other workers of this case are concerned, it is an admitted position that they expressed regret and reported for duties and they were taken back in service by the concerned employers but were allotted garage duties which they performed for some days and then again gave up their duties and refused to work on the plea that assignment of garage duties to them amounted to their non-employment and this device was resorted to by the employers simply in order to humiliate and insult them. The Union has also come forward with the case that allotment of garage duties to them practically amounted to their non-employment and this allotment was malafide and was made simply to humiliate and insult them. There is some evidence on the side of the employers to show that the workers themselves preferred garage duties pending final settlement of the dispute regarding the rates of reward which still remained unresolved. O.P.W. 1 Sk. Taleb Ali has deposed to that effect. He has clearly stated that they were given garage duty according to their choice and before this they also sometimes did garage duty whenever necessary. After having regard to the overall facts and circumstances of the case, I cannot hold that the allotment of garage duties to these workers was made malafide by way of victimisation in order to humiliate and insult them and it amounted to their non-employment. It was certainly within the legal rights of the employers to offer suitable alternative employments

to the workers in the circumstances then prevailing particularly when, according to the evidence, the workers themselves preferred garage duties. It is not even suggested that they were not given full wages. So, it comes to this that these workers were re-employed on full wages in some alternative work which entailed garage duties, i.e., looking after the vehicles in the garage. It was not line duty. I am unable to hold that assignment of garage duty meant insult and humiliation to the concerned workers. In the above view of the facts and circumstances relating to these workers, I hold that there was no non-employment of these workers, as complained of in the present case. It further appears from the evidence that after doing garage duties for some time, they themselves left the work. It is thus clear that these workers were given re-employment in term of the agreement, dated 18th October 1959, which was concluded in settlement of the dispute arising over the launching of the strike by the workers on 11th October 1959, but they themselves left their work after re-employment and therefore the employers were not responsible for their non-employment after they so left their work. The workers cannot force the employers to give them a particular work of their choice. It is to be noted that they were not given duties which were not within the ordinary line of their employment. The duties related to looking after the buses in the garage. If the employers preferred to pay full wages to the workers for such duties which were certainly lighter than line duties, they cannot at once be said to have acted malafide and beyond the scope of their legal rights and obligations in respect to the employment of these workers. In the case of these workers, therefore, there was no non-employment by the employers, but there was relinquishment of employment by the workers themselves and so, they are not entitled to any relief.

On the decisions and for the reasons recorded above, I award in the case of all these concerned workers that the employers were not responsible for their non-employment, but it was they themselves who were responsible for it in spite of the willingness of the employers to take them back in service according to the terms of the agreement, dated 18th October 1959, and so they are not entitled to any relief.

Seventh Industrial Tribunal

Dated the 7th July 1962.

By the order of the Governor,
S. C. MUKHERJEE, Asst. Secy.

No. 3253-I.R./IR/9L-42/61.—17th July 1962.—Whereas under the Government of West Bengal, Labour Department, order No. 5096-I.R./IR/9L-42/61, dated the 19th August 1961, the industrial dispute between Messrs. Dilaram Tea Estate, P. O. Tung, district Darjeeling, and their workmen represented by the National Union of Plantation Workers (West Bengal), No. 7, Dharamsala Building, Kurseong, district Darjeeling, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Dilaram Tea Estate, P. O. Tung, district Darjeeling, and their workmen represented by the National Union of Plantation Workers (West Bengal), No. 7, Dharamsala Building, Kurseong, district Darjeeling (Case No. VIII-20 of 1961).

BEFORE THE FIRST INDUSTRIAL TRIBUNAL WEST BENGAL

Present:

Shri S. N. GUHA ROY, Judge, First Industrial Tribunal.

Appearances:

For the Company: Shri M. P. Chowdhury, Advocate.

For the Union: Shri Nikhil Roy, Advocate.

In this reference under section 10 of the Industrial Disputes Act, of an industrial dispute between Messrs. Dilaram Tea Estate and their wokrmen represented by the National Union of Plantation Workers' (West Bengal), the inly issue is whether the dismissal of Jagat Bahadur Gurung is justified and to what relief, if any, he is entitled.

The Tea Estate's case, as made in its written statement, is that on the 12th January 1960 Shri K. B. Gurung, the Manager of the Tea Garden, directed Jagat Bahadur Gurung, the driver of the motor car of the Estate, to keep his car ready in the afternoon as he was to visit the Dooars on some urgent business of the Company but the driver in disregard of his instructions returned to the Tea Garden late in the evening. Even then, when the manager personally and through the Chowkidar of the Tea Estate asked the driver to get ready with the car after taking his meals, the driver flatly refused to do so and committed gross misconduct by disobeying the instructions of the Manager. Then the Manager had to leave for the Dooars in the same car, driven by his own driver. On reaching Siliguri, however, it was found that the car was not in order and had to be left at a garage at Siliguri where the bill for repairs of the car came up to Rs. 662. It is alleged that the driver was thus guilty of insubordination. It is also alleged that on the 26th June 1959 the driver tried to assault the Head Clerk of the Tea Garden when he went to check the motor parts, and on the 6th August 1959 the said driver further disobeyed and disregarded the written instructions of the Manager of the Tea Garden in respect of production of motor parts purchased for replacement. It is further alleged that by a notice, dated the 15th January 1960, the driver was asked to show cause why he should

not be dismissed for insubordination and he was required to file his explanation by the 18th January. The said notice was sent through Kaloo Chhetri and Bire Tamang but the driver refused to accept the same. It is alleged further that this notice was sent to the said driver under registered post on the 28th January 1960 but he refused to take delivery thereof. As the driver failed and neglected to offer any explanation or even to appear before the management his services stood terminated on and from the 12th January 1960 and due notice thereof was given to him.

On behalf of the Tea Estate only two witnesses were examined, namely, Poldel Lama, the Garden Babu and Shri Kaloo Chhetri and on behalf of the Union only the driver Jagat Bahadur Gurung has been examined. It is clear from the evidence of Poldel Lama that Jagat Bahadur Gurung had to go to Darjeeling for repair of the car which had developed some mechanical trouble. It is also clear therefrom that he came back according to Shri Poldel at about 6 p.m. and according to Jagat Bahadur himself at about 7-30 p.m. though during the cross-examination of Poldel Lama it was suggested to him that the driver came back to the factory with the car at about 7 p.m. on the 12th January; the witness denied this and said that he came back at about 6 p.m. It is not very material for my purpose whether he came back at 6 p.m. or 7 p.m. It is also the case of the Union that the car on its way to Darjeeling developed further mechanical trouble. The Union did not mention this in its written statement. It is, therefore, impossible to say on the materials before me that it in fact did develop further mechanical trouble on the way to Darjeeling. That again is not also very meterial for my purpose. What is material is that the car was sent to Darjeeling for repairs. Admittedly the man left at about 10 a.m. with the car and came back according to Poldel Lama at 6 p.m. and according to Jagat Banadur Gurung himself either at about 7 p.m. or 7-30 p.m. If he came back at 6 p.m. he had already been on duty for eight hours. Of course, while the car was in the workshop he could not possibly have had much to do but still it cannot be said that he was off duty. It is also Jagat Bahadur Gurung's case that he had had no meals and although there is no evidence on the side of the Tea Garden that on his return he actually went for his meals, the written statement of the Tea Estate itself makes it clear that he did go to have his meals because paragraph 3 of the written statement clearly says that the Manager personally and through the Chowkidar of the Tea Estate asked the said driver to get ready with the car after taking his meals, but the said driver flatly refused to do so. It is obvious, therefore, that the man had already been on duty for eight hours and he was asked to get ready for another journey after taking his meal almost immediately after his return but the driver refused. Even if it be taken for granted that the driver actually refused, though the driver himself says that he did not, it seems to me to be quite clear that, as another driver, namely, the personal driver of the Manager, was available, the Manager might just as well have utilised him for that day's trip instead of calling upon the Garden driver who had already done eight hours' duty to undertake another journey. Of course, the distance of that journey is not known. In any case even if the driver refused while it may undoubtedly amount to insubordination if the terms of service were such that the Manager could call upon him to work at any time of the day and for any length of time even after he had already done eight hours' duty, his refusal cannot be reasonably attributed to a pure spirit of defiance of authority and may well have been due to a sense of fatigue after eight hours' duty. This would be all the more so if he had had no meals at all during the day. As regards the warning notice said to have been served upon him for previous misconduct, it is needless for me to say anything. That would be relevant in this context only for considering what punishment would be appropriate if there had been a proper enquiry into the charge-sheet on this occasion. But admittedly there was no enquiry at all. The Tea Estate's case is that the charge-sheet was sought to be served upon the driver by two messengers, namely, Kaloo Chhetri and Bire Tamang. Kaloo Chhetri has been examined. He seeks to prove the service of the charge-sheet. He says that the notice was read by Jagat Bahadur Gurung but he then returned it to them, saying "take it back." Jagat Bahadur Gurung, however, denies this. It is difficult, however, to take Jagat Bahadur Gurung's denial at its full face value, in the face of the fact that he denies having received even the notice of dismissal although in the Union's written statement in paragraph 6 it is distinctly stated that on the 25th January 1960 he was served with a notice by the Company to the effect that he had been dismissed from service with effect from 12th January 1960. Jagat Bahadur Gurung was confronted with this statement and all that he says about it is that if there is such a statement in the Union's written statement, it is incorrect and Shri Roy appearing on behalf of the Union seeks to explain it by saying that the instruction given by Jagat Bahadur Gurung must have been misunderstood but this explanation strikes me as thoroughly unconvincing. On the evidenc therefore it must be held that an attempt was made by the Tea Estate to have the charge-sheet served on Jagat Bahadur Gurung by two special messengers Kaloo Chhetri and Bire Tamang. According to Kaloo, Jagat Bahadur Gurung read the notice but returned it. It is also admitted that he did not submit any explanation nor did he appear before the Management thereafter. It is however, admitted that there was no enquiry and yet there was a notice of dismissal dated the 25th of January 1960. This notice of dismissal states that he was dismissed with effect from 12th January 1960. The notice of dismissal, however, has not been proved. As regards the notice of dismissal it is stated that Kaloo Chhetri and Bire Tamang served it. Kaloo seeks to prove this. But according to Kaloo this also was returned by Jagat Bahadur Gurung. Even the returned notice or the office copy of the notice has not been proved on behalf of the Tea Estate. The explanation offered on behalf of it is that both were mislaid. As Jagat Bahadur Gurung's written statement admits that he was served with such a notice on 25th January 1960 and as the admission further says that he was dismissed with effect from 12th January 1960 it must be held on the basis of Jagat Bahadur Gurung's admission that with effect from 12th January 1960 that he was served with a notice of dismissal on 25th January 1960, which told him that he had been dismissed with effect from 12th January 1960.

The question now is whether the order of dismissal is legally valid. On behalf of the Union reliance was placed on the decision of the Labour Appellate Tribunal at Calcutta in the case between Messrs. Gasliton Colliery and its workmen 1954 1, L.L.J., page 144, in which it had been held that when the two workmen refused to accept the charge-sheet when tendered to them by hand, it was the bounden duty of the company to send those charge-sheets by registered post and after waiting for the period, as specified in the charge-sheet for the explanation, to hold an enquiry into the charges levelled against the workmen concerned and, if satisfied, to order their dismissal and the action of the Management in terminating the service of the cancerned workmen without holding any enquiry but paying a month's wages in lieu of notice under another Standing Order was held improper and unjustified. On behalf of the Tea Estate, reliance was placed on a Supreme Court decision in the case between Bata Shoe Co. (P) Ltd. and D. N. Ganguly and others 1961, Indian Factories & Labour Reports Volume 2, page 183, but that is a case in which the Standing Orders provide that the workmen who refused to accept the charge-sheet shall be deemed to have admitted the charge made against him and apart from sending the notice by registered post to the workman concerned the employer had the same published in a newspaper so that the employers, according to the decision of their Lordships did everything they could to serve the workman with a charge-sheet. This case does not refer to the decision of the Labour Appellate Tribunal at all nor can it by implication be taken to have overruled that decision. To my mind, it seems that it is only fair that after the workmen concerned is laid to have refused to accept the notice, another attempt for service should have been made through the post, so as to give him a chance of offering an explanation and trying to substantiate the explanation during the enquiry but nothing like that seems to have been done. Where there has been no enquiry by the employers, it is open to the Tribunal to inquire into the charge-sheet. The Tea Estate has not taken any steps worth speaking of, to produce the ex-manager who was the most competent witness to prove what had happened; or R. C. Sarma, an employee of the Tea Estate who admittedly accompanied the driver to Darjeeling. There is hardly any reason why the Garden Babu's evidence should be preferred to that of the driver when the two differ. In this state of the evidence I am not at all satisfied that there were adequate grounds for the dismissal of the driver, for on the evidence he cannot be held guilty of the charges preferred against him. On the merits therefore, the dismissal must be held to be unjustified.

The order of dismissal is also open to objection on the ground that it was made with retrospective effect, namely, that although made on the 25th January 1950, it was given effect from the 12th January 1960. In the case between Sudhir Halder and the State of West Bengal and another, 1961, Indian Factories and Labour Reports, Volume 3, page 98, it was pointed out that suspension or dismissal or removal from the service with retrospective effect has alredy been condemned by the court as illegal and invalid. It is, therefore, quite clear that the order of dismissal is not at all justified, first because no real chance appears to have been given to the workman concerned to offer an explanation and to try to substantiate his case during the enquiry, secondly because there was no enquiry at all, thirdly because on the merits no case for dismissal has been made out on the evidence before me, and fourthly because the order of dismissal is legally defective having been directed to take effect not from the date of the order but retrospectively from the date of the order of suspension. A certain amount of stress was laid on the absence of Jagat Bahadur Gurung from his work from the 13th January onwards. Jagat Bahadur Gurung of course denies it but even if it be assumed that he did not report himself for duty from the 13th January 1960 onwards it may well have been that he did not do so because of the order of suspension contained in the charge-sheet Ext. 1. This suspension means a suspension for the time being of the relationship of master and servant between the two. The servant is thereby absolved of his liability to render the required service.

The question now is to what relief Jagat Bahadur Gurung is entitled. There is no reason why in this case I should not order his reinstatement but the question is whether for the period he was unemployed the Tea Estate should be ordered to pay his full wages of the ends of justice will be sufficiently met if the Tea Estate is ordered to pay a substantial compensation, for the period of non-employment. The workman admits that he did not try for alternative employment at all. There was, therefore, no attempt on his part to mitigate the damages. In view of this and in view also of the fact that he has not to do any work during the period, I think the ends of justice will be sufficiently met if I order the Tea Estate to pay Jagat Bahadur Gurung a sum of Rs. 500 as compensation for his unjustified non-employment by the Tea Estate for more than two years, as was done by the Labour Appellate Tribunal in the case between Gasliton Colliery and its workmen. My award accordingly is that the dismissal of Jagat Bahadur Gurung is not justified and that the relief he is entitled to is reinstatement and a compensation of Rs. 500 for his unjustified non-employment from the 12th of January 1960 onwards and that the reinstatement and the payment of the compensation must take place as soon as the award becomes enforceable in law.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Chhogmall Labhchand, General Merchants and Commission Agents, P.O. Salar, district Murshidabad, and their workmen represented by West Bengal Shops Assistants Federation, 9 Panditia Place, P.O. Rash Behari Avenue, Calcutta-29 (Cas No. VIII-387/61).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. C. PAL, Judge, Second Industrial Tribunal.

Present for the Company: Mulchand Chhajer, Partner of the Company.

Present for the Federation: None.

This is a reference under section 10 of the Industrial Disputes Act of 1947 by the Government of West Bengal, Labour Department, order No. 7755-I.R./IR/11L-499/61, dated the 13th December 1961, for determination of the issue, viz.:

> Is the termination of service of Shri Harisadhan Dhar justified? To what relief, if any, is he entitled?

After both parties had put in their respective written statements in usual course, and completed all necessary 'tadbirs', the case was fixed for hearing on 26th June 1962. On that date the Company was ready with witnesses, but the Union remained absent and took no steps. I waited till 11-45 a.m. to see if the Union came. But still the Union remained absent. I proceeded to hear the case in the absence of the Union, and in the presence of the Company, under rule 21 of the West Bengal Industrial Disputes Rules of 1958. One Ram Lall, a partner of the firm (Company), was examined. This witness was detained till 2 p.m. in expectation of the arrival of the Union's representative. As none appeared till then, on behalf of the Union, that witness was discharged and orders were passed reserving the award.

At 2-25 p.m. on the aforesaid date of hearing, the Secretary of the Union came and filed a petition praying for reconsideration of the order passed before that time. The petition, however, was heard on 28th June 1962. There was practically no substance or point for reconsidering the prayer of the Union. There were sufficient latches on the Union's part, and even the workman concerned did not appear personally on the relevant date, and hence the petition stood rejected.

Regarding the merit of the case, the averments in the written statement of the Union are that on the 26th Bhadra 1367 B.S. the Management discharged this workman without notice or charge-sheet or any justification. It is stated in the written statement of the Union that the workman Harisadhan Dhar worked as a Salesman under the firm for about three years on a consolidated salary of Rs. 50 per month, and that all shopkeepers of Salar where the present firm is situated told the Management to terminate the services of the workman, and the firm acted on such instigation.

The Company or the firm contests the case by saying that the dispute is not an industrial dispute, but merely an "individual dispute" and, as such, the reference is bad in law, that the allegations about the action of the Company being due to instigation of others are absolutely untrue, that the usual wages earned by the workman were Rs. 21 per month and not Rs. 50, as alleged, that it is untrue that the Company terminated the services of the workman concerned inasmuch as the fact is that it is the workman himself who left the Company's employment suddenly without previous notice on securing employment elsewhere on somewhat higher salary, and that for all these reasons the case must fall through.

As the hearing of the case proceeded in the absence of the Union, and the workman concerned, there was no evidence whatsoever on their side. On the contrary, there is evidence on the side of the Company to show that the workman himself left the job. That being so, there can be no question of termination of the workman's service by the Company. As such the issue framed in this case does not stand on merits.

Apart from the question of merits, the Company has raised the plea of non-maintainability of the reference on ground of law. It is an admitted fact that the workman concerned was a Salesman in the shop of the firm. According to the partner's evidence, it was a grocer's shop in which the workman was a salesman. It is said for the firm that a salesman as such is not a workman within the definition given in the Industrial Disputes Act. Reference has been made to the case reported in F.L.R. 1961, page 176 (the case of Voltas Ltd.). The principle enunciated is that a salesman in usual significance would not be a workman as such unless clerical works or some other works are attached to the duty of the salesman to make him a workman, within the meaning of the definition as given in the Industrial Disputes Act. The partner's evidence is to the effect that the worker worked as a salesman and did not do any work of writing. In view of these facts and circumstances, I hold that the present employee is not a workman in the legal sense of the term. That being so, the present dispute is not an industrial dispute, and hence this reference must fail on point of law.

In the result, the reference is not sustainable on ground of law as well as facts as enumerated above, so that there is no question of any relief for the employee concerned.

The award is passed accordingly.
